**City of Oak Hill and
County of Volusia**

**INTERLOCAL SERVICE BOUNDARY AGREEMENT
BETWEEN THE CITY OF OAK HILL AND
THE COUNTY OF VOLUSIA**

This Interlocal Service Boundary Agreement (“ISBA”), (collectively referred to as “the Agreement”) is made and entered into by and between the City of Oak Hill (“City”) and the County of Volusia (“County”), sometimes herein referred to as “Party” or “Parties” as the context requires.

WHEREAS, the City possesses Municipal Home Rule Powers pursuant to Article VIII, Section 2(b), Florida Constitution, Chapter 166, Florida Statutes, and Section 3.01 of the City of Oak Hill Charter; and

WHEREAS, the County possesses powers of self government and home rule as provided by the Volusia County Charter and Chapter 125, Part II, Florida Statutes; and

WHEREAS, the City invited the County to enter into negotiations for an Interlocal Service Boundary Agreement by Resolution 2014-04 on April 28, 2014; and

WHEREAS, the County Council responded to the City’s invitation by Resolution 2014-100 on July 3, 2014, and agreed therein to participate in negotiations for an Interlocal Service Boundary Agreement; and

WHEREAS, Chapter 171, Parts I and II, Florida Statutes, recognizes the use of interlocal service boundary agreements and joint planning agreements as a means to coordinate planning and delivery of services related to future land use, public facilities and services, and protection of natural resources in advance of annexation; and

WHEREAS, Chapter 163, Part II, Florida Statutes, requires that cities and counties include in their respective planning efforts intergovernmental coordination and particularly, mechanisms for identifying and implementing joint planning areas; and

WHEREAS, Section 163.01, Florida Statutes, encourages and empowers local governments to cooperate with one another on matters of mutual interest and advantage, and provides for interlocal agreements between local governments on matters such as joint planning and the delivery of services; and

WHEREAS, the City and the County wish to identify lands that are logical candidates for future annexations, identify the appropriate land uses and infrastructure needs and the provider for such lands, and ensure protection of natural resources; and

WHEREAS, Sections 163.3171(4), 171.203(6)(f) and (7), Florida Statutes, allow an interlocal service boundary agreement to establish a process for land use decisions consistent with Part II of Chapter 163, including those which may allow a municipality to adopt land use changes consistent with Part II of Chapter 163 for areas that are scheduled to be annexed within the term of an interlocal service boundary agreement; and

WHEREAS, Section 171.204, Florida Statutes, allows a municipality to annex land that is not contiguous to the municipality, creates an enclave or is not reasonably compact when a county and municipality enter into a joint planning agreement under Section 163.3171, Florida Statutes; and

WHEREAS, the extension of City and County facilities and services, and the annexation of lands, are most efficiently provided if the process and timing of long range planning, annexation, and development review processes by the City and County are clearly identified and part of a coordinated joint effort, and the commitment by the City and County to do so are material inducements to the Parties for entering into this Agreement; and

WHEREAS, the City and the County find that the benefits of intergovernmental communication and coordination will accrue to both Parties; and

WHEREAS, an interlocal service boundary agreement may, under Section 171.203, Florida Statutes, address any issue concerning service delivery, fiscal responsibilities, or adjustment of territorial boundaries, which may include, but are not limited to:

1. Identification of a Municipal Service Area (“MSA”), which for purposes of this Agreement is defined, consistent with Section 171.202(11), Florida Statutes, as being unincorporated land depicted on Map 1 attached to this Agreement that:

- a. may receive municipal services from the City; and/or
- b. may be annexed by the City through voluntary annexation pursuant to Section 171.044, Florida Statutes; provided, however, that any owners within the unincorporated land depicted on Map 1 attached to this Agreement may voluntarily petition for annexation regardless of contiguity to the City. All other annexation shall comply with Chapter 171, Florida Statutes, including submission to a vote of the registered electors of an area proposed to be annexed if the annexation is initiated by the City pursuant to Section 171.0413, Florida Statutes;

2. Delivery or funding of various services for public safety, fire and emergency medical; water and wastewater; the construction, maintenance and ownership of roads; conservation, parks and recreation; stormwater management and drainage; and various other services;

3. Providing a process and schedule for the annexation of lands in an MSA;

4. Establishing procedures for the adoption of comprehensive plan amendments, land use changes, administering land development regulations, and issuing development orders consistent with Chapter 163, Part II, Florida Statutes;

5. Addressing other service delivery issues;

6. Land use planning; and

WHEREAS, an interlocal service boundary agreement that addresses responsibilities for land use planning must establish procedures for adopting comprehensive plan amendments, administering land development regulations, and issuing development orders consistent with Chapter 163, Florida Statutes; and must, in accordance with Section 171.204, Florida Statutes, include a joint planning agreement under Section 163.3171, Florida Statutes; and

WHEREAS, the City and the County have met and negotiated in good faith to resolve issues related to annexation and joint planning and coordinating the provision of public services and infrastructure, and the Parties wish to memorialize their understanding in this Agreement; and

WHEREAS, this Agreement is entered into pursuant to the authority of Article VIII of the Florida Constitution and Chapters 125, 163, 166, 171, and 180, Florida Statutes.

NOW, THEREFORE, in consideration of the mutual covenants set forth in this Agreement, the receipt and sufficiency of which are hereby acknowledged, the City and the County agree as follows:

1. *Incorporation of Recitals.* The recitals above are true and correct and are incorporated into this Agreement as if fully set forth herein, as the legislative findings of the City and County.

2. *Incorporation of Map 1.* Map 1 attached hereto is fully incorporated as if fully set forth herein.

3. *Term and Effective Date of Agreement.* This Agreement shall become effective when filed with the Clerk of the Circuit Court of Volusia County, in accordance with section 163.01(11), Florida Statutes. The initial term of this Agreement shall be ten (10) years from the effective date. At the end of the fifth year, the City and County shall review the effectiveness and performance of this Agreement. Based upon the review, this Agreement may continue for the remainder of the initial term, be amended as the Parties desire, or be terminated in accordance with paragraph 5 of this Agreement.

4. *Renewal of Agreement.* The City and County shall, in the event the Parties desire to extend the initial term of this Agreement, initiate negotiations in accordance with Section 171.203(12), Florida Statutes, no later than eighteen (18) months prior to the end of the initial term.

5. *Termination of Agreement.* The City or County may terminate this Agreement at any time upon written notice of termination to the other Party delivered no later than May 1st in order for termination to be effective on December 31st of the same calendar year. A Party delivering such notice of termination may, in such Party's sole discretion, revoke such notice of termination at any time prior to the termination date. Lands that have been annexed prior to termination of any agreement and services provided to said lands shall not be affected by the termination. Jurisdiction over any affected transportation facilities including roadways, parks,

and other public facilities shall not be affected, except through a separate agreement in writing that has been approved by both Parties.

6. *Dispute Resolution.* The City and County agree to resolve any dispute related to the interpretation or performance of this Agreement in the manner described in this section. Either Party may initiate the dispute resolution process by providing written notice to the other Party. Initiation of the dispute resolution process shall operate as a stay of the action which is the subject of the dispute.

- a. Notwithstanding the foregoing, in the event that either Party determines in its sole discretion and good faith that it is necessary to file a lawsuit or other formal challenge in order to meet a jurisdictional time deadline, to obtain a temporary injunction, or otherwise to preserve a legal or equitable right related to this Agreement, such lawsuit or challenge may be filed, but upon the filing and any other act necessary to preserve the legal or equitable right or to obtain the temporary injunction, the Parties shall thereafter promptly file a joint motion with the reviewing court or administrative law judge requesting that the case be abated in order to afford the Parties an opportunity to pursue the dispute resolution procedures set forth herein. If the abatement is granted, the Parties shall revert to and pursue the dispute resolution procedures set forth herein.
- b. Within ten (10) days of the abatement order, the allegedly aggrieved Party shall then effect the transmittal of a notice of conflict, in the form of a certified letter, to all governmental bodies involved in the dispute at issue. Upon receipt of the notice, which shall specify the areas of disagreement, the Parties agree to conduct a conflict assessment meeting at a reasonable time and place, as mutually agreed upon, within thirty (30) days of receipt of the notice of conflict.
- c. If discussions between the Parties at the conflict assessment meeting fail to resolve the dispute, within forty (40) days of the receipt of the notice of conflict, the Parties shall conduct mediation in the presence of a neutral third party mediator. If the Parties are unable to agree upon a mediator, the County shall request appointment of a mediator by the Chief Judge of the Circuit Court of Volusia County, Florida. The mediation contemplated by this section is intended to be an informal and non-adversarial process with the objective of helping the Parties reach a mutually acceptable and voluntary agreement. The decision making shall rest solely with the Parties. The mediator shall assist the Parties in identifying issues, fostering joint problem solving and exploring settlement alternatives.
- d. If the Parties are unable to reach a mediated settlement, within fifty (50) days of the receipt of the notice of conflict, the Parties shall hold a joint intergovernmental meeting. If the joint intergovernmental meeting does not successfully resolve the issues identified in the notice of conflict, the entities participating in the dispute resolution procedures described herein

may avail themselves of any otherwise available rights, including the suspension of abatement of existing actions.

- e. The Parties agree that this dispute resolution procedure is intended to satisfy the requirements of Sections 163.01(5)(p) and 171.212, Florida Statutes, and Chapter 164, Florida Statutes.

7. Duplication of Services. In furtherance of the purpose of this Agreement, the City and County shall not undertake any action that will result in the overlapping, duplication, or competition of services or exercise of powers provided herein without the prior written consent of the other Party, which consent shall not be unreasonably withheld.

8. Roads; Transfer of Jurisdiction. This paragraph is intended to satisfy the mutual agreement requirement of Section 335.0415(3), Florida Statutes.

- a. County Thoroughfare Roads. The County shall retain jurisdiction, ownership and control of the entire length of County Thoroughfare Roads within the JPA/MSA regardless of any parcel annexations by the City, including the existing thoroughfare roads listed below and subsequent additions to the County's thoroughfare road network in the Volusia County Comprehensive Plan:

- (1) West Halifax Avenue
- (2) Beacon Light Road

County thoroughfare roads that are removed from the Volusia County Comprehensive Plan thoroughfare road network are subject to transfer to the City per the terms of this Agreement.

- b. County Non-Thoroughfare Roads. The permanent transfer within the JPA/MSA of non-thoroughfare road jurisdiction and maintenance responsibilities from the County to the City shall occur as follows:
 - (1) For purposes of this Agreement, "road segment" shall mean the portion of a County road between two intersecting roads.
 - (2) County non-thoroughfare roads within or adjacent to the existing City boundary shall become roads under the City's jurisdiction and maintenance responsibility when at least fifty-one percent (51%) of the road segment is either within or adjacent to the existing City.
 - (3) All County non-thoroughfare roads within the JPA/MSA shall transfer to the City's jurisdiction and maintenance responsibility by segment upon the annexation of at least fifty-one percent (51%) of a road segment.

- (4) The 51% segment ratio shall be calculated based on the frontage of annexed parcels on each side of the road segment between two intersecting roads.
- (5) Once 51% or more of a segment is annexed, the entire road segment between the two intersecting roads shall be deemed annexed into the City and transferred to the City's jurisdiction and ownership and the City shall be fully responsible for all maintenance and other responsibilities.
- (6) As the City accepts jurisdiction and responsibility over a road segment, it shall have the same right of access for purposes of maintenance as the County, to the fullest extent the County is able to grant such right.
- (7) Any City or County agreements for road improvements with other governmental or private entities existing at the time of the approval of this Agreement, if any, shall remain in full force and effect; except in the event of a conflict with this Agreement, in which case the terms of this Agreement shall prevail. It is the intention of the Parties that no additional "mutual agreements" shall be necessary to effect road segment annexation. This Agreement is intended to convey the will of the Parties concerning all road segments within the JPA/MSA.
- (8)
 - (a) The following local roads shall be transferred to the City upon adoption of this Agreement:
 - (i) Bills Hill Road: US Highway 1 to end of Bills Hill Road
 - (ii) Canal Avenue: US Highway 1 to River Road
 - (iii) East Halifax Avenue: River Road to end of East Halifax Avenue
 - (iv) North Gaines Street: Lagoon Avenue to Canal Avenue
 - (v) Putnam Grove Road: Shiloh Grove Quarters Road to US Highway 1
 - (vi) North Putnam Grove Road: Flamingo Road to Shiloh Grove Quarters Road
 - (vii) River Road: Canal Avenue to end of County maintenance
 - (viii) Eagle Watch Road: Bayberry Drive to Indian Creek Road
 - (b) The County agrees to resurface the following roadway segments with a 1-inch asphalt overlay prior to transfer:

- (i) Canal Avenue: U.S. Highway 1 to North Gaines Street
 - (ii) Putnam Grove Road: Shiloh Grove Quarters Road to U.S. Highway 1
 - (iii) North Putnam Grove Road: Flamingo Road to Shiloh Grove Quarters Road
 - (iv) River Road: Canal Avenue to end of County maintenance
- (9) Road transfer includes infrastructure in the right-of-way, including, but not limited to, drainage, sidewalks, multi-use trails, guardrails, signs, and traffic control devices.
- (10) The roads being transferred by the terms of this Agreement may have water and sewer lines (utility lines) existing in the right-of-way or installed in the future. The City agrees to a perpetual right-of-way utility easement for existing and future utility lines for any road being transferred. The easement is necessary for the construction, installation, repair, replacement, operation, connection to, disconnection from, inspection and maintenance of such utility lines and other work contemplated that may be reasonably and customarily necessary for the County to provide or extend utility services.

c. Transportation Planning and Coordination.

- (1) The City and County agree to use the adopted Transportation Planning Organization (TPO) Transportation Impact Analysis (TIA) Guidelines to coordinate the review and mitigation of development impacts on road, transit, bicycle and pedestrian systems based upon a mutually agreed upon TIA methodology. The TIA Guidelines shall utilize the latest adopted level of service standards and transportation plans within the impacted jurisdiction's comprehensive plans including the adopted TPO Long Range Transportation Plan.
- (2) In the event the standards or plans may be different, the TIA methodology and/or mitigation plan shall address coordination. When necessary, comprehensive plans shall be updated to reflect the latest coordination plans. In the event the TIA Guidelines are ever repealed or become no longer applicable, the City and County agree to continue to utilize the latest adopted version for the purpose of plan review and mitigation coordination.

d. Funding. The City and County agree to work together to obtain funding sources for capital transportation improvements, including capital and

operating expenses for the provision of transit service, within the JPA/MSA.

- e. Maintenance. The City and County may enter into maintenance agreements for certain segments of permanent County roads within the JPA/MSA. The County agrees that the City shall be justly compensated for any and all maintenance responsibilities that may be transferred to the City through a maintenance agreement.
- f. Continuity. All roads over which jurisdiction is transferred to the City under the terms of this Agreement shall be maintained by the City unless otherwise agreed to in a separate maintenance agreement. If a road is transferred to the City, to the extent available, the County shall provide all as-builts, surveys, maintenance maps and GIS files that identify County maintenance responsibilities. Road transfers include infrastructure in the right-of-way, including, but not limited to, drainage, sidewalks, multi-use trails, guardrails, signs, and traffic control devices.

9. Solid Waste.

- a. All City residential and commercial waste, including collection within the Oak Hill ISBA area depicted on Map 1, shall be disposed at the County's solid waste disposal facilities at the Tomoka Farms Road Landfill or the West Volusia Transfer Station.
- b. Annexed properties shall be transferred to the City's solid waste service on the first of the following month after annexation.

10. Growth and Resource Management.

- a. Environmental Management. The County shall continue to issue permits, conduct inspections and provide enforcement for the following Volusia County environmental standards, until such time as a property annexes:
 - (1) Tree Preservation Ordinance;
 - (2) Wetland Alteration Permits;
 - (3) Gopher Tortoise Protection;
 - (4) Indian River Lagoon Surface Water Improvements and Management Overlay Zone.

After annexation, the County shall continue to issue permits, conduct inspections and provide enforcement for the above Volusia County environmental standards until such time that the City adopts equivalent environmental standards.

- b. Reasonable Assurance Plan. The City and the County agree to participate in a Reasonable Assurance Plan for the protection of the Mosquito Lagoon.
- c. Planning and Development Services.
 - (1) The City and the County shall amend the Intergovernmental Coordination Element of their respective comprehensive plans in accordance with Section 171.203(9), Florida Statutes, within six (6) months of the effective date of this Agreement, by adopting a policy referencing this Agreement. The County's policy shall read as follows, and shall be inserted in Chapter 14 of the County's comprehensive plan:

14.1.2.__ Pursuant to Chapter 171, Part II, Florida Statutes, Volusia County and the City of Oak Hill have established an Interlocal Service Boundary Agreement (ISBA) adopted on _____, 2017, with an effective date of _____, 2017. The Agreement allows the City to annex properties within the Joint Planning Area that would not otherwise be eligible for annexation, subject to the provisions established in the ISBA.
 - (2) The City shall adopt a Municipal Service Area ("MSA"), as that term is defined in Section 171.202(11), Florida Statutes, as an amendment to its comprehensive plan within six (6) months of the effective date of the ISBA, in accordance with Section 171.203(11), Florida Statutes. The MSA shall include the area depicted on Map 1, population projections for the MSA, and data and analysis supporting the provision of public facilities for the MSA.
 - (3) Section 171.207, Florida Statutes, expressly authorizes a county to transfer its powers to a municipality over lands that are within a JPA/MSA; and Section 171.208, Florida Statutes, expressly authorizes a municipality to exercise its powers, extraterritorially, over such lands. In accordance with Sections 163.3171(4) and 171.203(6)(f), Florida Statutes, the County comprehensive plan, zoning, and land development regulations shall apply to, and the County shall enforce on, all lands in the JPA/MSA until the City annexes the land at issue. Immediately upon annexation, the City shall amend its comprehensive plan future land use map and official zoning map to assign said land a City future land use designation and zoning classification. If the City fails to assign a future land use designation and zoning classification, the City shall

administer the County's future land use designation and zoning classification.

- (4) Joint Planning Area ("JPA"). The following additional finding is intended to satisfy the requirements of Section 171.204(2), Florida Statutes:

The unincorporated area as depicted on Map 1 is established as a Joint Planning Area ("JPA") and is anticipated for municipal annexation because it is "urban in character" as that term is defined by Section 171.031(8), Florida Statutes.

d. Building and Zoning.

- (1) The County shall issue building permits, conduct inspections, and provide code enforcement for all unincorporated properties within the JPA/MSA until such time as a property annexes.
- (2) The County will complete processing any applications for building permits in progress at the time of annexation. Completion shall include issuing permits and providing all inspections related to the permit applications that were submitted prior to the effective date of property annexation.

11. Public Protection.

- a. Fire Services. The County shall continue to provide fire services for the City of Oak Hill. Services include response to fire related calls, emergency medical calls and inspections for new construction, as well as inspections associated with business tax receipt applications.

12. VGMC Rules. The Parties agree it is the intent of this Agreement to qualify as an interlocal agreement pursuant to Section 90-341(a)(2) of the Volusia Growth Management Commission Consistency Certification Rules.

13. Notice. All notices, consents, approvals, waivers, and elections that either Party requests or gives under this Agreement shall be in writing and shall be provided by certified mail, return receipt requested, or by hand delivery for which a receipt is obtained. Notices shall be mailed or delivered to the addresses set forth below or as either Party may otherwise designate in writing. Notices, consents, approvals, waivers, and elections shall be deemed given when received by the Party for whom intended.

Except as otherwise specifically set forth herein or in any future subagreement, this Agreement embodies and constitutes the entire understanding of the Parties with respect to the subject matters addressed herein, and all prior agreements, understandings, representations and statements, oral or written, are superseded by this Agreement. The City and County further acknowledge that they each participated in drafting this Agreement, and in the event of a dispute regarding this Agreement, it shall not be construed by a court of competent jurisdiction or other tribunal more or less favorably on behalf of either Party on the basis of a claim that a Party did not participate in drafting this Agreement or any part thereof.

- a. The terms of the Utility Service Area Agreement By and Between The City of Oak Hill, Florida, The City of Edgewater, Florida and The County of Volusia, Florida, dated July 23, 2007, shall remain in effect and are not superseded by this Agreement.

The Parties intend for this Agreement to be broadly construed to effectuate the purposes and provisions set forth herein, specifically those provisions that provide for the transfer of powers over lands within the JPA/MSA by the City and County; and the authority by the City to exercise powers extraterritorially over said lands, including, but not limited to, the application and enforcement of local laws.
