PUBLIC HEARING

Consideration of VGMC Resolution #2018#02 rescinding certain VGMC review requirements pertaining to the City of Daytona Beach Mixed Use land use district:

Chris Dougherty, VGMC professional planning consultant, addressed the commission. He presented a power point and provided background and history relating to the request. A copy of the power point presentation is on record at the VGMC office.

Mr. Dougherty explained this matter relates to a VGMC resolution (#94-2) approved in 1994 which related to an annexation of approximately 16,000 acres into the City of Daytona Beach. He displayed maps of the entire property, as well as a 489 acre area north of LPGA Boulevard (formerly known as 11th Street) and east of I-95 which the City was proposing to designate as mixed use.

Mr. Dougherty stated the concern at the time related to the 489 acres being designated as mixed use and the inability to quantify the impacts without knowing what the actual land use would be. He stated the VGMC at the time gave the City the option to apply specific development standards to the mixed use category that would allow the VGMC and other agencies to evaluate the impacts. Or, the City could amend their comprehensive plan and include a requirement in Neighborhood V that all mixed use lands east of I-95, north of LPGA, be zoned as planned development (PD) and the PD's would be submitted to the VGMC for review. Mr. Dougherty discussed the confusion with respect to applying the requirement in Neighborhood V. He stated that Neighborhood V is located entirely west of I-95 and does not include the subject 489 acres.

The City opted to require the development in the mixed use areas be approved as a planned development with the PD's submitted to the VGMC for review. Mr. Dougherty stated the City

went above and beyond in applying the condition, and instead of applying it to the specific area east of I-95 and north of LPGA, they applied it to all mixed use land east of I-95. Mr. Dougherty emphasized that the VGMC is only looking at the 489 acres specified in the original resolution and the commission does not have purview over the remaining mixed use areas east of I-95. He stated the request is to strike from the original resolution condition the requirement that the PD's in the mixed use area be reviewed by the VGMC.

Mr. Dougherty discussed the coordination efforts the City has made with respect to planning in the general area of the subject amendment, particularly with respect to the road network in and around the interchange, as well as the development which has occurred already. He also pointed out that only 238 of the original 489 acres have yet to be rezoned to a PD.

Mr. Dougherty stated the City of Daytona Beach has done a good job in planning for the development in the area. He also stated there were no comments or objections received from any other unit of local government relating to the application, and staff recommends the commission rescind the condition requiring PD review of the mixed use land use category east of I-95 and north of LPGA Boulevard.

Doug Gutierrez, planner with the City of Daytona Beach, stated he had nothing to add to Mr. Dougherty's report, but was available to address any questions of the commission members.

Chair Connors commented on the additional research that went into the review of the application in order to provide clarity.

Commissioner Wachtel asked what precipitated the public hearing if no other units of local government objected. Mr. Dougherty explained that because it was a condition of a prior resolution which was approved by the commission at a public hearing, then it requires a public hearing before the commission to remove it. He added that the recommendation does not change any other conditions of approval in the original resolution, and also that we will continue to review land use changes, just not PD's.

Commissioner Wachtel spoke of the development in the area and asked if the TPO or others have weighed in on the traffic analysis. Mr. Dougherty stated the County did not issue comments on the application and the TPO was not involved in the application process. He further added that development in this area will still be approved as a PD, it just wouldn't require VGMC review if the commission approves the request tonight. Mr. Gutierrez stated the road network in the area is a work in progress. He stated the City is working with the County, TPO, DOT and others to address transportation impacts.

James Wachtel made a motion to approve VGMC Resolution #2018-02; motion seconded by John Meikle. Motion carried unanimously. Chair Connors thanked VGMC staff and Mr. Gutierrez for their work on this application.

REPORT FROM PLANNING CONSULTANT

Mr. Dougherty reported that the VGMC has received 27 new applications just since the start of 2018. He also reported that we have two applications pending with which we've received requests for hearing. Specifically: 1) City of Lake Helen large scale amendment – a request for hearing was received from the City of DeLand. He stated VGMC staff has met with representatives from both local governments and they are communicating with each other to hopefully work toward a resolution; and 2) Volusia County large scale amendment – a request for additional information and hearing was received from the City of Orange City and VGMC staff has invited both jurisdictions to meet to try and resolve the issues. Mr. Dougherty added that VGMC staff did not issue a Request for Additional Information (RAI) on either the Lake Helen or Volusia County applications.

Commissioner Swiderski commented that both DeLand and Deltona were part of the Southwest Activity Center which is the subject of the pending Volusia County application. Mr. Dougherty responded that Orange City is the only jurisdiction that commented on the application.

Budget Committee: Committee Chair Loretta Arthur stated the proposed 2018-19 budget was previously brought before the commission for discussion at the January 24, 2018 meeting. She stated the Budget Committee met immediately prior to the regular meeting tonight, and the committee is unanimously recommending the commission approve the proposed 2018-19 budget as presented. The recommendation from the Budget Committee serves as a motion and second.

There being no further discussion, Chair Connors called the question and the motion to approve the proposed 2018-19 budget as presented was unanimously approved.

COMMISSIONER REQUESTS OR REMARKS

Commissioner Arthur asked for clarification relating to the distribution of new applications that are submitted to the VGMC. Ms. Smith explained that the applicant local government is responsible for distributing the application to each of the other units of local government. Once the application is received by the VGMC office, Ms. Smith stated she issues a notice of application which includes time frames for a local government to petition for hearing. She stated she distributes the notice of application to all of the units of local government and posts it on the VGMC website as well. Ms. Smith added that any requests for additional information issued are also distributed to all of the units of local government. Ms. Arthur asked if a unit of local government is required to acknowledge receipt of another local government's application to the VGMC. Ms. Smith responded they are not, adding that the application requires the applicant government to identify what method of delivery was used to distribute the application to the other local governments. She stated the question of confirming delivery was previously raised during the rules review and it was determined that we could not require a local government to acknowledge receipt. The discussion at the time was since there would be indication on the application it was distributed by the applicant government, then followed up with a notice of application distributed by the VGMC office to all local governments, and also posted on the VGMC website, the procedures were sufficient.

Commissioner Wachtel commented favorably on the foresight and efforts by the City of Daytona Beach many years ago in planning for development in the area around the I-95/LPGA Boulevard interchange.

RE: 2018-19 Budget Update

Attached please find a worksheet showing the 2018-19 budget as approved by the VGMC compared to what the County Budget office recommended to the Volusia County Council.

County staff recommended a total VGMC budget of \$192,373 which is approximately \$3,800 less than proposed by the commission. You will see that the \$15,000 litigation contingency (3101 Legal Expenses) has been removed, however, they have increased the contract services budget from \$120,000 to \$130,000 (the current approved budget) which restores two-thirds of the requested contingency funding. All of the personal services budget, as well as 3710-Computer and 4510-Insurance-Liability, are determined by the County each year. Therefore, you will see some slight, insignificant changes in those areas.

The Volusia County Council held its first hearing of the budget on September 4, 2018. The adoption hearing for the 2018-19 budget is scheduled for September 18, 2018.

If you have any questions in advance of the meeting, please do not hesitate to contact me. There is no action necessary on the part of the Budget Committee or VGMC at this time.

RE: Renewal of VGMC Consultant Staff Contracts

Attached please find the proposed renewal contracts from GrayRobinson, S&ME and VHB for legal and planning services for the 2018-19 fiscal year.

The GrayRobinson and S&ME contracts are consistent in both provisions and pricing with their current contracts. The VHB contract proposes an increase in hourly rate for the review planners, Erika Hughes and Tyler Johnson, to \$130 per hour and \$100 per hour respectively. It should be noted that S&ME serves as the VGMC's primary planning firm, and VHB serves as a backup.

The POP Committee will review the contracts and consider a recommendation to bring before the full commission at the September 26th regular meeting.

If you have any questions in the meantime, please do not hesitate to contact me.

In representing the Volusia Growth Management Commission, our firm could be deemed to be "acting on behalf" of the Commission as contemplated under section 119.0701 of the Florida Statutes. In an abundance of caution, we have always complied in such representations with the

letter and spirit of Florida's Public Records Act, Chapter 119 of the Florida Statutes including specifically subsection 119.0701(2), which requires the firm to:

- a. Keep and maintain public records required by the Commission to perform the services under this Agreement.
- b. Upon request from the Commission's custodian of public records, provide the Commission with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119 of the Florida Statutes or otherwise provided by law.
- c. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the Agreement term and following completion of the Agreement if the firm does not transfer the records to the Commission.
- d. Upon completion of the Agreement, transfer, at no cost, to the Commission all public records in our possession or keep and maintain public records required by the Commission to perform the services under this Agreement. If the firm transfers all public records to the Commission upon the expiration or termination of this Agreement, the firm shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the firm keeps and maintains public records upon the expiration or termination of this Agreement, the firm shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the Commission, upon request from the Commission's custodian of public records, in a format that is compatible with the information technology systems of the Commission.

If we fail to provide the public records to the Commission within a reasonable time we may be subject to penalties under Section 119.10 of the Florida Statutes. Further, the Commission may exercise any remedies at law or in equity, including, without limitation, the right to (i) impose sanctions and assess financial consequences, (ii) withhold and/or reduce payment, and (iii) terminate the legal representation contract.

IF GRAYROBINSON HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO ITS DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS AGREEMENT, CONTACT THE COMMISSION'S CUSTODIAN OF PUBLIC RECORDS AT vgmc@volusia.org, 386-947-1875, 140 S. Beach St., Suite 305.

You should be aware of our document and file retention policy. If and when representation of the Commission is concluded, the file will be officially closed. Once the file is closed, it may be sent to off-site storage, and there may be costs associated with retrieval of information from the file. The firm retains stored and closed files for a period of ten (10) years after which time they may be destroyed. This period is twice as long as that required under Florida retention laws. Thus, if there are any documents which you need from the documents we possess, we recommend that you obtain them at the termination or expiration of this Agreement.

PROJECT DESCRIPTION

The VGMC is tasked by Section 202.3 of the Volusia County Charter to, "determine the consistency of the municipalities' and the county's comprehensive plans and any amendments thereto with each other." services are suspended for 90 days or longer, VHB shall be entitled to expenses incurred in the interruption and resumption of its services and fees for remaining services shall be equitably adjusted.

The parties agree to coordinate invoices to assure timely payment. At minimum, VHB's project manager and Client's representative will confer as often as necessary about any issues involving invoicing and collections. Client's representative will contact VHB's project manager forthwith upon receipt of an invoice about any questions or issues concerning invoiced amounts. If Client's representative and VHB's project manager are unable to resolve any questions or issues, Client's representative will line item any disputed or questionable amount and pay VHB. VHB, at its option, may revise and resubmit disputed amounts at a later date.

Should it become necessary to utilize legal or other resources to collect any or all monies rightfully due for services rendered under this Agreement, VHB shall be entitled to full reimbursement of all such costs, including reasonable attorneys' fees, as part of this Agreement.

OWNERSHIP OF WORK PRODUCT. All work products (whether in hard or electronic form) prepared by VHB pursuant to the Agreement are instruments of service with respect to the Project and are not authorized, intended or represented to be suitable for reuse by Client or others on extensions of the Project or on any other Project. Any reuse by Client or a third person or entity authorized by Client without written verification or adaptation by VHB for the specific application will be at Client's sole risk and without liability or legal exposure to VHB. Client shall release, defend, indemnify and hold harmless VHB from all claims, damages, losses and expenses, including attorneys' fees, arising out of or resulting therefrom. Any such verification or adaptation will entitle VHB to additional compensation at rates to be agreed upon by VHB and Client, third person, or entity seeking to reuse said documents.

Client recognizes that information recorded on or transmitted as electronic media, including CADD documents ("Electronic Documents") is subject to undetectable alteration, either intentional or unintentional, due to, among other causes, transmission, conversion, media degradation, software error, or human alteration. Accordingly, the Electronic Documents are provided to Client for informational purposes only and are not represented as suitable for any use or purpose.

VHB retains the copyright in all work products produced in connection with this Agreement, unless otherwise agreed to in writing by an authorized VHB representative. VHB licenses to Client on a non-exclusive basis the use of work products produced solely in connection with this Agreement. The license

may be revoked for any failure of Client to perform under this Agreement.

CERTIFICATIONS. VHB shall not be required to sign any documents, no matter by whom requested, that would result in VHB having to certify, guarantee or warrant the existence of conditions whose existence VHB cannot wholly ascertain. Any certification provided by VHB shall be so provided based on VHB's knowledge, information, and belief subject to the preceding sentence, and shall reflect no greater certainty than VHB's professional opinion developed through and consistent with the Standard of Care. VHB shall be compensated for any work necessary to assess project compliance with regulatory standards for purposes of such certification.

INSURANCE. VHB agrees to carry the following insurance during the term of this Agreement:

- Workmen's Compensation and Employer's Liability Insurance in compliance with statutory limits
- Comprehensive General Liability Insurance including Products Completed, Contractual, Property, and Personal Injury coverage with combined single limits of \$1,000,000 per occurrence and \$2,000,000 in the aggregate
- Professional Liability Insurance with a limit of \$1,000,000 per claim and in the aggregate
- Automobile Liability Insurance including non-owned and hired automobiles with a combined single limit of \$1,000,000 per occurrence

Certificates of insurance will be furnished upon request. If Client requires additional insurance coverage, and it is available, Client agrees to reimburse VHB for such additional expense.

INDEMNITY. Client and VHB shall at all times indemnify and save harmless each other, their officers, and employees on account of damages, losses, expenses, reasonable counsel fees, and compensation arising out of any claims for damages, personal injuries and/or property losses sustained by any person or entity, to the extent caused by the negligent acts, errors or omissions of the indemnifying party, its employees, or subcontractors in connection with the Project, and/or under this Agreement.

Client agrees to the fullest extent permitted by law, to indemnify and hold harmless VHB, its officers, employees and subconsultants from and against any and all claims, suits, demands, liabilities costs including reasonable attorneys' fees, and defense costs caused by, arising out of, or in any way connected with the detection, presence, handling, removal, abatement, or disposal of any asbestos or hazardous or toxic substances, products, or material that exist on, about, or adjacent to the job site.

LIMITATION ON VHB'S RESPONSIBILITY AND JOBSITE SAFETY. VHB will not be responsible for the acts or omissions of

contractors or others at the Site, except for its own subcontractors and employees. Neither the professional activities of VHB nor the presence of VHB or its employees or subconsultants at a project site shall relieve the other parties on this project of their obligations, duties, and, including, but not limited to, construction means, methods, sequence, techniques, or procedures necessary for performing, superintending, and coordinating the Work in accordance with the contract documents and any health or safety precautions required by any regulatory agencies. VHB and its personnel have no authority to exercise any control over any construction contractor or its employees in connection with their work or any health or safety programs or procedures. Client agrees that Contractor shall be solely responsible for job site safety and warrants that this intent shall be carried out in Client's contract with Contractor.

ALLOCATION OF RISK. In recognition of the relative risks and benefits of the Project to both Client and VHB, the risks have been allocated such that Client agrees that to the fullest extent permitted by law, VHB's total liability in the aggregate to Client and any persons or entities claiming by, through or under Client, for any and all injuries, claims, losses, expenses, or damages whatsoever arising out of or in any way related to the Project and/or this Agreement from any cause or causes, including, but not limited to, VHB's negligence, errors, omissions, strict liability, statutory liability, indemnity obligation, breach of contract or breach of warranty shall not exceed the higher of \$50,000 (fifty thousand dollars), or ten (10) percent of the compensation actually paid to VHB. Client and VHB may agree to a higher limitation of liability for an increased fee.

DISPUTE RESOLUTION. All questions in dispute under this Agreement shall be submitted to non-binding mediation as a condition precedent to the institution of legal proceedings. On the written notice of either party to the other of the election to submit any dispute under this Agreement to mediation, each party shall designate their representative and shall meet within ten (10) days after the service of the notice. The parties shall then attempt to resolve the dispute within ten (10) days of meeting. Should the parties be unable to agree on a resolution of the dispute, then the parties shall proceed with mediation in accordance with the mediation rules of the American Arbitration Association. The cost of mediation shall be borne equally by both parties. This Agreement shall be governed and construed in accordance with the laws of the Commonwealth of Massachusetts.

LEGAL SUPPORT. To the extent VHB is required to respond to any dispute resolution process, including, but not limited to, requests for document production, discovery or a request to appear in any deposition or legal proceeding, which is related to the Scope of Services but does not arise out of VHB's negligent

acts, errors or omissions, Client shall compensate VHB for all costs incurred by VHB, including reasonable attorneys' fees.

DESCRIPTIVE HEADINGS AND COUNTERPARTS. The headings contained in this Agreement are for convenience of reference only and shall not constitute a part hereof, or define, limit or in any way affect the meaning of any of the terms or provisions hereof. This Agreement may be executed in two or more counterparts, and any party hereto may execute any such counterpart, which, when executed and delivered, shall be deemed to be an original and all of such counterparts taken together shall be deemed to be one and the same instrument.

EXCLUSIVE REMEDIES. In the event that any dispute is not remedied through the alternative dispute resolution procedures set forth herein, all claims, actions, and rights of action arising from or relating in any way to this Agreement or the services performed thereunder, whether in contract, tort, indemnity and all other rights of action whatsoever, shall be filed in a court of competent jurisdiction within three years of the completion of such services, or all such claims, actions and rights of action shall be waived. Recovery under this Agreement shall be limited by the parties' agreement on Allocation of Risk and the remainder of this section.

Notwithstanding any other provision of this Agreement, neither party shall be liable to the other for any liquidated, incidental, special, indirect or other consequential damages incurred, regardless of the nature of the cause or whether caused by Client or VHB, or their employees, subconsultants, or subcontractors. Consequential damages include, without limitation, loss of use, loss of profits, loss of production, or business interruption; however, the same may be caused.

VHB and Client waive all claims against each other arising out of or related to this Agreement or the services to the extent that losses, damages, and liabilities associated with such claims have been compensated by the proceeds of property insurance or any other insurance policy.

VHB makes no warranties or guarantees, express or implied, under this Agreement or any other contract document with respect to its provision of professional services. In entering into this Agreement, Client has relied only upon the representations set forth in this Agreement. No verbal warranties, representations, or statements shall be considered a part of this Agreement or a basis upon which Client relied in entering into this Agreement.

NO THIRD PARTY BENEFICIARIES. Nothing contained in this Agreement shall create a contractual relationship with, or a cause of action in favor of, a third party against either Client or VHB. In addition, nothing herein shall be construed as creating a contractual relationship between Client and any VHB employee,

representative, or consultant. Client agrees that in the event of a dispute regarding this Agreement or the services rendered by VHB hereunder, Client shall only seek recourse against VHB and waives any right to pursue a claim against VHB's individual directors, officers or employees.

VHB's commitments as set forth in this Agreement are based on the expectation that all of the services described in this Agreement will be provided. In the event Client later elects to reduce VHB's Scope of Services, Client hereby agrees to release, hold harmless, defend, and indemnify VHB from any and all claims, damages, losses or costs associated with or arising out of such reduction in services.

SEVERABILITY. The invalidity or unenforceability of any provisions of this Agreement shall not affect the validity or enforceability of any other provision of this Agreement, which shall remain in full force and effect.

TAXES. Any taxes or fees, enacted by local, state, or federal government and based on gross receipts or revenues, will be invoiced to and payable by Client as an additional amount due under this Agreement.

PROJECT SPECIFIC PROVISIONS. To the extent the Scope of Services involves any of the following services/geographies, the following general provisions apply accordingly:

AMERICANS WITH DISABILITIES ACT (ADA). Client understands and agrees that ADA standards are evolving and subject to varying, potentially contradictory interpretations and applications. VHB will use its reasonable professional efforts and judgment to interpret applicable ADA requirements and other federal, state and local laws, rules, codes, ordinances, and regulations as they apply to the project. VHB cannot and does not warrant or guarantee that Client's Project will comply with all ADA requirements or ADA interpretations or other applicable regulatory interpretations.

CLIMATE CHANGE/FLOOD ANALYSIS. Consultant shall not be responsible or liable for any damages, losses, litigation, expenses, counsel fees and compensation arising out of any claims, damages, personal injuries and/or property losses related to flooding conditions whether directly or indirectly due to flood water damage, and Client shall at all times indemnify and hold harmless VHB, its respective officers, agents and employees on account of any related claims, damages, losses, expenses and counsel fees related thereto.

CONSTRUCTION PHASE SERVICES

SITE VISITS. VHB shall make periodic site visits upon the request of Client or as otherwise agreed in writing by Client and VHB for

the limited purpose of determining whether work is in general conformance with VHB's plans and specifications. Such visits are not intended to be an exhaustive check or a detailed inspection of Contractor's work. VHB shall not supervise or have control over Contractor's work nor have any responsibility for construction ways, means, methods, techniques, sequences, or procedures selected by Contractor nor for Contractor's safety precautions or programs in connection with the Work.

SHOP DRAWINGS. VHB's review and approval of submittals such as shop drawings, product data, samples, and other data, shall be for the limited purpose of checking for conformance with the design concept and the information in VHB's documents. This review shall not include review of the accuracy or completeness of details, such as quantities, dimensions, weights or gauges, fabrication processes, construction means or methods, coordination of the work with other trades, or construction safety precautions, all of which are the sole responsibility of Contractor and other unrelated parties. Review of a specific item shall not indicate that VHB has reviewed the entire assembly of which the item is a component. VHB shall not be responsible for any deviations from VHB's documents or other documents that are not brought to the attention of VHB in writing by Contractor. VHB shall not be required to review partial submissions or those for which submission of correlated items have not been received.

GEOTECHNICAL SERVICES. Client understands that VHB does not perform geotechnical services directly and, if requested, will retain a geotechnical subconsultant on behalf of Client, and VHB shall rely on the accuracy and completeness of data furnished as if the geotechnical services were contracted directly through Client.

TANK INSPECTION. Client will provide VHB with available underground storage tank (UST) documentation as necessary. VHB assumes that the documentation and site plans will be in order, be complete and meet regulatory compliance standards. VHB's inspection services are to fulfill regulatory requirements and do not include invasive testing or equipment calibration and testing. Accordingly, Client expressly agrees that VHB shall have no liability for equipment functioning or malfunctioning, product releases or spills.

LSP SERVICES – PROJECTS LOCATED IN MASSACHUSETTS. In accordance with the Massachusetts General Laws Chapter 21E,

the performance of the services contained in this Agreement may require the engagement of a Licensed Site Professional (LSP) registered with the Commonwealth of Massachusetts under Massachusetts General Law Chapter 21A and the regulations promulgated by the Massachusetts Department of Environmental Protection (MADEP) thereunder (collectively the LSP Program). These laws and regulations place upon the LSP certain professional obligations owed to the public, including in some instances a duty to disclose the existence of certain environmental contaminants to the MADEP. In the event that any site for which VHB has provided LSP services is audited by MADEP pursuant to the provisions of the Massachusetts Contingency Plan, VHB shall be entitled to additional compensation to provide such services as may be necessary to assist Client in its response to MADEP.

Client understands and acknowledges that in the event the LSP's obligations under the LSP Program conflict in any way with the terms and conditions of this Agreement or the wishes or intentions of Client, the LSP is bound by law to comply with the requirements of the LSP Program. Accordingly, Client recognizes that the LSP shall be immune for all civil liability resulting from any alleged and/or actual conflict with the LSP Program. Client also agrees to hold VHB and its LSP harmless for any claims, losses, damages, fines, or administrative, civil, or criminal penalties resulting from the LSP's fulfillment of its obligations under the LSP Program.
