

**Training and Exam or License Renewal:
Limited Commercial Landscape Maintenance or Limited L&O**

What is this training?

This training provides the six hours of classroom training and exam legally required for the Limited Commercial Landscape Maintenance (LCM) pesticide applicator's license, which is often referred to as the "Roundup" license, though other pesticides may be applied with this license. Material presented also covers information needed for the Limited Lawn and Ornamental (LLO) exam, which is often requested by government and other landscape maintenance crews, though training is not legally required for this license

Who should attend this training?

Did you know that according to the State of Florida Statutes, anyone using Roundup or other pesticides in beds and shrubs as part of their business must be licensed or face a **\$5,000 fine** upon inspection? Keep your operation legal by getting this license!

See details about the LCM license including the application at http://prohort.ifas.ufl.edu/pesticide_licenses/limited_commercial_maintenance.shtml .

Details about the LLO license including the application may be found at http://prohort.ifas.ufl.edu/pesticide_licenses/limited_lawn_ornamental.shtml

This training may also be used to satisfy the requirements for **license renewal** for these licenses and others, see CEU info below.

What do I need to do to take the exam?

Register for class using the form below. See the appropriate state application using the above links. Download the application. Fill it out, attach your picture, and bring it to the training. Proof of insurance is also required to get the LCM license (see application). You can also call the Bureau of Entomology at (850) 921- 4177 to have an application sent to you.

Study Manual Information:

These test study manuals are available from the IFAS Bookstore in Gainesville, either by ordering online or by calling 1-800-226-1764. If you order with a credit card, you should receive the books within 4-5 business days.

- ✓ Applying Pesticides Correctly: A Guide for Pesticide Applicators (SM-1), \$7.00.
Also called the "CORE Manual".
- ✓ Ornamental and Turfgrass Pest Management (SM-7), \$20.00.
Ornamental and Turf; Lawn and Ornamental Exams

If you are in doubt about what license you may need,

go to the following link for more information

http://prohort.ifas.ufl.edu/pesticide_licenses/which_pesticide.shtml
