1. Identify the following areas that you would like to receive more information on.  
Rank 1 for very important and 2 for somewhat important. Skip the ones you do not think are important.

Rank	Topic
	<b>Pulse or cyclic irrigation</b>
	<b>Water use and recovery</b>
	<b>Insect management (which ones?)</b>
	<b>Disease management (which ones?)</b>
	<b>Weed management (which ones?)</b>
	<b>Best management practices</b>
	<b>Nursery sanitation</b>
	<b>Irrigation system uniformity and maintenance.</b>

- continued next page -

Rank	Topic
	Container nursery fertilizer management
	Field nursery fertilizer management
	Container selection and management of girdling roots
	Nursery production pruning
	New cultivar evaluation/selection
	Palm nutrition
	Other palm topics (please write in here)
	Substrate (soil) management
	Spanish language training (in what?)
	Marketing
	Employee management issues (which?)
	Regulatory issues (which ones?)
	Worker Protection Standard training

Other Suggestions for topics?

2. Indicate your preferred method of training and information delivery:

Note: 1 being least desired to 5 being most desired.

Nursery Site Training	1	2	3	4	5
Extension Office or Classroom	1	2	3	4	5
Industry Field Day	1	2	3	4	5
Industry Newsletter	1	2	3	4	5
Faxed Information	1	2	3	4	5
Video Conference Workshops	1	2	3	4	5
CD Rom Training	1	2	3	4	5
Video or DVD Trainings	1	2	3	4	5
Internet Web Page	1	2	3	4	5
Product Representatives	1	2	3	4	5
Trade Journals	1	2	3	4	5
UF or other University Publications	1	2	3	4	5
Local or State FNGLA	1	2	3	4	5
Other Growers	1	2	3	4	5
Other (please identify below)	1	2	3	4	5

Other Suggestions?

3. If you indicated a high desire for “On Site or Classroom Training” please indicate most convenient times and days of week?

4. What is the approximate number of Spanish Language workers that you have?

**Thank You From The Nursery Integrated Pest Management Update Team!**
