

RECYCLE more

BIN 1

- Newspaper (with inserts)
- Phone books, junk mail and magazines
- Mixed residential paper
- Cardboard, including corrugated, cereal boxes, drink and snack boxes, etc. Please fold large cardboard boxes to 4' x 4' size. Do not tie or bundle flattened cardboard boxes together.

BIN 2

- Aluminum and steel cans
- Glass bottles (clear, green and amber)
- Plastics

CODES 1-7

No plastic bags or Styrofoam, please!

DUAL-SORT SYSTEM

What is it?

The dual-sort system uses two bins – one for paper materials and one for plastic, steel, glass and aluminum containers. Two bins enhance our recycling program by adding more materials and improving the quality of what is recycled.

How will it work?

One bin is for paper materials including newspaper and inserts, phone books, cardboard, cereal boxes, snack boxes, junk mail, magazines and mixed residential paper.

The other bin is for containers including aluminum and steel cans, glass bottles and plastics coded 1-7.

Recycling codes are marked in triangles on the bottom of most plastic containers.

Helpful hints

- Residents may put paper materials in a paper grocery bag and place the bag on top of their containers, using a single bin system.

- If you have large cardboard boxes, please fold/flatten to a 4' x 4' size and stack them between or under bins.
