

2010 Census Intergovernmental Subcommittee

MINUTES

October 26, 2009

1:30 p.m.

VCOG/MPO/WAV Conference Room
2570 W. International Speedway Blvd.
Daytona Beach FL 32114

Recap from the 10/26/09 Intergovernmental Subcommittee

1. The Intergovernmental Subcommittee held their meeting on October 26, 2009 at 1:30 PM at the VCOG/MPO/WAV Conference Room at 2570 W. International Speedway Blvd., Daytona Beach FL 32114. The following items were discussed:
2. Pat Kuehn with Volusia County Shared a Power Point with all members as well as distributing marketing information. She encouraged everyone to use the information and that the County would be happy to change where it states "Volusia" and place their cities name so each government could use for their area. *Please reference attached power point.*
3. Betty Holness updated everyone on the progress of the Census Committee. The next meeting will be held on November 2, 2009 at 5:30 at the Volusia County Sheriff's Training Center located at 3901 Tiger Bay Road, Daytona Beach. (This is the same location as our last meeting.) Between 5:00 p.m. - 5:30 p.m., a light snack will be available.
4. Everyone was asked to complete the List of Resources submitted at both meetings no later than the November 2, 2009 meeting to Mary Swiderski. This list is two fold. One use is to list vendors where promotional material will be purchased and the other use is those businesses that will partner with government in promoting the Census; even if it is posting information with stores. *See attached form as well as a form started by DeBary.*
5. It was decided that everyone send a list of festivals or events in your community indicating the date, time, who to contact and how to contact them to get space at the event to promote the census. **Please send this list to Mary Swiderski at mwidewski@volusiacog.org**
6. Deltona shared some interest ideas they are doing to promote the census
7. Date for next meeting is scheduled for Monday, November 28, 2009 at 2:30 PM. Please note TIME CHANGE TO 2:30 PM
