

SCHEDULE "B"
COUNTY OF VOLUSIA
WATER AND SEWER CONTRIBUTION IN AID OF CONSTRUCTION CHARGES
AS OF JANUARY 1, 2020

I. CONTRIBUTIONS-IN-AID-OF-CONSTRUCTION

A. SINGLE FAMILY RESIDENTIAL USES

For each single family dwelling unit, a cash contribution-in-aid-of-construction of \$671.14 for unsoftened water and \$776.57 for softened water, and \$1,249.00 for sewer service shall be paid to the County. For properties designated for use as single family residential subdivisions, the County shall bring its water distribution and sewage collection mains to a point at the boundary of developer's property in closest proximity to the then present terminus of the County's lines and in accordance with the County's engineering plan or expansion. All internal water distribution and sewage collection lines shall be at the cost and expense of the Developer.

B. MULTI-FAMILY RESIDENTIAL DWELLINGS AND COMMERCIAL

For all properties designated for use as multi-family condominium or apartment, mobile home park and commercial developments, a contribution-in-aid-of-construction shall be paid to the utility in an amount equal to \$671.14 for unsoftened water and \$776.57 for softened water per equivalent residential unit for water service, and \$1,249.00 per equivalent residential unit for sewer service. One equivalent residential unit (ERU) shall be equal to 300 gallons per day (gpd) for water service and 284 gpd for sewer service. The County shall provide water distribution and sewage collection mains to one side of Developer's property, which side shall be in closest proximity to the then existing terminus of the County's lines in accordance with the County's plans for extensions. The Developer may tap the County's water and sewer mains at one or more points along the portion of the extension abutting the Developer's property. Developer shall be responsible for all internal water distribution mains, sewage collection mains or any lift station to be used solely by consumers or Developer's property, at Developer's sole cost and expense.

C. AUTOMATIC EXCALATION

Shall be defined in Section 40 (Automatic Escalation Provision). Contribution-in-aid-of-construction charges are listed for period ending June 30, 2013.
