Ken,

It was good to see you last week at the State of the County address and in our brief conversation regarding the bus stop benches I got the full understanding of the present position of the RFP. I would like to set a meeting with you when I get back from California, which will be after February 25. Maybe we can have lunch and discuss further some of the thoughts I have as well as other alternatives which may be available to Votran. If you would kindly let me know some dates and times that would work for you I appreciate it.

Thanks,
