NOTICE

State Rule 9B-72 concerning product evaluation and quality assurance took effect October 1, 2003. This rule covers exterior doors, windows, roofing products, shutters, skylights, structural components, panel walls & envelope products. **Beginning January 2, 2004**, permit application documentation for **all** covered products needs to demonstrate compliance with this Rule.

Attached is a copy of the " Volusia County Product Approval Permit Application Information" which will be required to be completed by the contractor or owner/contractor for each permit application that incorporates any of the eight (8) covered products into the project design. At the plan review stage, these forms will be reviewed for accuracy and to determine if the application of the product (i.e. design pressures, impact resistance, spans, uplifts etc...) is proper in accordance with its approval prior to permit issuance. Beginning January 3, 2005 all applications will require this product approval information sheet. MANUFACTURER SPECIFICATION AND INSTALLATION SHEETS MUST BE POSTED AT THE JOB SITE.

Product approval information can be obtained at the following sources:

- The Florida Department of Community Affairs (DCA) Building Code Information Website. Website address: www.floridabuilding.org (click on product approval button (*buttons are located on the left side of screen*), then click on the product search tab (*tabs are located towards top of screen under PRODUCT APPROVAL*))
- The Miami/Dade County Building Code Compliance Website. Website address: http://www.miamidade.gov/buildingcode/online_product_search.asp (click on [Product Search Application](#) product approval link located at the bottom of the screen)

THE FOLLOWING ALTERNATIVES ARE ACCEPTABLE IF THE PROPOSED PRODUCTS DO NOT HAVE VOLUNTARY STATE APPROVAL OR MIAMI/DADE ACCEPTANCE:

- Copy of product approval/testing information and copy of listing -or- report from a Product Certification Agency approved by the Florida building commission for each different covered product. Approved product certification agencies are shown on the State's website (www.floridabuilding.org). (Click on the product approval button, then click on the organization search tab).
- Copy of product approval/testing information from a Florida Building Commission approved Product Evaluation Entity or Product Testing Laboratory and documentation showing the manufacturer has a Florida Building Commission approved Quality Assurance Agency on retainer. Submittals are required for each different covered product. Approved Product Evaluation Entities, Product Testing Laboratories and Quality Assurance Agencies are shown on the State's website (www.floridabuilding.org). (Click on the product approval button, then on the organization search tab).

Note: Product Approval Recent Questions and Answers can be found on the "What's New" menu located on the right hand side the State's website (www.floridabuilding.org). Rule 9B-72 can be viewed at the above referenced website by clicking the product approval button, then choosing "Product Approval Rule 9B-72" located in the center menu on the screen.
