

Dangerous Dogs

Declared Dangerous Dog List

Volusia County Animal Services Currently Declared Dangerous Dogs

The dogs listed on this site have been declared dangerous by Volusia County Animal Services. The owners

Guidelines used by Volusia County Animal Services in determining a dangerous dog. A dangerous dog:

- Has, without provocation, aggressively bitten, attacked, or endangered a human being, or has inflicted severe injury on a human being on public or private property; or
- Has more than once, without provocation, severely injured or killed a domestic animal while off the owner's property; or
- Has been used primarily, or in part, for the purpose of fighting, or is a dog trained for dog fighting; or
- Has, without provocation, chased or approached a person upon the streets, sidewalks, or any public grounds in an aggressive, menacing fashion or apparent attitude of attack; provided that such actions are attested to in a sworn statement by one or more persons, and dutifully investigated by the appropriate authority.
- A dog shall not be declared dangerous if the threat, injury, or damage was sustained by a person who, at the time, was unlawfully on the property or, while lawfully on the property, was teasing, tormenting, abusing, or assaulting the dog or its owner or a family member.
- No dog may be declared dangerous if the dog was protecting or defending a human being within the immediate vicinity of the dog from an unjustified attack or assault.

If Animal Services finds sufficient cause to declare a dog as "Dangerous", the owner is notified in writing. At this point the owner has three options:

1. Appeal the notice of sufficient cause to Volusia County Animal Services, who will hold a hearing before the Hearing Officer and either accept or rescind the declaration. If the Hearing Officer accepts the sufficient cause findings, the owner may appeal their decision to the County Court; or
2. Comply with the Dangerous Dog Restrictions (listed at the bottom of the page); or
3. Sign the dog over to Animal Services.

To comply with the Dangerous Dog Restrictions, a dog owner must have:

1. A current certificate of rabies vaccination and county license for the dog.
2. A locked, secure enclosure to confine the dangerous dog, and the posting of the premises with a clearly visible warning sign at all entry points that informs both children and adults of the presence of a dangerous dog on the property.
3. Proof of permanent identification of the dangerous dog, such as a tattoo or an electronic implantation, as specified by Animal Services.
4. The owner shall have the dangerous dog spayed or neutered within sixty (30) days of the effective date of the dangerous dog declaration.
5. Within (14) days pay the \$50.00 fee for the Certificate of Registration from the Animal Control Authority. This Certificate of Registration is to be renewed each year on the month/day of Dangerous Dog Classification.

For further information on Dangerous Dog laws, please refer to [section 14-40, Code of Ordinances, County of Volusia](#) and [Florida State Statute, Chapter 767](#)

The location and appearance of these dogs is provided to both inform and educate the public.
