

## ABOUT LAKE MONROE PARK

Overlooking the fabled St. Johns River as it flows into the waters of Lake Monroe, Lake Monroe Park and Campground offers a spectacular view of nature in its most pristine form.

Accessible by two boat ramps, the scenic river offers a wealth of recreational opportunities for the outdoor enthusiast. Twenty-five campsites, available with water and electric hookups, are nestled within a shady hammock of oaks and slash pines. Two group and three family-size pavilions and a children's playground provide an ideal place for social gatherings. A variety of bass, speckled perch, bluegills and catfish can be caught off the fishing pier.
