Our sincere gratitude for the creative and technical contributions in preparing the budget cover and the tabs for this document goes to Community Information and to Information Technology for their continued technical support.

GOVERNMENT FINANCE OFFICERS ASSOCIATION

*Distinguished
Budget Presentation
Award*

PRESENTED TO

Volusia County

Florida

For the Fiscal Year Beginning

October 1, 2013

A handwritten signature in black ink, reading "Jeffrey R. Enoch".

Executive Director

DISTINGUISHED BUDGET PRESENTATION AWARD

The Government Finance Officers Association of the United States and Canada (GFOA) presented a distinguished Budget Presentation Award to the County of Volusia, Florida for its annual budget for the fiscal year beginning October 1, 2013.

In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as an operations guide, as a financial plan, and as a communications device.

This award is a valid for a period of one year only. We believe our current budget continues to conform to program requirements, and we are submitting it to GFOA to determine its eligibility for another award.

FORMAT OF BUDGET DOCUMENT

The annual budget is prepared using a program performance approach. The format of the budget document serves multiple uses. It is designed to generate discussions related to policy issues, service delivery and attainment of performance objectives by the County Council and management during the preparation, review and subsequent adoption of the budget. The section entitled "Operating Budget by Division and Activity" is the focus of the budget preparation process.

The document is presented as follows:

TABLE OF CONTENTS

BUDGET MESSAGE

The budget message identifies the major issues facing the County of Volusia from a budgetary perspective. In addition, the budget message summarizes major changes and new programs included in the current fiscal year budget.

COUNTY OVERVIEW AND FINANCIAL PROCEDURES

This section identifies the mission of Volusia County government, key goals and critical success factors. The accounting system and budgetary controls utilized by the County of Volusia are described. Also identified are the general budget, revenue, appropriation, reserve, and debt management policies used in the development and allocation of resources in the current fiscal year budget. Finally, the budget preparation, adoption and amendment process is described to include a budget calendar outlining the time line. The graphic display of the organization and inclusion of historic, statistical and economic data gives context for Volusia County government and the needs of its citizens.

BUDGET OVERVIEW

This section provides an overview of the fiscal year budget, including graphs and schedules that provide information about revenues, expenditures and issues addressed by the County budget.

BUDGET BY FUND - OPERATING

The County Council officially adopts the budget at the fund level. Each fund is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures. Governmental resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The various funds and account groups are as follows:

- Governmental Funds
 - General Fund
 - Special Revenue Funds
 - Debt Service Funds
 - Capital Projects Funds
- Proprietary Funds
 - Enterprise Funds
 - Internal Service Funds
- Fiduciary Funds (not included in budget document)
 - Trust Funds
 - Agency Funds

The presentation of the revenues and expenditures by fund, which follows, is organized in the sequence identified below:

- Countywide Funds
- Special Revenue Funds
- Enterprise Funds

OPERATING BUDGET BY DEPARTMENT AND UNIT

This section presents the budget in a program format. The organizational hierarchy used by the County of Volusia identifies programs by activities that comprise divisions.

The Division Summary page provides financial data by program, category (i.e., personal services, operating expenses, capital outlay) and fund source for Actual FY 2012-13, Adopted FY 2013-14, Estimated FY 2013-14 and Budget FY 2014-15. The number of authorized full-time and part-time positions is also indicated.

Activity pages contain the same financial data shown on the Division Summary page. In addition, key objectives and performance measures are presented which relate the budget (input) to the services (outcome) for each program. The last section provides a brief highlight of the Activity and explains significant changes in performance, expenditures or changes in personnel.

DEBT SERVICE

This section provides detailed information related to outstanding debt service obligations for the County.

INTERNAL SERVICE FUNDS- NON-OPERATING

This section presents the budget for the Internal Service Funds in a program format. Internal Service Funds are used to accumulate and allocate costs internally among the County's various functions. The County of Volusia uses Internal Service Funds to account for its computer replacement, vehicle maintenance, self-insurance and risk management, and employee group insurance programs.

CAPITAL IMPROVEMENT PROGRAM – NON-OPERATING

This section identifies the County of Volusia's capital improvement program for the 2014-15 fiscal year. A long-range capital improvement program has also been developed and is updated annually.

APPENDIX

The Appendix contains miscellaneous charts, graphs, schedules, statistical data and a glossary of budget terms and acronyms.

JAMES T. DINNEEN
COUNTY MANAGER

Honorable Members of the County Council:

In compliance with provisions of the County Charter and State of Florida Statutes, I am pleased to submit the adopted budget for FY2014-15.

A budget is the ultimate policy document which appropriates adequate resources for the responsible administration and implementation of the priorities of the County Council to serve the needs of the citizens. The development, approval and execution of the annual budget is essentially a year-round process that involves understanding the financial forecasts, legislative impacts, impacts of property valuations and aligning the Council's policies and priorities. Of the total \$628,349,357 operating budget, only **34%** or \$211.7 million pertains to ad valorem taxes. An additional \$5.5 million is distributed to various cities for community redevelopment areas (CRA).

As the country continues coming out of one of the largest economic downturns in history, the County of Volusia has begun to see signs of economic improvement and continues to have a stable outlook. Great strides were taken in the prior years to overcome the economic crisis and create stable conditions in preparation for an upturn. This was recently confirmed by the Standard and Poor review and bond ratings.

Uniquely, local government is part-funded by the commercial and residential tax payer. As a result, local authorities have a considerable incentive to support and grow the local economy, in partnership with the local business community. County Council policies and action capitalize on local assets and can be an engine for growth by enhancing the attractiveness of the community in which we live and work. Included in this adopted budget is \$1.3M to continue the efforts of job creation through incentives within the Economic Development Fund. As major infrastructure is added to the tax rolls with One Daytona, various hotel developments and Trader Joes the financial outlook will continue to improve with increased property values, job creation and consumer spending.

Ad Valorem Taxes & Millage Rates

Continuing the trends in the recent past, it has been a challenge to create a balanced budget while maintaining services and attempting to absorb increased costs related to

inflationary pressures and state mandates. The adopted budget leaves 8 of the taxing funds millage rates flat with a slight reduction in one millage rate.

A common method of measuring growth in a budget is the comparison of ad valorem taxes to per capita population. FY2014-15 General Fund budgeted taxes are \$155.8 million divided by population of 498,978 is \$312 per person. This per-person rate is the same funding level of 10 years prior when adjusted annually by the average 2.3% consumer price index. The buying power of \$100 in 2005 is now reduced to \$79 due to the CPI growing 21% over the 10 year period.

The table below is a summary of the millage rates for the major taxing funds and comparison to the State Standard (growth in Florida per capita income plus growth in new construction).

Fund Name	FY14 Millage Rate	FY15 Millage Rate	Change	FY15 Ad Valorem Taxes	State Standard (PCI + new construction)	Difference
Port District	0.0929	0.0929	0%	\$1.6M	\$1.9M	-\$0.3M
Mosquito Control	0.2080	0.1880	-9%	\$3.3M	\$5.2M	-\$1.9M
Library	0.5520	0.5520	0%	\$13.6M	\$19.2M	-\$5.6M
Fire	3.6315	3.6315	0%	\$20.6M	\$18.3M	\$2.3M
Municipal Service District	2.2399	2.2399	0%	\$12M	\$12M	\$0
General Fund	6.3189	6.3189	0%	\$155.8M	\$180M	-\$24.2M

Property Values

FY2014-15 is the second year of increased property value after five consecutive years of declining values. The countywide value increased 6.2% to \$25.6 billion with 5.4% increase from reassessments and 0.8% from new construction added to the tax rolls. Even with these changes the values are still below 2005 level.

The FY2014-15 budget can be separated into three segments: 47% for General Government, 22% for Special District Government and 31% for All Other Services. The graph below illustrates that \$217.2 million, or 35% of the county's total operational funding comes specifically from property taxes. Of that, an estimated total of \$5.5 million for community redevelopment areas (CRA) is collected by the county and then passed through to the cities for expenditure. Also \$37.7 million of property taxes provides funding for certain Special District Government functions including fire services and the municipal services district for the unincorporated residents, along with mosquito control and the port district.

As noted in the chart on the previous page, the section of General Government represents 47% of the total operating budget. General Government classification is for services provided countywide; it includes the following funds: General Fund, Emergency Medical Services, Library, ECHO, Volusia Forever, and Volusia Forever debt service. The largest part of General Government is allocated to public safety, 38%, which includes the Office of the Sheriff and Public Protection. The following areas have a dedicated millage rate and accompanying fund balances which represents 16% - library services at 7% and voter approved environmental, cultural, historic and outdoor ECHO & Volusia Forever at 9%. The elected offices of Supervisor of Elections, Property Appraiser, Clerk of the Court and the judicial system represent 7% of General Government. The 17% for General Fund reserves includes the emergency reserves discussed below.

General Government Operating Budget Allocation

*General Fund – Public Safety is 67% of ad valorem taxes

Revenues & Expenditures

The government needs to be flexible enough to be sustainable over a period of time. (Examples: reserves to handle temporary changes in revenues, one-time capital demands, or operations that can be adjusted for changing service priorities.) Florida Statutes require that a local government's budget be balanced on a yearly basis. However, this does not guarantee that a budget is financially sustainable. That is achieved through sound financial policies, strong fiscal management, and policy makers that are good financial stewards with a vision of the future.

Although we are seeing some positive growth in consumer spending, this lags in other revenue trends. While many revenue sources are not growing, they are no longer experiencing sharp declines. In Volusia County and across the State of Florida, economic indicators such as retail sales and housing starts continued to improve with the unemployment rate falling. Consumer confidence is demonstrated within the category of taxes as a result of growth in sales tax and resort taxes. However, gas taxes have remained flat. Property taxes have grown an average of 6%. Intergovernmental revenues have increased by \$2.5 million for the half cent sales tax/revenue sharing and \$800K for grant proceeds to offset Votran services. The chart below

shows a listing of major revenue sources for the operating budget. Charges for services are for direct services provided for emergency medical services, Votran, and landfill operations. Many of the revenue sources in this chart are generated within special revenue funds and are authorized for specific purposes.

Countywide Operating Revenues	FY 2013-14	FY 2014-15	Dollar Change	% Change
Taxes	\$248,977,660	\$262,848,727	\$13,871,067	5.6%
Permits, Fees, Special Assessment	\$15,756,487	\$16,358,366	\$601,879	3.8%
Intergovernmental	\$48,118,844	\$51,415,595	\$3,296,751	6.9%
Charges for Services	\$85,891,951	\$87,902,229	\$2,010,278	2.3%
Judgements, Fines & Forfeitures	\$3,113,213	\$3,038,850	(\$74,363)	-2.4%
Miscellaneous	\$10,328,080	\$9,761,081	(\$566,999)	-5.5%

The organization continues to make strides in reducing expenditures and avoiding utilization of fund balance to fund ongoing operating expenses. The use of fund balance is primarily for one-time expenditures ranging from capital improvements, capital outlay, and grant and aids for community projects. Below is a highlight of the operating budget by category with a high level variance explanation.

The Personal Services increase reflects expenses for state mandated increased rates for the Florida Retirement System (FRS) and employer contributions for health insurance. The increased operating expenditures are for convention development tax proceeds passed along to the advertising authorities, roadway maintenance efforts, economic development incentives, and public safety costs. The grants and aids increase is the redistribution of Volusia ECHO from reserves and the carry-forward of \$5M One Daytona contribution.

Operating Budget by Category	FY 2013-14	FY 2014-15	Dollar Change	% Change
Personal Services	\$210,588,565	\$214,902,565	\$4,314,000	2.0%
Operating Expenditures	\$154,381,254	\$160,226,209	\$5,844,955	3.8%
Reimbursements	(\$20,438,599)	(\$20,255,535)	\$183,064	-0.9%
Capital Outlay	\$8,466,849	\$13,533,475	\$5,066,626	59.8%
Capital Improvements	\$24,156,455	\$27,851,328	\$3,694,873	15.3%
Debt Service	\$30,623,367	\$32,155,813	\$1,532,446	5.0%
Grants and Aids	\$24,751,836	\$34,624,009	\$9,872,173	39.9%

Note: above figures exclude budgeted reserves & operating transfers.

Staffing

The total adopted budget includes 3,328.04 FTEs. We will continue to evaluate funding for each position that becomes vacated due to attrition or retirements. Because we have dedicated employees, I have included a 3% pay adjustment in this budget if it can be funded by on-going cost savings. I will bring forth a final confirmation of my proposed wage increase before the end of 2014 if sufficient funds can be identified.

Fund Balance and Reserves

Fund balance for budget purposes is the amount at the end of one fiscal year that is available for appropriation in the next fiscal year. Adequate fund balance translates into sustainable reserve levels. It is essential that sustainable levels are maintained to mitigate the financial impact from natural disasters and unforeseen fluctuations in revenues or expenditures. The availability of reserves for use in a financial emergency is one indication that a government is financially strong. For the taxing funds, the County's goal to achieve emergency reserves of 5% - 10% of budgeted current revenues has been attained. By using these funds for emergency situations only, our fiscal health has remained strong and the County has received favorable comments from both the external independent auditor, as well as bond rating agencies. The chart below details the emergency reserve balances and associated percentages to budgeted current revenues.

Emergency Reserves	FY 2013-14	FY 2014-15	% of revenues
General Fund	17,746,493	18,722,005	10%
Library	1,150,531	1,150,531	8%
East Volusia Mosquito Control	398,907	374,139	10%
Ponce De Leon Inlet & Port District	201,064	202,728	10%
Municipal Service District	2,072,727	2,072,727	5.5%
Fire Services	2,030,339	2,303,753	10%

The county has a history of using surplus funds for long term assets, such as investment in technology upgrades or facility upgrades that result in lower operating expenses. The use of one-time funds for on-going operating expenses (such as in the Fire Fund) is not recommended except as a means to transition to a sustainable level of service. Deteriorating fund reserves can indicate financial instability and reduce a county's financial condition.

Planning for the Future

The Fire Fund continues to use one-time reserves to fund ongoing operating expenses. A separate budget workshop will be scheduled in the early part of 2015 to develop a strategy to address this concern.

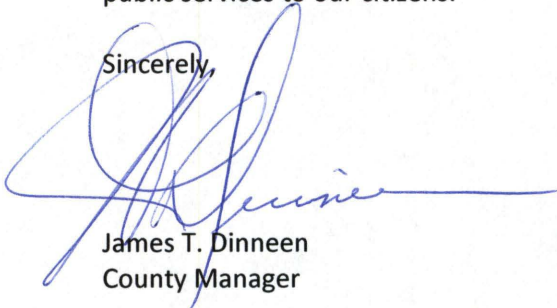

We will continue to work with our legislators to be held harmless in any future legislative changes. Any shift in unfunded mandates will impact service levels or require an offsetting revenue stream.

For the first time in my tenure as manager, we have approximately \$9 million in reserves that are available for one-time investments such as land acquisition, infrastructure improvements or other Council priorities. I will seek guidance from the Council to determine how this one-time resource is to be utilized.

Closing

Developing this budget has been a complex and challenging endeavor and is truly a team effort. I want to thank each of the Council members for their diligence during the past year and all the employees who continue their cost savings efforts. I especially want to thank the Department Heads and the Sheriff, Supervisor of Elections, Property Appraiser, and Judiciary for their continued conservative fiscal management. The County Council's leadership and continued prudent and careful review of expenditures has resulted in a budget that is fiscally sound, sustainable and continues to provide a consistent program of public services to our citizens.

Sincerely,

A handwritten signature in blue ink, appearing to read "James T. Dinneen", with a long horizontal flourish extending to the right.

James T. Dinneen
County Manager

Volusia County Council Mission Statement

Mission: To nourish good citizenship by promoting democratic values and earning public trust; to respond effectively to citizens' needs for health, safety and general welfare; to allocate limited public resources fairly and efficiently; to provide leadership and high quality service by consistently communicating with the citizens about their needs and aspirations.

Strategic Goals

- **Customer/Partner Relations:** Maintain and foster productive working relationships with partners while providing a high level of customer service.
- **Quality Services:** Provide a broad range of services in ways that meet community expectations for quality.
- **Community Quality of Life:** Engage in infrastructure, regulatory, and leadership actions, which protect and enhance the resident's experience of Volusia County as a distinctive and satisfying place to live and work.
- **Economic and Financial Vitality:** Strengthen the economic health of the community to foster quality job growth and a financial base for public sector activities.

Volusia County Organizational Chart

ACCOUNTING SYSTEM AND BUDGETARY CONTROL

The Chief Financial Officer (CFO) is responsible for providing all County financial services. These services include financial accounting and reporting, payroll, accounts payable disbursements, cash and investment management, debt management, budgeting, procurement, risk management, and special financial and policy analyses for County Management. Fiscal responsibilities within the Financial and Administrative Services Department are carried out by the Office of the Chief Financial Officer, Management and Budget, Procurement, Personnel, Revenue, and Accounting Divisions.

Volusia County uses a computerized financial accounting system that incorporates a system of internal accounting controls. Such controls have been designed and are continually re-evaluated to provide reasonable, but not absolute, assurance regarding:

1. The safeguarding of assets against loss from unauthorized use or disposition.
2. The reliability of financial records for preparing financial statements and monitoring accountability for assets.

The concept of reasonable assurance recognizes that:

1. The cost of control should not exceed the benefits likely to be derived.
2. The evaluation of costs and benefits requires estimates and judgments by management.

All internal control evaluations occur within the above framework and are believed to adequately safeguard and provide reasonable assurance of proper recording of financial transactions.

Accounting and budgeting records for governmental fund types and similar trust funds are maintained on a modified accrual basis: Revenues are recorded when available and measurable. Expenditures are recorded when services or goods are received and the liabilities are incurred.

Accounting and budgeting records for proprietary fund types and similar trust funds are maintained on the accrual basis. The accrual basis recognizes revenues when they are earned and expenses when they are incurred. For proprietary funds, accounting and budget records differ to the extent that depreciation, compensated absences, amortization of prepaid expenses, and bad debt expenses are not budgeted for but are a factor in determining fund balance revenues available for appropriation.

The annual operating budget is proposed by the County Manager and enacted by the County Council after public participation. Although budgets are legally controlled at the fund level, management control of the operating budget is additionally maintained at the Division/Activity level.

GENERAL BUDGET PROCEDURE

1. The operating budget authorizing the expenditure of ad valorem taxes, user charges, fees and other revenues will be adopted annually by the Volusia County Council at fund level.
2. The budgeted expenditures and reserves for each fund, including reserves for contingencies, will equal the sum of the projected fund balance at the beginning of the fiscal year and all revenues which reasonably can be expected to be received during the fiscal year.
3. The operating budget will reflect programmatic performance measures for each Division; actual performance will be compared periodically to estimated targets.
4. The Management and Budget Division will prepare an analysis of financial condition at the end of the second, third and fourth quarters of the fiscal year.
5. The Office of the Chief Financial Officer will annually update the Five-Year Capital Improvement Program.
6. If the County Manager certifies there are available projected revenues for appropriation in excess of those estimated in the budget, the County Council may authorize supplemental appropriations up to the amount of such excess by ordinance or resolution adopted following a public hearing held pursuant to Florida Statutes 129.06(f).
7. The transfer of appropriations up to and including \$25,000 among Activities within a Division will require only the Division Director's or his or her designee's approval as long as the transfer is not between funds. Transfers over \$25,000 will require the approval of the Department Director. Transfers of any amount between Divisions within a Department will require the approval of the Department Director. Transfers of any amount between two Departments will require the approval of both Department Directors, or the County Manager or Deputy County Manager. Transfer of appropriations from Personal Services will require approval of the County Manager or Deputy County Manager. Transfers of any amount between funds will require County Council approval. The Supervisor of Elections, Property Appraiser, Sheriff, and County Attorney will have the same transfer authority as the Department Directors for their budgets.
8. Internal Service Funds may be established to account for the provision of goods and services by one Division to other Divisions on a break-even cost reimbursement basis when the establishment of such funds will attain greater economy, efficiency, and effectiveness in the acquisition and distribution of common goods or services utilized by several or all Divisions.

GENERAL BUDGET PROCEDURE

Appropriations in the various user Divisions will constitute an indirect budget ceiling on the Internal Service Fund Activities. Appropriations in Internal Service Funds may be increased with County Manager approval based on increases in the indirect budget ceiling of user Divisions.

It will be the intent of all Internal Service Funds to break even, but in the event a profit or loss should occur, it can be disposed of by crediting or charging the billed Divisions in accordance with their usage. Actual or projected retained earnings may also be used to lower internal service charges in the ensuing fiscal year, rather than crediting Division expenditures in the prior fiscal year. This will apply to all Internal Service Funds, with the exception of the Insurance Management and Group Insurance funds. Before any transfer of retained earnings is made from these funds, the County Manager will present a financial report, along with a proposed transfer of funds, to the County Council. County Council will then review the County Manager's proposal and approve or disapprove, with or without modification, such transfer.

REVENUE PROCEDURES

1. Ad valorem taxes will be anticipated for purposes of operating budget preparation at:
 - a. a minimum of 95% of the projected taxable value of current assessments,
 - b. a minimum of 95% of the projected taxable value from new construction, and
 - c. current millage rates, unless otherwise specified.
2. The use of sales tax revenues will be limited to the General, Ocean Center, and Municipal Service District Funds, unless required for debt service by bond indenture agreements or as directed by County Council. The allocation of sales tax revenue between countywide purposes and Municipal Service District purposes will be in accordance with provisions of Florida Statutes 218.64 and direction of the County Council. Four sales tax bond issues, currently outstanding, were issued for construction/renovation of County facilities and the purchase of property.
3. The use of state revenue sharing monies will be limited to the General and County Transportation Trust funds, unless required for debt service by bond indenture agreements.
4. The use of gas tax revenue sharing monies will be limited to the County Transportation Trust fund. Gas tax revenues will be used in the following manner:

5th and 6th Cent (Constitutional Fuel Tax)	Maintenance
7th Cent (County Fuel Tax)	Operation and Maintenance
9th Cent County Voted (9th Cent Fuel Tax)	50% Resurfacing, 50% Construction
6-Cent Local Option Gas Tax * (1-6 Cents Local Option Fuel Tax)	Operations and Maintenance Construction of County major arterial and collector roads within the cities
Additional 5-Cent Local Option Gas Tax * (1-5 Cents Local Option Fuel Tax)	Transportation Expenditures to meet the Capital Improvement Element of the Comprehensive Plan

- * The Volusia County Council authorizes both the 5-cent and 6-cent local option gas taxes to be distributed between the County and participating municipalities according to formulas agreed to by interlocal agreement. The County receives 57.239% of revenue distributions, and the municipalities share 42.761%. There are fixed percentages for cities based on annual countywide revenues for each calendar year up to \$22,170,519.32. Distributions of annual revenues to municipalities in excess of \$22,170,519.32 are based on an annually adjusted formula that includes population, assessment, and lane mileage; however, the aggregate percentage to all cities remains at 42.761%.

Both distributions are updated annually and must be filed with the State Department of Revenue by July 1 of each year.

5. Utility tax revenues are allocated for the unincorporated areas of the County as follows:
 - a. a minimum of \$750,000 for road operation and maintenance or construction,
 - b. the balance of revenues to be used for any lawful unincorporated area purpose.
6. The use of revenues pledged to bond holders will conform in every respect to bond covenants which commit those revenues.

APPROPRIATION PROCEDURES

1. Fund appropriations by the County Council will be allocated to Divisions, Activities, and line item object codes as deemed appropriate by the County Manager to facilitate managerial control and reporting of financial operations.
2. Divisions are encouraged to prepare their budget requests at levels necessary to provide adequate services to the community. When possible, program expansions should be offset by reductions in other programs that have proven marginal.
3. Emphasis in planning for the delivery of County services will center on the development of goals and performance objectives that lead to end results or service levels to be accomplished. Divisions are asked to give careful attention to the identification of specific performance objectives and service levels and to relate budget requests to those objectives.
4. The budget request for County Divisions will include itemized lists of all necessary capital equipment, and replacement of inadequate capital equipment.
5. Each year County staff will prepare a Five-Year Capital Improvement Program document; this document will identify public facilities and infrastructure that eliminate existing deficiencies, replace inadequate facilities, and meet the needs caused by new growth.
6. The annual budget will include sufficient appropriations to fund capital projects for the first year of the Five-Year Capital Improvement Program. Any project approved for funding will have an adequate budget for operation and maintenance, or the County Manager will request that the County Council re-examine the established service level for this service.
7. Every appropriation (except an appropriation for capital projects and federal, state and local grants) will lapse at the close of the fiscal year to the extent that it has not been carried forward. Appropriations for capital projects and federal, state or local grants will continue in force until the purposes for which they were approved have been accomplished or abandoned. The purpose of any appropriation will be deemed abandoned if three years pass without any disbursement or encumbrance of the appropriation unless re-appropriated by the County Council.
8. Debt service millage will be anticipated at levels that will generate sufficient revenue to make all required payments.
9. Countywide revenues will be allocated to services that provide a countywide benefit.
10. All revenues that are reasonably expected to be unexpended and unencumbered at the end of the fiscal year will be anticipated as "appropriated fund balance" in the budget of the following fiscal year.

RESERVE PROCEDURES

Goal: It is the goal of the County of Volusia to systematically build Emergency Reserves for future fiscal years until the total of such reserves are a minimum of 5% and a maximum of 10% of budgeted current revenues on an annual basis in all tax supported operating funds.

1. Beginning with FY 1999-00, ad valorem taxes received in excess of the 95% collection rate are placed in an Emergency Reserve account until a minimum 5% or a maximum 10% "reserve" position is achieved.
2. To the extent that other funds become available, (i.e. current revenues, expenditure savings, or fund balance) they may be added to the Emergency Reserve to achieve the 5%-10% "reserve" position as quickly as possible.
3. The County Council must approve all transfer of funds once they are placed in an Emergency Reserve account. Recommendations for the use of Emergency Reserves will be through the County Manager's recommended budget that is presented to the County Council on or before July 15 of each year.
4. Recommendations by the County Manager for the use of these funds at other times will be to address emergencies resulting from disasters to the extent that other revenues are not available for emergency expenditures.
5. The Emergency Reserve for future fiscal years is not intended to function as a second contingency fund to address unfunded expenditures or over-expenditures related to the normal provision of County services.
6. If funds are transferred from the Emergency Reserves as part of the annual budget process, or for unbudgeted emergencies during the fiscal year, and the transfer results in an Emergency Reserve of less than 5%, to the extent possible, they will be replaced during the following fiscal year.
7. The County Council and/or County Manager may impose this reserve policy for non-tax supported funds, as deemed appropriate.

DEBT MANAGEMENT PROCEDURES

1. Capital improvements related to enterprise fund operations (e.g., airport, water and wastewater systems, refuse disposal systems, etc.), if financed by debt, should be repaid solely from user fees and charges generated from the respective enterprise fund operation.
2. Capital improvements not related to enterprise fund operations (e.g., roads, parks, public buildings, etc.) may be financed by debt to be repaid from available revenue sources (including ad valorem taxes) pledgeable for same.
3. Cash surpluses, to the extent available and appropriable, should be used to finance scheduled capital improvements.
4. The County will issue debt only for the purposes of constructing or acquiring capital improvements (the approved schedule of capital improvements) and for making major renovations to existing capital improvements. The only exception to the above would involve entering into long-term leases for the acquisition of major equipment when it is cost justifiable to do so.
5. All capital improvements financed through the issuance of debt will be financed for a period not to exceed the useful life of the improvements, but in no event to exceed thirty years.
6. The County shall not construct or acquire a public facility if it is unable to adequately provide for the subsequent annual operation and maintenance costs of the facility.
7. The County will at all times manage its debt and sustain its financial position in order to seek and maintain the highest credit rating possible.
8. The County should consider coordinating with other local government entities to the fullest extent possible, so as to minimize the overlapping debt burden to its citizens.
9. The County will ensure that an adequate system of internal control exists so as to provide reasonable assurance as to compliance with appropriate laws, rules, regulations and covenants associated with outstanding debt.
10. Revenue sources will only be pledged for debt when legally available. In those situations where the revenue sources have previously been used for general operating expenditures, they will only be pledged for debt when other sufficient revenue sources are available to replace them.
11. The County will market its debt through the use of competitive bid whenever deemed feasible, cost effective and advantageous to do so. However, it is recognized that, in some situations, certain complexities and intricacies of a particular debt issue are such that it may be advantageous to market the debt via negotiated sale.
12. The County will continually monitor its outstanding debt in relation to existing conditions in the debt market and will refund any outstanding debt when sufficient cost savings can be realized.
13. Credit enhancements (insurance, letters of credit, etc.) will be used only in those instances where the anticipated present value savings in terms of reduced interest expense exceeds the cost of the credit enhancement.
14. In order to maintain a stable debt service burden, the County will attempt to issue debt that carries a fixed interest rate. However, it is recognized that certain circumstances may warrant the issuance of variable rate debt. In those instances, the County should attempt to stabilize debt service payments through the use of an appropriate stabilization arrangement.

BUDGET PREPARATION, ADOPTION AND AMENDMENT

Volusia County's fiscal year is from October 1 through the following September 30.

The levy of ad valorem taxes and the adoption of the annual budget are governed by Florida Statutes Chapter 129 and 200, and Volusia County Code, Section 2-241. The statutes outline the budget process beginning with the certification of taxable value on July 1 by the Property Appraiser and continuing with the presentation of TRIM (Truth-In-Millage) budget to the County Council and adoption of TRIM ad valorem tax rates. This timetable with subsequent public advertising and two public hearings for the levy of ad valorem taxes and budget adoption are statutory requirements. In addition, state comptroller's regulations dictate a uniform accounting structure that must be embodied in the budget and financial reporting.

Because the budget is perhaps the single most valuable document for assisting the County Council and County Manager in guiding the growth of our community, it should receive careful thought and attention in its development. Therefore, in Volusia County the budget process begins almost nine months prior to the start of a fiscal year.

January--Fourth Quarter Review of Prior Year Budget

A fourth quarter review of prior year revenues and expenditures is made to identify potential problems that could impact both the current budget and next year's budget.

February-March--Second Quarter Review of Current Budget/Division Budget Preparation

Instructions for preparation of next year's budget are distributed to Divisions. A second quarter review of revenues and expenditures is prepared which serves as the preliminary basis for fund balance estimates. Division budget preparation begins. Divisions are encouraged to prepare their budget requests at levels necessary to provide adequate services to the community, rather than a fixed "target" or percentage increase.

April-June--Budget Recommendations Prepared by Management and Budget for County Manager Review

Preliminary budgets are formulated after review by the Department and Division Directors, Management and Budget Division, and the County Manager.

July 1--Assessment Data

Assessed values for ad valorem taxes are received from the Property Appraiser for all taxing districts. This starts the legal adoption timetable. A proposed TRIM budget must be submitted to the County Council within fifteen days.

August -- Adoption of Proposed Budget and TRIM Rates

The County Council adopts a proposed budget and TRIM ad valorem tax rates for all taxing districts for the next fiscal year. These rates can be lowered throughout the remainder of the budget process, but cannot be increased without individual notification of the property owners. The TRIM rates along with public hearing dates must be certified to the Property Appraiser within thirty-five days of presentation of assessed values.

August -- Property Appraiser Mails TRIM Notices

Property Appraiser mails TRIM Notices to all property owners of the proposed tax rate, and the valuation of each parcel of property. Once the millage rate is certified, it may not be increased without re-mailing the notices. TRIM notices, which include the date, time, and place of the first public hearing, are mailed within fifty-five days after certification of assessed values.

September -- Public Hearings

The first public hearing on the budget is held on the date set, which must be between sixty-five and eighty days of provision of assessed value to the governing body. Tentative budget and millage rates are adopted at the first public hearing. Advertisement in a newspaper of general circulation is required three to five days before the second public hearing. The advertisement must also be within fifteen days of the first public hearing. The advertisement must contain a summary of the budget, all millage rates, and notice of proposed tax increase. The final budget and millage levies are adopted at the second public hearing.

October -- Certification of Budget to State

Not later than thirty days following adoption of ad valorem tax rates and budget, the County must certify to the Florida State Division of Ad Valorem Tax that they have complied with the provisions of Florida Statutes Chapter 200.

Budget Amendment

If the County Manager certifies that there are available or projected revenues in excess of those estimated in the budget, the County Council may authorize supplemental appropriations up to the amount of such excess by ordinance or resolution adopted following a public hearing held pursuant to Florida Statutes 129.06(f). Copies of the proposed budget amendment will be made available for public inspection. The budget amendment and accompanying resolution will be docketed on the Council Agenda for consideration by the County Council. All interested persons will be given an opportunity to be heard on the proposed budget amendment resolution during its consideration by the County Council.

COUNTY OF VOLUSIA
FY 2014-15 Budget Activities Calendar

February 10	Departments	Departmental service charges
February 13	Departments	Service Charge Analysis
March	Budget Director/CFO	Review service charges for FY15 budget
March 3 - March 13	Budget	Provide Budget System Training to Department Users
March 11	Budget	Info Advantage Report Training
March 18	County Manager, Deputy County Managers, Department Directors	FY 15 Budget Kickoff
April 4	Departments	FY 14 Estimated Revenues and Expenditures Due
April 16	Departments	FY15 Operating Budget & FY15-FY18 Forecast Due
May 28	Budget, Departments	CIP Training
June 30	Departments	Prepare and submit Capital Improvement Plan requests

July 17	CFO, County Manager	Council adoption of Preliminary TRIM rates
August 13	Budget, OMB Director	Grant budget input training
September 4	County Council	Statutory 1st Public Hearing - Adopt Tentative Budget and Millage Rates, Set Final Public Hearing Date, Time, and Place
September 18	County Council	Final Public Hearing to Adopt the FY 15 Millage Rates and Budget

THE COUNTY OF VOLUSIA AND ITS SERVICES

Volusia County was carved from Orange County by the Florida legislature in 1854 and became the 30th of 67 counties in the State of Florida. Geographically, it is located in the eastern part of the State of Florida, bordered by the Atlantic Ocean on the east, Flagler and Putnam Counties to the north, Marion and Lake Counties to the west, and Seminole and Brevard Counties to the south. Its boundaries lie approximately 40 miles northeast of the city of Orlando, 100 miles south of the city of Jacksonville, 100 miles northeast of the city of Tampa, and approximately 200 miles from Tallahassee, the state capital.

Volusia County's historic places reveal a rich and exciting past. The remnants of massive shell heaps along the Atlantic coast and the St. Johns River tell of numerous bountiful harvests by native people for more than 40 centuries. The name "Volusia" is associated with the community that began as a trading post in the early 1800's and developed into an important military supply depot during the Second Seminole Indian War. The community grew into a prosperous steamboat landing until the introduction of the regional railroad system in the 1880's bypassed the town and ended its era of prosperity.

Although historians debate the origin of the word "Volusia", one theory is that the name is derived from a word meaning "Land of the Euchee." When the Timucuan Indian cultures died out in the early 1700's, the land in the area was uninhabited until some of the Indian tribes to the north began to migrate into the area. The Euchee Indians were a tribe originally from an area in South Carolina.

Early automotive pioneers such as Louis Chevrolet, Ransom Olds, and Henry Ford found that the hard packed sand, gentle slope and wide expanse of Volusia's beach was the perfect proving ground for early auto racing. Ormond Beach, in fact, is known as the "Birthplace of Speed."

Today, more than 494,590 people call Volusia County home. Our 47 miles of Atlantic Beaches to the east provide a world class playground for both water and land sports. The Daytona International Speedway is home to the world-famous Daytona 500 NASCAR race, an event larger than the Super Bowl. The scenic St. Johns River, famed for its bass fishing, links magnificent parks with wildlife preserves along the County's western border. Volusia County also is headquarters of the Ladies Professional Golf Association (LPGA), the official American home of the London Symphony Orchestra, and the winter refuge of the endangered Florida manatee. Disney World and the Kennedy Space Center are both about a one hour drive from the County.

In June 1970, the electorate abolished the Commission form of government and adopted a Home Rule Charter that was implemented on January 1, 1971. The County operates under a Council/Manager form of government and provides various services including public safety, transportation, health and social services, culture/recreation, planning, zoning, environmental, and other community services. Charter amendments approved by the voters in the 2004 election were implemented and changed the composition of the seven-member County Council. The County Council now has a Council Chair who is elected countywide and serves a four-year term. One at-large council position, elected countywide, and five district council positions, elected by the voters of their districts, serve four-year terms. The Council is responsible for the promulgation and adoption of policy. The Council-appointed County Manager is responsible for the execution of said county policy.

This document reflects the budgets for those activities, organizations, and functions that are related to the County and are controlled or dependent upon the County's governing body, the County Council. Control by or dependence on the County is determined on the bases of budget adoption; taxing authority; authority to establish rates; the County's obligation to finance any deficits that may occur; funding and selection of governing authority and other evidence of financial interdependence; and the ability to exercise oversight responsibility.

The Consumer Price Index (CPI) is an economic measure of inflation based on a "market basket" of goods and their corresponding changes in price from year to year. It exemplifies trends in the overall cost of doing business. Inflation affects all costs from personal wages to materials to borrowed money.

**FISCAL YEAR 2014-15
VOLUSIA COUNTY, FLORIDA
ADOPTED BUDGET**

TOTAL COUNTY REVENUES

The Operating Budget, \$628.3 million, is \$31.2 million or 5.2% above the FY2013-14 Adopted Budget and provides funding for the following governmental functions: General Government, Public Safety, Environmental Services, Economic Development, Human Services, Transportation, and Culture and Recreation. Only 34% of the operating budget is attributed to property taxes with an additional \$5.6 million being distributed to various cities for community redevelopment areas (CRA). In keeping the millage rates flat, additional tax revenue of \$11.1M is used to maintain service levels. \$12.6 million of increased fund balance is appropriated into each corresponding fund. The remaining revenues are grant proceeds, charges for services, and increases in sales and resort taxes.

The Non-Operating Budget provides for the County's Capital Project and Internal Service Funds. The FY2014-15 budget is \$111.9 million, an increase of \$7.7 million compared to FY2013-14 due primarily to the increase in fund balance in Equipment Maintenance Internal Service Fund acquiring and replacing the County fleet enrolled in the vehicle replacement program and the Employee Benefits Group Insurance Internal Service Fund for future medical claims.

The following narrative explains the basis for the County's operating budget.

Basis for Projections – Revenue estimates are based on historical data, trend analysis, discussions with department directors, review of proposed initiatives, estimates from the State Department of Revenue and the Florida Legislature's Office of Demographic and Economic Research, the most recent Florida Tax Handbook, and analysis of economic data from various sources including the U.S. Department of Labor Statistics and the State Office of Economic and Demographic Research. The analysis of federal and state-funded programs was also critical in determining whether sufficient revenue streams will be available for some of the county's human services and public transportation programs. Staff evaluated data from the consumer price index; state and local population estimates; taxable sales for transient rental facilities and other goods; state funding initiatives; changes in taxable value; changes in development activity and changes in the unemployment rate.

Expenditure estimates were based on limited anticipated growth in property values, housing starts, new commercial development, or population. Therefore, law enforcement, fire protection, emergency transport, court activities, public works, water and wastewater functions, beach safety, parks, and other county services are relatively unchanged from present levels of service. That said, demands for social services, VOTRAN and Medicaid funding are anticipated to increase while the need for maintenance of equipment and infrastructure is ongoing. Population aging is greater than the state average, placing increased demands on ambulance services and the County's nursing home Medicaid expense.

Staff used the quantitative, statistical techniques of trend analysis and time-series analysis (smoothing). Percentage changes between prior year and year-to-date collections and expenditures (usually 5 to 10 years) are coupled with anticipated changes in circumstances.

5-YEAR FORECAST

Historically, 5-year projections are prepared for major funds. This year, four major funds were forecasted for FY15-FY18 and presented for council consideration: General Fund, Municipal Service District (MSD) Fund, Fire Fund, and Ponce DeLeon Inlet and Port District Fund.

Revenue and expenditure forecasting does the following:

- Provides an understanding of available funding;
- Evaluates financial risk;
- Assesses the likelihood that service levels can be sustained;
- Assesses the level at which capital investment can be made;
- Identifies future commitments and resource demands;
- Identifies the key variables that cause change in the level of revenue or expenditures;
- Provides a framework from which to develop policy discussions/decisions.

It is important to point out that a forecast is a snapshot in time and represents results of certain assumptions at that moment. Many things beyond county government control can affect those assumptions such as changes at the federal or state level, changes in economic conditions or acts of Mother Nature. The following revenue assumptions were used in the forecast:

Top Revenues	FY14 Estimate (millions)	2015	2016	2017	2018
Property Taxes*	\$217.2	5.4%	4%	4%	4%
Half Cent Sales Tax	18.2	4.7%	5.6%	5.2%	5.6%
State Revenue Sharing	7.6	3.6 %	3.6 %	3.6 %	3.6 %
Utility Tax	7.6	0%	0%	0%	0%

**Property tax assumption for General Fund and Port Authority forecasted to increase 4% annually, Municipal Service District and Fire Fund forecasted to increase 3% based on trend analysis of historical change in values.*

Expenditure assumptions for the forecast period were based on data from various national, state and local sources where applicable. In addition, the county's trends and purchasing experiences were analyzed in establishing the following assumptions:

Personal Services:

- Salary- increase FY15 and FY17; 3%
- FRS – rates are as outlined by legislative action
- Group Insurance – FY15: \$9,048 per eligible employee, FY16: \$9,552, FY17: \$10,056, FY18: \$10,560
- Workers compensation – allocated based upon claims history.
- No new positions.

Operating Expenses - adjusted for Consumer Price Index (CPI) and other specific assumptions below:

Contracted Services - increase FY16: 1.5%; FY17 and FY18: 2.2%.

Food and Dietary - increase FY16, FY17 and FY18: 1.9%.

Fuel - increase FY16, FY17, FY18: 1.5%.

Insurance-Property & Liability - increase FY16: 10%; FY17 and FY18: 8%.

Janitorial Services - increase FY16: 3%; FY17 and FY18: 2%.

Medicaid Payment - increase FY16, FY17 and FY18: 2.9%.

Medicine and Medical Supplies - increase FY16: 7.5%; FY17: 7.0%; FY18: 6.5%.

Other Maintenance and Chemicals - increase FY16: 1.5%; FY17 and FY18: 2.2%.

Postage- increase FY16, FY17 and FY18: 1.5%.

Utilities - increase FY16, FY17 and FY18: 1%.

Vehicle Maintenance -Related Costs - increase FY16, FY17 and FY18: 2%.

By estimating potential shortfalls early, a forecast allows for service level modifications to be considered. By contrast, early identification of funding availability allows County Council some flexibility in decision-making for priorities now and into the future. To that end, Council policy direction was requested for the Fire Fund due to forecasted depletion of necessary reserves.

Detailed Five – Year Forecasts for identified funds are posted on the County’s website at www.volusia.org/budget.

For the FY2014-15 budget, the economic outlook for Volusia County is relatively favorable with limited growth anticipated. Property values drive the county’s largest revenue source, property taxes. Net growth in taxable value of 6.2% is up from \$24.2 billion in 2013 to \$25.7 billion in 2014.

FY 2014-15 Revenues by Major Source \$628,349,357

FY2014-15 Taxes

All taxes, including the property tax, utilities tax, convention development tax and local option gas tax are the County's primary revenue source. Approximately \$263 million or 41.9% of operating revenues are generated from this revenue stream. The FY2014-15 budget reflects an increase in tax revenues of \$13.9 million. Changes from prior year are summarized below:

Taxes	FY2013-14 (Millions)	FY2014-15 (Millions)	\$ Change (Millions)
Ad Valorem Taxes	\$206.1	\$217.2	\$11.1
Resort/Convention Tax	15.5	17.4	1.9
Gas Taxes	14.7	14.9	0.2
Utilities Tax	6.8	7.6	0.8
Communications Tax	4.0	3.7	-0.3
Other Taxes	1.9	2.1	0.2
Total Taxes	\$249.0	\$262.9	\$13.9

Note: \$5.6M of the ad valorem taxes is distributed to various cities for community redevelopment areas (CRA).

The following chart is a listing of all taxing funds with corresponding millage rates.

	Adopted 2013-14 Millage	Recommended 2014-15 Millage	Change from Prior Year	Rolled-back Rate 2014-15

* 10 Mill Cap

Maximum 0.2000 mills per voter referendum for Volusia Forever, Forever Debt, and Volusia ECHO

Permits, Fees & Special Assessments are primarily collected in the unincorporated areas of the County. Major revenue sources include building permits, occupational licenses, contractor licenses, impact fees, boat slip mitigation fees and special assessment fees. A continued economic recovery is anticipated for FY2014-15 reflected in the budget of \$16.4 million, up 3.8% over prior year.

Intergovernmental Revenues include gas taxes, sales taxes, state revenue sharing, payment-in-lieu of taxes, as well as miscellaneous Federal and State revenues for agency reimbursed programs that include the following funds: E911, Library, Daytona International Airport and Public Transportation. This revenue category totals \$51.4 million or 6.9% over prior year. The largest revenue source is half-cent sales tax at \$19.1 million, up 10% from \$17.3 million last year.

Charges for Services include county officer fees related to tax collections, elections, and property appraisals; fees for beach access; waste collection; law enforcement services to other entities; impact fees; motor vehicle fees; parking garage fees; and other miscellaneous charges. The budget is \$87.9 million for FY2014-15, a \$2.0M increase over prior year.

Judgments, Fines and Forfeitures include court-related fines, library fines, beach fines, and 800 MHz radio system traffic fine surcharges totaling \$3 million, 2.4% below prior year. This is due to reduced fines for unlicensed contractors, water violations and court technology fees.

Miscellaneous Revenues totals \$9.8 million, a decrease of \$566,999 compared to prior year due to decreased interest and rental income.

Appropriated Fund Balance comprises 31.2% of the County's resources. Fund Balance, also known as carryover, is not considered ongoing revenue. Rather, these funds can be used to fund operating expenditures as a bridge until a modification to service levels can be put into place. This revenue source can also be used for one-time expenditure for such items as capital outlay or capital repairs/renovations.

The FY2014-15 operating budget includes \$195,884,369 million in appropriated fund balance, an increase of \$12.6 million or 6.9% above the \$183.3 million budgeted in the previous year. This increase is primarily the allocation \$5.0M is carry forward of project funding for One Daytona within Economic Development incentives. The balance is from General Fund for one-time infrastructure purchases or improvements.

	<u>Fund Balance</u>	<u>Percent</u>
Taxing Funds	\$97,378,991	50%

10/1/14 Fund Balance for Capital Funds is not included in the Adopted Budget; ongoing project costs are reconciled with year-end expenses.

Changes in Fund Balance greater than 10% is driven by changes in anticipated revenues or spending down of available funds to complete projects.

Funds	% Change	Explanation
General Fund	16.4%	Use of fund balance for ongoing operating activities and capital projects
Emergency Medical Services	100.0%	Funds accumulated for anticipated future capital
Library	-17.4%	Use of fund balance for ongoing operating activities and capital projects
Municipal Service District	77.3%	On-going planned expenditure savings due to unstable revenue collections
Waste Collection	18.1%	Use of fund balance to establish future capital reserves
Daytona Beach International Airport	-10.1%	Use of fund balance for ongoing grant and operating projects
Water and Sewer Utilities	-20.2%	Use of fund balance for ongoing operating activities and capital projects
Economic Development	87.0%	\$4.9 M for One Daytona project and additional subsidy from general fund
Fire Services	-11.8%	Use of fund balance for ongoing operating activities and capital projects
Impact Fees (Fire, Parks, & Roads)	-15.1%	Reduced collections due to continued fee suspension and slow recovery in development
Volusia ECHO	40.7%	Funds accumulated for anticipated future capital
Volusia Forever	12.5%	Funds accumulated for management of Forever properties

TOTAL COUNTY OPERATING EXPENDITURES

The FY2014-15 operating budget totals \$628.3M an increase of \$31.2 million from the FY2013-14 budget. In a budget as large and as complex as Volusia County's, there are many increases and decreases in programs that comprise this overall increase. The graph and discussion that follows will highlight the County's expenditures.

Personal Services expenditures are comprised of salaries and benefits and are 34.2% of the County's operating budget. As the largest component of any organization, Personal Services totals \$214.9 million, an increase of \$4.3 million. This reflects the state mandated Florida Retirement System rate structure and adjustment to employer contribution to group insurance.

Unfunded			235.00			248.00			221.00

Operating Expenditures include contractual services, professional services, repairs and maintenance, road materials, utilities, reimbursements and operating supplies. The total FY2014-15 operating budget is \$160.2 million, which is an increase of \$5.8 million or 3.8%. The increased operating expenditures are for convention development tax proceeds passed along to the advertising authorities, roadway maintenance efforts, economic development incentives, and public safety costs.

Capital Outlay expenditures are for various items over \$1,000 such as computers or other operating equipment. Total Capital Outlay for FY2014-15 is \$13.5 million, an increase of \$5.1 million, or 59.8%. Replacement capital items for FY2014-15 include sheriff patrol cars, a tandem dump truck and grader for Road and Bridge, an excavator and dump truck for Stormwater, a dozer and dump truck for use at the landfill and a replacement helicopter for Mosquito Control. Details of capital outlay can be found in the Appendix.

Capital Improvement expenditures are land, right-of-way acquisition, buildings, water and sewer, engineering and design and construction. The first year of the County's Five-Year Capital Improvement Program (CIP) is included in this category. The Adopted Budget is \$27.9 million, of which \$8.3 million is from carry forward of prior year allocation for projects that will not be completed by the end of the prior fiscal year. Roadway projects comprise 69.9% of CIP projects in the Special Revenue Funds.

Grants and Aids provides funding to community agencies to provide health care, housing assistance, elderly assistance, drug treatment, counseling, and other services. In addition, funding for land conservation, management, and cultural, historical and outdoor recreation projects is provided through the Volusia Forever and Volusia ECHO programs, for a combined \$9.4 million. Pass-through funding for Community Redevelopment Areas (CRA) is appropriated at \$5.6 million. Community Services comprises the next largest funding \$6 million for Community Assistance. The total Grants and Aids FY2014-15 budget is \$34.6 million, an increase of \$9.9 million, or 39.9% due to project funding for One Daytona within Economic Development incentives and carry forward of ECHO project funds.

Transfers to Other Funds are payments for services provided within other funds and would essentially be double-counted if included in totals. Transfers to operating funds in FY2014-15 provide for trails; economic development; public transportation; debt service; allocations of beach toll, 800 MHz, sales tax and resort tax revenues; and other purposes. The budgeted amount is \$62.5 million, an increase of \$3.4 million, or 5.7%. This includes increases for various purposes such as Economic Development \$1.3M, Transportation Trust \$850K, and Ocean Center \$703K. These were offset by a \$695K decrease in VOTRAN funding to standard levels.

Reserves are one of the main components of non-departmental budgets and total \$160 million. Many reserves are specific to the funds in which they reside. The FY2014-15 budgeted reserves represent an increase from prior year of \$1.2 million or 1%. Many times reserves are placeholders until enough funding is in place to complete a project. Also within reserves is funding for Emergencies which are located in major taxing funds and range from 5% to 10% of current revenues. The chart below groups them by fund type.

			Reserves	Percent
Taxing Funds			82,652,635	
Emergency Reserves			24,825,883	15.5%
			57,826,752	36.2%
Special Revenue Funds			48,940,566	30.6%
Debt Service Funds			1,522,939	1.0%
Enterprise Funds			26,689,091	16.7%
			159,805,231	

Service Reductions were generally not contemplated in this budget. Departments continue to evaluate programs for additional efficiencies. That said, for FY2014-15, the Road and Bridge program will continue a reduced level of service in several activities. Gateways and thoroughfare right-of-ways were mowed eight times per year and mowing has been reduced to six times per year. Residential right-of-ways that were mowed four times per year will be mowed three times per year. Dirt roads were graded every 10 days, and now are graded every 21 days. Repair of sidewalks have be reduced to trip hazards only; and maintenance of retention ponds within cities will be reduced from four times a year to twice a year.

The following is a discussion of specific major funds included in the FY2014-15 budget as a complement to the financial data presented in the Budget by Fund and Operating Budget schedules.

GENERAL (FUND 001)

Budget Cross-reference Page: E-2

The FY2014-15 budget totals \$244.3 million, an increase of \$17.1 or 7.5%. The primary funding source is property taxes at 64% of total fund revenues. The millage rate is presented at a flat rate of 6.3189 mills.

FY2014-15 General Fund Revenue	Change from FY2013-14 (Millions)
Taxes	\$8.8
Intergovernmental Revenues	0.9
Appropriated Fund Balance	7.0
All Others	<u>0.4</u>
Total Change	\$17.1

Ad Valorem Taxes – The ad valorem tax revenue will generate \$155.8 million based on the millage rate of 6.3189, which is the same as prior year. The County experienced a 6.2% growth in total taxable value which includes reassessments and new construction.

Charges for Services – The FY2014-15 budget is \$15.6 million compared to last year's \$15 million. This increase is attributable to medical examiner, beach access fee collections, court facility fees, motor vehicle fees and others.

Transfers From Other Funds – The \$7.6 million is above last year's adopted of \$7.3 primarily due to increased funding for Economic Development incentives offset by reduction to Votran.

Appropriated Fund Balance – Appropriated Fund Balance carryover is predicated on analysis of excess revenue and expenditure savings from the prior year, resulting in \$49.5 million in carryover revenue.

General Fund Expenditures

The General Fund is used to account for all financial resources except those required to be accounted for in another fund. The budget for FY2014-15 includes a millage of 6.3189 mills; no change from prior year. As the economy has improved, modest increases in revenues have been realized along with continued efficiency measures. Increased funding is provided for state mandated costs, public safety, job creation through the Economic Development incentive program, and preservation of the integrity of public facilities.

General Fund operations include Supervisor of Elections, Property Appraiser, Judicial System, and countywide Sheriff. Other expenditures include courthouse security, facilities maintenance, growth management, administrative services, parks and recreation, and community services. Reserves have been identified for fuel, revenue stabilization, one-time funding for infrastructure opportunities, and future debt service costs. Following policy, the General Fund's Emergency Reserve is 10% of current revenues.

The chart below is the General Fund allocation by Department/Function

General Fund Expenditures By Department Fiscal Year 2014-15			
Community Services	16,351,221	Parks & Recreation/Coastal	10,355,005
County Council, County Manager, County Attorney	3,899,525	Property Appraiser	6,642,416
Elections	6,215,107	Public Protection	57,311,172
Financial and Administrative Services	23,750,313	Public Works	551,905
Growth and Resource Management	4,404,087	Other Budgetary Accounts	5,174,539
Judicial & Clerk	8,440,271	Reserves	48,612,965
Office of the Sheriff	39,916,601	Interfund Transfers	12,701,244
TOTAL EXPENDITURES			\$244,326,371

LIBRARY (FUND 104)

Budget Cross-reference Pages: E-18, F-182

The countywide Library Fund was established to account for revenues and expenses related to the operation of the library system which includes six regional libraries, seven community/branch libraries and the library operations center. The FY2014-15 budget of \$21,785,993 is funded at a millage rate of 0.5520 mills, which is the same as the rate for FY2013-14. The chart below is a comparison of this fund's budgeted ad valorem taxes compared to the State Standard which allows for growth in Florida Per Capita Income plus the growth in new construction. Library Fund is \$5.6 million under the State Standard.

VOLUSIA ECHO (FUND 160)

Budget Cross-reference Pages: E-98, F-233

The ECHO Program was approved by the voters of Volusia County on November 7, 2000 and provides grants in aid to not-for-profit organizations and municipalities of Volusia County as well as County departments solely to finance acquisition, restoration, renovation, construction and improvement of environmental, cultural, historic and outdoor recreation facilities for public use. The County Council created the ECHO Advisory Committee to develop the program procedures and application guidelines. The FY2014-15 millage rate is 0.2 mills, the maximum allowed per voter referendum.

Since the inception of this program, over \$67 million has been awarded to construct projects throughout Volusia County. In addition, beginning in FY 2004-05 the County Council earmarked \$1 million annually from ECHO revenues to meet debt service requirements and development of countywide Master Trails Program. The following chart lists open competitive and open county grants being carry forward.

FY15 ECHO Fund [Competitive and County Grants]		
Open Competitive Grants		
Grant Recipient	Project Name	Carry Forward
City of Ormond Beach	Central Park Environmental Learning Center	400,000
City of Port Orange	Coraci Ball Fields - Phase III	300,000
City of DeLand	Earl Brown Park/Spec Martin Stadium Renovation	350,041
Enterprise Preservation Society	Enterprise Heritage Center	41,000
City of Orange City	Mill Lake Park - Phase I	195,937
City of Orange City	Mill Lake Park - Phase II	386,250
City of Daytona Beach	Museum of Arts and Science West Wing Reconstruction	800,000
City of New Smyrna Beach	New Smyrna Beach Cross Trail - Phases I and II	281,853
Volusia/Flagler YMCA	Ormond Beach Community Aquatic Project	382,100
City of Ormond Beach	Ormond Beach Skate Park Expansion	225,000
City of New Smyrna Beach	Otter Lake Park Improvements Project	300,000
City of Daytona Beach	Peabody Auditorium Renovation	300,000
Halifax Humane Society	Public Dog Park and Recreational Rest Area	400,000
City of DeBary	Rob Sullivan Community Park Improvements - Phase III	121,000
Shoestring Theatre	Shoestring Black Box and Teaching Theatre	70,000
City of New Smyrna Beach	South Atlantic Beachfront Park	335,000
Pioneer Arts Settlement	Joseph Underhill House	239,643
Total Open Competitive Grants		5,127,824
Open County Grants		
Volusia County	East Central Florida Rail Trail Segment 3	439,260
University of Florida/Volusia County Extension Service	Florida Friendly Landscape Demonstration Project	55,415
Volusia County	Spring to Spring Trail - 3B	600,000
Volusia County	1255 N. Oceanshore Blvd. Ormond Beach	416,000
Total Open County Grants		1,510,675
Total Open Competitive and Open County Grants		6,638,499

VOLUSIA FOREVER (FUND 161 & FUND 261)

Budget Cross-reference Pages: E-100, F-132, G-24

The Volusia Forever program, created by a 61% majority of the County's electorate in the year 2000, provides for the acquisition and improvement of environmentally sensitive, water resource protection and outdoor recreation lands. The program is supported by a county-wide

ad valorem assessment of up to 0.2 mills. This voter approved referendum included authorization for the issuance of general obligation bonds up to \$40 million. In accordance with this directive, the County Council, in October of 2005, approved the issuance of \$39.875 million in Limited Tax General Obligation Bonds to support the program.

Volusia Forever is a voluntary program which relies exclusively upon participation by willing sellers. The Volusia Forever program seeks to maximize the effectiveness of local tax dollars by using these monies to leverage available funds from other public and private non-profit sources. The success of the Volusia Forever program has been recognized at the state and national levels. The program has been the recipient of the "Better Community Award" (1000 Friends of Florida), the "County Leadership in Conservation Award" (a nationally competitive award presented by the National Association of Counties and the Trust for Public Lands) and an "Achievement Award" (National Association of Counties).

The FY2014-15 Volusia Forever budget totals \$7,701,779, an increase of 17.1% from the FY2013-14 Adopted Budget. The increase is due to the carry forward of the balance for future land management expenses, an increase in the property values and an increase in the revenues from timber sales and leases. The total millage for FY2014-15 is split 69%, or \$3.4 million, to meet the debt service requirements of the Limited Tax General Obligation Bonds, Series 2005 (Fund 261) and 31% for the Volusia Forever fund. The millage for debt requirements is 0.1373; the amount available to fund operations and projects in the Volusia Forever fund is \$1.5 million, as generated by the remaining millage of 0.0627.

EMERGENCY MEDICAL SERVICES (FUND 002)

Budget Cross-reference Pages: E-12, F-7, F-112

Beginning October 1, 2011, Volusia County began providing countywide ambulance transport. This function had been previously provided by a not-for-profit organization, Emergency Medical Foundation, under the name of EVAC. The County has provided a subsidy for this important countywide service during the periods 1982-1997 and 2005-2011, totaling \$23.9 million for those years. During FY2010-11, the County Council determined it would serve our citizens best by taking over provision of emergency ambulance transport. Efficiencies in this health care service are realized by eliminating redundant administrative functions, streamlining dispatch protocols, and integration of similar fire services resources across jurisdictional boundaries.

The FY2014-15 budget is \$19,713,211, funded primarily by ambulance billing revenue. The budget also includes an interfund transfer from the General Fund of \$3.6 million. Funding is for 800 MHz radio replacement of \$166,953, to expand the equipment set-aside for future replacement of stretchers and increase the number of cardiac monitor/defibrillator by ten. The reserve for capital equipment is to incrementally build sufficient funds to be used for major capital purchases such as stretchers, auto pulse machines and cardiac monitors slated for bulk replacement in FY2015-16. Funding is included for the replacement of six additional ambulances, as well as multiple tablets, drive cams, mobile data computers, stair chairs and transport ventilators.

COUNTY TRANSPORTATION TRUST (FUND 103)

Budget Cross-reference Pages: E-14, F-116, F-270, F-278, F-310

Major revenues in the County Transportation Trust fund include: the 6 Cents Local Option Gas Tax; 5 cents (Second) Local Option Gas Tax; the 5th and 6th Cent Constitutional gas tax; 7th cent County Gas Tax; the 9th Cent Gas Tax; and utility taxes transferred from the Municipal Service District. The 5th and 6th cent Local Option Gas Tax revenues are shared with the cities by Interlocal Agreement in which the County receives 57.239% and the cities receive the balance 42.761% to address local transportation issues.

The FY2014-15 budget of \$59,446,221 provides for road and bridge operations, maintenance and repairs to the bascule bridges, engineering services, arterial street lighting, railroad crossing maintenance, and traffic signals modernization. Major capital improvement projects funded within County Transportation Trust funds include: Countywide safety projects - \$1,000,000; land acquisition for the Public Works Service Center - \$2,783,000; bridge repairs program - \$250,000; traffic signal modernization - \$400,000; advanced right-of-way acquisition - \$500,000; advanced engineering and permitting - \$200,000; and \$779,871 in carry forward funds for LPGA Blvd/Jimmy Ann/Derbyshire right-of-way. A total of \$4.7M will be transferred from utility proceeds (Fund 120), increased by \$850K to address safety-related deferred maintenance needs of the local transportation infrastructure in the unincorporated areas of the County.

As road impact fee collections continue to improve, the amount transferred to the Debt Service Fund from the Transportation Trust Fund continues to decrease. A total of \$2,717,079 will be transferred to the Debt Service Fund in FY2014-15 to partially fund bond payment for gas tax revenue bonds in Zone 1 (Fund 131), Zone 2 (Fund 132), and Zone 3 (Fund 133). This represents a decrease of \$246,710 over prior year transfer. Reserve balances are designated for future capital improvement.

EAST VOLUSIA MOSQUITO CONTROL DISTRICT (FUND 105)

Budget Cross-reference Pages: E-22, F-196

The East Volusia Mosquito Control District is supported by State funds and local property taxes from the district, whose boundary encompasses the area east of Interstate 95. The District is funded by a millage rate of 0.1880, which is expected to generate \$3,337,899 in tax revenues. The amount of taxes levied by the County Council cannot exceed, in any one fiscal year, the sum of two mills for every dollar of assessed valuation on property situated in the district. Revenues are also realized from services provided to municipalities outside the District, i.e., St. John's River Water Management and the City of Sanford among others.

The FY2014-15 budget totals \$11,658,364, a decrease of \$108,181 from prior year. The major expense to be incurred in FY2014-15 is in capital outlay for the replacement of one of the helicopters (\$2.8M). In addition, Mosquito Control requests funding of replacement vehicles

and equipment required to ensure efficient and safe operations. Mosquito Control further requests continued funding of special workers and interns which provide seasonal support to help maintain the level of service to the public during peak season. Funds held in reserve include \$2.0M for the Public Works Service Center and \$2.8M for the replacement of a second helicopter in FY2018-19 to ensure efficient and safe operations.

East Volusia Mosquito Control District Fund Property Tax at State Standard Growth Benchmark

RESORT TAX (FUND 106)

Budget Cross-reference Pages: E-26, F-203

The Resort (Tourist Development) Tax revenues of \$8,694,146 are derived from a 3% resort tax on hotels/motels and short-term rentals, up 11.8% from the prior year budget based on year-to-date collections and anticipated continued recovery of the economy. Effective July 1, 2003, a 2% resort tax was increased to 3%. The additional 1% resort tax is pledged for the 2004 Ocean Center expansion. Beginning in FY2013-14, the full 3% is pledged for the 2014 Tourist Development Revenue Refunding Bonds. Resort tax revenues are transferred for debt service requirements with the balance for Ocean Center operations.

SALES TAX TRUST (FUND 108)

Budget Cross-reference Pages: E-28, F-204

The Sales Tax Trust fund allows the pooling of the Local Government Half-Cent Sales Tax revenue to be allocated between the General Fund and Municipal Service District Fund, based on the county population. Tourism has a direct relationship to the amount of sales tax collected for Volusia County.

For the FY2014-15 Budget, the General Fund allocation is 76% and the Municipal Service Fund allocation is 24%. From the General Fund portion, the debt service requirements are distributed. The next allocation is to the Ocean Center with the balance used for general government expenses.

Sales tax revenue is expected to increase \$1,723,657. The projected sales tax fund is \$19,083,997 of which \$8,654,436 or 45%, is currently budgeted to meet principal and interest payments on four different bond issues. Below is the planned distribution for FY2014-15.

General Fund	\$ 4,969,423
Municipal Service District	4,580,159
Ocean Center	879,979
Debt Service	<u>8,654,436</u>
Total	\$ 19,083,997

PONCE DELEON INLET AND PORT DISTRICT (FUND 114)

Budget Cross-reference Pages: E-32, F-48

The Ponce DeLeon Inlet and Port District is authorized under Chapter 110 Article VIII of the Volusia County Code. The FY2014-15 budget of \$6,707,572 is funded by a millage rate of 0.0929 mills, which is the same as the rate for FY2013-14. Annual ad valorem levies are limited to 2 mills for voter approved debt service and 1 mill for administration and operations. Total operating revenues, not including fund balance, are \$2.1 million compared with operating expenditures of \$3.5 million, not including reserves. The Port District provides funding for coastal property acquisition; improvements to facilities and amenities for inlet and coastal parks; the clean vessel assistance program, coastal recreation, marine wildlife and fishing reef development, environmental mitigation and small navigation projects in cooperation with the U.S. Army Corps of Engineers. Service improvements include annual channel dredging through a local/federal partnership, developing two (2) nearshore artificial fishing reefs in state waters off New Smyrna Beach and Daytona Beach Shores, constructing a fishing pier for Smyrna Dunes Park and constructing improvements to the Jetty Deck Platform at Lighthouse Point Park. The chart below is a comparison of this fund's budgeted ad valorem taxes compared to the State Standard which allows for growth in Florida Per Capita Income plus the growth in new construction.

Ponce Inlet and Port District Fund Property Tax at State Standard Growth

OCEAN CENTER (FUND 118)

Budget Cross-reference Pages: E-40, F-208

The operating budget for FY2014-15 totals \$7,641,413 or 10.5% over prior year and is supported by revenues generated from events \$1.6 million, sales tax \$880,000, and resort tax \$4.0 million. Of this amount, \$284,023 is reserved fund stabilization. Debt service payments for the facility expansion are budgeted as an interfund transfer to the 208 Capital Improvement Debt Service, Series 2010 Fund in the amount of \$659,074 for expansion of the Ocean Center, adding a 100,000 square foot exhibition hall and 30,000 square feet of new meeting rooms. An interfund transfer totaling \$431,267 is budgeted to the Capital Improvement Fund for long-term replacement plan of bleachers, carpet, elevators, marquee and roofs.

MUNICIPAL SERVICE DISTRICT (FUND 120)

Budget Cross-reference Pages: E-46, F-20, F-28, F-116, F-124, F-152, F-200, F-220, F-230, F-246, F-274

The Municipal Service District Fund (MSD) provides municipal type services to the unincorporated areas of Volusia County. The FY2014-15 budget totals \$50.2 million and is supported by an ad valorem tax millage of 2.2399 mills which is the same as FY2013-14. The chart below is a comparison of ad valorem taxes compared to the State Standard which allows for growth in Florida Per Capita Income plus the growth in new construction.

Municipal Service District Fund Property Tax at State Standard Growth

The chart below identifies the revenues for the Municipal Service District fund.

Ad Valorem Taxes - The FY2014-15 Municipal Service District budget is predicated on a proposed operating millage rate of 2.2399 mills and is 24.6% of total revenues.

Utilities Tax - Volusia County levies a 10% Public Service Utility Tax on electricity and metered or bottled gas in the unincorporated area and represents 15% of fund revenues. The Public Service Utility Tax is estimated at \$7.6 million in FY2014-15 which is \$789,188 more than the prior year. A portion of this revenue is transferred annually to the Transportation Trust Fund (103) to support road and safety-related maintenance projects totaling \$4.7 million.

Communications Services Tax – In FY2014-15 this revenue source decreased \$300,000 for a total allocation of \$3.7 million. This source represents 7.5% of revenues and may be used for any public purpose.

Transfers From Other Funds – The transfers from other funds are \$4.6 million, which is an increase of \$416,359 above the prior year.

Appropriated Fund Balance - The FY2014-15 Appropriated Fund Balance is \$6.3 million, which is an increase of \$2.8M for continuation of services. Additional balances provide funds necessary to meet the minimum required 5% emergency reserves.

Municipal Service District Expenditures

The FY2014-15 Municipal Service District budget totals \$50.2, a 10% increase from prior year Adopted Budget. The Office of the Sheriff is 57% of the total expenditures within this fund. However, 47% of this is directly offset by revenues from contracted services with cities.

The chart below identifies the expenditures for this fund.

Note: The Office of the Sheriff includes outside contracts that total \$13,486,054.

ECONOMIC DEVELOPMENT (FUND 130)

Budget Cross-reference Pages: E-60, F-92

In a continued effort to strengthen economic and workforce diversity, Economic Development continues to encourage value-added growth in both private-sector capital investments and employment opportunities through various initiatives that include advertising, direct mail, telemarketing, and participation in industry trade shows. These initiatives focus on recruitment of new businesses, as well as retention of existing businesses. The Economic Development team coordinates the county's legislative priorities at both the state and federal level.

The FY2014-15 budget totals \$9,358,116 which provides for the costs associated with the support of the professional staff and the implementation of the County Council goal of

comprehensive countywide economic development. The General Fund contribution for the Economic Development Fund includes an increase of \$1.3M to maintain the incentive grant program.

FIRE SERVICES (FUND 140)

Budget Cross-reference Pages: E-80, F-142

The FY2014-15 budget of \$26,456,099 is funded at a millage rate of 3.6315 mills, which has remained at a flat rate since FY2010-11. Fire Services will continue to use reserves to fund ongoing operating expenses. Ad valorem taxes are the major revenue source for this fund at 98% of current revenues. The chart below is a comparison of this fund's budgeted ad valorem taxes compared to the State Standard which allows for growth in Florida Per Capita Income plus the growth in new construction. Fire Fund is \$2.3 million over the State Standard, prior year gap was \$2.2 million.

Fire Services Fund Property Tax at State Standard Growth

STORMWATER UTILITY (FUND 159)

Budget Cross-reference Pages: E-96, F-302

The Stormwater Utility Fund was established in 1993 and is funded by a special assessment fee on parcels in unincorporated Volusia County. The fee is collected on developed lots or parcels, based on the impervious surface calculated for an Equivalent Residential Unit (ERU), the current fee is \$72 per year per ERU. The fee is used to fund the stormwater management system which is designed to control discharges from rainfall and runoff, to collect, store, treat or reuse water

to prevent or reduce flooding, environmental degradation and water pollution. The maintenance program has been enhanced by the addition of a roadside ditch clearing crew and the replacement of existing equipment to increase productivity and accessibility of drainage infrastructure. This assessment is projected to provide \$4.5M in stormwater revenues for FY2014-15. Major construction projects for FY2014-15 include: \$200K for the acquisition of flood-prone land, \$630K for Local Projects, \$300K for improvements at North Peninsula, \$450K for engineering and drainage improvements at Wilbur by the Sea, and \$100K for the construction of a retention pond at Rio Way. In addition to these Capital Projects, \$5M is held in Reserves for the purchase of flood-prone properties and the construction of countywide retention ponds to address flooding and water quality issues.

DEBT SERVICE (FUNDS 201, 202, 203, 204, 208, 213, 214, 234, 261, 295, 297)

Budget Cross-reference Pages: G-8 to G-29

Principal, interest and other debt costs totaling \$24,923,835 are budgeted in FY2014-15, an increase of \$1,510,991, or 6% compared to the prior year Adopted Budget. This increase reflects the partial refunding of the 2004 Tourist Development Tax Revenue Bonds in FY2013-14 and planned borrowing for the One Daytona Project Grant. The County's general obligation bond for purchase and maintenance of environmentally sensitive lands is slated for refinancing during FY2014-15. The County's remaining debt obligations in these funds are sales tax, tourist tax, and gas tax revenue bonds, the capital improvement revenue note, and the public transportation debt service. Details of schedules can be found within Debt Service section of this document.

SOLID WASTE (FUND 450)

Budget Cross-reference Pages: E-112, F-284

The Solid Waste Division operates under the authority of F.S. 25.01, Chapter 110, Article IV, Division 2, for municipal service districts and F.S. 403.706 for local government solid waste management responsibilities. The core function of the Solid Waste Division is to provide safe, efficient and affordable transfer and disposal of county solid waste. Fund derives revenues from landfill or tipping charges established by Council resolution. These disposal fees were last adjusted on April 10, 2003. The capital improvement request for FY2014-15 includes \$200K for engineering and design work for administrative offices, \$640K for the construction of the Citizen's Convenience Center, and \$3.8M for the development and expansion of the permitted North Cell expansion and engineering design for the Southwest Cell identified in the Solid Waste ten-year master plan. Funds are held in restricted reserves for landfill closures and pollution mitigation associated with these closures. These expenditures are booked against restricted and unbudgeted closure reserves.

DAYTONA BEACH INTERNATIONAL AIRPORT (FUND 451)

Budget Cross-reference Pages: E-116, F-8, F-142

The Daytona Beach International Airport operates as an enterprise fund with airport landing and rental fees supporting operations. In addition, the airport funds a majority of its capital projects through grants authorized by the Federal Aviation Administration (FAA) and the Florida Department of Transportation (FDOT). The FY2014-15 budget totals \$27,319,065 which includes \$8,061,799 for Airport operations, \$3,851,091 for debt service and \$941,841 for Fire Services. Reserves include the bond required reserves for maintenance and operations of \$1,491,773 and reserve for equipment replacement, new airline incentives, the reserve for revenue stabilization, and the local match required for federal and state grant projects. Federal and state grant funding for capital projects will be appropriated upon grant award.

VOLUSIA TRANSPORTATION AUTHORITY (FUND 456)

Budget Cross-reference Pages: E-120, F-264

Votran provides a countywide transportation system including bus service and handicapped transportation services. The budget has been funded through passenger fare revenues, ad valorem taxes, Federal Transit Administration funds, and Florida Department of Transportation funds. The Sun Rail commuter rail from DeBary to Seminole and Orange Counties began service May 1, 2014. The Florida Department of Transportation provided grants to subsidize feeder routes to the DeBary Station.

The FY2014-15 budget provides \$21,763,849 for the operation of the countywide bus/transportation system. Of this amount, \$7,535,653 is a General Fund subsidy, reduced from \$8.2 million in FY2013-14. Votran also receives \$9,491,060 in federal and state grants and generates \$3,499,391 in fare and miscellaneous revenues.

Votran's capital projects require no local funding. All funding for capital projects is provided by State toll revenue credits applied toward the Federal match. Federal grant funding will be used to purchase buses, vehicles and computer equipment and will be appropriated upon grant award.

WATER AND SEWER UTILITIES (FUND 457)

Budget Cross-reference Pages: E-124, F-318

Water and Sewer Utilities are operated under the authority of Volusia County Code, Chapter 122, Articles II, III and V. Volusia County Water Resources and Utilities owns and operates wastewater treatment plants and lift stations within the County. The utility also maintains water systems and a wastewater system by contract with other county divisions and other municipalities. The primary service areas include Southwest Volusia, Deltona North, Spruce Creek, Northeast Volusia, Pine Island, Stone Island and New Hope Villas of Seville. The combined system serves over 14,000 water and 10,000 sewer customers throughout Volusia County with collections of approximately \$14M annually in charges for services, mainly from water and sewer user fees, \$6.2M and \$6.9M respectively. Monthly water and sewer rates are adjusted annually based on changes in the Consumer Price Index (CPI) of July 1 from the prior year.

The FY2014-15 budget includes several capital improvement projects related to water quality and rehab of existing facilities. The request of \$4.3M for capital improvement funds includes \$2.2M for current and new projects and \$2.0M for carryover projects. Details of capital improvements and capital outlay are found in the Capital Improvements and Appendix sections of this document, respectively.

PARKING GARAGE (FUND 475)

Budget Cross-reference Pages: E-128, F-208

The Parking Garage, located on Earl Street in Daytona Beach, is a 1,500-space parking facility that services patrons of the Ocean Center, Ocean Walk Shops, Daytona Lagoon Water Park, several hotels and the Boardwalk area. The lower level of the garage serves as a transfer station for VOTRAN buses, the County's mass transit system.

The FY2014-15 budget totals \$2,918,999, an 11.7% increase from prior year to reflect fund balance carry forward. Debt service for this facility totals \$836,197 or 35% of parking revenues, down from 41.7% last year. An interfund transfer of \$268,800 is allocated to repay an advance from the General Fund that was made in prior years.

Debt Service Funds - See Section G

Capital Projects Funds - See Section I

Internal Service Funds - See Section H

FUND STRUCTURE

The accounts of the County are organized on the basis of funds and account groups, each of which is considered a separate accounting entity. The operation of each fund is accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures or expenses. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The purpose of the various funds and account groups are as follows:

1. Governmental Funds

General Fund - The General Fund is the general operating fund of the County. It accounts for all financial resources, except those required to be accounted for in another fund.

Special Revenue Funds - Special Revenue Funds account for revenues from specific taxes or other earmarked revenue sources which are legally restricted to finance particular functions or activities.

Debt Service Funds - Debt Service Funds account for the accumulation of resources for, and the payment of, general long-term debt principal, interest and related expenditures.

Capital Projects Funds - Capital Projects Funds account for the financial resources used to acquire or construct major capital facilities other than those financed by proprietary funds.

2. Proprietary Funds

Enterprise Funds - Enterprise Funds are used to account for operations (a) that are financed and operated in a manner similar to private business enterprises where the intent of the governing body is that the expenses, including depreciation, of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

Internal Service Funds - Internal Service Funds account for the financing of goods or services provided by one department or division to other departments or divisions of the County, or to other governmental units, on a cost reimbursement basis.

3. Fiduciary Funds

Trust and Agency Funds - Trust and Agency Funds account for assets held by the County in a trustee or custodial capacity. Agency funds typically involve only the receipt, temporary investment, and remittance of fiduciary resources to individuals, private organizations, or other governments. Budgetary data for Trust and Agency Funds are not included in the budget document.

General Fund - 001

Summary: The General Fund is used to account for all financial resources except those required to be accounted for in another fund. The budget for FY2014-15 includes a millage of 6.3189 mills; no change from prior year. As the economy has improved, modest increases in revenues have been realized along with continued efficiency measures. Increased funding is provided for state mandated costs, public safety, job creation through the Economic Development incentive program, and preservation of the integrity of public facilities.

General Fund operations include Supervisor of Elections, Property Appraiser, Judicial System, and countywide Sheriff. Other expenditures include courthouse security, facilities maintenance, growth management, administrative services, parks and recreation, and community services. Reserves have been identified for fuel, revenue stabilization, one-time funding for infrastructure opportunities, and future debt service costs. Following policy, the General Fund's Emergency Reserve is 10% of current revenues.

Emergency Medical Services Fund - 002

Summary: During FY2010-11, the County Council voted to take over provision of countywide emergency ambulance transport services from the Emergency Medical Foundation also known as EVAC. This fund was established beginning October 1, 2011 to provide the funding mechanism for ambulance operations. It is funded through ambulance billing revenue, special event support, and a subsidy from General Fund in the amount of \$3.6 million.

Funding is associated with increased transport expenses due to increased demand for service and to continue a reserve program for both revenue stabilization and capital equipment. Revenue stabilization is recommended to continue operational funding until Medicaid and other reimbursements are received. The reserve for capital equipment is to incrementally build sufficient funds to be used for major capital equipment such as stretchers, auto pulse machines and cardiac monitors slated for bulk replacement in FY2015-16.

Funding is included for the replacement of six additional ambulances, as well as multiple tablets, drive cams, mobile data computers, stair chairs and ventilators.

County Transportation Trust Fund - 103

Summary: The County Transportation Trust is comprised of Public Works Services, Engineering and Construction, Road and Bridge, and Traffic Engineering Divisions. The major revenue sources for the County Transportation Trust fund include: the 6 cents local option gas tax; 5 cents second local option gas tax; the 5th and 6th cent constitutional gas tax; 7th cent county gas tax; the 9th cent gas tax, and utility taxes transferred from the Municipal Service District Fund to be used for safety related maintenance services of local transportation infrastructure provided in the unincorporated areas of the County.

The FY2014-15 budget of \$59,446,221 provides for road and bridge operations, maintenance and repairs to the bascule bridges, engineering services, arterial street lighting, railroad crossing maintenance, and traffic signals modernization. Major capital improvement projects funded within County Transportation Trust funds include: Countywide safety projects - \$1,000,000; land acquisition for the Public Works Service Center - \$2,783,000; bridge repairs program - \$250,000; traffic signal modernization - \$400,000; advanced right-of-way acquisition - \$500,000; advanced engineering and permitting - \$200,000; and \$779,871 in carry forward for LPGA Blvd/Jimmy Ann/Derbyshire right-of-way. Reserve balances are designated for future capital improvement projects, capital outlay purchases, and the road maintenance program.

As a result of the continued decrease in road impact fees, a total of \$2,717,079 will be transferred to the Debt Service Fund in FY2014-15 to partially fund bond payment for gas tax revenue bonds in Zone 1 (Fund 131), Zone 2 (Fund 132), and Zone 3 (Fund 133), this results in fewer resources for roadway maintenance. For FY2014-15 a total of \$4.7M will be transferred from utility proceeds (Fund 120), this transfer is to address safety-related deferred maintenance needs of the local transportation infrastructure.

Library Fund - 104

Summary: Volusia County's public library system includes six regional libraries, seven community branch libraries and one support/training facility. A countywide Library Fund millage rate of 0.5520; accounts for the tax revenues and expenditures relating to the operation of our library system. Volusia County earns State Aid grant funds based on a match of up to \$0.25 on local funds expended centrally by the library and the Friends of the Library groups. The library also expects revenue from fines, Friends of the Library contributions, and the City of Deltona contribution. Reserves are being utilized to fund capital and to continue library service at the current service level. Planned capital improvement projects are included in the budget; details can be found in the Capital Improvement Section of the budget book. Interfund transfers out to the General Fund are for two positions at the Environmental Learning Center and debt service payments for DeBary and New Smyrna Beach libraries.

East Volusia Mosquito Control Fund - 105

Summary: Under the authority of F.S. Title XXIX, Chapter 388, and Chapter 110, Article IX County Ordinances, Volusia County Mosquito Control (VCMC) is responsible for nuisance and disease mosquito control in Volusia County. To achieve its major goal of reducing mosquito production, VCMC must mitigate mosquito production sites and control immature mosquitoes before they develop into adult mosquitoes. Funding for VCMC is provided primarily through ad valorem taxes assessed on properties within the district. For FY2014-15 the millage rate is reduced by .0200 mills to 0.1880 for the East Volusia Mosquito Control Special District. The amount of taxes levied by the County Council shall not exceed, in any one fiscal year, the sum of two mills for every dollar of assessed valuation on property situated in the district. Revenue is also realized from services provided to the St. John's River Water Management (marsh restoration) and the City of Sanford (midge control), in addition to reimbursements received for services provided to municipalities outside the District. The Florida Department of Agriculture and Consumer Services has provided limited state funds in the past and has proposed eliminating these funds to Districts with budgets of three million or greater.

The FY2014-15 budget totals \$11,658,364 a decrease of \$108,181 from prior year adopted budget. The major expense to be incurred in FY2014-15 is in capital outlay for the replacement of one of the helicopters (\$2.8M). Of the \$4.9M held in reserves, \$2.0M is capital reserves for the Public Works Service Center, and \$2.8M for the replacement of vehicles and equipment, to include the replacement of a second helicopter in FY2018-19, required to ensure efficient and safe operations.

Resort Tax Fund - 106

Summary: The Tourist Development/Resort Tax was enacted in 1978 levying a two percent tax on short term rentals of living accommodations for six months or less. On April 24, 2003, the Volusia County Council adopted Ordinance 2003-07 raising the tax to three percent effective July 1, 2003. Revenue from these funds are pledged to secure and liquidate revenue bonds for the acquisition, construction, extension, enlargement, remodeling, repair, improvement, maintenance, operation or promotion of one or more publicly owned and operated convention centers, sports stadiums, sports arenas, coliseums or auditoriums within Volusia County. Of these funds, 2% provides funding for the debt service on the 2002 Tourist Development Tax bond issue for the construction of the Ocean Center. The additional 1% provides funding for the 2004 Tourist Development Tax bond issue on the expansion of the Ocean Center. In FY2013-14 the 2002 Tourist Development Tax bond issue reached maturity, and the 2004 Tourist Development Tax bond issue was partially refunded by issuance of the 2014A and 2014B Tourist Development Tax bonds.

Volusia County, as a charter county, was authorized by state statute and local ordinance to do self-collection and administration of the tourist development taxes. The service charge for this activity is 2% which is charged on the first two pennies of resort tax and is used for collection, processing, and administration within the Revenue Division.

The FY2014-15 budget includes interfund transfers to Debt Service Fund (203) \$4,521,700 and Ocean Center Fund (118) \$4,064,084.

Sales Tax Trust Fund - 108

Summary: The primary purpose for the Sales Tax Fund is to record the County's receipt of the Half-Cent Sales Tax that is received from the State on a monthly basis. Funds are authorized by F.S. 212.20(6) and 218.60-.67, for countywide purposes, including debt service. The Half-Cent Sales Tax is allocated based on the county's population. The incorporated population (General Fund) is 76% and the unincorporated population (Municipal District Service) is 24%.

From the amount allocated to the General Fund, revenues are distributed first for debt service. Amounts are transferred to the Subordinate Sales Tax Lien Debt Service Fund (201) for 2008 Series bond, Capital Improvement Fund (204) for 2012 Series bonds and the Capital Improvement Debt Service Fund (297) for 2009B Series Bonds. The 2009A bonds matured in 2014. The Ocean Center receives a portion of Sales Tax revenue totaling \$879,979. The remaining amount is distributed to the General Fund.

From the amount allocated to the Municipal Service District Fund (MSD), revenues had been previously distributed for 2009A debt service (297) which matured in 2014. In FY2014-15, these funds are distributed for operating purposes in the Municipal Service District Fund.

Convention Development Tax Fund - 111

Summary: The Convention Development Tax is distributed to three Advertising Authorities to promote and advertise tourism. The Convention Development Tax was originally authorized under Florida Law Chapter 84-324 for the Halifax Advertising Tax District, replacing an ad valorem advertising tax which had been authorized under Florida Law Chapter 26294 (1949). The County ended the ad valorem tax with the 1984-85 budget and created the Halifax Area Advertising Authority, authorizing a 1% tax on short term rental accommodations within the district under Florida Statute 212.03 (1983). In 1987, the County created the West Volusia Convention Development Tax District, the West Volusia Advertising Authority, the Southeast Volusia Convention Development Tax District, and the Southeast Volusia Advertising Authority and authorized a 1% tax on short term rental accommodations for each district as authorized in Florida Statutes 212.0305. In 1991, the rate for all three districts was increased from 1% to 2%. In 1995, the rate for Halifax and West Volusia was increased to 3%, while Southeast Volusia remained at 2%. The Southeast Volusia rate was increased to 3% in 2000.

Volusia County, as a charter county, is authorized by state statute and local ordinance to do self-collection and administration of the convention development tax. This service charge for this activity is 2%.

The budget for the Convention Development Tax Fund includes contract amounts for the Halifax Advertising Authority of \$6,478,638, Southeast Volusia Advertising Authority of \$1,619,546 and West Volusia Advertising Authority of \$426,213, as well as administrative costs.

Ponce De Leon Inlet and Port District Fund - 114

Summary: The Ponce DeLeon Inlet and Port District is authorized under Chapter 110 Article VIII of the Volusia County Code. Port district activities include Inlet Parks at Smyrna Dunes and Lighthouse Point, marine wildlife and artificial fishing reefs, derelict vessel removal and a coastal public access program. The Inlet Partnership Program provides grants to municipalities within the Port District for public access improvements. The Public Access and Inlet Parks improvements provide new and upgraded infrastructure such as fishing piers, boardwalks, parking, and boat and kayak launch sites. On August 5, 2010 Council approved expansion of the marine wildlife and artificial reef program in support of the boating, diving and fishing industries. Community participation is provided through the Volusia Reef Research Dive Team, which maintains a website at www.volusiareefs.org. There are eleven (11) federally permitted reef sites, and one hundred and fourteen (114) reefs have been built within these areas. On February 7, 2013 Council approved development of two (2) near shore artificial fishing reefs in state waters off New Smyrna Beach and Daytona Beach Shores. Permitting through the state and federal agencies is underway for development of these new reef sites.

The county code authorizes ad valorem millage not to exceed one mill per annum for administration, maintenance and operations and up to two mills per annum for debt service on any voter approved bonds. The port district millage rate is 0.0929, which is the same rate as in FY2013-14. Ad valorem revenue is projected at \$1,653,423, which represents an increase of 5.5% over prior year budgeted ad valorem revenue. Reserves are to be used for annual inlet maintenance dredging (\$250K/yr), artificial reef expansion (\$500K/yr), beach infrastructure disaster response (\$500K), and emergency reserves reflecting 10% of recurring revenues (\$207K).

E-911 Emergency Telephone System Fund - 115

Summary: The "Florida Emergency Communications Number E911 State Plan Act" (ss. 356.171- 365.173, F.S.), outlines the establishment, use and distribution of "911" fee revenues. Service providers collect the fees levied on subscribers and remit them to the State E911 Board. On a monthly basis, the Board distributes to the counties 67% of the monies collected in the wireless category, and 97% of the monies collected in the non-wireless category.

Any county that receives these funds is required to establish a unique trust fund to be used exclusively for the receipt and expenditure of these revenues. Under the guidelines of the Act, the Florida Legislature specifically enumerates allowable expenditures from the fund for costs attributable to the establishment and/or provision of "911 services" per ss. 365.172 (9), F.S.

The FY2014-15 budget includes transfers of \$49,402 to the 120 fund (Municipal Service District) for GIS support and \$1,150,909 to the 001 fund (General Fund) for E911 services (land and wireless). Reserves in this account are set-aside for future capital replacement of servers and consoles, as well as the phone system upgrade.

Special Lighting Districts Fund - 116

Summary: Special Lighting Districts are established under the authority provided in Article II, Sec. 110-31 County Code; and have been created to account for street lighting utility expenditures in 55 street lighting districts (SLD) in both unincorporated and incorporated Volusia County. Revenue for this fund is generated through the levy of a non-ad valorem assessment for each parcel within the specified district and is calculated based on the estimated cost of providing street lighting within that district. The FY2014-15 budget is predicated on assessment rates ranging from \$0.11/front feet to \$220/parcel per year.

Ocean Center Fund - 118

Summary: The Ocean Center provides convention and tourism visitors with a quality convention, entertainment and sports venue in Volusia County. In 2009, the County completed a 250,000 square foot addition to the Ocean Center, with a new exhibit hall and meeting rooms. The Ocean Center Department is responsible for the overall planning, direction, and control of the Ocean Center and Parking Garage Fund (475).

The major funding source for the Ocean Center is the three cent Tourist Development Tax, per s. 125.0104 F.S. The Tourist Development Tax is pledged for the debt service on bonds issued for expansion of the Ocean Center in FY2003-04, and bonds issued in FY2013-14 for partial refunding of the 2004 bonds. \$4,064,084 in Tourist Development Tax, net of debt service requirements, is transferred from the Resort Tax Fund (106) to the Ocean Center Fund to be used for operations. Additional revenue totaling \$879,979, is transferred to the Ocean Center from the Half-Cent Sales Tax Fund (108). Since a percentage of sales tax is generated by tourism, this revenue source can assist with the operating expenses of the Ocean Center.

The FY2014-15 budget includes replacement of a sound system amplifier, arena switch gear and Closed Circuit TV databank capital equipment. Additional details of Capital Outlay can be found in the Appendix section of this document. Interfund transfers are \$659,074 to Fund 208 for debt service for the Ocean Center Expansion and \$431,267 to Ocean Center Capital Fund (318) for major capital replacement projects, see details in the Capital Improvement section of this document. A revenue stabilization reserve in the amount of \$284,023, or 5% of revenues, has been included, as well as additional reserves for on-going maintenance and capital needs.

Road District Maintenance Fund - 119

Summary: On December 21, 2006, the County Council approved County Ordinance 2006-28 and the tentative assessment roll creating the West Highlands/Highland Park Road special assessment district. The ordinance provided for the establishment, construction, repair and maintenance of dirt roads in dedicated rights-of-way within the district boundaries. FY2008-09 was the first year for the Road Maintenance District Fund; this maintenance district pertains to the West Highlands Maintenance District. The assessment for the annual maintenance project for property owners continues to be \$56.70 per 25 foot lot. The Road and Bridge Division manages the maintenance program using subcontractors to effect repairs as warranted. The road maintenance assessment is subject to adjustments based on actual costs plus an administrative fee included in the current proposed annual maintenance cost.

Municipal Service District Fund - 120

Summary: The Municipal Service District (MSD) was established by County Ordinance 73-21. The boundaries of the Municipal Service District are coincident with those boundaries defining all of the unincorporated areas of the county. The proposed millage rate is 2.2399 which is unchanged from the previous fiscal year. Other revenues include the utilities tax, communications services tax, development-related fees, Sheriff city contracts, and animal control fees. The MSD Fund includes expenditures for Sheriff Operations for the unincorporated area and for contracted cities of Deltona, DeBary, Pierson and Oakhill; Animal Control; Building, Zoning, and Code Administration; Construction Engineering; Environmental Management; Growth and Resource Management Graphics; Parks, Recreation and Culture and Planning. Revenue: interfund transfers from other funds are half-cent sales tax revenues (Fund 108) and cost sharing for GIS maintenance for E-911 system (Fund 115). Expenditures: debt service for Sheriff training facilities (General Fund 001), transfer to capital outlay (Fund 305) for replacement of 800 MHz radios, and transfer a portion of the utilities tax to provide for road repairs and safety-related deferred maintenance needs of local transportation infrastructure in unincorporated Volusia County (Fund 103).

Revenue Stabilization reserves are set aside to offset volatility in various revenue streams such as development fees, utilities tax, and communications services tax and to provide for unexpected expenditures. Emergency reserves are currently allocated at 5.3% of current revenues.

Special Assessments Fund - 121

Summary: Volusia County Code Chapter 110, Article III (Special Assessment District (SAD) and Operation) provides guidelines by which property owners desiring certain infrastructure improvements may petition their neighbors for the creation of a special assessment district. The Capri Drive Special Assessment District (SAD) was created on April 1, 2004 through ordinance 2004-02 for the purpose of road construction and paving of Capri Drive including installation of water and sewer utility lines, this assessment will come to an end in FY2015-16. On December 21, 2006, the County Council approved ordinance 2006-28 creating the West Highlands/ Highland Park special assessment district. The ordinance provided for the establishment, construction, repair and maintenance of dirt roads in dedicated right-of-way within the district boundaries, this assessment will conclude in FY2016-17. Barring the Council approved establishment of new special assessment districts, these revenue streams will expire in FY2016-17.

Outstanding short-term commercial paper debt obligations for improvements in both Capri Drive and West Highlands were refinanced in FY2010-11. Interfund transfers to the Capital Improvement Revenue Note, Series 2010 Debt Service Fund (208) are included in the FY2014-15 budget.

Manatee Conservation Fund - 122

Summary: Manatee Protection Phase II was drafted by Florida Fish and Wildlife Conservation Commission (FWCC) and approved by the Volusia County Council on September 8, 2005.

The Manatee Conservation Fund (MCF) will provide additional funding for increased on-the-water enforcement and manatee conservation through the collection of mitigation fees. The MCF was formed through the creation of the Manatee Protection Plan (MPP) for Volusia County at the request of the state. This plan is designed to decrease the potential for watercraft to collide with manatees and minimize indirect impacts of marine facilities on manatee populations.

Under MPP, all new or expanded boat facilities (with the exception of docks for single family residences) will pay a one-time mitigation fee of \$1,000 per wet slip, ramp parking space, or dry storage space. Single family boat docks will pay a one-time mitigation fee of \$250. The first \$500,000 collected is to be expended in support of the enforcement and conservation programs. All mitigation fees collected over the first \$500,000 are to be held in escrow, with only the interest earned on the fund to be used for enforcement and conservation programs. Funds are transferred to the General Fund to assist the Sheriff's Department with on-the-water law enforcement efforts. The first \$500,000 in revenues was earned and distributed in FY2011-12, only interest earnings is available for distribution.

Inmate Welfare Trust Fund - 123

Summary: The Corrections Welfare Trust Fund, commonly referred to as the Inmate Welfare Trust Fund, exists by way of statutory authority (Chapter 951.23(9), F.S.) granted to the Volusia County Division of Corrections in order to establish, maintain and operate certain services to be provided to inmates incarcerated at the county jail. The sales price of articles offered for sale through commissary are fixed with profits from the sales placed into the trust fund. In addition to the revenue generated from commissary sales, commissions received from a telephone service provider used by inmates while incarcerated fall under the statutory authority and are also deposited in the Inmate Welfare Trust Fund.

Proceeds from this fund are used to improve visitation facilities, provide inmates with recreational activities, as well as supply personal care items, law library materials and legal access to indigent inmates. The inmate welfare trust also provides funding for a recreational supervisor that oversees recreational activities and the inmate yard maintenance crew. Reserves in this fund are set-aside to institute a culinary arts program through Daytona State College as well as incorporating other future trade programs such as tailoring and gardening.

Library Endowment Fund - 124

Summary: The Library Endowment Fund was created via Resolution 2007-77, Section X. Gifts, endowments, or other specially earmarked funds presented to the Library for the furtherance of library service should remain under the exclusive control of the Library and not diverted to other purposes in the general fund of county government. Nor should the receipt of gift funds be used as a reason for decreasing local tax support or holding it to a level less than necessary to meet standards. Such gifts are deposited in a separate fund earning interest to be added to the fund balance.

The FY2014-15 budget includes \$765,467 carry forward funding from FY2013-14 for unspent funds.

Economic Development Fund - 130

Summary: The Economic Development fund was created in 2001 to implement the County Council goals for a comprehensive countywide economic development program. Economic Development receives funding from the General Fund to support all programs and services. Economic Development is responsible for the County's legislative affairs, to track federal and state issues of importance to Volusia County. The division implemented a business incubator program in cooperation with the University of Central Florida (UCF) to foster growth of local enterprises. Development Programming provides local financial support for business expansion and business recruitment activities in coordination with the goals and objectives outlined in the County's Economic Development Strategic Plan, including support for Team Volusia Economic Development Corporation (TVEDC). Support from General Fund has been increased by \$1.3M to maintain the incentive grant program. Local funds are used for direct grants or are leveraged through cooperative programs such as the state's Qualified Tax Incentive (QTI) and Qualified Defense Space Contractor (QDSC) programs to expand the benefits for Volusia County manufacturers and other higher wage businesses.

Road Impact Fees-Zone 1 (Northeast) Fund - 131

Summary: The Thoroughfare Road Impact Fees were established by ordinance in 1986, and are incorporated in Chapter 70, Article I and III of the Volusia County Code. The impact fee revenues are collected by zone to pay for the proportionate share of capital improvement needs related to growth. The impact fee is subject to review by the County Council at least every four (4) years. Revenues not expended in any fiscal year are carried forward to the next fiscal year. Fees are considered expended in the order in which they are collected. Impact fees must be expended within five (5) years of collection or the fee payer may apply for a refund of the un-used fees, the refund must be paid back with interest at the rate of 6% per year.

In FY2004-05, the County issued \$65 million in bonds to fund the road program. Impact fee revenues collected in Zone 1 are used to pay the debt service on the bonded road projects within the zone, as well as continue with expansion and improvements. Due to the decrease in Impact Fee collection in this zone, only \$700,000 will be allocated to service the debt in FY2014-15 and \$692,171 will be held in reserves for future projects and debt service in Zone 1. On August 18, 2011 Council approved a temporary suspension of impact fees to residential construction. The fees were reinstated incrementally beginning July 1, 2013 and will be collected in full by July 1, 2015.

The impact fee is subject to review by the County Council at least every four (4) years. Revenues not expended in any fiscal year are carried forward to the next fiscal year. Fees are considered expended in the order in which they are collected. Impact fees must be expended within five (5) years of collection or the fee payer may apply for a refund of the un-used fees, the refund must be paid back with interest at the rate of 6% per year.

In FY2004-05 the County issued \$65 million in bonds to fund the road program. Impact fee revenues collected in Zone 3 are used to pay the debt service on the bonded road projects within the zone, as well as continue with expansion and improvements. Due to the decrease in Impact Fee collection in this zone, \$300,000 will be allocated in FY2014-15 to service the debt and \$69,797 will be held in reserves for future projects and debt services in Zone 3. On August 18, 2011 Council approved a temporary suspension of impact fees to residential construction. The fees were reinstated incrementally beginning July 1, 2013 and will be collected in full by July 1, 2015.

Road Impact Fees-Zone 4 (Northwest) Fund - 134

Summary: The Thoroughfare Road Impact Fees were established by ordinance in 1986, and are incorporated in Chapter 70, Article I and III of the Volusia County Code. The impact fee revenues are collected by zone to pay for the proportionate share of capital improvement needs related to growth. The impact fees apply to residential and commercial properties. The impact fee is subject to review by the County Council at least every four (4) years. Revenues not expended in any fiscal year are carried forward to the next fiscal year. Fees are considered expended in the order in which they are collected. Impact fees must be expended within five (5) years of collection or the fee payer may apply for a refund of the un-used fees, the refund must be paid back with interest at the rate of 6% per year.

In FY2004-05 the County issued \$65 million in bonds to fund the road program. Impact fee revenues collected in Zone 4 are used to pay the debt service on the bonded road projects within the zone, as well as continue with expansion and improvements. For FY2014-15, \$391,320 is budgeted for debt service, \$2,906,231 for the Kepler Ave at SR44 intersection and \$440,000 for the Orange camp Rd to MLK expansion; with \$4,297,293 held in reserves for future capital projects and debt service in Zone 4. On August 18, 2011 Council approved a temporary suspension of impact fees to residential construction. The fees were reinstated incrementally beginning July 1, 2013 and will be collected in full by July 1, 2015.

Park Impact Fees-County Fund - 135

Summary: The Parks Impact Fee was established by ordinance and is incorporated in Chapter 70, Article IV of the Volusia County Code. The impact fee revenues are collected in unincorporated areas and by quadrant (zone) for development of growth related district and local park facilities. Over time, sufficient funds are accumulated for initial park development. Revenue collected from impact fees by quadrant is used for park improvements within the respective quadrants. The impact fee applies to residential properties and is adjusted annually based on annual percentage changes in the Consumer Price Index (CPI) and become effective on May 1 of each year, based upon the index change for the 12 months ending on December 31 of the previous year. The impact fee is subject to review by the County Council no less than once every six years. On August 18, 2011 Council approved a temporary suspension of impact fees to residential construction. These impact fees were reestablished incrementally beginning July 1, 2013 and will be collected in full beginning July 1, 2015.

The FY2014-15 budget includes \$100,645 carry forward funding from FY2013-14 for future capital projects.

Fire Services Fund - 140

Summary: The Fire Services Fund was established in FY1999-00 and replaced six (6) separate fire districts. The unified district was created to provide a uniform level of service at a single tax rate. The ad valorem millage rate remains flat at 3.6315. There are 19 stations in the Fire District, of which one, Lake Harney Station (Station 37) is currently in volunteer status. Additionally, Fire Administration manages the fire station at the Daytona Beach International Airport, which is funded by the airport fund, and a central HAZMAT station which is funded by the general fund.

Since FY2009-10, transitional positions have been included as part of the Fire Services cost savings measures, currently nine positions remain in transition. Emergency reserves are \$2,104,754 or 10% of new revenue. The FY2014-15 budget includes a \$208,447 transfer to the Capital Outlay Fund for the replacement of 800 MHz radios.

Fire Impact Fees-Zone 1 (Northeast) Fund - 151

Summary: The Fire/Impact Fees were established by ordinance in 1989, and are incorporated in Chapter 70, Article II of the Volusia County Code. The impact fee revenues are collected by zone to pay for capital improvement needs related to growth. The impact fees apply to both residential and commercial properties. Impact fees are used to fund specific improvements in facilities or capital equipment. The fee is adjusted annually based on annual percentage changes in the Consumer Price Index (CPI). The index change for the 12 months ending December 31 of the previous year is used to make adjustments effective May 1 of each year. The impact fee is subject to review by the County Council at least every six (6) years. Revenues not expended in any fiscal year are carried forward to the next fiscal year. Fees are considered expended in the order in which they are collected.

On August 18, 2011 County Council adopted a temporary suspension of impact fees to residential construction. These impact fees were reestablished incrementally beginning July 1, 2013 and will be collected in full beginning July 1, 2015.

The FY2014-15 budget includes reserves for future station renovations.

Stormwater Utility Fund - 159

Summary: The Stormwater Utility Fund was established in 1993 and is funded by a special assessment fee on parcels in unincorporated Volusia County. The Stormwater fee was originally assessed in FY1993-94, as established by Ordinance 92-89. The full stormwater authorization is contained in County Code Chapter 122, Article IV. The fee is collected on developed lots or parcels, based on the impervious surface calculated for an Equivalent Residential Unit (ERU). The fee was revised in 2005 to be \$72 per year per ERU. The fee is to fund the stormwater management system which is designed to control discharges from rainfall and runoff, to collect, store, treat or reuse water to prevent or reduce flooding, environmental degradation and water pollution. Annexation proposals have surfaced in FY2013-14 and are anticipated to continue in FY2014-15 which if realized would result in reduced stormwater revenue for the County.

The Capital Improvements program for FY2014-15 includes, among other things, \$200,000 for the acquisition of flood-prone land, \$630,000 for Local Projects, \$300,000 for improvements at North Peninsula, \$450,000 for engineering and drainage improvements at Wilbur by the Sea, and \$100,000 for the construction of a retention pond at Rio Way. In addition to these Capital Projects, \$5.0M is held in Reserves for the purchase of flood-prone properties and the construction of countywide retention ponds and drainage improvements to address flooding and water quality issues.

Volusia ECHO Fund - 160

Summary: On November 7, 2000 voters elected to levy up to .2 mill of ad valorem tax for 20 years to create the ECHO program and the issuance of \$40,000,000 Limited Tax General Obligation Bonds payable from the tax levy for financing. The ECHO program provides funding for Educational, Cultural, Historical and Outdoor (ECHO) recreation capital projects. Non-profit and municipal organizations within the County's boundaries as well as the County are eligible to apply for grant funding to assist with acquisition, restoration, construction or improvement of facilities to be used for any of the four criteria (ECHO) of the program.

The FY2014-15 tax rate is proposed at the 0.2 mills approved by the voters. On June 3, 2004, the County Council approved allocation of \$1 million dollars of ECHO funds each year for the countywide Master Trail Program for the remaining life of the ECHO program which is transferred to the Trails Capital Fund 328.

Grants and Aids are budgeted revenues less CRA payments and annual allocation for trails. Specific projects are approved by the County Council on an annual basis.

Volusia Forever Fund - 161

Summary: In 2000 the voters elected to levy up to .2 mill of ad valorem tax for 20 years to create the Volusia Forever program to purchase endangered lands and permit the issuance of \$40,000,000 Limited Tax General Obligation Bonds payable from the tax levy. In conjunction with acquisition partners, 38,000 acres have been protected through the program. Ten percent (10%) of Volusia Forever annual revenue is dedicated to support land management efforts to include forestry and wildlife management and trails for public access. Millage rates are established, first to meet the bonded debt service obligations, and second to fund current projects and land management operating expenses. The FY2014-15 millage to meet the debt service requirements of the Limited Tax General Obligation Bonds, Series 2005 (Fund 261) is 0.1373 and 0.0627 mills for operating costs which is allocated to this fund, for a total millage of 0.2000.

In FY2010-11 the County purchased 4,806 acres for the Deep Creek Preserve using a combination of Water & Sewer Utilities funds, Volusia Forever funds and an interfund loan from the General Fund of \$11,587,047. This interfund loan is repaid in annual installments through Volusia Forever tax revenues, with final payment in FY2020-21.

The Barberville Mitigation Tract is 386 acres of the 1,400 acre Barberville property that is permitted by the St. John's River Water Management District (SJRWMD) and the U.S. Army Corps of Engineers as a mitigation bank. Private and public entities may purchase mitigation credits to offset impacts to wetlands from development and other activities.

Law Enforcement Trust Fund - 170

Summary: Pursuant to provisions of the "Florida Contraband Forfeiture Act", ss. 932.701-932.704, F.S. local boards of county commissioners or the governing body of a municipality can establish law enforcement trust funds in which to deposit the proceeds from confiscated property seized during arrests. The funds deposited in this trust fund and any interest earned is to be used only for law enforcement purposes. Fund balance in this account is derived from prior year activities.

Upon request by the Sheriff to the County Council, these funds may be expended to defray the costs of protracted or complex investigations; to provide additional technical equipment or expertise; to provide matching funds to obtain state and federal grants; or for such other law enforcement purposes as the council deems appropriate, but shall not be a source of revenue to meet normal operating needs of the law enforcement agency. Reserves will be used for the purchase of investigative equipment.

Federal Forfeiture Sharing Justice Fund - 172

Summary: Pursuant to provisions of the "Florida Contraband Forfeiture Act", ss. 932.701-932.704, F.S. local boards of county commissioners or the governing body of a municipality can establish law enforcement trust funds in which to deposit the proceeds from confiscated property seized during arrests. The funds deposited in this trust fund and any interest earned are to be used only for law enforcement purposes.

These funds may be expended to defray the costs of protracted or complex investigations; to provide additional technical equipment or expertise; to provide matching funds to obtain state and federal grants; or for such other law enforcement purposes, but shall not be a source of revenue to meet normal operating needs of the law enforcement agency.

Waste Collection Fund - 440

Summary: Volusia County established the Waste Collection fund to account for collection services and mechanisms for the implementation of solid waste and recycling programs. The unincorporated residential collection non-ad valorem special assessment is billed annually on citizens' property tax bill. On August 6, 2009, the County Council approved a rate cap of \$240, as authorized per 197.3632(6) F.S. and set the rate at \$190. The FY2014-15 special assessment rate remains at \$190 and provides for garbage collection, yard waste collection and recycling collection.

Solid Waste Fund - 450

Summary: The Solid Waste Division operates under the authority of F.S. 25.01, chapter 110, article IV, division 2, for municipal service districts and F.S. 403.706 for local government solid waste management responsibilities. The primary function of the Solid Waste Division is to provide safe and efficient transfer and disposal of solid waste at two facilities: West Volusia Transfer Station and Tomoka Farms Road Landfill. Landfill disposal fees are established by Council Resolution, disposal fees were last adjusted on April 10, 2003. Services provided include Class I (household garbage), Class III (construction and demolition) disposal, yard trash, and clean debris (recyclable). Public-private partnership programs include recycling, sludge processing, methane gas recovery to energy and other special wastes services that include household hazardous waste disposal and electronics and fluorescent bulb recycling.

Capital improvement request for FY2014-15 include \$200,000 for engineering and design work for administrative offices, \$640,000 for the construction of the Citizen's Convenience Center, and to ensure future capacity the division is requesting \$3,840,000 for the development and expansion of the North Cell at Tomoka Farms Road Landfill (11 acres).

Daytona Beach International Airport Fund - 451

Summary: Daytona Beach Municipal Airport became part of Volusia County government in 1969, as Daytona Beach Regional Airport. In 1992, a \$46 million expansion transformed the airport to Daytona Beach International Airport (DBIA). The operations are authorized under Chapter 18 of the Volusia County Code. The airport is served by two commercial airlines and seven rental car companies, providing passengers with premiere customer service, convenience and hassle-free travel. Airline fees, passenger fees and rental income generate the operating revenues for the airport. DBIA provides facilities and services to NASCAR, Embry-Riddle Aeronautical University and many other local industries. The terminal also contains space for meetings, banquets and many corporate events. DBIA has leases for land and buildings for hotel, restaurant, office, cargo, hangar, and industrial spaces on airport property. Capital Improvement projects are funded primarily through Federal Aviation Administration and Florida Department of Transportation grants and are appropriated via Council-adopted budget resolutions when the grants are awarded; local match is budgeted in reserves. Reserves include \$10M for revenue stabilization to maintain operations for two (2) years due to changes of carrier operation.

Volusia Transportation Authority Fund - 456

Summary: The Volusia County Council created Volusia County's Public Transportation System (VOTRAN) in 1975 which provides transportation to all urban areas of the county. VOTRAN also provides its Gold Service to clients who, because of physical or mental disability or age, are unable to transport themselves and cannot use the fixed-route service. VOTRAN's fleet includes 52 revenue-producing fixed-route buses and 41 paratransit vehicles. Four Sunrail (commuter rail) feeder bus routes were started in FY2013-14 and are supported by increased funding from the Florida Department of Transportation as well as passenger fares.

This budget is funded through passenger fares, General Fund contribution, Federal Transit Administrations funds, and Florida Department of Transportation funds. Additional funds are derived from bus advertising and charges for services. VOTRAN's capital projects require no local funding and are appropriated when grant funds are awarded. These funds are used to purchase buses, vans, office equipment, and any scheduled construction.

The General Fund transfer is reduced from \$8.2 million to \$7.5 million due to increasing revenues from passenger fares and other charges for services.

Water and Sewer Utilities Fund - 457

Summary: Water and wastewater utilities are operated under the authority of Volusia County Code, Chapter 122, Articles II, III and V. The County operates 9 water and 12 wastewater treatment plants, 6 consecutive water systems, 118 lift stations and 2 reuse water systems providing water and wastewater service to unincorporated parts of the County and some areas in incorporated Volusia County. The department also maintains 9 water systems belonging to other agencies. The department currently owns and operates a citrus grove, a site approved by the Federal Department of Environmental Protection, for disposing reclaimed water. Water and Utilities will be converting the citrus operation to a pine tree operation that will meet the department's disposal needs beginning in FY2014-15, once approval has been received of the Consumptive Use Permit (CUP) modification. The County promotes education programs, rebates and vouchers to increase conservation, and works with the St. Johns Water Management District and other local utilities to address regional issues regarding water availability, use and treatment.

Revenues are generated through user fees, with large capital improvements financed through the State Revolving Fund program. Monthly water and sewer rates are adjusted annually based on changes in the Consumer Price Index (CPI) of July 1, from prior year, (CPI +1%). Reserves for Future Capital will provide funds for anticipated rehabilitation of existing infrastructure and alternative water supply projects to meet federal and state water quality and quantity standards in the coming years.

Parking Garage Fund - 475

Summary: The Parking Garage was constructed in 2000 and plays an integral role in the development of the Daytona Beach area's Main Street Entertainment District. Full ownership, management and operational responsibilities for the parking facility were transferred from Volusia Redevelopment Parking Corporation to Volusia County in FY2007-08. The major revenue sources for the Parking Garage fund are daily and special event parking receipts.

The FY2014-15 budget includes principal and interest payments in accordance with the Parking Facility Revenue Bonds, Series 2013 debt obligations. Capital improvements in the budget consist of replacement of door control equipment and software, and parking deck restoration. The interfund transfer is repayment of a prior year advance from the General Fund (001). Reserves have been established for fund revenue stabilization.

Key Objectives

1. Provide accurate and timely payments of all County financial obligations
2. Provide accurate billing and collection of all County receivables
3. Provide accurate payment and distribution of all County payroll checks/electronic fund transfers
4. Record and maintain files on all County capital assets

Performance Measures	FY 2012-13 Actual	FY 2013-14 Estimated	FY 2014-15 Budget
1. Number of invoices processed for payment	116,611	125,000	130,000
2. Number of invoices/statements mailed	7,707	7,525	7,700
3. Number of payroll checks/electronic fund transfers	79,892	81,500	81,600
4. Number of capital asset records maintained	23,393	24,000	24,300

Highlights

The Accounting Division, with its accountants, section supervisors, and clerical staff, is responsible for maintaining and monitoring the accounting and financial transactions of the County. Over 140 funds have been established in the County's general ledger to assist in this task. Each year the Division prepares the comprehensive annual financial report which is audited by an independent, external auditor selected by County Council. Within Accounting, operational sections have been established for accounts receivable, accounts payable, capital asset tracking, payroll, investments, and cash management functions. FY2014-15 budget includes two part-time unfunded positions.

3. Number of total passengers	597,920	600,000	610,000
4. New long term lease agreements	1	1	2

Highlights

Air Service and Business Development is responsible for promotion of domestic and international air service and communicating airport benefits to the full range of potential customers within the community and market specific areas served by the airport. Air Service Development activities include ongoing communication and contact with airlines, development of air service proposals and market research. Marketing and promotional activities associated with air service development include presentations to civic groups, educational institutions, and other public and private forums. Business Development activities include development and promotion of aeronautical and non-aeronautical land uses, lease negotiations, lease drafting, property management, planning, customer service special events and revenue maximization. There is one (1) unfunded position in Business Development in FY2014-15.

Key Objectives

1. Maintain facilities by implementing the preventive maintenance program into Lucity, utilizing the system's capabilities for improved tracking & documentation
2. Complete all work orders in a timely fashion utilizing Lucity to enhance efficiency, maximizing the resources available
3. Coordinate the painting, roofing, sky light, air handler, fuel farm, generator replacement and other building projects, including parking lots and street signage upgrades

Performance Measures	FY 2012-13 Actual	FY 2013-14 Estimated	FY 2014-15 Budget
1. Percentage of scheduled preventative maintenance completed	80	80	100
2. Average work order completion time (days)	1	1	1
3. Painting and roofing projects (%)	60	80	100

Highlights

Airport Maintenance is responsible for maintaining and repairing the Daytona Beach International Airport facilities and equipment. This includes terminals, airport buildings, airport landscape (outside the scope of contracts), airfield grounds and lighting, signage, parking areas, gates and pavements. All maintenance must be accomplished in accordance with county policies and state and federal requirements. The FY2014-15 budget provides for upgrades to the terminal from numerous small cosmetic projects, installation of LED lighting and detailed coordination of air handler and generator replacement without disruption to airport operations.

Key Objectives

1. Maintain and improve the Wildlife Hazard Management Plan to enhance airfield safety
2. Reduce runway incursions by education measures for airfield tenants and by annual Airport Ground Vehicle Operations (AGVO) training for each airfield driver (vehicles/pedestrian measurement)
3. Enhance passenger satisfaction by implementing consequence procedures for driver violations in Ground Transportation Organization (GTO)
4. Maintain airfield and records in accordance with Federal Aviation Regulation (FAR) Part 139 (Annual Audit)

Performance Measures	FY 2012-13 Actual	FY 2013-14 Estimated	FY 2014-15 Budget
1. Number of bird/wildlife strikes commercial and general aviation	2	2	2
2. Number of runway incursions/vehicle-pedestrian deviations	1	0	0
3. Number of GTO driver violations resolved through hearing process	0	1	1
4. Number of discrepancies found by FAA during inspection for 139 compliance	0	2	0

Highlights

Airport Operations is responsible for maintaining the Airport with Federal Aviation Regulation (FAR) Part 139 for commercial service airports, as well as Transportation Security Regulations (TSR) Part 1542. Compliance involves airfield maintenance, management of the Wildlife Plan, training, fuel inspections, etc. The Operations Division issues Notices to Airmen (NOTAMS), maintains numerous required operational/airfield logs and submits reports to the Federal Aviation Administration (FAA) as required/needed. Operations has additional duties to coordinate environmental issues and foreign object debris (FOD) management.

Number of Full Time Positions		15.00		15.00
Number of Part Time Positions		0.00		0.00
Number of Full Time Equivalent Positions		15.00		15.00

Key Objectives

1. Minimize the risk of a rabies outbreak in domestic animals by the immunization of dogs/cats
2. Protect people and pets from each other
3. Reduce the number of unwanted animals
4. Reduce the number of animals picked up

Performance Measures	FY 2012-13 Actual	FY 2013-14 Estimated	FY 2014-15 Budget
1. Number of licenses sold	4,153	4,177	4,300
2. Number of routine complaints	4,586	5,000	5,000
3. Number of animals sterilized	2,545	2,469	2,700
4. Number of stray animals picked up	3,431	3,200	3,100

Highlights

Volusia County Animal Control provides animal services to citizens in the unincorporated area of Volusia County. Services are provided by seven Animal Control Officers that respond to emergencies 24 hours a day. The services include: response to nuisance animal complaints, investigation of animal bites, animal quarantines, investigation of dangerous dogs, animal neglect, animal cruelty, and the pickup and impoundment of stray animals. Animal Services provides community outreach programs for adults and children of all ages including a bite prevention program and a disaster preparedness program. Animal Services is the lead agency during emergencies and manages evacuation shelters for pets. Additionally, the Mobile Spay/Neuter Clinic, also known as the Pet Vet Cruiser (PVC), is a state of the art veterinary clinic that offers low cost animal sterilizations as a strategy to eventually reduce the total number of unwanted animals born. The mobile spay/neuter bus travels to the unincorporated areas of Volusia County providing services to economically challenged citizens. The PVC also provides rabies vaccinations and educational materials that advocate responsible pet ownership. The PVC operates 4 days a week with one veterinarian and two veterinarian assistants.

Number of Full Time Positions	81.00	81.00
Number of Part Time Positions	318.00	318.00
Number of Full Time Equivalent Positions	125.42	125.42

Key Objectives

1. Provide quality law enforcement; lifeguard services and emergency first aid to visitors of Volusia County beaches
2. Establish effective lifeguard coverage by the strategic placement of portable towers in areas of high bather concentration; areas identified as having challenging water conditions; upland activity and/or areas identified through historical rescue data using a tiered staffing schedule

Performance Measures	FY 2012-13 Actual	FY 2013-14 Estimated	FY 2014-15 Budget
1. Number of water related rescues	1,902	2,000	2,000
2. Number of lifeguards per weekend (peak season)	74	75	75

Highlights

The Beach Safety Division is directly responsible for the safety and welfare of the millions of visitors to Volusia County beaches each year by providing lifeguard protection through a complement of full and part-time certified staff, emergency medical response and law enforcement services. Portable towers primarily staffed with part-time seasonal lifeguards are strategically placed and manned according to a priority list dependent on the season, bather concentration, upland parks and development. The division is currently implementing another portion of the Beach Service Model adopted in FY2011-12 with the deployment of base towers at four of the more populated parks and beach areas. Capital outlay includes the replacement of three ATV's, one personal watercraft, one electronic messaging board and five tasers. The FY2014-15 budget includes 7 full time and 4 part time unfunded positions, and 4 attrition positions.

Key Objectives

1. Review single family home, additions, alterations and mobile home permits
2. Use contract inspection service for <10% of inspections
3. Review commercial new construction permits and addition/alteration permits
4. Perform quality inspections by limiting the average number of daily inspections

Performance Measures	FY 2012-13 Actual	FY 2013-14 Estimated	FY 2014-15 Budget
1. Number of residential reviews in 10 working days	99	94	95
2. Percentage of inspections performed by contract inspectors	4	9	10
3. Number of commercial reviews in 10 working days	96	97	95
4. Average number of daily inspections performed by each inspector	12	12	12

Highlights

Building Code Administration is tasked with the enforcement of the Florida Building Code as mandated by the State of Florida and ordinances as adopted by Volusia County for the unincorporated areas of Volusia County. Strict compliance with code requirements by plan review and inspections is essential to establish the minimum requirements to safeguard the public health, safety and general welfare. Through plan review and inspection, staff is able to determine compliance with code requirements for structural strength, means of egress facilities, stability, sanitation, adequate light and ventilation, energy conservation and safety to life and property from fire and other hazards attributed to the built environment and to provide safety to firefighters and emergency responders during emergency operations. With the implementation of ConnectLive (on line permitting) in February 2013, Building Code Administration is responsible for reviewing and processing permits from the website.

The activity is divided into two sections.

The Plans Examination section is responsible for reviewing plans and related documents with the persons who are licensed under FS 468 and mandated to meet the requirements of the Florida Building Code regulations and ordinances.

The Building Inspection section is responsible for performing inspections to ensure compliance with the reviewed plans, codes and ordinances with personnel licensed under FS 468 and 633.

There is one (1) unfunded position for FY2014-15.

Building, Zoning and Code Administration

Key Objectives

1. Respond to and pursue compliance on all reports of ordinance violations
2. Prepare violation cases to be heard by the Code Enforcement Board to bring properties into compliance
3. Assure that all signs meet ordinance requirements through issuance of new and renewal sign permits
4. Schedule and coordinate all requests for Code Enforcement Board hearings following legal requirements for case docketing and notification

Performance Measures	FY 2012-13 Actual	FY 2013-14 Estimated	FY 2014-15 Budget
1. Number of property violations responded to and processed	2,686	2,700	2,700
2. Number of countywide code enforcement board cases	302	220	350
3. Number of sign renewals	1,007	1,000	1,000
4. Number of Code Enforcement Board hearings	12	12	12

Highlights

Building and Zoning Compliance is responsible for enforcement of Chapter 72, Article II, Zoning, Chapter 22 & 58 of the Code of Ordinances and the Florida Building Code in Florida Statutes Chapter 553. Building and Zoning Compliance responds to all building, zoning and related complaints received for the unincorporated areas of Volusia County. This Activity reviews and enforces the outdoor entertainment event permits, Host Itinerant merchant licenses and temporary campgrounds during special events in the unincorporated county. This section also administers lot maintenance and sign regulations and serves as staff to the Code Enforcement Board and the Special Magistrate. Revenues of approximately \$72,500 are generated from code enforcement fines, sign permit renewals, lot maintenance liens and outdoor entertainment permits. Currently, there are five (5) Zoning Compliance Officers for violations county wide.

There was one (1) position transferred to this division from 120-966-2500 during September 2014.

Number of Full Time Positions		3.00		3.00
Number of Part Time Positions		0.00		0.00
Number of Full Time Equivalent Positions		3.00		3.00

Key Objectives

1. Issue licenses daily upon receipt of required documentation, input insurance information. Print and mail computer generated licenses
2. Investigate reported unlicensed contractor activity, investigate violations against licensed contractors and prepare cases for Contractor Licensing and Construction Appeals Board (CLCA) meetings and file liens
3. Review applications, process payments, sponsor testing and issue specialty trade licenses

Highlights

Contractor Licensing regulates contractors licensed per FS 489, parts I & II and Local Specialty Licenses regulated by Volusia County Ordinance Chapter 22. This activity has licensing powers within every city in Volusia County except the Town of Pierson that has entered into an inter-local agreement. Cases brought by Contractor Licensing against local specialty and registered contractors are heard by the Volusia County Contractor Licensing & Construction Appeals Board (CLCA). The activity maintains a database of these contractors. All contractors participating in the program must pay a fee and meet the State requirements for insurance to obtain permits and to maintain their active status. Registered and Local Specialty Contractors are required to participate; certified contractors may decline participation in the program. Contractor Licensing operates with one Building Inspector/ Investigator and one Staff Assistant II. The Building Inspector/Investigator is responsible for reviewing and investigating complaints of unlicensed activity, including advertising for work without required licensure. The Staff Assistant II is responsible for the day to day licensing activity, issuing licenses, maintaining the database, collecting fees, processing complaints, scheduling, attending and taking minutes at the Board meetings. The Building Inspector/Investigator and Staff Assistant II report to the Chief Building Official who presides over the monthly CLCA meetings, presents cases, reviews licensing applications, interacts with City and State Officials in licensing matters, acts as liaison with the cities for licensed and unlicensed information.

The CLCA Board hears cases for unlicensed activity, cases against licensed contractors, cases for code appeals and enforcement of the Unsafe Dilapidated Ordinance.

There is one (1) unfunded position.

3. Number of ConnectLive permits processed within 2 days of receipt	522	1,576	2,400

Highlights

The Building and Zoning Permit Processing Activity is responsible for accepting, distributing, reviewing, processing, expediting building permit applications and archiving division information. The data collected and maintained in the permit center includes applications, checklists, survey, plans and any other related construction documentation required to implement the Volusia County Code of Ordinances. The Permit Processing Activity, in conjunction with the plan review process, is responsible for the intake and issuance of permits in one day.

Key Objectives

1. Provide handicapped parking and accessible routes to County facilities
2. Make entrances and exteriors to all public services, programs and activities handicapped accessible
3. Remove barriers and assure free access to and use of restroom facilities

Performance Measures	FY 2012-13 Actual	FY 2013-14 Estimated	FY 2014-15 Budget
1. Corrections of Parking/Access	1	1	1
2. Changes of Entrances/Interiors	4	10	10
3. Restrooms free of barriers	1	1	1

Highlights

Under direction of the Central Services Director, who is also the County ADA Coordinator, the ADA Project Activity administers compliance with the Americans with Disabilities Act (ADA) of January, 1992 (revised in 1994), and currently adopted into the Southern Building Codes. All county facilities are inspected to ensure continued accessibility. Any new county leased or owned space is inspected and updated to meet ADA accessibility requirements. Also, Elections' polling sites are reconfigured for ADA parking and entrance capabilities. The County expanded its ADA committee to provide representation for citizens with disabilities.

ADA Projects completed in FY2013-14 include a restroom at the Daytona Beach Administration building. Central Services also responded to and investigated multiple requests from citizens regarding accessibility issues. The major project planned for FY2014-15 is implementation of a system for internet closed captioning service for the hearing impaired for county meetings streamed via Volusia.org.

Key Objectives

1. Budget and schedule replacement of HVAC (Heating, Ventilation and Air Conditioning) systems; provide cyclic preventive maintenance and repair services; provide labor and expertise for construction and renovations
2. Provide a cyclic painting program for interiors and exteriors of all county-owned/maintained buildings
3. Provide operational electrical and plumbing repair services; provide labor and expertise for renovations and construction projects
4. Provide carpentry and repair and replacement services; provide labor and expertise for renovation and construction projects

Performance Measures	FY 2012-13 Actual	FY 2013-14 Estimated	FY 2014-15 Budget
1. Number of HVAC service calls	1,682	1,700	1,750
2. Number of interior/exterior painted calls	144	150	200
3. Number of electrical/plumbing calls	2,689	2,700	2,750
4. Number of carpentry/utility calls	3,576	3,600	3,650

Highlights

Central Services provides on-call services and planned maintenance for over 3M sq. ft. in 450 county owned buildings. A computerized work order system (Lucity) records all service activities, creating a service history on each building to enable proper budgeting and planning. This software tracks all major roofs, enabling the systematic tracking of the life of the roofs. Facility Maintenance oversees five major contracts to ensure performance standards are met. Service responsibilities also include grounds maintenance, parking lots, HVAC, painting, electrical, plumbing, and re-carpeting to maintain efficient and effective facilities.

Capital outlay for FY2014-15 is detailed in the Schedule of Capital Outlay in the Appendix to this document. One position was transferred to this activity in FY2013-14. The FY2014-15 budget includes two (2) unfunded positions.

1. Number of buildings security is provided	5	5	5

Highlights

Central Services manages the county's security needs for the following buildings: DeLand Administration, Volusia County Courthouse, Daytona Beach Administration, Daytona Beach Courthouse Annex and the Volusia County Justice Center. County of Volusia security personnel are located at the Deland Administration building and the Volusia County Courthouse. County security personnel, as well as contracted staff, provide daily and after-hour security within these highly complex building environments. Seven-day, 24-hour services are provided at the Deland Administration building. Courthouse complexes are provided services for judicial areas and night shift.

The FY2-14-15 budget includes one (1) unfunded position.

3. Number of recorded instruments	252,827	245,000	245,000

Highlights

The Clerk of the Circuit Court is a constitutional officer who derives authority and responsibility from constitutional and statutory provisions. The Office of the Clerk performs a wide range of record keeping functions, manages information for the judicial system and provides a variety of services to the public. The Clerk's office is responsible for processing all required paperwork associated with civil, juvenile, criminal and traffic cases in the Circuit and County courts. The Clerk's office is primarily funded by fees collected in accordance with Florida Statutes. The County is responsible for all facility, maintenance, security, communication, utilities, information system and other costs as defined in Florida Statute 29.008. The funding levels shown are only contributions provided by the County.

1. Manage and maintain safe, clean and functional coastal public access infrastructure, facilities and amenities
2. Implement facility and infrastructure maintenance efficiencies that reduce costs

Performance Measures	FY 2012-13 Actual	FY 2013-14 Estimated	FY 2014-15 Budget
1. Number of coastal facility maintenance related customer complaints.	12	10	8
2. Reduction in contract costs for beach garbage collection and ramp grading	85,500	151,750	200,000

Highlights

The division manages and maintains coastal access infrastructure including 9 beachfront parks, 2 inlet parks, 36 off-beach parking lots, 18 permanent public restrooms facilities, 28 portable public restroom units, 41 beach ramps, 42 beach showers and 133 dune walkovers.

The division also manages contracts for beach garbage collection, recycling and ramp grading, beach toll collection, restroom janitorial, off-beach parking leases, port-a-let maintenance and beach concessions.

Activity construction plans include \$30,000 for parking lot drainage system repairs at Frank Rendon Park located in Daytona Beach Shores and \$75,000 for parking area improvements at Smyrna Dunes Park.

Performance Measures	FY 2012-13 Actual	FY 2013-14 Estimated	FY 2014-15 Budget
1. Number of new coastal waterway access locations developed	2	1	2

Highlights

The coastal infrastructure unit supports the maintenance, development and renovation of facilities providing public access to coastal waterways including Ponce de Leon Inlet. Partnership funding is leveraged for most projects. Funding partners include county ECHO, county beach capital, coastal municipalities, and state and federal agencies.

FY2014-15 highlights include support for derelict vessel removal, channel marker maintenance, inlet and public boat ramp channel dredging and construction of two public fishing piers.

Ponce De Leon Inlet and Port District	\$763,132	\$670,020	\$680,500	\$535,000

Key Objectives

1. Complete engineering, design and permitting for near shore reef construction areas
2. Construct new reefs at each near shore reef area

Performance Measures	FY 2012-13 Actual	FY 2013-14 Estimated	FY 2014-15 Budget
1. Number of near shore reef construction areas permitted	0	0	2
2. Number of near shore reef sites constructed	0	0	4

Highlights

Council authorized an artificial reef expansion effort to include a near shore reefs initiative. Near shore reefs are planned at two locations within one mile of the beach offshore the Sunglow Pier in Daytona Beach Shores and Flagler Avenue in New Smyrna Beach. The near shore reefs will provide marine habitat and artificial fishing reefs in easily accessible locations for small boat anglers. Two to four reefs are planned at each site.

Key Objectives

1. Evaluate the needs of children and families in Volusia County and identify strategies to best meet those needs
2. Ensure that each agency providing services funded by Volusia County enters into and complies with all contractual agreements

Performance Measures	FY 2012-13 Actual	FY 2013-14 Estimated	FY 2014-15 Budget
1. Number of Children and Families Advisory Board meetings	7	5	5
2. Number of site and desk monitoring of programmatic and financial information	204	204	204

Highlights

Volusia County Council approved use of Children and Families Program funds - to be awarded through a Request for Proposal Process - for the following service areas: services for persons with disabilities; services for infant and maternal health and early childhood development; services to seniors; services to adolescents; basic need services; family-based intervention/counseling and services to prevent family violence; non-school hour services for school age children/youth development/academic enrichment; contingency programs and Summer Camp scholarships.

Funds are also used to provide mandatory local government match to agencies providing alcohol, drug and mental health (ADM) services. Lastly, funds are used for agencies that provide special countywide services - One Voice for Volusia and United Way.

Highlights

Contracts are established with private agencies to primarily meet the County's responsibility for mental health, alcohol, and drug abuse treatment pursuant to Florida Statute 394. This statute requires local match funding of 25% for State-funded mental health, alcohol and drug treatment programs. To meet the requirement, the County contracts with provider agencies such as Haven Recovery and SMA Behavioral Health Services. Because of a change in the State's payment method, shifting from variable-fees-for-service to a capped, fixed monthly payment for every Medicaid-eligible client, agency requests continue to increase.

Key Objectives

1. Increase the representation of dependent children by certified community or staff advocates from 80% to 100%
2. Increase the percent of community advocates by 30%
3. Maintain a minimum annual retention rate of certified community advocates of 80%

Performance Measures	FY 2012-13 Actual	FY 2013-14 Estimated	FY 2014-15 Budget
1. Percent representation of dependent children by volunteers	73	80	100
2. Number of certified community advocates	170	250	326
3. Percent of advocates retained annually	80	80	80

Highlights

The Florida Statewide Guardian ad Litem Program is a public/private partnership that provides a voice for children in the court system who have been abused, neglected or abandoned. A volunteer-driven organization, the Program seeks to bring about positive change for children, who through no fault of their own, have been or are at risk of grave harm if left in their parents' home. The sole goal of the Program is to represent the best interests of children in the Dependency Court System. The Volunteer Child Advocates are highly trained, unpaid advocates for children and ensure that these children are receiving services they need, the education they deserve and are able to live as "normal" a life as possible as the parents either remedy the problems that existed prior to the child/ren's removal or find another permanent and loving home as quickly as possible.

We currently have 240 active volunteers in Volusia County and represent 630 children. Our goal is to represent 100% of all children who need a Volunteer Child Advocate. Presently, approximately 80% of dependent children in Volusia County have a volunteer of the 100% who desperately need one. Our goal, the same goal for all Judicial Circuits in the State, is expected to be reached by the end of calendar year 2014. With the majority of our budget provided by the State through the Judicial Administration Commission, each county provides financial support in the area of office space, at least one staff member, computer and telecommunications services and support, registrations for training, some office supplies and administrative costs.

The FY2014-15 budget reflects a decrease in 1.0 FTE. In FY2013-14, the County entered into a contract with the Statewide Guardian Ad Litem Office (GAL) as authorized by 39.8297, F.S., to provide funding for clerical services to GAL, allowing the County to delete the position that had been providing these services.

2. Number of meetings with private and state agencies	12	12	15
3. Number of community meetings and updates given	10	10	10
4. Number of other relevant community and agency meetings	10	12	12

Highlights

The Volusia County Community Assistance Division continues to meet a variety of citizen housing, family and neighborhood needs throughout the County. Countywide improvements include housing, streets, neighborhood facilities and sidewalks. Additionally, thousands of eligible Volusia County citizens receive emergency energy and rental assistance, down payment assistance and other supportive services through Volusia County's Community Assistance programs. Community Assistance administrative staff meet with Activity Managers to discuss services and compliance along with identifying need and coordinating services with private and non-profit community service agencies. Funding for these diversified services is provided by local resources and various grants.

The FY 2014-15 budget includes one unfunded position.

Highlights

F.S. 318.1215, the Dori Slosberg Driver Education Safety Act, has been amended to permit the County of Volusia to adopt an ordinance increasing from \$3.00 to \$5.00 the amount the Clerk of Court is required to collect with each civil traffic fine or penalty in addition to all other sums required by law or ordinance. These monies shall be deposited into a driver and traffic safety education account to be used for enhancement of driver and traffic safety education programs in public and nonpublic schools within the County. These funds may not be used to offset existing funding sources or for administration costs. Grant recipients shall be selected through procedures developed by the County Manager and approved by the County Council. Ordinance No. 2006-20 established a driver and safety education program funded through collection of \$5.00 for each civil traffic fine or penalty. The anticipated revenues for FY2014-15 are \$280,000; funding for the balance of this budget is provided by funds carried forward from prior years.

Key Objectives

1. Assist eligible Volusia County residents who are in a crisis situation to prevent eviction, foreclosure, utility disconnection and provide other support services
2. Monitor, review and prepare reports for compliance with local, state and federal regulations
3. Determine eligibility for in-county and out-of-county Health Care Responsibility Act (HCRA) and complete reports for state compliance

Performance Measures	FY 2012-13 Actual	FY 2013-14 Estimated	FY 2014-15 Budget
1. Units of service for clients receiving emergency assistance	3,178	3,291	3,389
2. Number of monthly on-site meetings held with supervisors	19	18	18
3. Number of clients screened for eligibility for HCRA	407	401	397

Highlights

The primary function of the Human Services activity is to evaluate and determine the eligibility of Volusia County residents for emergency and supportive services. Eligibility is based on County requirements that include household income, residence and reason for crisis. Emergency assistance include financial assistance to prevent eviction and foreclosure, utility disconnection, emergency dental, medical, prescriptions, transportation, indigent burials and cremation.

Number of Part Time Positions		0.00		0.00
Number of Full Time Equivalent Positions		47.00		47.00

Key Objectives

1. Recruit and train sufficient officer applicants to fill budgeted positions
2. Provide more interactions between supervisors and subordinate staff through on-shift training exercises aimed at maintaining and increasing skills base for sworn and civilian staff
3. Train counselors about community services for inmate reentry and case management

Performance Measures	FY 2012-13 Actual	FY 2013-14 Estimated	FY 2014-15 Budget
1. Number of Corrections Officers hired	37	30	30
2. Annual number of on-shift training for Corrections Officers	12	16	16
3. Number of staff receiving community services training	16	16	16

Highlights

Corrections Administration develops administrative policies and provides support to operations in budget oversight, purchasing, recruitment, staff development and training, inventory control, central supplies, inmate accounting and mail. This activity has oversight responsibilities for four major service contracts: inmate medical, food service, commissary, and inmate telephones.

The Training Section coordinates training classes for corrections officers, civilian staff, and contracted staff working within the institutions. This section is also responsible for coordinating and administering physical abilities test (PAT) testing for all new hires for Corrections Officer Trainees and Certified Corrections Officers. Additionally, annual retesting is required for all corrections officers hired after May 22, 2008. Currently, PAT testing is administrated for 95 staff and will increase to 135 by the end of 2014. Thus the number of PATs will continue to go up each year as new corrections officers are hired. The Training Section is also responsible for overseeing range qualifications such as weapons qualification, scenario based shooting, and less than lethal weapons training.

The Program Section coordinates inmate programs with over 18,000 inmates who were oriented, classified, and counseled. The counselors provide case management services, and facilitate and support programming that will empower the inmates to successfully integrate back into society. Due to emerging community concern, litigation, and our desire to respond, emphasis continues to focus on staff training and services to the community with disabilities and other special needs.

Corrections Administrative Services FY2014-15 budget includes 8 unfunded positions.

Total Operating Expenditures	\$7,083,755	\$7,100,000	\$7,900,000	\$8,500,000
Expenditures by Fund				
General	\$7,083,755	\$7,100,000	\$7,900,000	\$8,500,000

Key Objectives

1. Provide a medical and mental health screening for each inmate admitted to custody
2. Complete a physical examination on all inmates in custody within 14 days of admission
3. Provide regular and emergency medical care to all inmates
4. Provide regular and emergency mental health care to all inmates

Performance Measures	FY 2012-13 Actual	FY 2013-14 Estimated	FY 2014-15 Budget
1. Annual number of intake screenings	24,811	25,555	26,000
2. Number of inmate physicals (in custody less than 10 days)	6,712	7,000	7,200
3. Number of medical visits	28,768	29,000	29,850
4. Annual number of mental health evaluations	12,639	13,000	13,400

Highlights

Corizon (previously Prison Health Services) has provided inmate medical services to the County since 2005. The current contract terminates at the end of September 2014 and Corrections is currently soliciting proposals for extended inmate medical services. An added aspect of care under the resulting new contract will be Electronic Health Records which will become a legal requirement within the initial term of the new contract. Budgeted cost of care is \$7,100,000 based on an average daily population of 1,425. The cost of providing inmate medical services are variable and dependent upon factors such as inmate age, medical history and other demographic, social and environmental trends. The FY2014-15 budgeted cost for medical services is \$8,500,000.

Key Objectives

1. Provide food, clothing, recreation, medical, and other services to the inmate population
2. Provide suitable housing and treatment for mental health inmates

Performance Measures	FY 2012-13 Actual	FY 2013-14 Estimated	FY 2014-15 Budget
1. Average daily inmate population	1,510	1,550	1,550
2. Average daily number of inmates on mental health watch	51	50	50

Highlights

The Institutions Section handle security functions of the Division, through the operation of two detention facilities. The total combined capacity is 1,494 inmates (Branch Jail - 899 and Correctional Facility - 595). The budgeted average daily inmate population for FY2014-15 is 1,550. Both male and female inmates in pretrial and serving county jail sentences are held. The Division provides, food, medical/mental health care, clothing, and hygiene items to the inmate population. Additional services include religious, self-improvement, and substance abuse treatment programs.

Construction related to the Branch Jail Renovation and the Volusia County Correctional Facility Dorm Replacement projects are currently underway. The targeted dates for completion will see the dorms come online in January 2015 and the Branch Jail Renovation in February 2015.

Capital items in the FY2014-15 budget include a security camera system, self contained breathing apparatus and the replacement of a steam kettle for the kitchen. Capital improvement items include a fire alarm/smoke detection system, an emergency generator switch and exterior fencing. Corrections Institutions FY2014-15 budget includes 3 unfunded positions, 9 full-time and 2 part-time attrition positions.

1. Provide visitation for inmates and their families and friends
2. Provide outdoor and indoor recreational equipment for inmate diversion

Performance Measures	FY 2012-13 Actual	FY 2013-14 Estimated	FY 2014-15 Budget
1. Number of social visitors	40,368	41,000	41,500
2. Number of recreation periods	2,751	2,800	2,850

Highlights

The Inmate Welfare Trust Fund (IWF), overseen by the Volusia County Division of Corrections, provides service to inmates including commissary and telephone. Through the profits of commissary sales and telephone usage, the IWF provides direct services and products that otherwise may not be funded for the benefit of the inmates. The IWF does not receive general fund appropriations. The sales price of articles offered to sell through commissary are fixed with profits from the sales placed in IWF. In addition to the revenue generated from commissary sales, commissions received from a telephone service provider used by inmates falls under the statutory authority and are also deposited in the IWF.

Recreational activities at these facilities provide inmates with constructive ways to fill their time and encourage a safer institutional environment by reducing inmate tension. In addition, these funds are used to supply personal care items, law library materials and legal access for indigent inmates. Refurbishment of the visitation center and installation of a recreation yard canopy are included in the FY2014-15 budget. Reserves in this fund are set-aside to institute a culinary arts program through Daytona State College as well as incorporating other future trade programs such as tailoring and gardening.

3. Number of emergency service requests	20	12	12
4. Complete emergency repairs within 24 hours of request	100	100	100

Highlights

The Maintenance team provides 24-hour, 7 days a week "on site" services to the Branch Jail and Correctional Facility with a highly trained technical staff. Work orders are generated via computer for daily services and planned maintenance. The current renovation and construction projects will add 40,000 square feet of newly constructed space to operational responsibilities.

Corrections Maintenance went live with a new Maintenance Management System in February 2014. The management system is used to process work orders, schedule routine/preventive maintenance and track performance and efficiency of staff and equipment.

Currently, Corrections Maintenance has 3 unfunded positions.

Highlights

The County Council serves as the legislative and policy-making body for Volusia County government. The County operates under a Council/Manager form of government and provides various services including public safety, economic development, transportation, health and social services, planning, zoning, environmental and other community services. The seven-member County Council is responsible for the promulgation and adoption of policy. The Council-appointed County Manager is responsible for the execution of policy. The County Council identifies the long-range goals and issues and works with county staff to identify ways to address these issues. The Council continues to work on: 1) Improving customer/partner relations; 2) Delivering quality services; 3) Improving the County's economic and financial vitality; and 4) Implementing smart growth principles.

General	\$414,549	\$496,659	\$482,011	\$541,563
Number of Full Time Positions		11.00		11.00
Number of Part Time Positions		1.00		1.00
Number of Full Time Equivalent Positions		11.75		11.75

Key Objectives

1. Support, manage and improve the county's public information, public relations, and marketing programs in a coordinated, centralized manner with emphasis on the county's major services
2. Provide marketing support to the county's Economic Development Department, Daytona Beach International Airport, Ocean Center and Votran Public Transportation
3. Oversee and implement successful emergency public information during community-wide threats or incidents of widespread news media interest

Performance Measures	FY 2012-13 Actual	FY 2013-14 Estimated	FY 2014-15 Budget
1. Number of news releases disseminated to public/media	939	1,150	1,300
2. Number of publications/print projects	119	125	125
3. Number of internet users visiting www.volusia.org	5,921,812	6,505,736	7,000,000

Highlights

Community Information oversees the county's internal and external communications and public relations efforts in support of the goals and directives established by the county's leadership. Community Information strives to increase the public's awareness and knowledge of county services; provides information on the issues that confront the leaders of county government; assists county departments with their communication needs; coordinates emergency public information; oversees the county's websites; and assists with the county's marketing, advertising and public relations programs.

The FY2014-15 budget includes one full-time and one part-time unfunded positions.

Highlights

Economic Development is responsible for the County's legislative affairs, working with senior management as well as contracted lobbyists and professional organizations to track federal and state issues of importance to Volusia County and to develop and present the County's priorities for legislative action.

The Administration activity provides continued professional staffing. Staff also supports the Volusia County Industrial Development Authority, Business Incubator Advisory Board and serves as liaison to the municipalities with Community Redevelopment Areas (CRAs). The budget provides for the administrative and operational costs associated with the support of the professional staff and continued implementation of the County Council goal of comprehensive countywide economic development.

There are three unfunded positions in FY2014-15.

Highlights

Daytona Beach International Airport (DBIA) Corporate Park is part of the ongoing master plan for the airport acreage adjacent to Beville Road. A signalized intersection will be developed to provide access to the interior of the DBIA property. It will be the base for development along Beville Road as a gateway to the City of Daytona Beach.

Economic Development provides funding for business expansion and business retention activities. Local funds are leveraged through cooperative programs such as the State's Qualified Tax Incentive (QTI) and Qualified Defense and Space Contractor (QDSC), which expand the benefits for Volusia County businesses. Team Volusia, University of Central Florida's (UCF's) Business Incubation Program, Small Business Development Center (SBDC) at Daytona State College, Senior Corps of Retired Executives (SCORE) and international trade sponsorships are all supported through other contributions.

The FY2014-15 budget includes an increase of \$1.3 million from the General Fund to provide for job creation through the Economic Development incentive program.

Marketing includes support for the professional services utilized in keeping the business community and residents informed of economic development opportunities and successes.

The Business Incubator Program is a joint venture with the University of Central Florida (UCF). UCF runs the program in renovated space in the International Terminal at DBIA.

Highlights

The One Daytona Community Development District was established by the City of Daytona Beach February 5, 2014. Volusia County entered into an interlocal agreement with the district to provide \$20,000,000 to partially fund public improvements.

One Daytona is a multi-phase mixed use development projected to reach build out in 2045. At full build out, One Daytona will represent one of the largest mixed-use projects in the Daytona Beach -Tampa Interstate 4 corridor. The development will include office, retail, hotel, industrial and residential properties. It is projected to add over 7,200 onsite jobs.

Number of Full Time Positions	8.00	8.00
Number of Part Time Positions	0.00	0.00
Number of Full Time Equivalent Positions	8.00	8.00

Key Objectives

1. Conduct all elections in accordance with federal, state, county and local statutes transparently, accurately and cost-effectively while maintaining the security of the voting system, voting equipment and ballots
2. Provide the public with a wide range of opportunities to vote by offering absentee, early and Election Day voting
3. Accurately maintain absentee, early voting and Election Day records, process absentee requests and issue ballots accurately and expeditiously, correctly count all valid voted absentee, early voting and Election Day ballots

Performance Measures	FY 2012-13 Actual	FY 2013-14 Estimated	FY 2014-15 Budget
1. Number of countywide elections conducted	1	2	1
2. Number of municipal elections conducted	4	16	16
3. Number of special elections conducted	2	1	1
4. Number of absentee voting sites (processing sites)	1	1	1
5. Number of early voting sites	5	5	5

7. Number of absentee requests	77,350	85,000	85,000
8. Number of early voters	60,431	61,000	70,000
9. Number of Election Day voters	110,558	100,000	100,000

Highlights

The Elections Management Division will conduct one countywide election during this fiscal year. Legislative changes to election laws will require replacing current inventories of forms and envelopes. Early voting hours have been expanded to 12 hour days for General Elections. Additional early voting sites are planned for in advance of the 2016 election cycle.

The FY2014-15 budget includes \$2.3 million for a new elections system, including installation services, training, software, hardware and supplies required for implementation. The system purchased will be state certified to meet all statutory election requirements.

2. Number of Emergency Operations Center activations	3	4	4
3. Number of all hazard exercises	7	10	10
4. Number of preparedness presentations/outreach programs	120	130	130

Highlights

Under Chapter 252, Florida Statutes, Volusia County Emergency Management Division is responsible for the countywide organization and administration of the emergency operations center and a variety of all hazards emergency management activities that support response, recovery, preparedness, and mitigation. Maintaining a forward leaning posture for disasters requires regular hazard analysis, integration with new technology, and strategic coordination toward completion of this stance. Volusia County Emergency Management maintains a training, planning, and an exercise cycle in support of countywide disaster resilience. Proper planning and maintenance of applicable capabilities are required for the use of a measured response during times of emergency and disaster.

Key Objectives

1. Demonstrate need for EMS services
2. Provide timely ambulance response in urban areas-greater than 1000 residents per square mile
3. Provide timely ambulance response in rural areas-less than 1000 residents per square mile
4. Improve cardiac arrest outcomes in the pre-hospital setting

Performance Measures	FY 2012-13 Actual	FY 2013-14 Estimated	FY 2014-15 Budget
1. Number of Transports	49,136	49,000	49,900
2. Average Response Time - Urban (Seconds)	394	445	420
3. Average Response Time - Rural (Seconds)	677	646	660
4. Number of pre-cardiac cases that are delivered to the ER with return to circulation (ROSC)	177	174	175

Highlights

The Division of Emergency Medical Service (EVAC) is the primary provider of pre-hospital 911 medical care and transportation to Volusia County residents and visitors. EVAC closely collaborates with all internal and external public service organizations operating within the County to address emergent medical needs as efficiently and effectively as possible. With an anticipated volume in excess of 80,000 calls, the EVAC business plan employs a unique High Performance Deployment strategy. Instead of a fixed station based model, the division analyzes highly variable historical information to develop an efficient dynamic deployment strategy. Volusia County EVAC will continue to focus on providing the most comprehensive, capable and cost efficient emergency medical care possible, and continues to explore all available opportunities to improve and balance those metrics.

Funding is included for the replacement of six additional ambulances, as well as multiple tablets, drive cams, mobile data computers, stair chairs and ventilators. The FY2014-15 budget also includes a transfer to the Capital Outlay Fund for the replacement of 800 MHz radios, reserves for revenue stabilization and reserves for future capital replacement of stretchers, heart monitors and auto pulse machines. One unfunded and five attrition positions are included in this fund.

Highlights

Projects in this Activity are adopted as part of the County's Five Year Road Program. The Road Program is a five year work schedule for road maintenance and construction approved by County Council on an annual basis for inclusion in the Capital Improvement Program. Funds to support the Road Program are generated by gas tax revenue sharing including: 5th and 6th Cent used for maintenance, 7th Cent - for operations and maintenance, and a 9th Cent County Voted - for resurfacing and construction. On June 27, 1985 County Council adopted a 6th Cent Local Option Gas Tax, and by Interlocal Agreement the County receives 57.239% and the cities receive the balance 42.761%. The current Interlocal Agreement is scheduled to expire on August 31, 2018. Four cents are to be used on operations and maintenance. Projects done with gas tax revenue also are found in Road and Bridge, Traffic Engineering, and Engineering and Construction for the County Transportation Trust.

4. Number of exemption/vested rights reviews	46	62	40
5. Number of NPDES inspections	177	120	150

Highlights

Development Engineering provides professional and technical review and comments on development projects. Development Engineering is responsible for approval of County Stormwater Permits and Use Permits, and serves as an important link in the chain of the development review process. Development Engineering provides engineering reviews and inspections for Subdivisions, Site Plans and Use Permits under Volusia County regulations, and has increased the review effort with respect to traffic-related elements. Development Engineering also performs inspection and tracking of National Pollution Discharge Elimination System (NPDES) sites and assists in the preparation of the annual report to the State. A large portion of time is devoted to a variety of requests from citizens and businesses for information regarding current and historic development regulations, status of permits, reviews, and properties, and requests for copies of material from files. Additionally, Development Engineering handles grading, drainage and right-of-way complaints as well as variances, grading plan reviews and FEMA Letters of Map Revisions (LOMR's).

Key Objectives

1. Eliminate missing links in the County's sidewalk network that provide access to elementary schools, middle schools, high schools, libraries, parks, shopping centers, bus stops and other pedestrian attractions
2. Prepare Access Management Plans for all major County thoroughfares identifying proposed median crossovers as a planning tool for future development along the road corridors
3. Scan archived road project files into the document imaging system to conserve space by eliminating hard copies of close out files and to improve access and retrieval of archived information for countywide staff
4. Implement a pavement management system using Micropaver software

Performance Measures	FY 2012-13 Actual	FY 2013-14 Estimated	FY 2014-15 Budget
1. Percent of sidewalks examined for missing links	10	10	10
2. Number of roads identified in each of the four zones that need Access Management Plans	2	2	2
3. Percentage of closed out road project files scanned into the document imaging system per year	10	10	10
4. Percentage of County roads evaluated to perform comprehensive ratings using Micropaver	33	33	33

Highlights

The primary duty of Engineering & Construction is to produce the County's Five Year Road Program. The Division is responsible for all phases of County road building from the time the roads are introduced into the Five Year Road Program through construction. The Division also assists other County Divisions and Departments in developing and building their construction projects. Engineering & Construction is part of the review process for the Land Development code to help insure compliance with state and local regulations. The Division also provides information to the public and private sector on a variety of subjects such as road rights-of-way, road maintenance, abandonments, special assessment districts, benchmarks, control data, etc.

Highlights

Revenue for this Activity comes from a County Council authorized additional 5 cent Local Option Gas Tax (adopted May 6, 1999) of which 57.239% goes to the County for transportation expenditures required to meet the Capital Improvement Element of the Comprehensive Plan and 47.761% goes to the various cities. Funding is to be used to meet immediate local transportation problems and for other transportation-related expenditures that are critical for building comprehensive roadway networks by local governments.

Local Option Gas Tax Projects for FY2014-15:

Countywide Safety Projects - to fund countywide safety related projects to be determined throughout the year.

Advanced Right of Way Acquisition - to fund right of way costs for countywide projects programmed in future years.

Advanced Engineering and Permitting - to fund minimal expenditures for permitting and advance engineering for future countywide projects programmed in outer years.

Road Impact Fees-Zone 4 (Northwest)	\$494,932	\$4,908,297	\$3,464,769	\$5,034,844

Highlights

The Road Impact Fee Trust Funds obtain revenue from transportation impact fee charges against new construction in the County. Road projects must be growth-related and located in one of the four districts in which the funds are collected. On August 18, 2011 Council adopted Ordinance 2011-22 temporarily suspending the collection of impact fees for residential construction as an incentive to construction and the associated job creation. The fees are being reinstated incrementally beginning July 1, 2013 and will be collected in full by July 1, 2015.

Road Impact Fees - Zone 1 through 4 include the following major projects and Debt Service for FY2014-15:

Zone 1 - Debt Service - to partially fund Zone 1 share of the Bond Funded Road Program Debt Service.

Zone 2 - Debt Service - to fund Zone 2 share of the Bond Funded Road Program Debt Service.

Zone 3 - Debt Service - to partially fund Zone 3 share of the Bond Funded Road Program Debt Service.

Zone 4 - Debt Service - to fund Zone 4 share of the Bond Funded Road Program Debt Service, and to fund the Kepler Rd/SR 44 intersection project and Orange Camp Rd widening project.

Number of Full Time Positions		3.00		3.00
Number of Part Time Positions		0.00		0.00
Number of Full Time Equivalent Positions		3.00		3.00

Key Objectives

1. Construct county facilities in the most effective manner
2. Strive to include Green characteristics in every building with emphasis on energy efficiency, while obtaining Leadership in Energy and Environmental Design (LEED) certification on new building construction where achievable
3. Strive to accommodate current and future department needs within approved budgets for each capital improvement during design

Performance Measures	FY 2012-13 Actual	FY 2013-14 Estimated	FY 2014-15 Budget
1. Percent of projects to bring in within anticipated engineer/architects estimates	95	95	95
2. Percent of structures which display characteristics common to LEED certification	95	95	95
3. Percent of changes to design after construction bidding	15	15	15

Highlights

Vertical Construction is responsible for the administration, planning, design, permitting and construction of capital facility projects in the county; including long-range planning, value engineering, quality control and owner's representation on facility construction. This organization is also responsible for establishing space and construction standards, space allocation, and design and construction programs which are not road and bridge or water system projects for Department/Divisions within Volusia County.

For FY2014-15 one (1) position will remain unfunded.

Key Objectives

1. Provide public access to Volusia County conservation lands
2. Provide land management activities on Volusia County conservation lands

Performance Measures

	FY 2012-13 Actual	FY 2013-14 Estimated	FY 2014-15 Budget
1. Construction and maintenance of passive trails on conservation properties (number of miles)	50	50	50
2. Number of acres actively managed	39,000	39,000	39,000

Highlights

This activity was established to provide the necessary funds to finance the management, restoration and public access to conservation lands purchased under the Volusia Forever Program, as well as conservation lands purchased under previous land acquisition programs. Capital Outlay is for a kayak launch at Spruce Creek Park. Spruce Creek is a very popular park and installation of kayak launches at various locations within the park is part of the adopted Doris Leeper Spruce Creek Management Plan.

Expenditures by Fund				
Volusia Forever	\$0	\$638,747	\$0	\$638,747

Key Objectives

1. Provide available credits for sale to public and private projects

Highlights

The Barberville property is a wetland mitigation bank, permitted through the St. Johns River Water Management District and the U. S. Army Corp of Engineers. The permitting requirements include dedication of funds for the perpetual management of the site. Revenues from the credits sold will be used for the long term management of the bank. No credits were sold in FY2013-14 and no sales are anticipated for FY2014-15. The budget for FY2014-15 is carry forward of revenues from prior years.

Highlights

During FY2013-14, Growth and Resource Management reorganized its Environmental Health Laboratory function which was comprised of activities performed by the State Department of Health and the County's field sampling function. The State Department of Health component was closed on October 1, 2013 and the field sampling component remained in this cost center through the end of FY2013-14. The field sampling program officially separated from the Lab on April 1, 2014 and is budgeted for FY 2014-15 in 001-210-2101.

Number of Full Time Positions		7.00		7.00
Number of Full Time Equivalent Positions		7.00		7.00

Key Objectives

1. Review development projects for compliance with environmental provisions of the County Land Development Code, including the tree preservation ordinance, wetland protection ordinance, Indian River Lagoon Surface Water Improvements and Management Overlay Zone (Class II overlay) ordinance, and gopher tortoise ordinance requirements. Also review projects for compliance with environmental provisions of the Zoning Ordinance, including those for farm ponds, and state and federal protected species requirements
2. Implement and enforce the tree ordinance through issuance of tree removal permits. Implement and enforce the wetland ordinance through issuance of wetland alteration permits. Implement and enforce Class II regulations. Assist with implementation of the farm pond program
3. Perform environmental permitting and enforcement field inspections in response to applications, complaints, and other requests
4. Provide information to the public regarding environmental protection and County permitting requirements

Performance Measures	FY 2012-13 Actual	FY 2013-14 Estimated	FY 2014-15 Budget
1. Number of building permit, site plan, subdivision, planning, zoning, and other environmental reviews	2,690	2,837	2,985
2. Number of tree removal, Class II permits, and farm pond permits	287	353	420
3. Number of field inspections for applications, complaints, and other requests	2,276	2,746	3,215
4. Number of phone calls, emails, and walk in requests	16,815	11,674	14,000

Highlights

Environmental Permitting is primarily responsible for administration and enforcement of the County's tree preservation and wetlands protection ordinances. Permitting staff have been cross-trained to provide onsite inspection and review for a variety of environmental resources including trees, wetlands and wetland buffers, and the Indian River Lagoon Surface Water Improvements and Management Overlay Zone (also known as the Class II overlay).

Environmental Permitting implements the permitting requirements of the Manatee Protection Plan, coordinates with state and federal agencies for review and permitting of developments that may affect threatened or endangered species such as the Florida scrub jay and gopher tortoise, and administers and enforces the County's gopher tortoise protection ordinance. Environmental Permitting also assists with inspections and implementation of the farm pond program, previously administered by the Volusia Soil and Water Conservation District.

There is one (1) unfunded position.

Key Objectives

1. Collect samples of surface water, saline waters, stormwater, and TMDL program water bodies
2. Provide Quality Assurance of test results and data interpretation
3. Provide technical advice, assistance and consultation regarding water issues to county departments, consultants, and the public

Performance Measures	FY 2012-13 Actual	FY 2013-14 Estimated	FY 2014-15 Budget
1. Sample sets collected	0	522	582
2. QA of test results	0	3,736	4,396
3. Assistance requests filled	0	26	30

Highlights

The Environmental Health Lab closed March 31, 2014. However, the field sampling program continues to ensure that the quality of county waters is maintained. In addition to monitoring water quality trends, the field sampling program plays a vital role in establishing Total Maximum Daily Loads (TMDL) on Volusia surface water bodies. The program is a partnership with the Florida Department of Environmental Management (FDEP) and St. Johns River Water Management District (SJRWMD) who contracts with the lab for sampling in the Indian River Lagoon. This contract provides \$19,505 for staff time, supplies, etc.

1. Number of management and operational plans prepared	1	9	5
2. Number of conservation easements monitored	10	13	13
3. Number of acquisitions, including small lot donations	12	6	1

Highlights

Volusia Forever is a nationally and state recognized program for the acquisition (fee-simple and less-than-fee) and management of conservation lands. Approved by the county's voters in 2000, this twenty-year program is funded through an annual ad valorem assessment. Along with partners, approximately 39,000 acres of conservation land (fee-simple and easement) have been protected through acquisition since inception of the program.

FY2014-2015 will mark the fourth year of repayment for the interfund loan used to support the purchase of approximately 4,800 acres, the foundational component of the Deep Creek Preserve. The loan will be paid off in FY2020-21.

A portion of the Volusia Forever program's annual ad valorem revenue is also set aside to support the management of conservation lands. Additional information pertaining to the stewardship of conservation lands supported by Volusia Forever is provided by the 10% Land Management Services.

General	\$7,037	\$10,000	\$10,000	\$10,000

Key Objectives

1. Manage the Volusia County Sustainability Action Plan including green practices that can be incorporated into county operations
2. Develop and disseminate information to the citizens of Volusia County
3. Participate in public education and outreach opportunities

Performance Measures	FY 2012-13 Actual	FY 2013-14 Estimated	FY 2014-15 Budget
1. Number of initiatives	8	4	43
2. Number of visitors to greenvolusia.org	3,000	3,000	3,000
3. Number of public events	6	6	6

Highlights

On June 5, 2008, the Green Volusia Program was established by the County Council as a long term initiative intended to promote the sustainable use of county resources and to educate our citizens. On February 20, 2014, Volusia County Council adopted the Volusia County Sustainability Action Plan. The plan identifies goals such as promoting a healthy economy, environment, and community. The plan strives to save tax dollars through water and energy conservation.

Operating funds support the marketing and promotional program and memberships in green development: United States Green Building Council (USGBC) and Florida Green Building Coalition (FGBC).

Total Operating Expenditures	\$4,488	\$148,999	\$7,380	\$150,147
Expenditures by Fund				
Manatee Conservation	\$4,488	\$148,999	\$7,380	\$150,147

Key Objectives

1. To disburse funding to the Volusia County Sheriff's Office and cities to implement additional on-the-water manatee conservation enforcement
2. Coordinate interagency partnerships and public education programs

Performance Measures	FY 2012-13 Actual	FY 2013-14 Estimated	FY 2014-15 Budget
1. Number of manatee enforcement grants disbursed	2	2	2
2. Number of manatee projects and partnerships	2	2	2

Highlights

Per stipulations in the Boat Facility Siting (Phase I) portion of the Manatee Protection Plan (MPP) for Volusia County the first \$500,000 collected in mitigation fees has been used for enforcement, manatee conservation, and/or educational purposes. Beginning with FY2011-12 and forward, only interest on the fund balance may be expended.

This plan is designed to decrease the potential for watercraft to collide with manatees and minimize indirect impacts of marine facilities on manatee populations. Section B.4A of Phase II requires that all permit applicants with new or expanding boat facilities must pay a one-time mitigation fee for each new or expanded boat slip, ramp parking space, and/or dry storage space. These fees shall be paid into a dedicated, interest bearing account named the Manatee Conservation Fund. The Manatee Conservation Fund will provide funding for increased enforcement of manatee speed zones, additional equipment for on-the-water law enforcement efforts, and manatee conservation and education, through a grant program. In addition to mitigation fees, other sources of revenue such as fines, penalties, donations, grants or other contributions may be accepted for use in the Manatee Conservation Fund. Transfer to General Fund is for manatee enforcement and protection by the Volusia County Sheriff's Office.

2. Number of birds in rehabilitation	1,288	1,200	1,200
3. Number of visitors	82,306	85,000	88,000
4. Number of attendees at events	3,619	3,700	3,800

Highlights

The Marine Science Center offers a wide variety of programs for children and adults throughout the year, including summer camps and special events such as Turtle Day and Wings on the Wind. One of the major goals of the Marine Science Center is sea turtle rehabilitation. Sick and injured sea turtles, hatchlings and washbacks are rehabilitated and released upon full recovery. The Mary Keller Seabird Rehabilitation Center treats injured and sick birds. Upon full recovery, healthy birds are released. Some birds that cannot be released become ambassadors for their species as part of our educational exhibit birds or our glove-trained raptor programs.

The Marine Science Center will be extending their operational hours by one hour during their peak season from March 1 to August 31. The additional operational costs will be offset by additional revenues.

There are two (2) unfunded full-time positions and twenty-four (24) unfunded part-time positions.

1. Number of manatee projects and partnerships	47	47	47
2. Number of habitat programs and partnerships	10	10	10
3. Number of habitat restoration and other partnerships	37	37	37

Highlights

The Natural Resources Activity encompasses protected species and habitat management to ensure that County activities comply with all applicable state and federal laws. Project areas include: manatee protection, estuarine shoreline restoration, exotic vegetation removal, native vegetation planting. All programs within Natural Resources provide education and outreach opportunities for the public so that resources will be conserved in a manner that may decrease the need for additional regulatory requirements. Natural Resources Activity works with other county departments including Stormwater and Coastal to implement environmental projects.

Key Objectives

1. Process permit applications for sludge disposal per County ordinance and inspect Pollution Control facilities and pollution sources for compliance with applicable permits, regulations, and ordinances for the Wastewater and Small Quantity Generator (SQG)
2. Enforce the Pollution Control code and County ordinances regulating noise abatement and sludge disposal
3. Investigate and resolve citizen complaints regarding violations of environmental regulations
4. Participate on the Environmental Emergency Response Team (EERT) which provides support for County Hazardous Materials (HAZMAT) Response Team and assures appropriate remediation actions are performed

Performance Measures	FY 2012-13 Actual	FY 2013-14 Estimated	FY 2014-15 Budget
1. Number of waste water, SQG and residual site inspections	1,014	900	900
2. Number of enforcement actions	803	700	700
3. Number of complaints investigated	308	275	275
4. Number of EERT calls	15	15	15

Highlights

The Pollution Control Activity (PC) consists of six program areas, two of which provide offsetting revenue. Programs include domestic waste, solid waste, hazardous waste, bio-solids, and water resource protection. PC staff participates on the Environmental Emergency Response Team (EERT). Pollution Control also coordinates the St. Johns River cleanup.

Certain programs in Pollution Control are mandated by statutes/ordinances as follows: Bio-Solids DEP 62-640 and County Chapter 50, Article V, Solid Waste Management Facilities DEP 62-701, Noise County Chapter 50, Article VI, Wastewater Treatment Facilities DEP 62-601, Small Quantity Generator(SQG) Assessment, Notification and Verification Program is Chapters 403, 62-730, and 62-731.030(1), Florida Administrative Code (F.A.C.) as adopted by Chapter 50 of the Volusia County Code of Ordinances, Water resources protection is Chapter 50, Division 8 of the Volusia County Code.

Municipal Service District	\$49,839	\$350,446	\$82,742	\$331,993

Key Objectives

1. Coordinate habitat restoration, interagency partnerships, and public education programs
2. Facilitate the planting of native trees in public areas to benefit all citizens of Volusia County

Performance Measures	FY 2012-13 Actual	FY 2013-14 Estimated	FY 2014-15 Budget
1. Number of partnerships established for educational demonstration projects	2	2	2
2. Number of replanting projects	2	2	2

Highlights

At the direction of the County Council, environmental permitting staff and legal staff worked with the development community to revise the Volusia County Tree Preservation Ordinance. In 2002, Council passed Ordinance 2002-13, which provides for payment of a replacement contribution into the Volusia County Tree Replacement Trust Account if onsite tree replacement is not feasible (Section 1012(10)). Section 1016(3) establishes the trust account that will be maintained apart from the general revenue funds and accounts of Volusia County. Section 1016(2) states that funds in said account shall be expended for the planting of trees, and to cover any other ancillary costs for the preservation maintenance, relocation or restoration of tree ecosystems on any public land within Volusia County. This Activity offers grants to public agencies in unincorporated areas that wish to showcase native vegetation and promote water wise landscaping. The FY2014-15 budget is based on a carry forward balance of \$314,993.

2. Number of hours of ARFF-related training	1,649	1,649	1,649
3. Number of public relations events to educate the public on both Volusia County Fire Services and DBIA	20	30	30

Highlights

Volusia County Fire Services provides management and oversight of the Airfield Response Fire Fighter (ARFF) unit at the Daytona Beach International Airport (DBIA). Through an increased investment, the members of the ARFF team will improve their response capabilities as well as their quality of performance. The team regularly responds annually to approximately 100 aviation calls on the airfield in some sort of emergency capacity. This budget allows for improvement of capability through training of ARFF personnel for an efficient and immediate response. The FY2014-15 budget includes funding for the replacement of self contained breathing apparatus (scba) bottles.

Highlights

Fire Services Administration provides management and oversight to agency programs and personnel ensuring effective and efficient services are delivered to the unincorporated and the serviced municipalities of the County. Current year emergency reserves are \$2.1M or 10% of new revenue. The balance is reserves for future capital set-aside for the replacement of self contained breathing apparatus (SCBA) and auto pulses as well as transitional reserves, which are being utilized for on-going operating expenses.

This activity will continue to provide overarching organizational leadership and direction through a comprehensive policy and guideline review, to ensure organizational and service delivery components are effectively and efficiently managed and remain accountable.

The Administrative Services Activity provides logistical support in several categories including personnel, purchasing, accounts payable and receivable, as well as budget preparation and management. Personnel functions include responsibility for payroll calculations, documentation and the processing of personnel related forms for promotions, demotions, disciplinary actions, performance evaluations, requisitions and retirements. Administrative Services also handles procurement of supplies for the division.

Key Objectives

1. Continue implementation of long range planned replacement schedules for major equipment, apparatus, appliances and systems
2. Complete the development of resource supply catalog for streamlining the ordering process for operations personnel
3. Ensure that all personal protective equipment (PPE) complies with standards established by the National Fire Protection Association (NFPA) and, where applicable, to testing and maintenance standards established by the Occupational Safety and Health Administration (OSHA) and/or other regulatory bodies

Performance Measures	FY 2012-13 Actual	FY 2013-14 Estimated	FY 2014-15 Budget
1. Number of items established into a planned replacement schedule	8	14	15
2. Percent of on-site supply inventory accounted for and cataloged	85	90	100
3. Percent of PPE equipment inspected, tested or maintained to assure personnel safety	85	95	100

Highlights

The Logistics Team provides and manages materials, supplies, equipment, caches and schedule various services for the Division of Fire Services relating to all facilities, apparatus and equipment, protective clothing and uniforms and telecommunication for personnel. Additionally, the management of the materials inventory and asset control, plus various support and rehabilitation functions is provided for field operations. Occupational health, safety and environmental protection are the highest priority in all aspects of this team function. All capital purchases for the Division are managed by Logistics. Capital items include VHF mobile radios, thermal imaging cameras and self contained breathing apparatus bottles.

Number of Full Time Positions	156.00	156.00
Number of Part Time Positions	0.00	0.00
Number of Full Time Equivalent Positions	156.00	156.00

Key Objectives

1. Continue to deliver Fire-EMS emergency first response to the residents and visitors of unincorporated Volusia County; and transport services to the rural areas
2. Provide immediate and effective 24 hour response capability to any hazardous materials event within Volusia County through the deployment of on-duty Hazmat Technical Operations Personnel
3. Provide fire and life safety education programs to the citizens of Volusia County

Performance Measures	FY 2012-13 Actual	FY 2013-14 Estimated	FY 2014-15 Budget
1. Percent of time fire/rescue resources respond and arrive on incident scene within an average of 7.5 minutes	69	70	70
2. Number of Hazardous Materials incidents	37	24	25
3. Number of community outreach projects conducted	225	240	250

Highlights

The Fire Services Operations Division encompasses the largest core component of Volusia County Fire Services. Within the Operations Division there are four activities which are managed twenty-four hours a day, seven days a week. Those associated activities are Fire Operations, Mitigation/Disaster Management, Hazmat and Emergency Medical Services. Each of these activities has personnel and equipment which are trained and ready to respond in an "all hazards" capable function. Incident responses include emergency medical, structure/building fires, motor vehicle crashes, vehicle fires, wild land fires, citizen assist requests, man-made and natural disasters, hazardous material spills, and special events. The Mitigation/Disaster Management activity consists of seven advanced technical rescue elements that are deployed countywide when needed in support of Fire Services day-to-day core mission. The Fire Services Operations Division continues to provide EMS transport in the rural areas of Oak Hill, Osteen, and Pierson. The Hazmat activity responds countywide to mitigate hazardous materials leaks, spills, meth labs, and other hazardous materials emergencies. All but four contracts with local municipalities to provide fire rescue services to the unincorporated areas have been canceled to provide more cost-efficient services to the residents countywide. Three unfunded positions remain within Operations.

Number of Full Time Positions		1.00		1.00
Number of Full Time Equivalent Positions		1.00		1.00

Key Objectives

1. Reduce hazardous fuel accumulations to lessen the threat of catastrophic wildfire
2. Support/assist the efforts of adjoining or cooperating agencies/jurisdictions that could result in the reduction of wildland fuels

Performance Measures	FY 2012-13 Actual	FY 2013-14 Estimated	FY 2014-15 Budget
1. Acres managed through prescribed burning	40	75	200
2. Number of hours committed to support other agencies	1,481	2,000	2,000

Highlights

The Prescribed Burns Activity strives to reduce the potential for property loss due to uncontrolled wildfire by managing the amount of natural fuels available in the area known as the wild land/urban interface. This is primarily accomplished through prescribed burning, mechanical thinning and mowing. The application of prescribed burns is heavily dependent on weather conditions. Severe drought conditions (Keetch-Byram drought index above 450) can hamper fuel reduction efforts. Many of the wild land fires that threatened structures and improvements started outside of the wild land/urban interface and moved toward it. Fire Services continues to foster relationships with outside agencies who are responsible for land management inside the county, assisting their fuels management program through technical expertise, manpower and equipment. This activity plans to indentify more projects where protection of the interface can be accomplished. Continued education for the public living in the Wild land Urban interface on prescribed burning, mechanical fuel reduction, and wildfire preparedness through educational programs like Firewise and the Ready, Set, Go Program.

Number of Full Time Equivalent Positions		5.00		4.00
Key Objectives				
1. Expand multi-discipline training by enhancing existing relationships with local educational institutions, Florida Forestry Services, and county and municipal agencies				
2. Provide training and education recognized and supported by Insurance Services Organization (ISO), State Department of Health-Emergency Medical Services (EMS), Office of the State Fire Marshal Bureau of Fire Standards and Training and those agencies that direct/support the agency's core mission				
3. Develop a career chart for every employee that documents training coursework, contact hours, certifications, experience and knowledge to promote continuous improvement consistent with service needs and organizational goals				
Performance Measures	FY 2012-13 Actual	FY 2013-14 Estimated	FY 2014-15 Budget	
1. Number of students attending training at Volusia County Fire Services Training Center	8,776	8,800		8,950
2. Number of training classes conducted	328	345		360
3. Number of employees with up-to-date development charts	0	0		175
Highlights				
The Training activity provides instruction for the current staff of Volusia County Fire Services. Training is provided in accordance with the national, state and local best practices and at the highest standard. The main goal is always to train students and to maintain the required hours set forth by the Insurance Service Office (ISO). Training will consist of Emergency Medical Services certifications, company and multi-company fire drills, and specialized team training including the Volusia County Hazmat team, the Technical Rescue Team and the Firewalker team. The FY2014-15 budget includes an electrical service upgrade at the the training center.

Highlights

Growth and Resource Management Administration provides overall management of three divisions: Building, Zoning and Code Administration; Environmental Management; and Planning and Development Services. It also administers the Graphics, Impact Fee and Scanning activities. Administration is also responsible for the AMANDA software system, which is an enterprise software system used to integrate all permitting and land development functions. The system provides permitting functionality for Comprehensive Planning, Building, Permitting, Code Enforcement, Land Development, and Contractor Licensing.

There is one (1) unfunded position for FY2014-15.

Number of Full Time Positions	8.00	8.00
Number of Part Time Positions	0.00	0.00
Number of Full Time Equivalent Positions	8.00	8.00

Key Objectives

1. Oversee maintenance of the County's addressing databases and provide monthly updates
2. Maintain 20+ GIS layers including the County's official zoning and FLU map layers providing timely updates
3. Maintain the Exempt map layer in the Geographical Information System library
4. Provide complete mapping services to the Growth and Resource Management Department, Legal, Economic Development, VCSO, and some mapping services for Parks, Recreation and Culture, and Fire Services

Performance Measures	FY 2012-13 Actual	FY 2013-14 Estimated	FY 2014-15 Budget
1. Number of updates for county addressing database provided within first week of each month	280	300	300
2. Number of zoning amendments added to County's zoning map within 3 working days of receipt	20	20	30
3. Number of exempt subdivisions added to exempt map layer within five working days of receipt	86	120	200
4. Number of mapping requests begun within 5 working days of receipt	175	175	250

Highlights

The Graphics Activity oversees maintenance of the County's addressing databases and provides monthly updates. The Activity also updates and integrates the Geographic Information System (GIS) for the Growth and Resource Management Department. In addition, with the implementation of AMANDA, a centralized scanning function was created under this Activity. The scanning function operates both the AMANDA and OnBase EDMS systems.

There is a capital request to purchase a plotter and scanner due to the age and reliability of the current equipment.

For FY2014-15 there are two (2) unfunded positions.

Highlights

The Volusia Growth Management Commission (VGMC) is established by Section 202.3 of the Volusia County Code and is comprised of 21 voting and 2 non-voting members. The voting members include one representative appointed by each of the 16 municipalities in Volusia County and 5 members appointed by County Council to represent the unincorporated area of Volusia County. The two non-voting members represent Volusia County School Board and the St. Johns River Water Management District.

The VGMC's primary duty and responsibility is to review comprehensive plans and any plan amendments for each governmental entity in Volusia County to determine the extent to which it is consistent with the comprehensive plans of adjacent or affected jurisdictions and to insure intergovernmental coordination and cooperation. The VGMC utilizes contract legal and planning services and also has one in-house part-time staff member.

During FY2013-14, Ordinance 2014-02 was approved by County Council officially making the part-time staff member a County employee with the benefits afforded such an employee.

Expenditures by Fund				
General	\$2,442,286	\$2,487,910	\$2,487,910	\$2,487,910

Key Objectives

1. Expand provision of communicable disease control services including general population immunizations, sexually transmissible diseases and tuberculosis
2. Maintain current levels for the provision of Women, Infant and Children (WIC) services and children's dental services; transition the provision of pre-natal and most family planning services to community providers while still assuring the provision of primary care and preventive services to all Volusia County residents and visitors
3. Maintain the quality and effectiveness of environmental health services in order to protect the health of the general public in food hygiene, safe drinking water, sewage and solid waste disposal and occupational health

Performance Measures	FY 2012-13 Actual	FY 2013-14 Estimated	FY 2014-15 Budget
1. Number of communicable disease control services provided to all residents and visitors	71,143	80,048	81,360
2. Number of primary care services provided to all residents and visitors	772,052	837,379	821,488
3. Number of environmental health services provided	25,140	22,449	22,460

Highlights

The Florida Department of Health - Volusia provides a range of services from assuring safe drinking water to promoting healthier lifestyles and providing access to affordable dental health care as well as containing infectious diseases and responding to disasters.

We have a dedicated and highly trained public health workforce which is ready to respond to a range of emergencies - having been tested in hurricane response and recovery as well as a number of other natural and man-made events over the past several years.

Continuing economic challenges have presented unique opportunities for both the health department and local community. While the demand for services is increasing, the revenue streams we rely on have been decreasing. By working with a number of community partners we are transitioning from a provider role to the more traditional public health role of assuring that quality, high-level services are delivered. We continue to plan and prepare to meet the challenges of an ever-changing landscape while striving to fulfill the expectations of our community. Over the years, Volusia County has demonstrated a commitment to build and maintain a strong public health network.

Number of Full Time Equivalent Positions	4.00	4.00

Key Objectives

1. Maintain the reliability of the 800 MHz Communication System
2. Modernize the 800 MHz Radio System
3. Modernize the dispatch consoles in the Emergency Operations and Sheriff's Communication Center
4. Modernize the radio site rectifiers

Performance Measures	FY 2012-13 Actual	FY 2013-14 Estimated	FY 2014-15 Budget
1. Percentage of scheduled hours network is operational	100	100	100
2. Percentage of Modernization Program completed	95	100	100
3. Percentage of console upgrade project complete	60	100	100
4. Percentage of microwave rectifiers replaced	0	70	100

Highlights

The countywide 800 MHz Radio System provides critical two-way communications for all public safety agencies in Volusia County and city agencies. In FY2014-15 Information Technology will complete the upgrade of microwave rectifiers at seven of twelve radio system tower sites. The division will also establish a new radio site to enhance communication for the DeBary SunRail Station, Stone Island and the Lake Monroe area. The FY2014-15 budget includes one (1) unfunded position.

Key Objectives

1. Provide satisfactory application programming, customization, integration, and consulting services to customers
2. Develop secure mobile solutions to provide customers with additional productivity opportunities
3. Work with County Divisions and other customers to perform needs assessment and identify potential applications solutions to streamline business processes and improve efficiency

Performance Measures	FY 2012-13 Actual	FY 2013-14 Estimated	FY 2014-15 Budget
1. Percentage of service requests completed per statement of work	100	100	100
2. Percentage of secure mobile solutions implemented	15	46	77
3. Percentage of needs assessments reviews completed	12	52	66

Highlights

The Application Services Activity is comprised of staff supporting Enterprise Business, Criminal Justice, Geographic and Land Information Systems.

In FY2014-15 Application Services will focus on increasing integration of enterprise systems and data, improving application systems' reliability and functionality through software upgrades, and continuing to work with departments to further utilize technology to improve service, streamline operations, and improve access to information. The phased replacement of end-of-life Kronos time clocks will continue this year with the replacement of five (5) clocks. The FY2014-15 budget includes four (4) unfunded positions.

Number of Part Time Positions	0.00	0.00
Number of Full Time Equivalent Positions	16.00	16.00

Key Objectives

1. Ensure the integrity, reliability, and availability of the County's networks
2. Upgrade wireless capability for mobile devices
3. Implement ultra high speed networking between the DeLand and Daytona data centers to support continuity and recovery services for county's computer systems

Performance Measures	FY 2012-13 Actual	FY 2013-14 Estimated	FY 2014-15 Budget
1. Percentage of scheduled hours network is operational	100	100	100
3. Percentage of sites upgraded	100		
4. Percentage of projects completed	0	50	100

Highlights

The Communications Activity provides countywide data, voice, and video services for county departments, as well as non-county agencies such as Judicial Services, Clerk of Court, Public Defender, and State Attorney. Communications provides and supports the network infrastructure and cross-county circuits for the county voice and data networks, handles the billing for local, long distance, and toll-free number services, and staffs county switchboard operations. In FY2014-15 Communications will focus on a major infrastructure project to replace the aging fiber optic circuits on the Indian Lake Campus, beginning a multi-year end-of-life switch replacement project, and completion of the Alcatel telephone system E911 configuration to improve the location information sent to emergency dispatchers by calls made from county extensions. Capital outlay details can be found in the Schedule of Capital Outlay in the Appendix to this document. The FY2014-15 budget includes three (3) unfunded positions.

Number of Full Time Positions	34.00	33.00
Number of Part Time Positions	0.00	0.00
Number of Full Time Equivalent Positions	34.00	33.00

Key Objectives

1. Enhance reliability, cost effectiveness, and energy efficiency of server infrastructure
2. Reduce the number of Tier 2 calls requiring analyst visits to user desktops
3. Increase the number of Support Desk calls resolved at Tier 1
4. Enhance continuity and recovery services for county's computer systems

Performance Measures	FY 2012-13 Actual	FY 2013-14 Estimated	FY 2014-15 Budget
2. Percentage of servers migrated to or implemented in virtualized environment	62	73	78
3. Percentage of work orders resolved through telephone and email	53	54	57
4. Percentage of Support Desk calls resolved at Tier 1	68	69	69
5. Percentage of replication and failover technologies operational between DeLand and Daytona data centers	0	10	35

Highlights

The Technical Services Activity of the Information Technology Division (ITD) provides hardware and software support for over 300 physical and virtual servers housed primarily in the DeLand Information Technology data center. The Technical Services Activity also staffs an ITD Support Desk on a 24 hour a day basis and supports over 2,500 personal computers located in various departments.

In FY2014-15, Technical Services will be focused on enhancing recoverability and continuity of operations of county computer systems through implementation of replication and failover technologies between the DeLand data center and the Daytona data center. The mobile device management platform implemented and piloted in FY2013-14 will be enhanced and rolled-out to improved mobile device management and service. Capital outlay details can be found in the Schedule of Capital Outlay in the Appendix to this document.

In FY2013-14 one (1) position was transferred to the Emergency Medical Services Fund.

Number of Full Time Equivalent Positions		23.00		23.00

Key Objectives

1. Pretrial Assessment gathers comprehensive information including criminal histories of all arrestees booked into the Volusia County Jail and going to first appearance and provides this information to the Court
2. Pretrial Assessment conducts interviews with arrestees booking into the Volusia County Jail as part of a comprehensive information gathering process to provide the Court information needed for well-informed release decisions at first appearances
3. Pretrial Supervision provides multi-layered levels of community based supervision of arrestees released into the Pretrial Supervision program by the Court to assure compliance with all release conditions and arrestees appearance at scheduled court events

Performance Measures	FY 2012-13 Actual	FY 2013-14 Estimated	FY 2014-15 Budget
1. Victim Contacts by Pretrial Services	1,785	1,945	1,900
2. Number of Arrestee interviews by Pretrial Services	5,414	5,548	5,600
3. Defendants assigned to Pretrial Supervision	3,822	3,816	3,850
4. Appearance rate of Pretrial Referrals (percent)	99	98	98

Highlights

Volusia County's Pretrial Services program was accredited by the Florida Corrections Accreditation Commission in 2008 and received reaccreditation in June 2011. The program will be seeking reaccreditation in 2014. The Pretrial Services staff also excels in the area of professional development by obtaining a minimum of 40 hours of continuing education training per year. In addition, the staff maintains memberships in the Association of Pretrial Professionals of Florida. Pretrial Services continues to collaborate with the Bureau of Justice Assistance and Pretrial Justice Institute.

One (1) position will continue to be unfunded in FY2014-15.

Number of Part Time Positions		0.00		0.00
Number of Full Time Equivalent Positions		6.00		6.00

Key Objectives

1. Less serious juvenile offenders are diverted from the traditional delinquency process by disposing of cases through a program of peer accountability
2. Teen Court disposes of cased referred and provides an opportunity for youth to acknowledge responsibility for their actions, and learn alternative behaviors
3. Teen Court provides valuable experiences for youth and gives them the opportunities to act as jurors, clerks, prosecuting attorneys and defense attorneys and Teen Court educates and motivates both defendants and student participants to learn to make positive choices within their everyday activities
4. Teen Court encourages community involvement by using adult volunteers

Performance Measures	FY 2012-13 Actual	FY 2013-14 Estimated	FY 2014-15 Budget
1. Number of case referrals	619	630	700
2. Number of program completions	506	500	575
3. Number of student volunteer hours	6,283	5,250	5,750
4. Number of volunteer hours	7,047	5,900	6,500

Highlights

Teen Court is based on the premise that youthful offenders, who have admitted to guilt to an offense, will more readily accept the responsibility for their actions when judged and sentenced by peers. It uses positive peer pressure and other appropriate sanctions to show youthful offenders the consequences of breaking the law and the benefits of positive, constructive behavior.

Teen Court allows young people to get involved within their communities, engage in critical thinking and learn argument/persuasion skills that benefit them long after their Teen Court service has ended. Teen Court makes civic education a reality.

Two (2) position will continue to be unfunded in FY2014-15.

Highlights

The Citizens Dispute Program provides the public with an alternative to resolving disputes through the court system. The program provides mediation services for County civil and small claims cases as well as for "citizen disputes" (non-court cases involving neighborhood disputes in the unincorporated areas of the County and disputes between citizens and County agencies and boards). The program is provided by County Court Mediation Services, which is responsible for the intake, scheduling and monitoring of cases as well as the recruitment and training of mediators.

2. Drug Court retention rates (percent)	94	78	60
3. Drug Court graduates	50	50	50

Highlights

Two judicially led drug court programs, Adult and Family, serve Volusia County through the use of community collaborations. Reducing substance abuse, lessening the fiscal impact on society, encouraging law abiding lifestyles, breaking the cycle of addiction, restoring families and protecting children are included in our missions. Many community stakeholders collaborate in a concerted effort to better address substance abuse by all participants. Participating entities include Volusia County, Department of Children & Families, private attorneys, Community Partnership for Children, Guardian ad Litem, treatment providers, law enforcement, etc.

Number of Full Time Equivalent Positions		4.00		4.00

Key Objectives

1. The Urinalysis Lab provides accurate and timely screening results to the judiciary, court programs and community partners
2. The Urinalysis Lab provides court testimony regarding the outcome of screening results
3. The Urinalysis Lab provides the judiciary and community partners with generalized drug screening education

Performance Measures	FY 2012-13 Actual	FY 2013-14 Estimated	FY 2014-15 Budget
1. Percent of positive tests	3	3	3
2. Number of individual tests	230,261	200,000	210,000
3. Number of specimens tested	35,203	32,500	33,000

Highlights

Court Administration operates two (2) Urinalysis Laboratories that are located in Daytona Beach and DeLand, respectively. The labs perform urinalysis screenings upon order of the judges and the requests of community partners. The lab's staff strives to provide direct-observation collections to provide the greatest level of specimen integrity. The staff also routinely produces and disseminates screening results within one (1) business day of collection. The lab staff provides testimony to the court as needed.

Highlights

The Information Technology Division is responsible for network maintenance, server maintenance and for providing support to the judiciary and court programs in Volusia County. In addition, it is responsible for providing an information technology system that meets any new requirements mandated by the State of Florida Supreme Court, by statute or by other government entities.

There are on-going capital requirements with the implementation of the Disaster Recovery Mandate.

4. Number of internet and computer use sessions	727,729	742,284	757,130

Highlights

The Library Division is responsible for providing public library service for every resident in the County and for maintaining facilities at acceptable standards. The countywide Library Fund was established to account for revenues and expenditures relating to the operation of a public library system, including six (6) regional libraries, seven (7) community branch libraries, and one (1) support/training facility. The budget represents continuing the capital improvement program as outlined in Section I, Summary of Capital Improvements by Fund, continuing to provide relevant on-site and on-line collections of popular materials, while moving more services from a nine-to-five to 24/7. The popularity of the library system continues to grow with resulting library public service indicators exceeding ten and a half million transactions (10,665,959) during FY12-13. The Division expects to capture \$1,550,921 in offsetting revenue: fines, earned interest, donations, Friends of the Library contributions, Federal e-rate refund, and State aid to public libraries.

The FY2014-15 includes 14 full-time and 5 part-time unfunded positions.

Number of Part Time Positions		0.00		0.00
Number of Full Time Equivalent Positions		1.00		1.00

Key Objectives

1. Pursuant to Chapter 194.011, Florida Statutes A taxpayer who objects to the assessment placed on their property, including the assessment of homestead property at less than just value under s. 193.155(8) may file a petition with the value adjustment board

2. Pursuant to Chapter 194.034 the Value Adjustment Board (VAB) must follow statutory procedures governing the board regarding Administrative and Judicial Review of Property Taxes

Performance Measures	FY 2012-13 Actual	FY 2013-14 Estimated	FY 2014-15 Budget
1. VAB Petitions	735	882	1,058
2. VAB Hearings	190	228	274

Highlights

Pursuant to statutory guidelines each property owner receives a Notice of Proposed Property Taxes from the Property Appraiser annually demonstrating the following information: prior year's taxes, current year's taxes, with and without budget changes, as well as, the market and assessed values for the previous and current year. Pursuant to Chapter 194.011 if the property owner feels this notice does not properly reflect fair market value, a petition may be filed with the Value Adjustment Board (VAB) with certain exceptions; a non-refundable \$15.00 filing fee per parcel is statutorily required at the time of petition filing.

The board clerk prepares a schedule of appearances before special magistrates; a notice of hearing will be provided to each petitioner at least 25 calendar days in advance for those petitions not settled or withdrawn. Once a hearing has concluded the magistrate makes a recommendation to the VAB which will render a final decision of such recommendations. A petitioner may file a claim with the circuit court if they disagree with the final decision of the VAB within 15 days (for exemptions) and 60 days (for valuation) from the date of recusal (Section 196.151 and Section 194.171 F.S.).

The FY2014-15 budget includes one board clerk position and the cost of mailing TRIM Notices.

Key Objectives

1. Enable timely sharing of detailed death information with end-users (families, law enforcement agencies, hospitals, insurance companies, media, etc) regarding the cause and manner of death
2. Enable timely progress of the criminal justice system
3. Maintain autopsy performance workload in accordance with State and National medicolegal death investigation guidelines and standards

Performance Measures	FY 2012-13 Actual	FY 2013-14 Estimated	FY 2014-15 Budget
1. Percentage of medical examiner autopsy reports completed in 90 days or less	95	94	92
2. Percentage of homicide reports completed in 60 days or less	70	67	68
3. Number of autopsies performed by Chief Medical Examiner and two Associate Medical Examiners	603	650	650

Highlights

The Administration Activity provides forensic pathologist services, management, accounting and clerical support for the Division by preparing, organizing and maintaining all records, reports, photographs and legal documents which comprise the official case file. This Activity also provides community/educational outreach with organizations, institutions, schools, various task forces and medical facilities. The "Medical Examiner Law", Florida Statute Chapter 406.11, specifies the duty of the Medical Examiner which is to investigate and determine the cause of death in certain circumstances. The Volusia County Medical Examiner Office (FL District 7) also investigates deaths in Seminole County (FL District 24) via contractual agreement. While our level of service is consistent, the annual caseload is a function of population, visitors, economic climate and social pressures and is subject to unexpected fluctuations. This Activity also prepares and submits the mandated "Annual Workload Report" to the Medical Examiner Commission/FDLE and the "Drugs In Deceased Persons Annual Report". The medical examiner office is due for re-accreditation by the National Association of Medical Examiners in the Spring of 2015. The FY2014-15 budget includes one unfunded Office Assistant III position.

Number of Full Time Positions	5.00	5.00
Number of Part Time Positions	0.00	0.00
Number of Full Time Equivalent Positions	5.00	5.00

Key Objectives

1. Investigate and determine Medical Examiner jurisdiction for deaths that occur in Volusia and Seminole Counties in accordance with Florida Statute 406.11
2. Provide approval to cremate the remains of persons who die in Volusia and Seminole counties after review of death certification and conduct additional investigations as needed

Performance Measures	FY 2012-13 Actual	FY 2013-14 Estimated	FY 2014-15 Budget
1. Percentage of deaths accepted as medical examiner cases	63	60	60
2. Additional deaths investigated for cremation approval	6,041	6,572	7,050

Highlights

The Forensic Investigators, under the direction of the Medical Examiner, determine jurisdictional status in accordance with Florida statute and assist law enforcement to identify the deceased. The investigators receive about 1,600 death report calls per year and those accepted undergo further investigation and examination in order to determine the cause of death. The office reviews the cause of death and conducts further investigation, as needed, in thousands more deaths in order to approve destructive disposition (cremation, donation, burial at sea) of the remains. This investigative function requires that investigators be available, in the office or on call every day, twenty four hours a day. Investigators also coordinate approvals for organ donation and postmortem tissue recovery in medical examiner cases, with procurement organizations and the Division's Forensic Technicians. There continues to be a substantial increase in the number of additional deaths investigated for cremation approval each year, while the percentage of reported deaths accepted for further investigation and examination is steady.

General	\$517,366	\$559,459	\$536,677	\$577,076

Number of Full Time Positions	4.00	4.00
Number of Part Time Positions	0.00	0.00
Number of Full Time Equivalent Positions	4.00	4.00

Key Objectives

1. Perform autopsy and external examinations as deemed necessary in order to determine the cause of death
2. Utilize specialized testing to identify substances causing or contributing to death

Performance Measures	FY 2012-13 Actual	FY 2013-14 Estimated	FY 2014-15 Budget
1. Number of dead bodies received and examined	962	1,000	1,000
2. Percentage of autopsy cases in which toxicology testing was completed	99	99	99

Highlights

The Morgue Operations Activity supports the postmortem procedures and ensures the proper storage and release of human remains. Bodies are stored in a refrigerated environment until the examinations are completed and the body is claimed and removed for final disposition. The refrigerated body storage unit has a listed capacity of 20 bodies. Forensic Technicians prepare the bodies for postmortem examination and assist the medical examiners with the examinations. They perform or assist with special procedures utilized to make identifications, and oversee tissue procurement personnel while on-premises. Specimens/evidence obtained during postmortem examinations are submitted to outside laboratories for analysis and/or other preparation utilizing chain-of-custody procedures. A limited number of tests are performed in-house.

The FY2014-15 budget includes the replacement of multi-level and bariatric autopsy carts and a mortuary lift.

Key Objectives

1. Maintain a records system of pre and post spray treatment from mosquito surveillance data to measure reduction in adult mosquitoes (Local)
2. Maintain Mosquito Control Division equipment at a level to guarantee availability for adequate surveillance and control response
3. Utilize biorational formulations and biological organisms to control immature mosquitoes (State)

Performance Measures	FY 2012-13 Actual	FY 2013-14 Estimated	FY 2014-15 Budget
1. Percentage of operations showing adult mosquito reduction of 75% or greater following adulticiding	85	90	90
2. Percentage of days one helicopter is available for work	100	100	100
3. Number of immature mosquito sites with newly stocked minnows	44	100	100

Mosquito Control

Department: Public Works

Highlights

LOCAL (0003) - Volusia County Mosquito Control (VCMC) is responsible for nuisance and disease mosquito surveillance and control in Volusia County. VCMC must reduce the mosquito production sites and control immature mosquitoes before they develop into adult mosquitoes. Funding for VCMC is provided primarily through the Special Taxing District. VCMC has incorporated several bio-rational control agents into our integrated management program, is performing marsh restoration on Federal lands (Canaveral National Seashore), initiated a fish rearing facility to enhance biological control, actively engages in resistance management and has initiated a Domestic Inspection Program.

STATE (0001) - To provide an integrated pest management program to control mosquitoes and other arthropods of public health importance based upon a surveillance system for both pest and potentially disease important species that: meets acceptable outdoor comfort needs of the public; ensures protection of environmental concerns; utilizes a rigorous pesticide safety program for employees and the public; follows all state and federal laws, regulations and standards. It is anticipated that equipment rental charges to other entities including west side cities will continue in FY2014-15. State funding provided by the legislature and approved by the governor is not expected to continue this year as funding will only be available to smaller Districts.

For FY2014-15 VCMC request includes the replacement of vehicles and one helicopter to ensure safe, efficient and regulatory compliant operations. VCMC requests continued funding of Special Workers and Interns which provide seasonal support for major surveillance and control initiatives.

For FY2014-15 five (5) positions will remain unfunded.

Highlights

General Fund Non-Departmental expenditures include reserves, payments to other entities and transfers to other funds for debt service and other purposes. Transfers increase \$1.2 M due to increased funding for Economic Development incentives, 800MHz system and radio replacement, and debt service.

Emergency Reserves maintain 10% of current revenues as stated by County Council policy. Equipment replacement reserves are for EMS (EVAC) equipment replacements.

Highlights

Municipal Service District Non-Departmental expenditures include administrative charges for tax collection and property appraisal, mosquito control spraying in unincorporated areas, reserves, and transfers. Transfer to the Transportation Trust Fund (Fund 103) increased \$850K for road repairs and safety-related maintenance.

Emergency Reserves are 5.3% of current revenues as stated by County Council policy. Reserves for revenue stabilization increased \$614K to offset volatility in various revenue streams such as development fees, utilities tax, and communications services tax and to provide for unexpected expenditures. Future capital reserves are established in FY2014-15 for planned equipment and vehicle replacements in the Sheriff's Office and Animal Control.

Highlights

Resort Tax Fund expenditures include payments for 2% administrative charges authorized for collection of the Tourist Development (Resort) Tax. Pursuant to 125.0104(3)(c) F.S., the first two cents of the tourist development tax provides funding for the 2004 and 2014 Tourist Development Refunding Bonds as facilitated by interfund transfer of \$2,890,762 and \$1,630,938, respectively. The additional one cent resort tax, authorized per 125.0104(3)(l) F.S., provides for the FY2014-15 \$4M transfer to the Ocean Center.

Highlights

The Local Government Half Cent Sales Tax is distributed to the General Fund (76%) and Municipal Service District (24%). The General Fund distribution is allocated for debt service and Ocean Center. Distribution to the Ocean Center is reduced in FY2014-15 due to offsetting debt obligation for the 2004 and 2014 Tourist Development Revenue Refunding Bonds. The Municipal Service District distribution will provide funds for operations.

Highlights

The Silver Sands/Bethune Beach Municipal Service District (MSD) was established by Volusia County Ordinances 77-30 and 79-18. Municipal services provided within the district are determined by the Volusia County Council and funded through the levy of a millage as authorized by the constitution and statutory law. The FY2014-15 proposed millage is 0.0150 mills.

Highlights

Special Lighting Districts are established under the authority provided in Article II, Sec. 110-31 County Code; and have been created to account for street lighting utility expenditures in 55 street lighting districts (SLD) in both unincorporated and incorporated Volusia County. Revenue for this fund is generated through the levy of non-ad valorem assessment for each parcel within each specific district and is calculated based on the estimated cost of providing street lighting within that district. The FY2014-15 budget is predicated on assessment rates ranging from \$0.11/front feet to \$220/parcel per year.

Highlights

The Coordinated Marketing Activity was established in FY2013-14 for a coordinated marketing effort between the Ocean Center and the Halifax Advertising Authority. The Ad Authority contributed \$400,000 toward the effort, and has committed to continued funding of the program. The Ocean Center provided two staff members to implement a program to promote the Daytona Beach area as a tourism and convention destination.

1. Box Office Gross Sales	440,756	450,000	463,500

Highlights

The Ocean Center Finance/Box Office coordinates all event ticket sales activity and provides accurate and timely reporting to accounting personnel as part of the promoter settlement process. In addition, this area also serves as the central collection point for bank deposits made to the County's depository bank for both the Ocean Center and the Parking Garage. It also serves as a business center, providing and selling supplies and business services to clients visiting the Ocean Center for events and conferences. This business center can also provide UPS pickup service, exhibitor parking passes, and take applications for exhibitor utility and internet services.

An unfunded accounting clerk was transferred to Operations and funded in FY2014-15.

Highlights

The Office of the Chief Financial Officer heads the Financial and Administrative Services Department. Divisions in the department provide administrative and operational support services to both internal and external customers. The divisions are: Accounting, Central Services, Information Technology, Management and Budget, Personnel, Purchasing, and Revenue. Activities managed by the division include: accounting, tax collection, county cashier, treasury, billing, collection, financial planning, countywide capital improvement program, data warehousing and distribution, communications and 800 MHz radios, budget, grants, Value Adjustment Board, employee benefit administration, risk management, purchase of goods and services, and contract management. Additional departmental responsibilities include maintenance, repair and renovation of county facilities, along with maintenance and replacement of county vehicles.

The FY2014-15 budget includes two unfunded positions.

2. Number of staff inspections by professional standards	30	20	25	
3. Number of prisoners handled/transported	37,972	40,494	49,494	
Highlights	The Administrative Division includes the Office of the Sheriff, Office of the Chief Deputy, Administrative Services, Professional Standards, Internal Affairs, Special Projects, and Public Information. Judicial Services are responsible for security in circuit and county courts, transporting and guarding prisoners to and from courts, and the extradition of prisoners to Volusia County. The civil unit is responsible for the service of subpoenas, writs, and other official court papers. Capital purchases include the replacement of a prisoner transport bus. Transfers to debt service represent payments for vehicles purchased in prior years. Reserves are set-aside for the purchase of investigative equipment. Law Enforcement Trust Fund revenues are primarily generated from locally confiscated drug money, whereas Federal Forfeiture Sharing Justice Trust revenues (Department of Justice and Department of Treasury) are awarded for work performed with the cooperation of federal agencies such as the Drug Enforcement Agency, U.S. Department of Customs, and the U.S. Coast Guard. During FY2013-14, one position was moved to the E-911 fund. The FY2014-15 budget includes one unfunded position.

Number of Part Time Positions		11.00		11.00
Number of Full Time Equivalent Positions		162.98		161.98

Key Objectives

1. Provide uninterrupted 24-hour, 7-day a week emergency communication services in support of the Sheriff's Office, Beach Services, EVAC, Fire Services, and VOTRAN
2. Receive and process all calls for services in a timely and professional manner
3. Receive and dispatch E-911 calls in an efficient manner and ensure that the E-911 database is updated in a correct and timely manner

Performance Measures	FY 2012-13 Actual	FY 2013-14 Estimated	FY 2014-15 Budget
1. Number of calls for service processed	1,158,998	1,200,000	1,320,000
2. Number of audio requests received/processed	9,078	7,200	10,000
3. Number of 911 calls	315,421	346,963	381,659

Highlights

The primary responsibility of the Communications Section is to provide emergency dispatch services to all public safety (law enforcement, fire and EVAC) in Volusia County. Telecommunicators handle incoming calls for service, receive and dispatch radio transmissions and teletypes 24/7. The system is funded through a .41 cent per month telephone line service charge collected on monthly phone bills and a .50-cent per month charge on cellular phones. The Communication section moved into the new, state-of-the-art Sheriff's Office Communications Center/Emergency Operations Center on May 13, 2013. E-911 reserves are set-aside for future replacement of servers and consoles as well as the phone system upgrade. Transfers provide funding for GIS support and E-911 services. During FY2013-14 two positions were moved to Law Enforcement Services for Investigations and one position was moved from Judicial Services. The FY2014-15 budget includes one unfunded and 7 attrition positions.

Highlights

The Sheriff's Office Equipment Replacement Program includes both vehicle and computer/technology equipment replacement. All vehicles purchased by the Sheriff's Office are financed over three years at current interest rates. Transfers to Debt Service represent the principal and interest expenses associated with the purchase of budgeted vehicles and those financed in previous years.

Computers, hardware, and network equipment are centrally purchased and expensed in this activity. In order to ensure the efficiency and performance of Sheriff's Office personnel, the Information Systems unit manages 500+ personal computers and 200+ Mobile Data Computers (MDC.)

2. Number of index crimes per 100,000 residents annually		2,396	2,600	2,500
Highlights				
Law Enforcement Services (LES) within the Law Enforcement Services Division is responsible for all functions associated with uniform patrol and criminal investigations. Calls for service range from emergencies, crimes in progress and major case investigations, to routine complaint taking and traffic stops. In addition to manning five district substations and the central Operations Center, LES is responsible for patrol/investigative services for the contracted cities of Deltona, DeBary, Oak Hill and the Town of Pierson. The LES division also incorporates the Community Services, Technical Services (Fingerprints), Special Services, and Investigative Services units. During FY2013-14 two positions from communications and one position from Special Services were transferred into Law Enforcement Services for Investigations.

Number of Part Time Positions		113.00		113.00
Number of Full Time Equivalent Positions		119.70		118.70

Key Objectives

1. Provide efficient medical transport for accident victims
2. Reduce boating accidents through enforcement of boating safety laws
3. Increase the number of students participating in the DARE Program in Volusia County schools
4. Maintain and expand volunteer participation in the Citizen Observer , Chaplain, Citizen Volunteer and Victims Advocate Programs

Highlights

Under the direction of the Law Enforcement Services Division, the Special Services section encompasses a number of specialized law enforcement units that operate through Volusia County. Among the units under Special Services are the Aviation Unit, Marine Unit, Range Unit, Prisoner Transport/Reserve Deputy Unit, Traffic Unit, Bomb Disposal Unit, Honor Guard, Breath Alcohol Testing (BAT) Unit, Dive Unit, and K-9 Unit. Following the events of September 11, 2001, the Sheriff's Office accepted responsibility for law enforcement services at the Daytona Beach International Airport (DBIA).

Community Services encompasses a number of important programs including: School Crossing Guards, School Resource Deputy Program, Police Athletic League (PAL), Chaplain Program, Victim Advocates Program, Citizens Observe Program (COP), and the Citizen Volunteer Auxiliary Program (CVAP). Most Community Service programs operate under the direct supervision of the district commanders and are fully integrated into all the local communities.

During FY2013-14 one position was moved to Law Enforcement Services and two attrition positions are included in this budget.

2. Number of evidence items handled	27,036	29,740	32,714
3. Number of training classes conducted	314	330	346

Highlights

The Support Services Division oversees the management of the Evidence Unit, Information Systems Unit, Communications/E911 Section, Fleet Management, Training and Facility Management; funding for SWAT is also included in this account.

The Training Section focuses exclusively on the skill development and training of law enforcement personnel with particular emphasis on courses in law, firearm use and safety, emergency vehicle operation and self-defense tactics. New deputies are required to complete twenty-five weeks of intensive classroom and field training to ensure job proficiency prior to permanent assignment.

2. Coordinate and conduct Cultural Council meetings

Performance Measures	FY 2012-13 Actual	FY 2013-14 Estimated	FY 2014-15 Budget
1. Number of Historic Preservation Board meetings conducted	6	6	6
2. Number of Cultural Council meetings conducted	7	7	7

Highlights

The Cultural and Historic Preservation programs activity serves as the liaison to the Cultural Council of Volusia County, Historic Preservation Board and the ECHO Advisory Committee Board. The Historic Preservation Board is a quasi judicial board that regulates the County Historic Preservation Ordinance. The Cultural Council of Volusia County reviews and recommends to County Council the Community Cultural Grant funding and other cultural arts policies.

The FY2014-15 budget reflects a change in the number of positions due to a reorganization. The Division aligned resources to reflect current management structure. Two full-time positions transferred in from Operations & Maintenance and three full-time and six part-time positions transferred out to Environmental & Outdoor Programs.

Volusia ECHO	\$5,584,024	\$12,771,666	\$5,182,043	\$16,302,840

Highlights

The ECHO program is a competitive grant program that provides match funding to non-profits, municipalities of Volusia County and county departments to finance acquisition, restoration, renovation, construction and improvement of Environmental, Cultural, Historic/Heritage and Outdoor Recreation facilities for public use. Since the inception of the program over \$63 million dollars have been awarded throughout Volusia County. The program contributes \$1,000,000 annually to the county wide trail network.

Parks Recreation and Culture

Parks - Cultural Arts

Department: Community Services

Key Objectives

1. Provide match funding for Local Arts Grant from Department of State
2. Increase exposure of Community Cultural Grants to organizations

Performance Measures	FY 2012-13 Actual	FY 2013-14 Estimated	FY 2014-15 Budget
1. Number of local arts agencies	29	29	29
2. Number of organizations funded	29	29	29

Highlights

Pursuant to the Volusia County Comprehensive Plan the County Council has set aside funding from the General Fund annually to support the cultural and historical programs within Volusia County. The Cultural Council reviews the grant requests from the cultural and historical organizations and recommends distribution of funding to the County Council.

Number of Full Time Positions	3.00	14.00
Number of Part Time Positions	180.00	190.00
Number of Full Time Equivalent Positions	30.00	43.52

Key Objectives

1. Work with user groups to coordinate activities (i.e. ball field use, special events, programs, etc.)
2. Increase the number of cost neutral programs
3. Create better awareness of programs and activities; integrate ECHO programs into summer recreation programs

Performance Measures	FY 2012-13 Actual	FY 2013-14 Estimated	FY 2014-15 Budget
1. Number of coordinated activities	12	12	12
2. Number of program participants	28,000	28,500	28,520
3. Number of integrated ECHO programs in recreation	10	10	13

Highlights

Environmental and Outdoor programs provide leisure and recreation activities for the residents of Volusia County. Ongoing recreational programs have been developed to meet the needs of the community. Staff continues to work with the Volusia County School Board to offer programs during the student holidays throughout the school year. The Parks, Recreation and Culture Division will continue to evaluate the Summer Recreation Program to address the growth and changing needs of the community. This activity also manages the outdoor active ball field complexes.

The FY2014-15 budget reflects a change in the number of positions due to a reorganization. The Division aligned resources to reflect current management structure. Eight full-time and one part-time position transferred in from Operations & Maintenance plus three full-time and six part-time positions transferred in from Cultural & Historic Programs.

Highlights

Fund 135 Countywide: No projects planned. Park impact fees are collected in unincorporated areas and by quadrant (zone) for development of growth related district and local park facilities. Through time, sufficient funds are accumulated for initial park development. Revenue generated by quadrants is used for park improvements within respective areas.

Fund 136 Zone 1 NE: No projects planned. Parks include: Bicentennial, Frank Rendon Park, Lighthouse Point Park, Tom Renick Park, Sun Splash, Winterhaven, Robert Strickland Park, Highbridge Park, Tomoka Boat Ramp, Briggs Drive Fishing Dock, Riv-Ocean Drive Fishing Dock, Roberta Drive Fishing Dock, San Jose Fishing Dock, Sea Bridge Riverfront, Spruce Creek Park, Ormond Tomb Park, Dunlawton Sugar Mill Gardens, Wilbur Boathouse, Strickland Shooting Range.

Fund 137 Zone 2 SE: No projects planned. Parks include: Mary McLeod Bethune Beach, Smyrna Dunes, Hiles Boat Ramp, River Breeze, Sunrise Park, New Smyrna Sugar Mills Ruins.

Fund 138 Zone 3 SW: No projects planned. Parks include: Pfc. Emory L. Bennett Veterans Memorial Park, Highbanks Boat Ramp, Pooser Park, Lake Ashby Boat Ramp, Lake Monroe Park, Lemon Bluff Boat Ramp, Mariner's Cove Park, Spring Hill Park, Beck Ranch, Gemini Springs, Green Springs, Lake Ashby Park, Lake Beresford Park, Colby-Alderman Park, Lyonia Preserve and Lyonia Environmental Center, DeBary Hall.

Fund 139 Zone 4 NW: No projects planned. Parks include: Seville Village, Lake George Fishing Pier, Chuck Lennon Park, Candace R. Strawn Lake Dias Park, Hester Park, Ed Stone Park, Barkley Square Dog Park, Cypress Lake Park, Blue Lake Boat Ramp, Sylvester B. Bruten Park.

1. Number of park attendees	550,000	555,000	565,000
2. Average number of response days	2	2	2
3. Number of green initiatives implemented	5	4	4

Highlights

The Operations and Maintenance Activity is responsible for maintaining all Volusia County operated parks and trails, including but not limited to, restroom cleaning, mowing, trash removal, tree trimming, facilities repairs, painting, amenities repairs and maintenance, etc.

The Beck Ranch opened in June of 2014. An additional 5.9 miles of trails have been added to Volusia County's Trail System.

The FY2014-15 budget reflects a change in the number of positions due to a reorganization. The Division aligned maintenance resources to reflect current management structure. Eight full-time and one part-time positions transferred out to Environmental & Outdoor Programs. Two full-time positions transferred out to Cultural & Historic Programs. The FY2014-15 budget includes four unfunded positions.

3. Number of training course attendees	2,493	2,500	2,650
4. Number of employee orientation attendees	325	500	500

Highlights

The Personnel Division has a dual role: providing Departments with the resources to build a competent and diverse workplace through recruitment, selection and training; and ensuring that employees enjoy the rights and privileges guaranteed by the County Merit System Rules and Regulations in addition to Federal and State legislation. Personnel continues to pursue an ambitious schedule including supervisory, diversity and customer service training.

The Personnel Division has implemented modifications to become more efficient due to the constant changes in the State and Federal laws and regulations.

The FY2014-15 budget includes one position that was transferred in from County Manager.

1. Number of comprehensive plan amendments	9	12	12	
2. Number of city/agency applications reviewed	163	150	150	
3. Number of planning program objectives initiated	9	12	10	
Highlights				
For FY2014-15, the Comprehensive Planning activity is focused on refining the comprehensive plan to improve efficiency and function and to remove hurdles to smart growth techniques. This activity will also focus on the implementation of the Smart Growth Policy Review Committee recommendations, which may include a number of administrative comprehensive plan and zoning code text amendments.				
There is a decrease in salaries due to unfunding a Planner III position. Operating expenses increased due to an increase for a contracted employee.				
There are two (2) part-time positions and one (1) full-time position currently unfunded.

Reimbursements	0	0	0	0
Total Operating Expenditures	\$396,121	\$424,078	\$413,925	\$421,620
Expenditures by Fund				
Municipal Service District	\$396,121	\$424,078	\$413,925	\$421,620
Number of Full Time Positions		4.00		4.00
Number of Part Time Positions		0.00		0.00
Number of Full Time Equivalent Positions		4.00		4.00

Key Objectives

1. Process rezoning, variance, special exception, appeal and ordinance amendment requests, prepare staff analysis and recommendations for the Planning and Land Development Regulations Commission (PLDRC), forward commission actions to the County Council
2. Determine zoning compliance for all PDS applications and customer inquiries
3. Manage zoning code text amendments that may be necessary to remove hurdles to smart growth implementation

Performance Measures	FY 2012-13 Actual	FY 2013-14 Estimated	FY 2014-15 Budget
1. Number of zoning applications scheduled for PLDRC	74	56	65
2. Number of zoning code determinations and commercial building and sign permit reviews	512	368	440
3. Number of zoning code text amendments	2	4	3

Highlights

The Current Planning activity remains focused on streamlining the application review process to increase efficiency and quality of staff analyses and presentations to council. Zoning code text amendments are necessary for the enhanced clarity of development standards and applicability review.

Highlights

The Procurement Division is responsible for the disposal of surplus County equipment and fixed assets in accordance with Florida Statutes and the Volusia County Code. This service is contracted with a private vendor to provide the most efficient and cost effective means of disposal and to gain the greatest return for the items auctioned. Cost for the contract and associated storage and auction expenses are offset by proceeds from the auctions.

Number of Full Time Equivalent Positions		16.00		16.00

Key Objectives

1. Create a competitive environment for the timely purchase of quality materials, supplies, equipment, professional services, construction and contractual services for Volusia County
2. Implement, maintain, and improve E-Commerce/Automated Solutions that add value to the procurement and surplus property disposition services for County Departments
3. Complete the upgrade of the Purchasing portion of the AMS Financial system as a cohesive segment of the overall upgrade
4. Community Outreach to the Purchasing process with the integration of Small Business Chamber events to the existing quarterly vendor How to do Business with the County training

Performance Measures	FY 2012-13 Actual	FY 2013-14 Estimated	FY 2014-15 Budget
1. Number of formal and informal solicitations	186	180	185
2. Number of master agreements	840	840	850
3. Number of training hours conducted	160	164	165
4. Number of vendor training programs and outreach events	8	9	9

Highlights

The Procurement Division continues to work closely with County Departments and the business community to ensure that County business is conducted as efficiently and effectively as possible, and that maximum value is received from tax payer dollars spent on the purchase of commodities, services and construction.

The FY2014-15 budget includes one unfunded position.

Highlights

The Property Appraiser is responsible for the annual valuation of all real estate and tangible personal property in Volusia County. In addition to review of sales, deeds, and related documents, staff must review building permits from several municipalities and the County. The Department also conducts damage assessment after natural disasters needed to received disaster relief declaration and funding; investigates fraudulent homestead applications; and maintains a web site used extensively by real estate professionals and citizens to access property data, including legal descriptions and maps. Pursuant to Florida Statute 192.091, the Property Appraiser charges commission fees for services rendered to taxing authorities, excluding the School Board and municipalities. There are eight (8) unfunded positions for FY2014-15.

Key Objectives

1. Manage Public Protection's operating budget through a department wide strategy that focuses on efficiencies while matching effective service delivery with appropriated revenues

Highlights

This department continues to mitigate the effects of those events from accident, illness, loss of property or life through effective planning (Emergency Management), appropriate preventative actions (Animal Control, Beach Safety and Fire Prevention), as well as provide prompt and efficient response to emergencies (Beach Safety, Emergency Medical Services and Fire Services).

Additionally, the Department continues to meet statutory responsibilities as required for Corrections and Medical Examiner. The Medical Examiner's Office will continue in the FY2014-15 budget year to serve both the Volusia and Seminole County Districts. During FY2013-14 a support staff position was moved to Public Protection Administration to assist with contract oversight, special projects, and day to day business of Public Protection's eight Divisions.

Highlights

In 2010, the Florida Legislature passed legislation creating Sun Rail for Central Florida. The system links Volusia County with Seminole and Orange Counties, and will extend to Osceola County when completely finished. Service from the DeBary Station to Seminole and Orange Counties began on May 1, 2014. Phase II of Sun Rail is scheduled to be completed in 2015 and will extend service from DeLand to Poinciana in Osceola County. The FY2014-15 budget is debt service on the State Infrastructure Bank (SIB) loan in the amount of \$1.2 million for Phase I plus \$480,000 for debt service on the anticipated SIB loan for Phase II. See Public Transportation Debt Service Fund (295) in the Debt Service section of this document.

Highlights

Votran's capital projects require no local funding. All funding for capital projects is provided by federal grants and the match for these grants is covered by State Toll Revenues. At the time that the grant is awarded, funding is appropriated. Various projects such as bus purchases, both fixed and para transit, passenger amenities, facility renovation, computers, various maintenance tools and equipment, planning studies. Part of the FY2014-15 Federal Grant Revenue will be used to purchase such items.

3. Number of passengers	3,734,117	3,771,400	3,827,470

Highlights

The Volusia County Council Created Volusia County's public transportation system, called Votran, in 1975 which provides transportation to all urban areas of the county with a fleet of 52 revenue-producing fixed route buses, and 41 para transit vehicles. The budget is funded through passenger fare revenues, general fund, Federal Transit Administration and Florida Department of Transportation funds. The council-approved fare change was instituted on February 16, 2014, and contributes to the projected increase in revenues.

Volusia Transportation Authority	\$5,704,267	\$5,911,478	\$5,536,839	\$5,627,367

Key Objectives

1. Maintain on-time performance at 90%
2. Respond to complaints promptly

Performance Measures	FY 2012-13 Actual	FY 2013-14 Estimated	FY 2014-15 Budget
1. Percent of on-time performance	89	88	90
2. Number of complaints	61	78	80

Highlights

Votran offers its gold service to clients who, because of physical or mental disability or age, are unable to transport themselves and cannot use fixed-route bus service. Assisting devices such as wheelchair lifts and lower step for boarding access meet the requirements of the Americans with Disability Act. Votran drivers are given special training in personal assistance. Service is available throughout Volusia County for those who meet eligibility requirements.

Key Objectives

1. Implement operational efficiencies identified as a result of a department organization evaluation
2. Promote fiscal accountability
3. Expand utilization of asset management technology to improve operations and cost efficiency
4. Identify new revenue sources to fund increased road construction and maintenance costs related to the countywide transportation network

Highlights

The goal of Public Works Administration is to ensure and enhance the basic quality of life, general welfare and growth of Volusia County, and to manage the operations of six Divisions, 373 employees, and a budget over \$159 million. Operational Divisions and their primary responsibilities include: Engineering and Construction - new roads, bike trails, sidewalks, and vertical construction; Road and Bridge - maintenance of roadways and bridges; Traffic Engineering - traffic control and system maintenance throughout the County; Mosquito Control - manages an integrated pest control program designed to control weeds, mosquitoes, and other biting insect populations through maintenance of canals/ditches and insecticide spraying while considering public and environmental concerns; Solid Waste - collection and proper disposal of solid waste materials; Stormwater Utilities - manages the County's stormwater systems; and Water Resources and Utilities - provides water, reuse water, and waste water services to residents of the County.

Highlights

The Revenue Division director serves as the county tax collector and manages the administration and collection of property taxes, tangible personal property taxes, centrally assessed taxes, business tax receipts and tourist development tax. As an agent for the Florida Department of Highway Safety and Motor Vehicles, the division is responsible for issuing titles and registrations for automobiles, trucks, mobile homes and vessels, and serving as an agent for the Florida Fish and Wildlife Conservation Commission, issues hunting and fishing licenses.

Additionally, the division serves as the county's cashier and processes payments for a variety of county services, such as, building permits, water bills, Votran passes, dog tags, hauling permits, false alarm fees, domestic partnerships, special assessments, Value Adjustment Board fees, beach citations, and confiscated funds.

The FY2014-15 budget includes thirteen full-time and two part-time unfunded positions. Two positions were transferred to other departments: one to Central Services and one to EVAC accounting.

Number of Full Time Positions	128.00	127.00
Number of Part Time Positions	9.00	11.00
Number of Full Time Equivalent Positions	130.60	130.60

Key Objectives

1. Ensure the highest possible level of service with existing resources through effective organization and management of all work performed
2. Maintain approximately 1000 miles of paved roads and 100 miles of dirt roads and associated right of way

Performance Measures	FY 2012-13 Actual	FY 2013-14 Estimated	FY 2014-15 Budget
1. Miles of right-of-way trees trimmed	110	110	110
2. Number of acres mowed	11,813	12,000	12,000
3. Square feet of sidewalk repaired	46,783	40,000	40,000
4. Tons of asphalt repairs	1,296	1,358	1,400

Highlights

Road and Bridge Operations is responsible for the maintenance of approximately 1,000 miles of paved roads and approximately 100 miles of dirt roads. This includes the associated right of way mowing, tree removal and trimming, signs, striping and medians, curbing and sidewalk maintenance. Budget cuts over the past several years have required a reduction in the levels of service to the residents of Volusia County in the mowing and grading frequencies.

During FY2013-14 a full-time Bridgetender position was eliminated and two part-time Bridgetender positions established, bringing the total number of full-time and part-time positions to 128 and 11, respectively. The bridgetenders are being reduced in anticipation of the replacement of the Orange Ave. bascule bridge with a high rise bridge.

For FY2014-15 seventeen (17) positions will remain unfunded.

Number of Full Time Equivalent Positions	3.00	3.00

Key Objectives

1. Provide efficient collection services for unincorporated Volusia County
2. Promote proper waste management, waste reduction and recycling through public education programs to exceed the state recycling goal
3. Administer collection services to protect the health and well-being of the community
4. Provide continuing education for proper waste reduction, recycling and disposal

Performance Measures	FY 2012-13 Actual	FY 2013-14 Estimated	FY 2014-15 Budget
1. Number of unincorporated residential units per year	44,973	44,956	45,023
2. Tons of residential waste collected for recycling	4,692	4,914	4,950
3. Percent of complaints resolved in 24 hours	99	99	99
4. Number of residential education contacts	31,968	32,000	32,100

Highlights

The core function of Waste Collection Operations is to provide safe, efficient and cost effective refuse collection services through contracted services; that includes curbside refuse, recycling, yard waste and bulk item pick-up. The annual non-ad valorem special assessment to residents of the unincorporated areas of the county is \$190.

1. Tons of solid waste processed per year	476,256	452,046	450,000
2. Tons of transported waste per year	147,804	134,920	134,000
3. Percent recycled materials per year	43	43	50
4. Years of available permitted capacity	5	4	3

Solid Waste

Department: Public Works

Highlights

The core function of the Solid Waste Division is to provide safe, efficient and affordable transfer and disposal of municipal solid waste while evaluating new technology and moving towards a sustainable future. The FY2014-15 budget provides for safe transfer of refuse from the West Volusia Transfer Station to Tomoka Farms Road Landfill; operation of our municipal solid waste facility, Tomoka Farms Road Landfill, in an efficient manner while complying with federal, state and local regulations; and facilitates management of public-private partnership contracts and leases. Programs include yard waste reduction and household hazardous waste drop-off facilities.

The FY2014-15 budget proposes construction projects for Tomoka Farms Road Landfill including construction of 11 acres of the permitted North cell phase 2 expansion and engineering design for the new Southeast cell area identified in the Solid Waste ten-year master plan.

During the FY2013-14, one position was transferred to the Water Resources and Utilities Division to provide the treatment, process control and regulatory reporting responsibilities for the two Solid Waste treatment facilities, reducing authorized full time positions to 66.

For FY2014-15 three (3) positions will remain unfunded.

Highlights

Community Legal Services of Mid-Florida (CLSMF) operates a Legal Advice/Intake Helpline that provides centralized intake, legal advice, brief services, and referrals and allows expert CLSMF attorneys to assist clients throughout our 12-county service area without regard for location. In 2013, CLSMF's Legal Helpline received over 31,000 calls and on-line applications and assisted more than 14,000 people - over 3,000 of whom were Volusia County residents. Ninety-seven (97) percent of Helpline clients surveyed said they would use Helpline again if they have another legal problem.

CLSMF's Volunteer Lawyers Project (VLP) provides free legal assistance to low-income clients by referring cases to volunteer attorneys. In 2013, a total of 327 cases from Volusia County were referred. In addition, the VLP offers legal advice clinics where Volusia County residents can receive free legal advice from private attorneys on various matters. Currently, CLSMF offers weekly general legal advice clinics in Daytona Beach, and a twice-monthly legal advice clinic in DeLand.

CLSMF's Daytona Beach office houses nine attorneys and one paralegal who help low-income, elderly or victimized Volusia County residents with a wide array of legal issues. Our Family Law attorneys help victims of domestic violence obtain injunctions for protection (also known as restraining orders) from the court, as well as helping victims obtain divorces and orders for child custody and child support so they can maintain independence from their abusers. Our Housing attorneys advise and assist homeowners facing foreclosure, educate renters on their rights and responsibilities under Florida's Landlord-Tenant Act and defend unlawful eviction actions, and work to preserve affordable housing for low-income workers and their families. Our Special Education attorneys fight for the rights of disabled schoolchildren to appropriate accommodations in the public school system, and are working collaboratively with other agencies to address policies and procedures that push children out of school and into delinquency court.

CLSMF's Public Benefits paralegal helps low-income families obtain or keep income through programs such as SNAP (food stamps), Unemployment Compensation, temporary cash assistance, Medicaid, and others. Our Veterans attorney helps disabled veterans appeal the denial of Veterans Benefits, discharge upgrades, and other military benefits. In 2013, our legal assistance on behalf of Volusia County residents provided a direct economic benefit of more than \$243,000 in amounts awarded to, or payments avoided by, our clients.

Highlights

The VCLL provides the necessary resources and services to facilitate meaningful access to the legal information needs of the community. Users of the Volusia County Law Library include the general public, attorneys, judges, court and government agencies, students, and members of the business community. Referrals from other agencies and libraries are common. The legal resources and reference services required by these user groups vary in terms of type, degree and complexity.

The Volusia County Law Library operates branches located in Daytona Beach, DeLand and New Smyrna Beach, and legal research workstations in Deltona and Ormond Beach. The Law Library operates a website at www.vclawlib.org.

The VCLL maintains the core collection standards in accordance with the American Association of Law Libraries. It maintains a collection of key supplementary resources including topical treatises, practice manuals and form books to assist in the practice and procedures of law.

The VCLL provides access to legal databases for all its patrons. Educational materials are available to assist patrons in learning about various areas of law. Legal research seminars and tours are offered by the Library on a regular basis.

Highlights

In accordance with Section 27.51(1), Florida Statutes, Public Defenders are charged with the representation of indigent defendants. The duties and responsibilities of the Public Defender's Office are constantly expanding. Section 29.008, Florida Statutes, requires the County to be responsible for funding communications, information systems and networks, utilities, facilities, maintenance, security and technology equipment.

The capital request is for the continuing implementation of the Disaster Recovery Mandates.

Highlights

The Council on Aging has been operating as the Office of Public Guardianship for Volusia County since 2003. Staff provides a necessary service to the age 18 or older who lack the capacity to make their own decisions; do not have a willing or qualified family member or friend to serve as a guardian; and do not have adequate income or assets to pay for a professional guardian. Through this program, the Council provides services for 38 active public wards with over 35 on the waiting list. Natural attrition of this population allows staff to serve approximately 50 wards in any year. On a daily basis the program provides wards with health care management, residential placement, and financial management. Many of these residents are extremely frail residents in nursing homes while others are developmentally disabled and have resided in group homes for most of their lives. The Office is able to assist these individuals to obtain the least restrictive and the most productive life possible.

Highlights

The State Attorney's Office, Seventh Judicial Circuit is responsible for Criminal Prosecutions in Volusia, Flagler, St. John's and Putnam Counties ranging from First-Degree Murder to Disorderly Conduct. The budget for the State Attorney's Office including staff salaries, is primarily funded by the State. Article V, Revision 7 of the State Constitution called for full State funding on July 1, 2004. Section 29.008, Florida Statutes, requires the County to be responsible for costs of communications, information systems, and facilities. These costs include information technology (hardware, software and equipment), rent, utilities, building maintenance, security, property insurance and liability insurance.

The FY2014-15 budget includes one-time capital outlay and operating expenses for the continuing implementation of the Disaster Recovery Mandates.

Key Objectives

1. Inspect and efficiently evaluate canals, ditches and storm water systems on thoroughfare roads and in the unincorporated areas
2. Perform primary drainage system and roadside ditch cleaning chemically and mechanically to improve water quality and quantity flow
3. Maintain County retention areas with mowing and herbicide application to enhance appearance and effectiveness
4. Clean drainage systems within the County using vacuum equipment to remove debris
5. Replace deteriorated storm pipe and structures

Performance Measures	FY 2012-13 Actual	FY 2013-14 Estimated	FY 2014-15 Budget
1. Number of catch basins inspected	5,653	7,000	7,000
2. Feet of roadside ditch systems cleaned	263,168	300,000	400,000
3. Acres of retention areas maintained	1,165	1,200	1,300
4. Feet of deteriorated pipe replaced	8,621	9,000	10,000

Highlights

The Stormwater program continues to develop and implement projects for County and partnership benefits. The Capital Improvement Plan focuses on water quality, flood reduction and water recharge benefits. Projects to continue in FY2014-15 include North Peninsula drainage improvements, Rio Way improvements and Wilbur by the Sea drainage improvements. Focus in the upcoming year will be on renewal and replacement of deteriorated infrastructure and on the Total Maximum Daily Load (TMDL) program. The County is involved in two current Basin Management Action Plan (BMAP) processes for the Halifax River and the Tomoka River.

For FY2014-15 five (5) positions will remain unfunded.

The Tourist Development Advertising Authorities receive Convention Development Tax revenues raised from a 3% tax on hotel rooms and other short-term rentals in each district. Each of the authorities, Halifax Area Advertising Authority, Southeast Volusia Advertising Authority and West Volusia Advertising Authority conduct promotion and advertising campaigns in their respective areas.

FY2013-14 was the first year of a coordinated marketing effort between the Halifax Advertising Authority and Volusia County, Halifax contributed \$400,000 to the County for this effort. The Halifax Advertising Authority has committed to continued funding for coordinated marketing for the Daytona Beach tourism district. See the Coordinated Marketing Activity in the Ocean Center for more information. Budgeted expenditures include 2% administrative costs of \$173,883, and transfers of \$6,478,638 to Halifax, \$1,619,546 to Southeast Volusia, and \$426,213 to West Volusia.

Mission: To enhance the quality of life for residents and visitors by providing essential services for the safe and efficient movement of both vehicular and pedestrian traffic throughout Volusia County. This is accomplished through the planning, design, implementation and maintenance of traffic control devices (such as traffic signals, school zone flashers, curve warning flashers) and studies that recommend roadway signing or pavement markings in accordance with standard engineering practices. The division assists the Florida Department of transportation and numerous municipalities in accomplishing this same mission.

Number of Full Time Positions	11.00	11.00
Number of Part Time Positions	0.00	0.00
Number of Full Time Equivalent Positions	11.00	11.00

Key Objectives

1. Provide a comprehensive program of 24-hour Traffic Counts at fixed stations throughout Volusia county
2. Produce Yearly Average Daily Traffic (AADT) counts for State and Volusia roads
3. Conduct traffic studies to determine whether intersections and/or corridors need additional traffic control devices
4. Evaluate development review projects for transportation

Performance Measures	FY 2012-13 Actual	FY 2013-14 Estimated	FY 2014-15 Budget
1. Number of Traffic Studies & Volume/Vehicle Classification Counts	774	760	740
2. Complete Yearly AADT & LOS Report	1	1	1
3. Number of Days to Complete Traffic Studies After Receiving Request	71	99	90
4. Number of development projects reviewed	570	586	600

Highlights

Traffic Engineering is responsible for transportation planning and the proper warranting, design, installation, operations and maintenance of traffic control devices countywide. The division continues to maintain and analyze traffic crash records to identify and implement appropriate corrective safety measures. In addition, Traffic Engineering provides traffic engineering and traffic operations services to all cities in the county with interlocal agreements for municipal services. The division analyzes all land use amendments with regard to transportation impacts within the provisions of Chapter 2, Transportation Element of the Comprehensive Plan's goals, objectives and policies. The division evaluates traffic engineering elements on development projects such as driveway use permits, rezoning, planned unit developments, special exceptions, variances, conceptual and final site plans, subdivision overall development plans, preliminary and final plats, transportation concurrency applications, and transportation impact analyses.

For FY2014-15 two (2) positions will remain unfunded.

Number of Full Time Equivalent Positions		10.00		10.00

Key Objectives

1. Provide a comprehensive program of scheduled traffic signal maintenance two times per year
2. Provide a comprehensive program of scheduled school zone and flasher maintenance once per year
3. Provide countywide 24/7 coverage for both emergency traffic signal trouble calls and non-emergency traffic related problems
4. Maintain communications system to 168 state, county, and city coordinated traffic signals countywide

Performance Measures	FY 2012-13 Actual	FY 2013-14 Estimated	FY 2014-15 Budget
1. Number of Twice Per Year Traffic Signal Preventative Maintenance	654	674	674
2. Number of Annual School Zone/Flasher Preventative Maintenance	0	233	233
3. Response Time to Afterhours Emergency Traffic Signal Trouble Calls (hrs)	2	2	2
4. Miles of Signal Communications Network Maintained & Operated	52	52	52

Highlights

Traffic Engineering is responsible for transportation planning and the proper warranting, design, installation, operation and maintenance of traffic control devices countywide. In addition, Traffic Engineering provides routine and emergency maintenance to all local jurisdiction signals, school flashers, and flashers; except for the City of Daytona Beach. Currently, this entails 337 signals, 159 school flashers and 74 flashers countywide. A new concrete strain pole signal is proposed (MLK & Taylor Rd, DeLand); whereas, the modernization will include upgrading one signalized intersection overhead, controller, and cabinet to a new box configuration (Saxon Blvd & Enterprise Rd) and additional replacement/rebuilding of signalized intersection overhead wiring & equipment.

4. Number of client support cases for veterans & dependents	76,512	101,109	102,000

Highlights

Florida Statute 292.11 allows for the County to employ a Veteran's Services Officer and Staff. The Volusia County Veterans' Services Division assists all former and present members of the Armed Forces and their dependents in preparing claims for compensation, hospitalization, vocational training and other benefits and privileges to which they were entitled under Federal and State Laws and County regulations. Offices are located in Daytona Beach, DeLand, New Smyrna Beach and Orange City. Due to frequent changes in laws and regulations, training and certification of staff is essential. Continued Certification and Accreditation is a necessity through the training provided by the Florida Department of Veteran Affairs (FDVA), the Department of Veteran Affairs (VA) and internally by this division.

In FY2012-13 the Volusia County Veterans Services Office assisted our local community in receiving \$176,501,012 in VA awards and was able to recoup \$15,736,548 in retroactive benefits that were due to the veterans and/or their families for a total of \$192,237,560.

Number of Full Time Positions		11.00		14.00
Number of Part Time Positions		0.00		0.00
Number of Full Time Equivalent Positions		11.00		14.00

Key Objectives

1. Provide water, sewer and reclaimed connections for new customers and continue the meter change out program
2. Provide timely, accurate utility locates when requested
3. Maintain fire hydrant repair/flow test and valve turning programs
4. Perform scheduled sewer main cleaning per established standards

Performance Measures	FY 2012-13 Actual	FY 2013-14 Estimated	FY 2014-15 Budget
1. Number of meter conversions to Automatic Meter Read	2,390	12,400	700
2. Number of utility locates performed	2,613	2,200	2,300
3. Number of valves turned and hydrants tested	4,203	4,300	4,400
4. Number of linear feet of sewer main cleaned	152,549	200,000	210,000

Highlights

The primary function of the Collection and Distribution Activity is to provide water, sewer and reclaimed water connections for new customers, routine/emergency repairs of distribution and collection systems, conduct scheduled valve exercising/maintenance activities and gravity sewer main cleaning. The Collection and Distribution Activity also included in previous years, the systematic conversion of aging water meters to the new Automatic Meter Reading (AMR) technology. This program has resulted in a reduction of unaccounted for water in several areas, improved meter reading efficiencies and increased revenue as the result of precision meter reading. In FY2013-14, a project to complete this conversion was begun and will be completed during FY2014-15.

During FY2013-14 two (2) Equipment Operator I positions were transferred from Wastewater Operations and one (1) Trades Worker III was transferred from Portable Water Operations bringing the total number of positions for this Activity to fourteen (14).

For FY2014-15 one (1) position will remain unfunded.

Number of Full Time Positions	3.00	3.00
Number of Part Time Positions	0.00	0.00
Number of Full Time Equivalent Positions	3.00	3.00

Key Objectives

1. Produce and provide utility bills to all active Volusia County utility customers
2. Increase Automatic Clearing House (ACH)
3. Reduce the number of accounts with a balance of 60-90 days

Performance Measures	FY 2012-13 Actual	FY 2013-14 Estimated	FY 2014-15 Budget
1. Number of bills mailed to active water and sewer accounts per month	13,923	13,650	13,700
2. Number of ACH and online payments	2,615	3,000	3,500
3. Number of customers with balances over 90 days	32	0	0

Highlights

The primary function of the Customer Service Activity is management and billing for approximately 14,000 water customers and more than 10,000 wastewater customers countywide and the collection of approximately \$14M in annual revenue.

The meter reading function is currently contracted to an outside agency. Volusia County Utilities is aggressively replacing the touch read meters with radio read meters and plans to do a complete "change out" are currently moving forward. The meter reading function will be brought back in-house at the culmination of the "change out" project. Funds currently budgeted for meter reading will be used for future water quality projects.

Outsourcing of the printing and billing process was also completed this year and anticipated savings of nearly \$30K is expected. This outsourcing has increased customer service and enabled staff to be more proactive in identifying issues that need to be addressed in a timely manner such as zero read meters and account analysis for discrepancies.

Customer service will also be activating a new customer friendly electronic portal that will allow access to statements, historical consumption and the ability to make a payment from one web site. This process is called WebShare and is an enhancement to the BillMaster utility system that we currently use.

Number of Full Time Positions		10.00		9.00
Number of Part Time Positions		0.00		0.00
Number of Full Time Equivalent Positions		10.00		9.00

Key Objectives

1. Provide a safe/reliable source of potable water for customers' needs
2. Promote customer confidence by producing/providing a very high quality water
3. Reduce unaccounted for water (produced vs. billed metered water)

Performance Measures	FY 2012-13 Actual	FY 2013-14 Estimated	FY 2014-15 Budget
1. Amount of potable water processed (million gallons per year)	1,205	1,200	1,150
2. Number of customer concerns corrected for taste, odor & pressure	84	50	40
3. Percent of unaccounted-for water	8	5	5

Highlights

The primary function of the Potable (drinking) Water Operations Activity is proper treatment of drinking water, supply customers with high quality drinking water that meets or exceeds regulatory standards, to ensure treatment capacities meet increasing customer needs and regulatory demands.

This activity also maintains water quality within the distribution systems by flushing, identifies ways to reduce water losses and maintains a proactive well field management program.

The Potable Water Operation continues to develop efficiencies that allow it to effectively function with the current Treatment Plant Operator staffing levels.

The FY2014-15 budget includes funding for a proactive well rehabilitation program to ensure reliable source water. The objective of this program is to identify, inspect and re-develop wells to ensure adequate water production. This budget also includes funding for pump/equipment upgrades to meet increasing pumping demands and conversion of water systems to chloramines to allow water produced to comply with the stringent Safe Drinking Water Disinfectant By-product Rule.

During FY2013-14 one (1) Trades Worker III position was transferred to Collection and Distribution reducing the total number of positions for this Activity to nine (9).

For FY2014-15 one (1) position will remain unfunded.

3. Number of permits maintained	16	16	16

Highlights

The primary function of the Utility Engineering Activity is the support of the water/wastewater system by overseeing capital improvement projects (CIP) and support of the maintenance and upgrade work performed by Utility Operations. Proposed capital projects for FY2014-15 total \$4.3M, this includes carryover funds and new projects.

The FY2014-15 budget will focus on engineering for future projects to be fully funded should funding become available.

For FY2014-15 one (1) position will remain unfunded.

Water and Sewer Utilities	\$2,840,680	\$10,018,525	\$9,701,842	\$7,973,675

Highlights

Water Utilities Capital Outlay and Improvements are budgeted for repair and replacement of aging equipment and to continue maintaining Water Utilities' infrastructure with a total estimated replacement value of \$225 million. Capital Outlay for facilities equipment includes generators, pumps and vehicle replacements. Details of Capital Outlay are listed in the Appendix of this document.

Capital Improvement projects in the amount of 4.3M are included in the FY2014-15 budget, which includes 2.1M in carryforward funds for completion of projects that were begun in the previous year. The majority of funding is for engineering to prepare projects for future funding opportunities. Details of Capital Improvements are listed in the Capital Improvement Program Section of this document.

Water Resources and Utilities

Department: Public Works

Highlights

The primary function of Administration includes support for the customer service, engineering, Water/Wastewater operations and Collection/Distribution activities and long term strategic planning. The Administration Activities also provide support and leadership for personnel, training, budget, purchasing and other project activities. Promotion of conservation through public education, rebate/credit incentives and irrigation system audit requests for residents is also conducted by the Administration Activities.

Succession planning is moving forward with the addition of the Maintenance and Field Operations Supervisor and the Water and Wastewater Operation Supervisor positions filled this year. These positions achieve the Division's goals of sustaining an effective workforce through succession planning and knowledge capture in key staff positions; efficient staffing in the maintenance and distribution areas; adequate cross-training and continuing education opportunities for licensed operators and technical staff.

The proposed FY2014-15 budget includes several significant changes including efforts to reduce net operating losses pertaining to under producing products and service areas, elimination of the citrus operation at the grove and reductions in capital spending due to a reduced fund balance. Water Resources and Utilities also assumed responsibility for the leachate treatment process at Solid Waste locations.

The Capital Improvement Plan (CIP) for the FY2014-15 budget includes several new projects related to water quality and additional funds are added to the units set up for future capital rehab and construction of new facilities when the need arises.

Administration is aggressively working on a comprehensive plan to combine all interlocal agreements with neighboring cities to clarify those agreements and ensure best management practices and opportunities in services to our customers that are mutually acceptable with providers.

Number of Full Time Positions	20.00	19.00
Number of Part Time Positions	0.00	0.00
Number of Full Time Equivalent Positions	20.00	19.00

Key Objectives

1. Reduce the number of wastewater treatment plants and stand-alone package plants that are not connected to a central sewer system
2. Provide safe/reliable wastewater treatment that meets customer's needs
3. Ensure wastewater effluent meets regulatory standards
4. Increase reclaimed water availability

Performance Measures	FY 2012-13 Actual	FY 2013-14 Estimated	FY 2014-15 Budget
1. Number of plants owned	12	12	8
2. Wastewater processed (in millions of gallons)	755	770	700
3. Percent of plants with FDEP permit effluent compliance > 99%	100	100	100
4. Reclaimed water pumped (millions of gallons per year)	607	590	590

Highlights

The primary function of the Wastewater Operations Activity is the proper treatment/disposal of wastewater; provide a reliable supply of reclaimed water for irrigation, ensure treatment capacities meet increasing customer needs and regulatory demands.

The Wastewater Operation continues to develop efficiencies that allow it to effectively function with the current Treatment Plant Operator staffing levels.

The FY2014-15 budget includes funding for upgrades to sludge press equipment to improve transportation efficiencies of cake biosolids and increased costs due to sludge removal and processing. This budget also includes funding of a new force main to connect the four (4) North Peninsula area package plants and allow for decommissioning of these aging facilities.

An Equipment Operator III was transferred to Collection and Distribution during FY2013-14 bring the total number of positions in this Activity to nineteen (19).

For FY2014-15 one (1) position will remain unfunded.

VOLUSIA COUNTY DEBT SERVICE

This section provides information related to outstanding debt and debt service obligations for the County. There are no budgeted commercial paper or lease purchase borrowings for FY2014-15.

The County takes a planned approach to the management of debt: funding from internally generated capital, where appropriate, and financing, when appropriate. Conservative financial strategies and management practices help to minimize exposure to sudden economic shocks or unexpected volatility. Quarterly monitoring and evaluation of factors that can affect the financial condition of the County help to identify any emerging financial concerns. The practice of multi-year forecasting enables management to take corrective action long before budgetary gaps develop into a crisis.

The Government Finance Officers Association (GFOA) and other national associations have published best practices promoting efficiency in government and solvency in public finance. The major credit rating agencies use these and other quantitative measures to determine credit rating. Fitch Ratings and Standard and Poor's consider continued funding of the General Fund Reserve a "best practice" and have a "very significant" rating value. In keeping with this "best practice", the County Council adopted a minimum goal of 5 percent of current revenues to fund emergency reserves in both the General Fund and the Municipal Service District Fund. For FY2014-15, approximately 10% has been reserved in the General Fund and 5.3% in the Municipal Service District Fund. Other emergency reserves include the Library at 7.6%, Ponce DeLeon Port Authority at 9.7%, Mosquito Control and Fire Services are at 10%.

The FY2014-15 budget includes funding for the County's debt obligations. Total debt service is \$32,155,813 including \$2,501,599 in revenue notes, \$1,680,000 in State Infrastructure Bank Loans, \$1,715,934 in State Revolving Loans, \$21,826,462 in non-self supporting debt, and \$4,431,818 in self-supporting debt.

COUNTY DEBT MANAGEMENT

On April 3, 2014, County Council approved a partial refinancing of the Tourist Development Tax Revenue Bonds, Series 2004 not to exceed \$47M. The outstanding bonds contained \$19.6M in non-callable capital appreciation bonds that were not included in this financing. Financing is comprised of two non-qualified tax-exempt bank loans in the form of revenue bonds. TD Bank and Regions Bank will provide TDT Refunding Revenue Bonds Series 2014A (\$22M) and 2014B (\$25M), respectively. The bonds carry a fixed rate of 3.51% and will generate interest savings of \$6.2M over the term of the bonds; the pledged source is the 3% Tourist Development Tax. The repayment period of 20 years coincides with the current repayment period, maturing in 2034.

On March 13, 2014, County Council approved the future borrowing of \$15M to finance a portion of the One Daytona Community Development District (CDD) Interlocal Infrastructure Grant Agreement. Borrowing may occur later in FY2014-15 and the first of four anticipated interest-only payments of \$604,000 is included in the budget. During the next year, the refinancing of the Series 2005 General Obligation Bond is anticipated.

Strong financial management, manageable debt levels, and financial flexibility are all indicators of good fiscal health. Management continues to monitor declining revenues and their potential impact on bond covenants and debt service requirements. The debt burden is low, and the County has significant debt capacity remaining. Volusia County has no specified debt limit; however, the debt procedures provide guidelines for prudent fiscal management of all obligations.

Fiscal Year 2014-15 Debt Service Summary

Bond Issue	Original Amount	Final Maturity	Pledged Source	Purpose
Airport System Refunding Revenue Bonds, Series 2012	\$6,335,000	October 1, 2021	Net revenues derived from operation of Airport System	To refinance Airport System Refunding Revenue Bonds, Series 2003, which refunded a portion of County's outstanding Airport System Refunding Revenue Bonds, Series 1993, which refinanced a portion of 1991 bonds, originally used to finance construction of new airport terminal and related improvements at Daytona Beach International Airport.
Airport System Refunding Revenue Bonds, Series 2000	\$30,795,000	October 1, 2021	Net revenues derived from operation of Airport System	To advance refund a portion of County's outstanding Airport System Refunding Revenue Bonds, Series 1991, originally used to finance acquisition, expansion and installation of new terminals at Daytona Beach International Airport.
Capital Improvement Revenue Bond, Series 2009B	\$5,812,000	October 1, 2016	Subordinate lien on the Local Government Half Cent Sales Tax	To refinance all of the County's outstanding Subordinate Lien Sales Tax Revenue Bonds, Series 1998.
Capital Improvement Revenue Note, Series 2010	\$17,750,000	December 1, 2030	Covenant to Budget and Appropriate (CBA) - Non - Ad Valorem Revenues	To refinance the County's outstanding Short Term Commercial Paper Debt Service related to Airport land purchase, Capri Drive and West Highlands improvements; Trails; and Ocean Center expansion.
Capital Improvement Refunding, Revenue Bond, Series 2012	\$4,780,000	October 1, 2021	Local Government Half-Cent Sales Tax	To refinance Subordinate Lien Sales Tax Refunding Revenue Bonds, Series 2003, which refinanced the Sales Tax Improvement Refunding Revenue Bonds, Series 1993, which refunded Series 1991 bonds originally issued to finance the Justice Center, acquire 250 N. Beach Street, and other projects.
Gas Tax Revenue Bonds, Series 2013	\$41,505,000	October 1, 2024	Six Cents Local Option Gas Tax	To refund the Gas Tax Revenue Bonds, Series 2004 bonds maturing on and after October 1, 2015, which were issued to refinance the costs of acquisition, construction, and reconstruction of roads and bridges and other transportation improvements within the County.
Capital Improvement Revenue Note, Series 2013 (Parking Garage)	\$8,030,000	April 1, 2024	Net Revenue of Parking Garage; subordinate lien on TDT Revenue	To refinance the County's outstanding Parking Facility Revenue Bonds, Series 2007 Debt Service related to the Ocean Center Parking Garage.
Limited Tax General Obligation Bonds, Series 2005**	\$39,875,000	October 1, 2021	Volusia Forever Ad Valorem Millage	To finance cost of acquisition and improvement of environmentally sensitive, water resource protection and outdoor recreation lands.
State Revolving Fund (SRF) Loan, Reclaimed Water Reuse Facilities	\$1,776,210	June 15, 2017	Net Water and Sewer Utility System Revenues after payment of the 1998 and 2003 Water and Sewer Utility Revenue bonds	To finance water reuse facilities in Deltona North
State Revolving Fund (SRF) Loan, Collection, Influent Transmission, Treatment & Reuse Facilities	\$9,849,963	June 15, 2027	Net Water and Sewer Utility System Revenues after payment of the 1998 and 2003 Water and Sewer Utility Revenue bonds	To finance water collections, treatment, and reuse facilities in Southeast Region

Fiscal Year 2014-15 Debt Service Summary

Bond Issue	Original Amount	Final Maturity	Pledged Source	Purpose
State Revolving Fund (SRF) Loan, Treatment & Reuse Facilities	\$2,993,386	May 15, 2020	Net Water and Sewer Utility System Revenues after payment of the 1998 and 2003 Water and Sewer Utility Revenue bonds	To finance expansion of the Southwest Regional Water Reuse Facility
State Revolving Fund (SRF) Loan, Treatment & Reuse Facilities	\$9,023,326	May 15, 2020	Net Water and Sewer Utility System Revenues after payment of the 1998 and 2003 Water and Sewer Utility Revenue bonds	To finance additional expansion of the Southwest Regional Water Reuse Facility
State Infrastructure Bank (SIB) Loan	\$10,200,000	October 1, 2019	Covenant to Budget and Appropriate (CBA) - Non - Ad Valorem Revenues	To finance Phase 1 of the Central Florida Commuter Rail Transit System
Subordinate Lien Sales Tax Refunding Revenue Bonds, Series 2008	\$42,605,000	October 1, 2018	Local Government Half-Cent Sales Tax	To advance refund a portion of the Sales Tax Improvement Refunding Revenue Bonds, Series 1996 and 1998, issued for court improvements.
Tourist Development Tax Revenue Bond, Series 2004*	\$55,451,336	December 1, 2021	Tourist Development Tax - 1 cent	To fund renovation and expansion of Ocean Center.
Tourist Development Tax Refunding Revenue Bond, Series 2014A and 2014B	\$46,380,000	December 1, 2034	Tourist Development Tax - 3 cent	To refund a portion of the Tourist Development Tax Revenue Bonds, Series 2004 for renovation and expansion of the Ocean Center.
Water and Sewer Refunding Revenue Bonds, Series 2012	\$5,450,000	October 1, 2019	Net Revenues from operation of County's Water and Sewer System connection fees and investment earnings.	To refinance Water and Sewer Refunding Revenue Bonds, Series 1998 and 2003. Water and Sewer Refunding Revenue Bonds, Series 1998, refinanced a portion of Water and Sewer Revenue Refunding and Improvement Bonds, Series 1989, which finance the cost of improvements. Water and Sewer Refunding Revenue Bonds, Series 2003, refinanced a portion of Water and Sewer Revenue Refunding and Improvement Bonds, Series 1993, which finance the cost of improvements also.

* A portion of this debt was refunded on 4/15/2014 with TDT Refunding Revenue Bonds, Series 2014A and 2014B

**Will be refinanced during FY2014-15.

Tourist Development Tax Revenue Bond Fund - 203

Summary: The Tourist Development Tax Revenue Bond Fund provides for debt service expenses and reserves for two Tourist Development Tax Revenue Bonds, Series 2002, par of \$22,565,000, and Series 2004, par of \$55,451,336. Series 2002 bonds were issued to refund Series 1993 bonds, which refunded 1986 bonds issued for the construction of the Ocean Center. The Series 2002 bonds matured in December 2013. Series 2004 bonds were issued to provide funding for the Ocean Center expansion and renovations. Debt service funding is provided by the additional 1 cent Tourist Development Tax via interfund transfer from the Tourist Development Tax Fund (106). In FY2013-14, the Series 2004 bonds were partially refunded (Fund 202) and the remaining bonds mature in 2021. Reserves are reduced in FY2014-15 due to the partial refunding of the 2004 bonds.

Capital Improvement Revenue Note, Series 2010 Fund - 208

Summary: The Capital Improvement Revenue Note, Series 2010 Debt Service Fund was established during FY2010-11 to provide for the refinancing of several commercial paper loans. This is a \$17,750,000 note with multiple maturities. The pledged funding source is non-ad valorem revenues for the following loans: Ocean Center Expansion \$9,875,000 (final maturity 2030), improvements for Capri Drive and West Highlands Special Assessment Districts \$1,790,000 combined (final maturity 2019) and Trails \$4,724,000 (final maturity 2022). Interfund Transfers from Ocean Center (118), Special Assessments (121), and the Trails Capital Fund (328) via an annual allocation from ECHO Fund (160) provide for these expenditures, respectively. This fund excludes the Airport obligation of \$1,361,000 which is budgeted in the Daytona International Airport Enterprise Fund (451).

CDD Grant Debt Service Fund - 214

Summary: The CDD Debt Service Fund provides funding for the One Daytona Community Development District (CDD). On 4/3/2014, Council approved the One Daytona CDD Interlocal Infrastructure Grant Agreement in the amount of \$20M to assist in construction of public infrastructure improvements (roads, sidewalks, recreational areas, parks public parking, etc.) in the initial phase of a \$250M multi-phase, mixed use retail, dining and entertainment development across the street from the Daytona International Speedway's DAYTONA Rising project. The County anticipates borrowing \$15M for this project. The FY2014-15 budget reflects initial financing of interest-only payments for four years in the amount of \$604K. The project's anticipated new sales tax revenue will offset the annual debt service.

Limited Tax General Obligation Bonds Series 2005 Fund - 261

Summary: Volusia Forever is a voter-approved millage of up to 0.2000 mills for land acquisition and improvement of environmentally sensitive, water and resource protection, and outdoor recreation lands. In 2005, \$39,875,000 in bonds were issued for a term of 16 years to coincide with the voter approved millage levy. The pledged funding source is ad valorem tax revenue and the FY2014-15 millage rate for this debt is 0.1373; the remaining 0.0627 mills is budgeted in the Forever Fund (161). The Limited Tax General Obligation Bonds Debt Service Fund provides for debt service costs and required reserves for the Series 2005 bonds. During FY2014-15, this debt will be refinanced to take advantage of favorable rates.

There is no reserve requirement for the current bond; however, funds have accumulated due to interest earnings and unanticipated delinquent ad valorem receipts.

Public Transportation Debt Service Fund - 295

Summary: The Public Transportation Debt Service Fund provides funding for the construction, reconstruction, or improvements of transportation and rail facilities. On July 31, 2007, the County joined Orange, Osceola, and Seminole counties, and the City of Orlando to create the Central Florida Commuter Rail Commission. The purpose of this commission is to provide for the operation and creation of a funding plan for a light rail system that will serve the Central Florida area. The commission entered into two agreements with the Florida Department of Transportation who will provide 50 percent match of federal funds for the acquisition and construction of a commuter rail system. As a commission partner, the County is responsible for providing a portion of the capital costs, including debt service payments. Volusia County has pledged \$26.5 million, which will pay for the two west train stations, train sets, and track improvements.

In 2007, County Council approved using State Infrastructure Bank (SIB) loans through the State Department of Transportation totaling \$12.5M for Phase I construction of the Commuter Rail (SunRail). As of 9/30/2013, the County has drawn down \$5.6M (SIB loan 1) and the draw down of the remaining \$6.9M (SIB loan 2) is anticipated during FY2014-15, increasing debt service payments accordingly. In the future, the County will need to apply for an additional \$12.4M (SIB loan 3) to complete construction of Phase II once construction begins.

2009A/B Debt Service Fund - 297

Summary: The Capital Improvement Debt Service Fund provides for Series 2009A and Series 2009B Revenue Bond debt service. Series 2009A bonds were issued totaling \$3,718,000 to finance capital expenditures, including the purchase of Sheriff's vehicles and a helicopter. 2009A bonds matured in 2014 as reflected below. Series 2009B bonds were issued totaling \$5,812,000 to refinance all of the County's outstanding Subordinate Lien Sales Tax Revenue Bonds, Series 1998. The pledged revenue source is Local Government Half Cent Sales Tax. The 2009B debt service is transferred from the Sales Tax Fund (108). Bonds mature in 2016.

Computer Replacement Fund - 511

Summary: The fund was established in FY2000-01 as a financial vehicle for the planned replacement of computer equipment.

In general, desktop, laptop, and tough-book computers for Council-operated departments are in this program. The Public Defender's Office, Judiciary, and Court Administrator's Office also participate in this program. Department computers not in the program are primarily those in the Sheriff's Office, State Attorney's Office, Elections and computers funded by grants.

There are approximately 2,600 units in the program. The current contract, renewed in June 2012, has a 4-year replacement cycle, and the County purchases the equipment. The Information Technology Division manages the contract and coordinates with the departments and the contractor for equipment replacement.

The FY2014-15 budget will replace 610 desktop, laptop and tablet computers and is adding 152 new units for Libraries, the Courthouse Training Room and Corrections into the replacement program.

Computer Replacement	\$1,439,447	\$4,337,238	\$1,575,084	\$4,299,539

Key Objectives

1. Provide up-to-date equipment for County users that satisfy application requirements.
2. Stabilize service charge acquisition and replacement of computer equipment.

Performance Measures	FY 2012-13 Actual	FY 2013-14 Estimated	FY 2014-15 Budget
1. Percent of computers that meet application requirements with the standard configuration	99	99	99
2. Dollar amount of annual service charge per desktop	342	342	342

Highlights

This fund was established in FY2000-01 as a financial vehicle for the planned replacement of computer equipment on a coordinated countywide basis. By consolidating the acquisition process, a lower maintenance workload was achieved, volume discounts were obtained and equipment was standardized.

In FY2008-09, the cost of the personal computer (PC) replacement program was reduced by extending the PC life-cycle from three to four years.

Funding for the PC replacement program is generated by an annual computer replacement charge, that is assessed to each department based on the number of their computer workstations, and a percentage of the sale of surplus equipment. This funding supports hardware, software and vendor fees for workstations acquired and maintained through the replacement program.

Equipment Maintenance Fund - 513

Summary: Fleet Management is responsible for the maintenance of all County vehicles and equipment as well as 171 emergency generators countywide. Preventative maintenance and load bank testing is performed on each generator twice a year.

The cost of fuel, oil, parts and fuel cleanup is centralized in this division, as well as a motor pool for use when vehicles are in for repair or for occasional users without assigned vehicles.

The division also provides service to outside agencies including: City of Holly Hill, Clerk of the Circuit Court, Department of Forestry (state), New Smyrna Beach Utilities Commission, City of New Smyrna Beach, Volusia County School Board, Florida Department of Health-Information Technology Division, and State Attorney.

The Vehicle Replacement Program, tracked by Fleet Management, is used to stabilize and amortize the cost of acquiring and replacing the County fleet. Fleet composition ranges from passenger vehicles to fire engines. Initially the departments purchase vehicles, then the vehicles are entered in the Vehicle Replacement Program where they are scheduled for replacement based on vehicle type, age, annual mileage, type of use and other factors. Once a vehicle is added to the program, the department pays an annual service charge to accumulate funds to replace the vehicle. The FY2014-15 budget includes the scheduled replacement of 65 vehicles in the Replacement Program.

Reserves are primarily for acquiring and replacing the County fleet enrolled in the Vehicle Replacement Program. Surplus funds are used for the upgrade/replacement of fleet equipment and cleanup of tanks.

Highlights

In 2013 Fleet Management received honorable mention in the Government Green Fleet Award competition. In 2014, Fleet Management placed fifth in the 100 Best Public Sector Fleets in North America competition. Fleet Management has ranked among the 100 Best Public Sector Fleets since 2005.

Division administration continues leadership development and succession training. Employees are continuing to cross-train in all administrative functions.

Fleet Management participated in a vehicle e-audit, reducing three under-utilized vehicles last year.

The FY2014-15 budget reflects split funding administrative personnel with the General Fund to cover Central Services activities. Capital Improvements project is for remodeling of the training room.

Key Objectives

1. Maintain an aggressive program for the measurement, analysis, and improvement of labor productivity.
2. Provide a competitive labor rate.
3. Raise the percentage of scheduled work order hours.
4. Continue the generator preventive maintenance program.

Performance Measures	FY 2012-13 Actual	FY 2013-14 Estimated	FY 2014-15 Budget
1. Billable mechanic hours	47,743	46,670	45,240
2. Fully burdened labor rate	55	55	60
3. Monthly scheduled work order hours to total hours	55	56	56
4. Generator preventive maintenance on-schedule rate	98	99	99

Highlights

Fleet maintenance activity will continue to enhance customer service by decreasing vehicle breakdowns and increasing preventive maintenance. In FY2012-13, Fleet Management achieved a 54.46% scheduled repair rate, with a goal of 56% by the end of FY2013-14. In the first labor rate increase since 2005, Fleet Management is raising the rate to \$60/hour in FY2014-15. Our in-house generator team is able to render low cost support service for 171 emergency generators countywide, and performs preventive maintenance and load bank testing on each generator twice a year. The maintenance software dashboard function continues to be a good in managing maintenance operations.

The FY2014-15 budget contains capital outlay for a replacement 3/4 ton eastside service truck and diagnostic equipment.

Highlights

Fuel cleanup funds are set aside to address mitigation issues as required by state and federal regulations. These funds will be used to assist in countywide fuel cleanup monitoring and compliance inspections. Fleet partially funds an environmental specialist position which ensures state and federal regulations are followed on fuel operations and formulates sustainability procedures and implementation.

3. Fuel price adjustments markup in cents - Outside	16	16	16

Highlights

Phase III of the upgrade to all lease rental vehicles providing wireless transmission of fuel transaction data to the fuel management system is 90% complete. This automates the fueling process for customers and eliminates human error.

Fleet Management installed one 10,000 gallon ethanol fuel tank at the Tomoka Landfill, adding unleaded fuel to their operation. Unleaded fuel use at the Tomoka Landfill is projected to increase sharply in the coming years. Another 10,000 gallon ethanol tank will be installed at the Transfer Station in the future, to increase the unleaded fuel supply for use in the county's 463 flex fuel vehicles.

The FY2013-14 estimate for capital improvements consists of a canopy over fuel tanks and a catwalk at the landfill.

The FY2014-15 capital outlay budget contains security cameras and networking the fuel master system to allow electronic monitoring of fueling alarms and fuel tank levels at the fuel sites.

Number of Part Time Positions	0.00	0.00
Number of Full Time Equivalent Positions	7.00	7.00

Key Objectives

1. Maintain a minimum level of cost mark-up to customers to ensure a competitive price.
2. Issue repair parts in a timely manner to support the maintenance and service operations.
3. Ensure parts inventory accountability.
4. Continue to reduce monthly expenses.

Performance Measures	FY 2012-13 Actual	FY 2013-14 Estimated	FY 2014-15 Budget
1. Parts price adjustments	15	15	15
2. Parts on-demand rate	83	83	83
3. Parts inventory accuracy rate	98	98	98
4. Monitor monthly overhead report	4,610	4,800	5,000

Highlights

The Fleet parts activity maintains an equipment parts inventory, including oil and lubricants, at their main facility on Indian Lake Road and at the satellite shops at the Tomoka Landfill and EVAC locations. A database tracks all receipt and issuance of parts. Staff reviews reports and audits inventory, daily. Sublet and accounts payable transactions are processed by administrative staff.

In FY2014-15 the sublet mark-up will increase, from 5% to 10%, for the first time since 2005. The parts mark-up will stay at 15% and 18% on parts with environmental or disposal fees. The budget for sublet costs was reduced to more closely reflect prior year actual costs.

Key Objectives

1. Maintain a high availability rate for short-term rental vehicles
2. Continue to educate customers to use the online pool vehicle reservation system (Agilefleet)

Performance Measures	FY 2012-13 Actual	FY 2013-14 Estimated	FY 2014-15 Budget
1. Vehicle availability rate	98	99	99
2. Increase the percentage of online reservation	98	99	99

Highlights

The Fleet Management motor pool was established to provide employees with county vehicles to conduct their work. The main motor pool is located on Indian Lake Road, and an automated motor pool is at the DeLand Administration building.

Fleet Management continues to hold the line on pool rates, with current rates well below the commercial rental car company average rates. Customers utilized pool rentals over 427 times last year. Fleet has implemented automated billing for the pool rental program and will be changing the cost structure to a cost-per-mile system.

The automated kiosk and the key control unit continues to be a convenience to our customers enabling them to pick up pre-reserved vehicles or grab-and-go vehicles without making prior requests.

The relocation of the service writer from the entrance booth to an indoor office, and the added cameras/intercom system, improved customer safety and site security.

Highlights

The vehicle replacement program is used to stabilize and amortize the cost of acquiring and replacing the County fleet. Fleet composition ranges from passenger vehicles to ambulances to fire engines. Initially the divisions purchase the vehicles, then they are entered into the vehicle replacement program where they are scheduled for replacement based on vehicle type, age, annual mileage, type of use and other factors. Once a vehicle is added to the program, the division pays an annual service charge to accumulate funds to replace the vehicle. The purchase of hybrids and environmentally friendly vehicles has continued to expand over the past several years with a total of 463 flex fuel and 27 hybrid vehicles currently in the county fleet. The Fleet Right-Sizing Committee continues its mission to reduce the county fleet and the Fleet Customer Service Committee continues to meet to improve fleet operations. In FY2014-15 65 vehicles, from ambulances to passenger vehicles, are scheduled for replacement.

Insurance Management Fund - 521

Summary: Risk Management is part of the Personnel Division. The fund includes the Wellness Centers, the Safety Officer, Insurance Administration, Workers Compensation, Liability, Property Insurance, Commercial Insurance, and Loss Control, which includes the County's medical staff. Risk Management provides pre-employment physicals and drug screening to outside agencies on a cost-recovery basis. The claims and settlement expenses are reviewed by an outside actuary each year to provide the basis for budget projections. Internal Service Charges for Worker's Compensation are allocated based on claims history; for Liability are based on FTE's and for Property/Physical Damage are based on the property value. Commercial insurance policies are direct-billed to the responsible agency.

The County maintains a reserve for property losses resulting from hurricanes & tropical storms in the amount of \$9.6M. The County's property insurance policy limits coverage to \$20M per occurrence for damage resulting from Named Storms. The County's property value totals \$617,413,932. Of that, in excess of \$180M of property values are less than 1 mile from the ocean. A \$3.5M worker's compensation and liability loss reserve has been established to protect the County from variances between the actuary's estimated loss projections vs. actual losses incurred. The County's actuary provides estimated loss projections at the 75% confidence level. There is a 25% chance in a given year that losses will exceed the projected and budgeted amount. The County maintains an excess worker's compensation policy with a self-insured retention (SIR) of \$650,000 per claim.

Mission: To facilitate county government operations through the proactive management of its human resources. To meet the challenges of the changing workplace environment, adhering to and promoting the principles of equal opportunity and racial equity through effective recruitment, training and development programs in conjunction with innovative reward and motivational programs, and to develop a highly qualified, productive and responsive workforce equipped with the knowledge, skills and abilities necessary to meet and adapt to the present and future needs of Volusia County.

Highlights

This unit covers commercial insurance policies for the County's elected officials, law enforcement personnel and high risk employees. Commercial liability policies are needed for Leisure Services' recreation program, and Fleet Management. Additionally, aviation policies are required for the Daytona Beach International Airport, Sheriff's Office, and Mosquito Control. Costs for these policies are charged back directly to the using department. The FY2014-15 budget reflects savings on renewals for excess policies for Leisure Services and Mosquito Control Aviation.

Number of Part Time Positions		0.00		0.00
Number of Full Time Equivalent Positions		8.00		8.00

Key Objectives

1. Maintain a reasonable competitive insurance market in the interest of premium reduction with innovative approaches to all insurance markets.
2. Maintain insurance policies that protect the interest of the County.

Performance Measures	FY 2012-13 Actual	FY 2013-14 Estimated	FY 2014-15 Budget
1. Total premium (dollars)	3,900,000	4,000,000	4,000,000
2. Number of policies	32	32	32

Highlights

Insurance Administration provides administrative services, investigations, and processing for workers' compensation, liability, commercial insurance and property damage policies and claims. Administration also provides support for the Wellness Program, Safety Officer, and Risk Management medical staff.

Expenditures by Fund				
Insurance Management	\$1,464,883	\$6,983,400	\$1,805,904	\$4,225,000

Key Objectives

1. Endeavor to foster 100% closure ratio of claims, there by reducing reserves.

Performance Measures

	FY 2012-13 Actual	FY 2013-14 Estimated	FY 2014-15 Budget
1. Number of claims closed	129	140	150

Highlights

The Liability Activity accounts for settlement costs and the County's excess liability policies. The reserve was established in FY2013-14 to cover the County's self-insured retention (SIR) and any major claims or settlement expenses above the actuarial projection.

4. Number of Vaccinations	1,315	1,405	1,400
5. Number of TB Tests	650	687	650

Highlights

Risk Management has an on-going commitment to reducing losses in the workplace through health intervention programs designed to inspire employees to embrace good health. The medical staff conducts pre-employment physicals and drug screenings as required by licensing or other regulations for certain job classifications. Volusia County also provides these services to outside agencies on a contract basis.

Expenditures by Fund				
Insurance Management	\$2,616,712	\$10,343,289	\$2,594,860	\$12,418,436

Key Objectives

1. Maintain accurate listing of County property.
2. Endeavor to foster 100% closure ratio of claims, there by reducing reserves.

Performance Measures	FY 2012-13 Actual	FY 2013-14 Estimated	FY 2014-15 Budget
1. Total property value (dollars)	617,413,932	620,500,000	625,000,000
2. Number of claims closed	129	135	135

Highlights

Volusia County insures facilities with a total value of over \$617 million. The total value of properties is estimated to increase only minimally in FY2014-15. The budget for the FY2013-14 excess policy (\$2.5M) was included in the reserve account, as the changes in coverages made projections highly variable. The County has purchased policies with coverages of \$20 million for named storm wind damage with a 3% deductible. Policy provides coverage up to \$150 million for damage from non-named storms with a \$100,000 deductible. All other perils are covered with a deductible of \$25,000.

Number of Part Time Positions		2.00		2.00
Number of Full Time Equivalent Positions		3.00		3.00

Key Objectives

1. Improve employee and family health through effective programs related to healthy lifestyles and support for behavioral changes.
2. Develop physical fitness conditioning programs for employee lifestyle enhancement.
3. Encourage employees to participate in Health, Wellness and Benefits Fair with a focus on medical screening participation.
4. Ensure safe work sites by regular site visits, coordination of training, accident analysis, and provision of safety education information.

Performance Measures	FY 2012-13 Actual	FY 2013-14 Estimated	FY 2014-15 Budget
1. Number of employees participating in Wellness Center	810	875	962
2. Number of employees qualifying for Wellness Incentives	1,468	1,393	1,533
3. Number of employees attending Wellness Fair	1,380	1,680	1,932
4. Percent of Divisions providing safety orientation and guidelines	0	15	75

Highlights

The Wellness Program promotes healthy lifestyles through education, training, and with assistance in behavioral changes through on-site wellness centers, lunch and learn programs, coordination with community wellness events, and organizations that provide related services. The goal for the coming year is to enhance the health screenings and provide more programs for awareness. The continued emphasis will be to contain health care costs by ensuring that employees, retirees, and their dependents are provided the appropriate care at reasonable costs, as well as early screenings. Funding for this program is primarily offset by investment income earned in this fund.

The Safety program provides in-house safety inspections, training, indoor air quality, ergonomic and safety evaluations, claim investigations, and emergency evacuation drills.

Insurance Management	\$2,858,260	\$5,249,400	\$2,983,136	\$4,845,000

Key Objectives

1. Process claims and payments within state mandated time frame.
2. Endeavor to foster 100% closure ratio of claims, there by reducing reserves.

Performance Measures	FY 2012-13 Actual	FY 2013-14 Estimated	FY 2014-15 Budget
1. State fines paid due to late filing/payments (dollars)	100	100	100
2. Number of claims closed	351	265	275

Highlights

The Worker's Compensation budget includes funding for medical expenses, compensation expenses and the assessment from the State of Florida for the self-insurance plan. Reserves are established to fund the self-insured retention (SIR) of \$650,000 per claim and any claims that might exceed the maximum aggregate of \$25M.

Group Insurance Fund - 530

Summary: The Employee Benefits Group Insurance Fund reflects employer, employee, COBRA and retiree health plan contributions (premiums) and payment of claims. The Employee Benefits program includes employee-paid options such as dependent health coverage, dental, vision, and various other insurance plans. The Wellness program overseen by Personnel has ongoing educational events to educate employees about the value of maintaining healthy lifestyles to help control health care costs.

The fund reserve is for the Florida Office of Insurance and Regulations recommendation of 60 days as well as covering major large claims that may occur.

Current health provider contracts end December 31, 2016. The process to consider health insurance options will begin the fall of 2014 with Council decision in spring of 2016 (18 month process).

Key Objectives

1. Provide affordable, high quality health care to County employees.
2. Stabilize claim costs through education.
3. Stabilize claim costs per employee per month through wellness programs.

Performance Measures	FY 2012-13 Actual	FY 2013-14 Estimated	FY 2014-15 Budget
1. County contribution per FTE	8,040	8,540	9,040
2. Health claim costs	36,473,699	38,731,587	40,999,165
3. Number of employees who qualify for wellness incentive	1,726	2,236	2,236

Highlights

The Group Insurance fund reflects both employer and employee health plan contributions and payment of claims. The program costs include employee-paid options such as dependent coverage, cancer, and dental coverage. Additionally, the program includes retirees who continue to participate in County's plan. The employer contribution is projected to increase from \$8,040 to \$9,048 annually.

The County continues to provide extra flex dollars to employees who obtain screenings that will help employees understand their current health status. The Personnel Division conducts ongoing programs to educate employees on using the health plan and getting the best care.

The reserves meets the Florida Office of Insurance and Regulations recommendations of 60 days as well as meeting cash flow coverage and close out payments should a change in policy be implemented.

Capital Improvement Program (CIP)

Capital improvement programming is a guide toward the efficient and effective provision of public facilities. The result of this continuing programming process is the Capital Improvement Program (CIP), a document published annually that proposes the development, modernization or replacement of physical public projects over a multi-year period. By looking beyond year-to-year budgeting and projecting what, where, when and how capital investments should be made, capital programming enables public bodies to maintain an effective level of service to the present and future population. The CIP shows the arrangement of projects in a sequential order based on a schedule of priorities and assigns an estimated cost and anticipated method of financing for each project.

Items that are considered for the Capital Improvement Program include all renovations, improvements, or purchases which exceed \$25,000 (unit item value) and have a life expectancy exceeding five years. Any systems or renovations which have a total value meeting the above criteria, despite being comprised of numerous lower value unit costs, should also be considered a capital improvement.

BENEFITS OF CAPITAL PROGRAMMING

A long-term capital improvement program has many obvious benefits that result from its systematic approach to planning and financing public agency projects. Some of the more important benefits derived from a viable capital programming process include the following:

- Assists in the implementation of the Comprehensive Plan. The CIP serves as a mechanism for implementation of the Comprehensive Plan. By outlining the facilities needed to serve the population and land uses called for in the Plan and by scheduling them over time, the CIP guides the public construction program for the future.
- Focuses attention on community goals and needs. Capital projects can be brought into line with community objectives, anticipating growth and the government's ability to pay. By planning ahead for projects, those that are needed or desired most can be constructed or acquired first. The CIP keeps the public informed about future capital investment plans of the County. The public involvement in the process provides a mechanism through which a previously unidentified need can emerge, be addressed and placed in the framework of community priorities.
- Encourages more efficient government administration. The CIP promotes coordination among government agencies and provides a check on potential overlapping or conflicting programs. The program can guide local officials in making sound annual budget decisions. In addition, the CIP will indicate where sites for projects are needed and where advance acquisition may be necessary to insure the availability of land.
- Fosters a sound and stable financial program. Through capital facilities planning, the need for bond issues or other revenue production measures can be planned and action taken before the need becomes critical and requires emergency financing measures. In addition, sharp changes in the tax structure and bonded indebtedness may be avoided when the projects to be constructed are staged over a number of years. Where there is sufficient time for planning, the most economical means for project financing can be selected in advance. The CIP can facilitate reliable capital expenditure, revenue estimates, and reasonable bond programs by looking ahead to minimize the impact of capital improvement projects. Keeping planned projects within the financial capacity of the County helps to preserve its credit rating and makes it more attractive to business and industry. Thus, the CIP is an integral element of the County's budgetary process.

FY2014-15 CAPITAL IMPROVEMENT BUDGET

The FY2014-15 Capital Improvement Budget totals \$30,694,853. Of this total, \$27.9 million is allocated within the operating budget or 90.7%% of the total CIP budget with balance of \$2.8 million allocated in non-operating funds. \$8.3 million is being carried forward from prior year's allocations and new funding allocation is \$22.4 million. The following pages list each CIP project by funding source and project name. Major funding sources for the CIP include: ECHO grants, Ad Valorem Taxes, Gas Taxes, Solid Waste User Fees, Water Utilities User Fees, and Impact Fees.

Capital projects included within Countywide Funds comprise 16.5% of CIP projects, totaling \$5.1 million and include:

- General Fund (\$4.1 million in building maintenance)
- Library Fund (\$538,500 in building maintenance)
- Volusia ECHO (\$416,000 for land purchases)

Capital projects included within Special Revenue Funds comprise 43.2% of CIP projects, totaling \$13.2 million with 70% being roadway projects. These funds include:

- County Transportation Trust (\$5.9 million in roadway improvements)
- Fire Services
- Inmate Welfare Trust
- Ponce De Leon Inlet and Port District
- Road Impact Fees – Zone 4
- Stormwater Utility

Capital projects included within Enterprise Funds comprise 31% of CIP projects, totaling \$9.5 million. These funds include: Solid Waste, Water & Sewer Utilities and Parking Garage Funds.

Capital projects included within the Capital Projects Funds comprise 9.3% of CIP projects, totaling \$2.8 million. These funds include: Beach Capital Projects, Capital Outlay, Ocean Center, Park Projects and Trail Projects.

Overall, major projects funded in FY2014-15 include:

- \$9.3 million for road related projects (\$4.1 million is carry forward)
- \$4.7 million for Solid Waste Projects
- \$4.3 million for Water and Sewer Utilities (\$2 million is carry forward)
- \$1.9 million for Stormwater Utility
- \$2.8 million for Capital Funds projects
- \$1.8 million for Ponce De Leon Inlet and Port District

Operational Impact of Capital Improvements

The capital improvement budget was developed not to increase costs but instead to maintain the integrity of our facilities. Majority of the projects included in this budget submittal are for maintenance and renovations and do not add new infrastructure. Until the economic environment improves, the capital improvement program will be minimal and require no additional dollars for maintenance or operating costs. No new employees are required as a result of the capital plan and all operating impacts will be absorbed through other cost saving efforts.

Capital Outlay Fund - 305

Summary: This fund is used for the construction and upgrade of the 800 MHz public safety radio system. This includes technology upgrades consisting of software, equipment, GPS simulcast, and radio towers. Annual revenue collected from the 800 MHz system traffic fine surcharge is transferred to this fund from the General Fund.

The FY2014-15 budget includes transfers of \$1,498,473 from all participating funds for radio replacement. The General Fund transfer from the traffic fine surcharge is \$450,000. In FY2016-17, the county will begin the development of system design specifications for an RFP to upgrade the County's 800 MHz to the next generation of technology. The technology is based on P25, an industry standard that allows radios on different radio systems to communicate with each other regardless of the vendor. This upgrade will begin in FY 2017-18.

Capital Outlay budget for FY2014-15 includes \$150,000 for VHF equipment for the Regional Mutual Aid System and \$1,498,473 for the radio replacement plan. Capital Improvement budget is for the 800MHz Backbone project in support of the P25 technology. The operating budget is for implementation of a tower to serve southwest Volusia County.

Capital projects are appropriated by Council and this is life to date appropriation as outlined in County's Appropriation Procedures, which states: "Appropriations for capital projects and federal, state or local grants will continue in force until the purposes for which they were approved have been accomplished or abandoned."

Beach Capital Projects Fund - 313

Summary: This fund is used to account for various beach related capital projects. Such projects may include the acquisition or construction of off beach parking at multiple locations.

Annual revenue collected from 5th Dollar Beach Access Fee is transferred from the General Fund for beach projects, estimated at \$500,000.

The FY2014-15 budget includes an interfund transfer to the General Fund for debt service payment of Winterhaven off-beach parking which ends in FY2015-16.

Capital projects are appropriated by Council and this is life to date appropriation as outlined in County's Appropriation Procedures, which states: "Appropriations for capital projects and federal, state or local grants will continue in force until the purposes for which they were approved have been accomplished or abandoned."

Trail Projects Fund - 328

Summary: The purpose of this fund is to account for both the East Central Regional Rail Trail and the Spring-to-Spring Trails. County Council has committed \$1 million of ECHO funds, annually, to be used toward debt service and the trail projects. The East Central Regional Rail Trail is expected to be over 50 miles in length and will become part of a five-county, 260 mile loop. The Spring-to-Spring Trail is constructed in multiple phases and will include multi-use, bicycle/pedestrian, and riding trails.

The FY2014-15 budget includes an interfund transfer to the Capital Improvement Revenue Note, Series 2010 fund for debt service payment.

The transfer from other funds revenue is to carry forward prior ECHO grant awards totalling \$1,039,260 and the annual \$1 million from ECHO fund for the trails program.

Capital projects are appropriated by Council and this is life to date appropriation as outlined in County's Appropriation Procedures, which states: "Appropriations for capital projects and federal, state or local grants will continue in force until the purposes for which they were approved have been accomplished or abandoned."

Forever Capital Projects Fund - 361

Summary: This fund provides for the acquisition and improvement of environmentally sensitive, water resource protection, and outdoor recreation lands for the purpose of conservation. The FY2014-15 budget is to close the capital projects fund and move the accrued balance to the Volusia Forever Fund (161).

Capital projects are appropriated by Council and this is life to date appropriation as outlined in County's Appropriation Procedures, which states: "Appropriations for capital projects and federal, state or local grants will continue in force until the purposes for which they were approved have been accomplished or abandoned."

*10 mill cap

Effective in 2009, the Florida Legislature established maximum millage vote requirements in Florida Statute 200.065(5). A millage equal to or less than the rolled-back millage rate adjusted by the percentage change in Florida per capita income requires a simple majority vote of the governing body. If the prior year adopted millage was less than the prior year majority vote rate, the rolled-back rate for majority vote is calculated based on the prior year majority vote rate. Any proposed millage greater than the majority vote rate and up to 110% of the majority vote rate requires a two-thirds vote of the governing body. Any proposed millage greater than the 110% rate, up to the constitutional or statutory maximum, must be approved by a unanimous vote of the governing body.

RESOLUTION NO. 2014 - 134

RESOLUTION OF THE COUNTY COUNCIL OF THE COUNTY OF VOLUSIA, FLORIDA, FIXING THE AMOUNT AND RATE OF TAXATION FOR THE FISCAL YEAR COMMENCING OCTOBER 1, 2014, AND SETTING THE TAX LEVY FOR THE BUDGET YEAR 2014-15 FOR THE COUNTY OF VOLUSIA AND ITS DEPENDENT TAXING UNITS; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the total valuation on property, both real and personal in the County of Volusia, State of Florida, subject to assessment for taxation to raise revenue for fiscal year beginning October 1, 2014, and ending September 30, 2015, as reported by the Property Appraiser, County of Volusia, Florida, under the 2012 Assessment Roll is \$25,684,571,112; and

WHEREAS, the County Council of Volusia County, Florida in accordance with Section 200.065, Florida Statutes, is required at this time to fix ad valorem tax millage for County purposes, and for dependent taxing units;

NOW, THEREFORE, BE IT RESOLVED BY THE COUNTY COUNCIL OF THE COUNTY OF VOLUSIA, FLORIDA, IN OPEN MEETING DULY ASSEMBLED AT THE THOMAS C. KELLY ADMINISTRATION CENTER IN DELAND, COUNTY OF VOLUSIA, FLORIDA, THIS 18TH DAY OF SEPTEMBER, A.D., 2014 AS FOLLOWS:

SECTION I. ALL COUNTY PURPOSE LEVIES.

- A. The FY 2014-15 operating millage rate for the countywide taxing authority, Volusia County General Fund is 6.3189 mills; which is greater than the rolled-back rate of 6.0063 mills by 5.2%.
- B. The FY 2014-15 operating millage rate for the countywide taxing authority, Volusia County Library Fund is 0.5520 mills; which is greater than the rolled-back rate of .5242 mills by 5.3%.
- C. The FY 2014-15 operating millage rate for the countywide taxing authority, Volusia Forever Fund is 0.0627 mills; which is greater than the rolled-back rate of 0.0520 mills by 20.6%
- D. The FY 2014-15 operating millage rate for the countywide taxing authority, Volusia Forever Fund –Voted Debt is 0.1373 mills.
- E. The FY 2014-15 operating millage rate for the countywide taxing authority, Volusia ECHO Fund is 0.2000 mills; which is greater than the rolled-back rate of 0.1901 mills by 5.2%.

SECTION II. SPECIAL TAXING DISTRICTS.

- F. The FY 2014-15 operating millage rate for the taxing authority, Mosquito Control Fund is 0.1880 mills.
- G. The FY 2014-15 operating millage rate for the taxing authority, Ponce Inlet Port Authority Fund is 0.0929 mills; which is greater than the rolled-back rate of 0.0883 mills by 5.2%.
- H. The FY 2014-15 operating millage rate for the taxing authority, Volusia County Municipal Service District Fund is 2.2399 mills; which is greater than the rolled-back rate of 2.1575 mills by 3.8%.
- I. The FY 2014-15 operating millage rate for the taxing authority, Silver Sands-Bethune Beach Municipal Service District Fund is 0.0150 mills, greater than the rolled-back rate of 0.0141 by 6.4%.
- J. The FY 2014-15 operating millage rate for the taxing authority, Fire District Fund is 3.6315 mills; which is greater than the rolled-back rate of 3.4981 mills by 3.8%.

EFFECTIVE DATE. THIS RESOLUTION SHALL TAKE EFFECT IMMEDIATELY UPON ITS ADOPTION. DONE, ORDERED AND ADOPTED in open meeting in DeLand, County of Volusia, Florida, on this 18th day of September, A.D., 2014.

RESOLUTION NO. 2014- 135

**A RESOLUTION OF THE COUNTY COUNCIL OF THE
COUNTY OF VOLUSIA, FLORIDA, ADOPTING THE
FINAL BUDGET FOR FISCAL YEAR 2014-15 AND
PROVIDING FOR AN EFFECTIVE DATE.**

WHEREAS, the county council has on this September 18, 2014, held the public hearing for a final budget adoption required by Section 200.065, Florida Statutes; and

WHEREAS, the county council has considered and discussed the appropriations and revenue estimate set forth in the attached Appendix A for the Budget for Fiscal Year 2014-15 which includes the amount of \$628,349,357 for the operating budget and \$111,935,093 for the non-operating budget; and

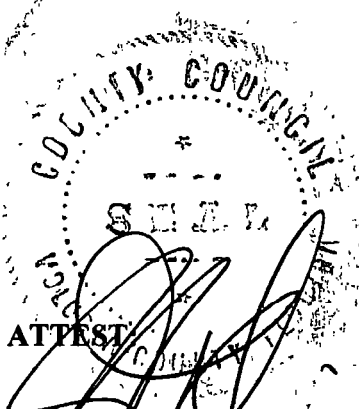

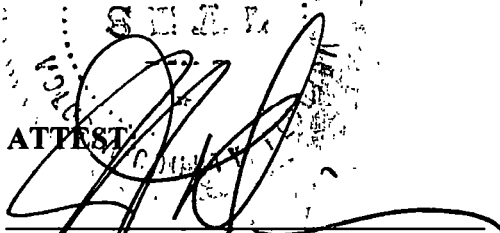

WHEREAS, the county council of Volusia County, Florida, finds those appropriations and revenue estimates to be proper and within the millage rate heretofore adopted by resolution;

NOW, THEREFORE, BE IT RESOLVED BY THE COUNTY COUNCIL OF VOLUSIA COUNTY, FLORIDA, IN OPEN MEETING DULY ASSEMBLED IN THE THOMAS C. KELLY ADMINISTRATION CENTER, DELAND, FLORIDA, THIS 18TH DAY OF SEPTEMBER, 2014, AS FOLLOWS:

SECTION I: The Fiscal Year 2014-15 Final Budget, as set forth in Appendix "A" attached hereto and incorporated herein by this reference, is hereby adopted.

SECTION II: This resolution shall take effect immediately upon its adoption.

DONE AND ORDERED IN OPEN MEETING.

Glossary

Activity – Sub-organizational unit of a Division established to provide specialized service to citizens.

Accounting System – A system of financial record-keeping that records, classifies, and reports information on the financial status and operation of an organization.

Ad Valorem Tax – The primary source of revenue for the County. For purposes of taxation, real property includes land and buildings, as well as improvements erected or affixed to the land. The Property Appraiser determines the value of all taxable real property.

Adopted Budget – The financial plan of revenue and expenditures as approved by the County Council at the beginning of the fiscal year.

Advance Payment – A payment made to a recipient upon its request either before outlays are made by the recipient or through the use of predetermined payment schedules.

Advisory Committee – A citizen's board, or commission, appointed by the County Council to review and recommend policies for specific programs and functional area.

Agency – A principal unit of the county government or a governmental unit outside the county government which receives county funding.

Aggregate Millage Rate – Overall millage rate used to determine an overall rate for principle taxing authorities with Dependant Districts.

Allocation - The distribution of available monies among various County departments, divisions or cost centers.

Amendment 10 (Save Our Homes) Value Cap – This is the amount homesteaded properties can increase since Amendment 10 was implemented. (Save Our Homes).

Amortization – The payment of an obligation in a series of installments or transfers or the reduction of the value of an asset by prorating its cost over a number of years.

Annual Budget – An estimate of expenditures for specific purposes during the fiscal year (Oct. 1 - Sept. 30) and the estimated revenues for financing those activities.

Appropriation – An authorization by the County Council to make expenditures and incur obligations from County funds for purposes approved by Council.

Assessed Valuation – A valuation set upon real estate or personal property by the County's Property Appraiser and the State as a basis for levying taxes.

Asset – Resources owned or held by a government which has monetary value.

Audit – A review of the County's accounting system to ensure that financial records are accurate and in compliance with all legal requirements for handling of public funds, including state law and County Charter.

Balanced Budget – A financial plan for the operation of a program or organization for a specified period of time (fiscal year) that matches anticipated revenue with proposed expenditures. A budget in which the revenue equals expenditures.

Benchmarking – Process of comparing organizational practices to those of peer organizations as a basis for developing and striving to exceed standards.

Bond – A written promise to pay a sum of money at a specific date (called a maturity date) together with periodic interest detailed in a bond resolution.

Bond Funds – The revenues derived from issuance of bonds used to finance capital projects.

Budget (Operating) – A financial plan of operation which includes an estimate of proposed expenditures and revenues for a given period.

Budget Calendar – The schedule of key dates or milestones which a government follows in the preparation and adoption of the budget.

Budget Message – A general discussion of the recommended budget as presented in writing by the County Manager to the County Council as a part of the budget document.

Budget Transfer – A budgetary transaction that modifies the adopted line item appropriations within a budget.

Capital Budget – An annual plan of proposed expenditures for capital improvements and the means of financing these expenditures.

Capital Improvement Plan – A document that identifies the costs, scheduling, and funding of various large capital items; i.e., buildings, roads, bridges, water and sewer systems. The plan should identify costs associated with existing deficiencies versus capacity for growth.

Capital Improvement Project – Includes land acquisitions, building improvements, transportation improvements, improvements to other public facilities, and equipment over \$25,000.

Capital Outlay – Those items with a per unit cost of more than \$1,000 which include furniture and equipment.

Charges for Service – (Also called User Charges or Fees) The charge for goods or services provided by local government to those private

Budget Terms

individuals who receive the service. Such charges reduce the reliance on property tax funding.

Contingency – An appropriation of funds to cover unforeseen events that occur during the fiscal year, such as federal mandates, short-falls in revenue and unanticipated expenditures.

Consumer Price Index – Measures the prices of consumer goods and is a measure of U.S. inflation. The U.S. Department of Labor publishes the Consumer Price Index every month.

Contractual Service – A service rendered to the County by private firms, individuals or other County departments on a contract basis.

Debt Service – The payment of principal and interest obligations resulting from the issuance of bonds.

Deficit or Budget Deficit – The excess of budget expenditures over revenue receipts.

Delinquent Property Tax – The revenue collected on property taxes from persons who are overdue in paying their property tax bills.

Department – Broad organization unit of the County established to efficiently meet the needs of citizens.

Dependent District – A district that is governed by the governing body of the county or municipality.

Designated Fund Equity – Reservations of fund balance and retained earnings which represent that portion that is not appropriable for expenditure or is legally segregated for a specific future use.

Encumbrance – An obligation in the form of a purchase order, contract, or formal agreement which is chargeable to an appropriation and for which a part of the appropriation is reserved. The obligation ceases to be an encumbrance when the obligation is paid.

Enterprise Fund – A fund established to account for operations that are financed and operated in a manner similar to private business enterprises. The intent is that the full cost of providing the goods or services to be financed primarily through charges and fees, thus removing the expense from the tax rate.

Expenditure – The sum of money actually paid from County funds.

F.A.C. – Florida Administrative Code.

Final Millage – Millage adopted at final budget hearing.

Fiscal Year – The twelve-month financial period used by the County that begins October 1 and ends September 30 of the following calendar year. The year is represented by the date on which it ends. Example: October 1, 2010 to September 30, 2011 would be fiscal year 2011.

Fixed Assets – Assets of a long-term character, which are intended to continue to be held or used (land, buildings, improvements other than buildings, and machinery and equipment).

Form DR-420 – Certification of Taxable Value (Proposed millages).

Form DR-420MMP – Maximum Millage Levy Calculation Preliminary Disclosure.

Form DR-420MM – Maximum Millage Levy Calculation Final Disclosure.

Form DR-420TIF – Tax Increment Factor Adjustment Worksheet.

Form DR-420DEBT – Certification of Voted Debt Millage.

Form DR-422 – Certification of Final Taxable Value (Final adopted millages).

Form DR-422DEBT – Certification of Final Voted Debt Millage.

Form DR-474 – Notice of Proposed Property Taxes, “TRIM” Notice.

Form DR-487 – Certification of Compliance. List of compliance requirements.

Form DR-487V – Voting Record for Final Adoption of Millage Levy.

F.S. – Florida Statutes.

FTE – Full-time equivalent position. Also referred to as "staff-year". Staff-year is based upon the number of hours for which a position is budgeted during the year.

WORKWEEK

40 HOURS

1 Staff-year = 2,080 hrs

.5 Staff-year = 1,040 hrs

.25 Staff-year = 520 hrs

Full and Fair Market Valuation – The requirement, by state law, that all real and personal property be assessed at 100% of fair market value for taxation purposes.

Fund – A set of interrelated accounts that records assets and liabilities related to a specific purpose. Also, a sum of money available for specified purposes.

Fund Balance – The amount available within a fund at the close of the fiscal year that can be carried over as a revenue for the upcoming fiscal year.

GAAFR – (Governmental Accounting, Auditing and Financial Reporting) – The “blue book” published by the Government Finance Officers Association to provide detailed guidance for the application of accounting principles for governments.

GAAP – (Generally Accepted Accounting Principles) – The uniform standards established for financial

Budget Terms

accounting and reporting, which are different for government than business.

General Fund – The governmental accounting fund supported by ad valorem (property) taxes, licenses and permits, service charges and other general revenue to provide County-wide operating services. This may be referred to as the operating fund.

General Purpose Funds – Those funds supported by taxes and fees that have unrestricted use.

Governmental Funds – The category of funds, which include general, special revenue, capital project, and debt service. These funds account for short-term activities and are often compared to the budget.

Grant – A contribution of assets by one governmental unit, or other organization, to another. Typically, these contributions are made to local governments. Grants are usually made for specified purposes.

Homestead Exemption – A statewide exemption that is a deduction from the total taxable assessed value of owner occupied property. The current exemption is \$50,000. Additional exemptions based on eligibility include Senior Homestead Exemption, Blind, Combat Related Disability, Service Related Disability, Widows/Widowers, or Total/Permanently Disabled Exemption.

Impact Fee – A fee to fund the anticipated cost of new development's impact on various County services as a result of growth. This fee, such as for water and sewer or fire services, is charged to those responsible for the new development.

Incorporated Area – Within city limits.

Independent Special District – A special district that is not a dependent district for a County or Municipality.

Indirect Cost – Costs associated with, but not directly attributable to, the providing of a product or service. These are usually costs incurred by service departments in the support of operating departments.

Interest Income – The revenue derived from the County's regular investment of temporarily idle cash. Interest rates, and hence the earnings, are commercially determined and subject to fluctuating market conditions.

Interfund Transaction – A financial transaction from one fund to another that results in the recording of a receipt and expenditure.

Internal Service Fund – A fund established for the financing of goods or services provided by one department or agency to other departments or agencies on a cost reimbursement basis.

Just Value – Florida Statute 193.011(1) defines just value as the present cash value of the property, which is the amount a willing purchaser would pay a willing seller, exclusive of reasonable fees and costs of purchase True Value of Property.

Lease/Purchase Payment – A payment made to private corporations under lease-purchase agreements for equipment purchases.

Levy – To impose taxes, special assessments or service charges. Another term used for millage rate.

License and Permit Fees – A charge for specific items as required and approved by local and state regulations, i.e., building permit, mobile home, etc.

Lighting District – A revenue source derived from the funds received by the County from residents of a special district established to finance street lighting.

Local Option Gas Tax – An ordinance of the County Council of Volusia County, Florida pursuant to section 336.025(1)(b), F.S. levying and imposing a local option fuel tax of 6 cents upon every gallon of motor fuel sold in the County of Volusia with the proceeds from said tax being distributed as provided by law. Beginning January 1, 2000 an additional 5 cents was levied and imposed upon every gallon of motor fuel oil, excluding diesel.

Maximum Millage – Maximum Millage allowed by vote.

Mill – One one-thousandth of a United States dollar. In terms of the millage rate, 1 mill is equal to \$1 per \$1,000 of assessed valuation.

Millage Cap – Maximum millage allowed by law.

Mission Statement – Statement of purpose that defines the business of the organization.

Modified Accrual Basis – A basis of accounting in which expenditures are accrued immediately upon becoming a liability, but revenues are accounted for on a cash basis.

MSTU – Municipal Service Taxing Unit.

Municipal Service District (MSD) – The Municipal Service District provides municipal (city) type services to residents in the unincorporated areas of the County.

Net Expenses – Total County expenses less reserves, transfers and internal service interfund transfers.

Non-Operating Budget – The capital budget and the internal service budget.

Non-Tax Revenue – The revenue derived from non-tax sources, including licenses and permits, intergovernmental revenue, charges for service, fines and forfeitures, and various other miscellaneous revenue.

Budget Terms

Notice of Proposed Property Taxes (NOPPT) – TRIM Notice - A Notice of Proposed Property Taxes that property owners receive each August, TRIM stands for Truth in Millage. It covers two areas: taxes and values.

Regarding taxes: It shows (1) last year's taxes, (2) taxes as proposed for the current year and, (3) what taxes would be if no budget changes were made.

Regarding values: It shows the market value, assessed value, exemptions and taxable value for the current year and the prior year.

Objective – Specific, measurable statement, consistent with goals and mission, that targets a desired future state.

Operating Budget – An annual plan of proposed expenditures for the on-going operations of county government. The operating budget excludes the capital and internal service budgets.

Operating Expenditures – Also known as operating and maintenance costs, these are expenditures of day-to-day operations, such as office supplies, maintenance of equipment, and travel. Capital costs are excluded.

Ordinance – A formal legislative enactment by the County Council. If it is not in conflict with any higher form of law, such as a state statute or constitutional provision, it has the full force and effect of law within the boundaries of the county.

Other Voted Millage – Millage approved by referendum.

Performance Measures – A means used to evaluate a program and insure that approved levels of funding yield expected results.

Personal Property Tax – A tax assessed on all personal property

(equipment) of business firms, mobile homes with permanent additions, and condominiums, if rented, within the County.

Potable Water – Water that does not contain pollution, contamination, objectionable minerals, or infective agents and is considered satisfactory for domestic consumption. A good synonym is drinking water.

Principal – The original amount borrowed through a loan, bond issue, or other form of debt.

Principal Authority – A taxing authority with or without secondary dependent district(s).

Property (Ad Valorem) Taxes – A revenue which is collected on the basis of a rate applied to the taxable valuation of real property.

Proposed Millage – Millage rate necessary to fund proposed rate budget. (On Form DR-420).

Proprietary Fund/Agency – Commonly called “self-supporting” or “enterprise”, these funds/agencies pay for all or most of their cost of operations from user fees and receive little or no general property tax support.

Reserve – An account used to indicate that a portion of fund equity is legally restricted for a specific appropriation and subsequent spending.

Reserve for Contingencies – A budgetary reserve set aside for emergencies or unforeseen expenditures not otherwise provided for in the budget.

Restricted Revenue – A source of funds which is mandated by law or policy to be used for a specific purpose.

Retained Earnings – An equity account reflecting the accumulated earnings of an Enterprise or Internal Services Fund.

Revenue – The taxes, fees, charges, special assessments, grants, and other funds collected and received by the county in order to support the services provided.

Rollback Ad Valorem Tax Rate – The millage rate needed to be levied in order to generate the same amount of tax dollars as collected in the previous fiscal year.

Rolled-back Rate – Rate that would generate prior year tax revenues less new construction, additions, deletions, rehabilitative improvements.

Special Assessment – A compulsory levy imposed on certain properties to defray part or all of the costs of a specific improvement or service deemed to primarily benefit those properties.

Special Revenue Fund – A fund used to account for the proceeds of specific revenue sources or to finance specified activities as required by law or administrative regulation.

State Mandated Cost – Legislation passed by state government requiring action or provision of services and/or programs.

Service – Work provided to meet the needs or satisfy the requirements of the citizens and/or employees.

Surplus – The difference between revenues received and expenditures made within the current fiscal year.

Tax Base – The total property evaluations on which each taxing authority levies its tax rate.

Tax Increment Financing – Financing secured by the anticipated incremental increases in tax revenues, resulting from the redevelopment of an area.

Tax Levy – The total amount of revenue to be raised by general property taxes.

Budget Terms

Tax Rate – The amount of tax stated in terms of a unit of the tax base. Example: 1.880 mills per \$1,000 of assessed valuation of taxable property.

Tax Roll – The certification of assessed taxable values prepared by the Property Appraiser and presented to a taxing authority by July 1 (or later if an extension is granted by the State of Florida) each year.

Tax Year – The calendar year in which ad valorem property taxes are levied to finance the ensuing fiscal year's budget. For example, the tax roll for January 1, 2008 would be used to compute an ad valorem tax levied effective October 1, 2008.

Taxable Value – The assessed value minus exemptions, such as the Homestead Exemption, is the taxable value. This value multiplied by the millage rate equals the property tax amount.

Tentative Millage – The proposed millage adopted at the initial TRIM hearing. (Appears in Budget Summary advertisement).

Truth In Millage Law (TRIM) – A 1980 Florida Law, which changed the budget process for local taxing governments. It was designed to keep the public informed about the taxing intentions of the various taxing authorities.

TRIM – Truth in Millage (Section 200.065, F.S.).

Undesignated Fund Equity – That portion of fund balance and retained earnings that are appropriable for expenditure.

Uniform Accounting System – The chart of accounts prescribed by the State of Florida Department of Financial Services Bureau of Local Government to facilitate comparison and evaluation of reports.

Unincorporated Area – Those areas of the County, which lie outside the boundaries of the cities.

User (Fees) Charges – The payment of a fee for direct receipt of a public service by those individuals benefiting from the service.

VAB – Value Adjustment Board.

Vision – Most desirable future state.

Voted Millage – A tax levied to support a program(s) that has been approved by voter referendum.

Warrant – A written order drawn to pay a specified amount of County funds to the bearer, either for services rendered or items purchased.
