I understand that if I qualify for the toilet rebate, a \$50.00 credit will be applied to my current water bill. By signing this application, I am in agreement with all conditions related to the program. This signature certifies that the newly installed toilet at this address is the type required under the toilet rebate program.

Ultra Low Volume Toilets

Since the mid 1990's, all new toilets have been redesigned to conserve water, reducing the usage from 3 gallons per flush to 1.6 gallons per flush. Recent technology has further reduced the amount of water to 1.28 gallons. Volusia County Water Resources and Utilities is now offering a \$50.00 credit to their customer's water bill, if the customer installs a new high efficiency toilet (HET) that uses 1.28 gallons or less.

Program requirements:

- 1) **Must be a Volusia County Water Resources customer (your bill must come from Volusia County not a City or private utility)**
- 2) Account must be in good standing.
- 3) Toilet must use 1.28 gallons or less (documentation required)
- 4) Toilet must be installed.
- 5) Inspection required for this rebate.
- 6) One rebate per household per year (**rolling year, not eligible until 1 year from date of previous purchase**)
- 7) Mail form to: 123 W. Indiana Ave, Rm 402, Deland, FL 32720 or email to wlinberg@co.volusia.fl.us .
