Growth & Resource Management Planning & Development Services Land Development Activity

Mission Statement:

The Land Development Activity serves as the administrator of the Land Development Code of Volusia County, Florida, and, as such, provides the vital function of central coordination of all review processes mandated by this Ordinance. This Office is responsible for coordinating all technical reviews for commercial sites, subdivisions, stormwater management, tree removal, flood hazard, wetland alteration, subdivision exemptions, and right-of-way use permit applications, as well as other applications involving development review, under the Land Development Code of Volusia County, Florida.

Stand Alone Permits

- Use Permit – Division 6
- Flood Hazard Management Permit – Division 7
- Stormwater Management Permit – Division 8
- Tree Removal Permit – Division 10
- Wetlands Alteration Permit – Division 11
- Well Field Protection Zone Permit – Division 13
