INTRODUCTION

The Volusia ECHO program, generated by a grass roots initiative, resulted from a citizen approved referendum passed November 7, 2000. Volusia ECHO provides grant funds to finance acquisition, restoration, construction or improvement of facilities to be used for environmental, cultural, historical and outdoor recreational purposes.

Resolution 2000-156 states: It is the intent of the County Council that the funds be allocated throughout the County to provide broad geographical distribution and apportioned appropriately among the environmental, cultural, historic and outdoor recreation projects.

The Volusia ECHO Program seeks to enhance the quality of life of Volusia County’s residents by working to achieve the following goals over a broad geographic base:

- Provide environmental/ecological, cultural, historical/heritage, and outdoor recreation opportunities.
- Preserve significant archaeological or historic resources; and develop, enhance, and promote heritage tourism opportunities, experiences, and resources.
- Foster public memory and community identity by promoting and providing access to destinations and experiences associated with past events, peoples, and places within the County of Volusia.
- Provide high quality, user oriented outdoor recreational opportunities including, by not limited to access to the Atlantic Ocean through the establishment of ocean front parks and off-beach parking.
- Improve the quality of life for Volusia’s citizens by providing access to the cultural arts, increase cultural based tourism, and encourage redevelopment and revitalization of downtown and urban areas through the provision of cultural arts facilities.

There are three steps in the ECHO process:

First, the applicant organization must be eligible to apply and the subsequent application must demonstrate eligibility. Once this first challenge is met, County staff will submit the application to the County ECHO Advisory Committee for review, scoring, and funding recommendation.

Second, the application must achieve a minimum score of eighty from the ECHO Advisory Committee acting as the Grant Review Panel in order to be recommended for funding.

Third, the project must be approved for a grant by official action of the County Council.
ENVIRONMENTAL
Understanding of the environment and educating the public are key factors in maintaining a healthy sustainable community. ECHO funds support development of environmental learning centers, which provide programs on how daily lifestyle decisions affect our environment and future sustainability. Volusia County is a diverse and delicate ecosystem, ranging from low beach and marsh areas to high and dry pine forests. A sole source aquifer below the county’s land mass sustains our water needs. It is critical that a proper balance is maintained between preserving life sustaining ecological systems and meeting the demands of our increasing population.

CULTURAL
Cultural activities play an important role in improving the quality of life for citizens. The arts increase the county’s tourism-based economy and encourage redevelopment in our downtown and urban areas. In addition to the ECHO program, the County Council approved an Art in Public Places program that requires one-half of one percent to one percent of capital construction costs for county government projects to be used to acquire art for permanent display. The County Council also approved the Community Cultural Grant Program, which provides funds for general operating support of local not-for-profit cultural organizations.

HISTORIC
Volusia County is home to over 200 sites listed on the National Register of Historic Places, including downtown neighborhoods, agricultural and educational districts, and individual buildings, churches, and archaeological sites. In 2005, the County Historic Preservation Board, a County Council Advisory Board, developed a list of “critical” historic properties. In an effort to save Volusia County’s Historical Landmarks, special ECHO policies were approved by the County Council to encourage restoration and acquisition of these endangered facilities.

Each year, the Florida Trust for Historic Preservation recognizes significant contributions of individuals, societies, businesses, and government entities that have demonstrated outstanding achievement in the field of historic preservation through its statewide Annual Preservation Awards Program. The County of Volusia received the “Outstanding Organization Achievement Award” in 2010 for its commitment to historic preservation through the ECHO program.

OUTDOOR RECREATION
Outdoor recreation plays an important role in the quality of life of Volusia County residents and tourists. The final ECHO resolution, passed by our citizens, resulted from a grass roots initiative that viewed Volusia County as an extensive and vibrant park system. Our County’s abundant natural resources enrich our lives through passive and active sports parks. Additionally, the countywide trail system meanders as a linear park throughout Volusia County.
APPLICANT ELIGIBILITY REQUIREMENTS

APPLICANTS MUST BE:

- Volusia County Government
  OR

APPLICATION/PROJECT ELIGIBILITY REQUIREMENTS

1) Application Submittal. A signed Standard or Exceptional ECHO Grants-in-Aid Application Form, with complete information as required in Sections 1 – 4 (section 5 is optional) in compliance with submittal requirements, must be submitted by the deadline. If the application is received after the submission deadline, the County will not accept the submittal and the application is ineligible.

2) Pursuant to Volusia County Council Resolution 2000-156, the organization’s application project must meet the following criteria: The Volusia ECHO Program funds are to be used solely to finance acquisition, restoration, construction, and improvement of environmental/ecological, cultural, historical/heritage, and outdoor recreation facilities for public use.

3) Management service agreements, existing or anticipated. The continuing use of any facility built with ECHO funds must be consistent with ECHO program goals as set forth in
this application guide. The commitments and obligations for use and public access in the original grant application and the binding restrictive covenant must be maintained. ECHO recognizes that public-private partnerships may be mutually beneficial. Private, for-profit entities may be engaged to perform management services only if the ECHO goals and the application commitments are maintained. All management agreements, existing or future, must be approved by the County to ensure compliance with these objectives. For existing or potential agreements, the applicant shall provide the name of the management service, contact, phone number and address.

4) **Unrestricted Ownership/Undisturbed Use of Facility.** Documentation of the ownership or lease of the facility and property shall provide for undisturbed use. Length of the lease shall be consistent with requirements set in the Restrictive Covenants. Leases shall not be cancelable without cause. Owners of leased property must be a municipality of Volusia County, the County of Volusia, the State or Federal government or an eligible Not-for-Profit.

5) **Restrictive Covenants,** accompanied by the complete legal description of the project property, must be filed with the Clerk of the Court if a grant is awarded. The complete legal description of the property is required and is found on the survey and/or the deed. If the project of the application is on mortgaged or leased property, other than those applying for trails in the County Master Plan or projects on State or Federal land not owned by the applicant, a letter from the Mortgagee or Lessor, stating they agree to sign a Restrictive Covenants, must be supplied with the application. Land Management Agreements for trails of the County Master Plan or Project Management Agreements for projects on State or Federal lands not owned or leased by the applicant are acceptable in lieu of Restrictive Covenants but are subject to the same penalties of the Restrictive Covenants as stated in the ECHO Grant Agreement.

6) **Acquisition Projects.** Applications which request funding for the acquisition of property as part of a project must include a notarized letter of “agreement to sell” from the current property owner and provide an appraisal by a State Certified or MAI appraiser unless the sale price is $250,000 or less, whereby a Certified General Appraisal is acceptable.

7) **Architect and Construction Bid Requirements.** Following a grant award, if the grantee seeks to contract for architectural or construction services, the Grantee shall bid to a minimum of three providers. Submit selected provider(s) to the ECHO office, the Grantee shall provide the mailing list of the providers and a spreadsheet documenting submitted bids.

8) The Grant Review Workshop and Technical Completeness Review are **MANDATORY.** Attendance at one workshop and submittal of the application for a Technical Completeness Review are required.

9) **Application Eligibility Meeting.** The applicant must attend the **MANDATORY** Eligibility meeting to respond to initial questions from the Committee.

10) **Grant Review Panel session.** The applicant must attend the **MANDATORY** Grant Review Panel session to respond to the Panel’s questions and concerns.
11) The project must be accessible to the public and may not discriminate in the schedule of fees or terms of use of the facility.
12) The applicant may not owe the County of Volusia any money or have any outstanding violations of Volusia County Code of Ordinances.
   a. The ECHO Committee strongly suggests applicants request a “Clean Hands” search well in advance of submitting an ECHO grant to determine if they owe money to the County or are in violation of a County Code.
   b. The ECHO Clean Hands form has instructions and lists the contacts in each of the five (5) County Departments to which it, and the Not-for-Profit Officers and Shareholders form, must be submitted. Forms and information may be found on the web at http://www.volusia.org/services/communityservices/echo The County ECHO staff will conduct a Clean Hands search of all applicants prior to presenting the recommended awards to the County Council. Failure to resolve clean hand situations prior to the County Council meeting will result in the applicant being ineligible for a grant award.
13) The applicant must comply with all legal, financial, reporting, and record maintenance requirements set forth in the application guidelines and agreement.
14) The applicant must have satisfied all administrative requirements of previous grants/agreements received from/administered by the County of Volusia.
15) The applicant must agree to match, at a minimum, dollar-for-dollar match value, the grant amount requested from the Volusia ECHO Program.
16) Applicants requested Exceptional Project status agree to match, at a minimum, four (4) dollars value to every ECHO dollar.

◊ ACCESSIBILITY REQUIREMENTS ◊

Section 504 of the Rehabilitation Act of 1973 provides that no otherwise qualified individual with a disability in the United States, as defined in Section 7 (20), shall, solely by reason of his/her handicap (disability), be excluded from the participation in, be denied the benefits of, or be subject to discrimination under any program or activity receiving federal financial assistance.

In addition, the Americans with Disabilities Act of 1990 (ADA) prohibits discrimination on the basis of disability in employment (Title I), State and local government services (Title II), and places of public accommodation and commercial facilities (Title III).

Regardless of federal funding requirements, all Volusia County ECHO grant award agreements state, “All acts to be performed in conjunction with this agreement shall be performed in strict conformity with all applicable laws of the State of Florida.” This includes compliance with Chapter 553, Florida Statutes, BUILDING CONSTRUCTION STANDARDS, Part V, and accessibility by Handicapped Persons. This statute formally incorporates into the laws of Florida the accessibility requirements of the Americans with Disabilities Act of 1990.
IMPORTANT NOTE:
Applicants must review both the compliance mandates of Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990 for information regarding facility accessibility. Contact the State Architectural and Transportation Barriers Compliance Board for assistance. The National Endowment for the Arts can also be contacted for information; ask for assistance through their Office of Accessibility at 202-682-5532 or http://www.nea.gov/resources/accessibility/pubs/designaccessibility.html. Request the 504/ADA Handbook. This Handbook provides helpful information regarding compliance with federal laws; HOWEVER, there are instances where the State of Florida law prescribes access measures which exceed the federal standards. In case of conflict, the organization must comply with the more stringent requirement. For information on the state standards, please contact the State of Florida Division of Cultural Affairs at 850-245-6356 or at their website, ADA Compliance Support: http://www2.dot.state.fl.us/proceduraldocuments/procedures/bin/625020015.pdf.

❖ PROJECT EXTENSIONS ❖

Grantees may request extensions for encumbrance of funds by writing to the ECHO Program no later than 60 days prior to the end of the project time limit period. Extensions by staff may not exceed an additional 365 days beyond the project time period allowed for a standard project or phase of an Exceptional project. It is expected by the County that, at a minimum, all grant funds and match funds will be encumbered within the required project time limit, unless uncontrollable unforeseen circumstances occur. The ECHO Program will send a written response within thirty days of receipt of the request, approving or denying the extension. Denials may be appealed to the County Council.

❖ CHANGES IN PROJECT SCOPE OR VENUE ❖

Prior written County approval is required when a change affects the design, scope or intended use of the project. The design provided in the application is part of the ECHO contract Agreement.

Prior approval must be granted by the County before expenditures are encumbered for proposed design changes or a construction change is ordered in an existing contract.

1) Grantees considering design changes must notify the County at the earliest time possible.
2) County staff may approve changes, including budgeted line items that do not alter the intent of the grant agreement or scope of the project.
3) Major changes, determined as such by the County, that alter the budgeted use of grant/match funds or the intended use or central design of a facility MUST receive final approval from the County Council after review and recommendation by the ECHO Advisory Committee.
4) Applicants are advised that this approval process may take several months.
5) When the County Council must approve changes, the grantee shall not encumber ECHO or Match funds for the change in venue or scope prior to final approval by the County Council.

6) Grantees who receive multiple grants for a project over several grant cycles must maintain the budget policies set in the year in which the individual grant was awarded unless the County approves that they may combine budgets.

❖ PROJECT TIME LIMITS ❖

Upon approval of the project by the Volusia County Council, all applicants must execute the ECHO Grant Agreement within six (6) months. ECHO projects must complete construction within 730 days of execution of the Grant Agreement by the County. ECHO projects must encumber grant and match dollars within 365 days of the execution of the Grant Agreement. Physical public access is required after each ECHO project is complete. Construction must begin within six (6) months of clearing the site or demolition and removal of any structures. The 730-day period for completion may be extended as set forth herein.

100% of the ECHO funds awarded must be allocated toward products and services occurring after issuance of the notice to proceed by the County unless the project is a historic reimbursement or off-beach parking project.

IMPORTANT NOTE: You are not ready to submit an application under this deadline if you cannot reasonably assure that the grant and match funds will be encumbered and construction complete within the defined timeline.

❖ FUNDING AMOUNTS/POLICY/CAPS & RESTRICTIONS ❖

❖ FUNDING POLICY
The County Chief Financial Officer shall determine the amount of funds available for award each year. Each application that is recommended for funding will be funded at 100 percent of the requested amount as funds are available. If the recommended awards result in a grantee receiving only partial funding, the applicant will be given the option of accepting the partial funding amount during the Grant Review Panel session. The potential grantee shall provide a revised budget to the County prior to the approval of final award by the County Council that describes the use of the reduced ECHO grant and corresponding match.

❖ GRANT FUNDING AMOUNTS
STANDARD SINGLE-PHASE PROJECT: The maximum grant request amount is $400,000 annually. The minimum grant request amount is $12,500. Required match is 1:1. A standard project is defined by the total square footage of the facility to be constructed, renovated, or improved and the site on which the project exists. Both the improved and unimproved property will have an established footprint based on the initial application. The time frame to complete construction...
and be fully open to the public is two (2) years from the execution of the Grant Agreement by the County.

**EXCEPTIONAL PROJECT:** Maximum grant request is $1,800,000 with a distribution of up to $600,000 for up to three (3) consecutive years. Required match is 4:1. The time frame to complete construction is two (2) years following the date that the last year funds are provided. *See Appendix B for further information.*

**FUNDING CAPS OVER LIFE OF THE ECHO PROGRAM**

**STANDARD SINGLE-PHASE PROJECT OR COMPLEX:** A project or facility complex may receive multiple standard grants up to, but not more than $2.4 million over the life of the ECHO program unless the project provides a substantial expansion to the total square footage of a project or site, which results in significant additional public use. Such an expansion may allow the grantee to apply for an additional $2.4 million. Approval by the County Council is required prior to application in order for an applicant to exceed the initial $2.4 million funding cap.

**EXCEPTIONAL PROJECT AWARDS:** No project or facility complex may receive more than one Exceptional grant award through the life of the ECHO program. If the Exceptional award was not the maximum award, the applicant may request Standard Single-Phase project grants to reach the cap amount.

**APPLICANT AND PROJECT RESTRICTIONS**

1) No more than one application for the same project, facility complex, or site will be accepted in a single grant cycle.

2) No organization, whether public or private, may apply for multiple projects that duplicate each other or an existing or planned ECHO related function in the same area of service. Projects for historic restoration, a trail system, or off-beach parking are exempt from these restrictions. County staff shall determine duplication and eligibility. Appeals may be made to the ECHO Advisory Committee.

3) When projects from different organizations duplicate each other in function and area of service, whether public or private, in the same grant cycle, only the highest ranked eligible project may be funded. County staff shall determine duplication and eligibility. Historic restoration, a trail system, off-beach parking, and established, fully open to the public ECHO related projects, are exempt from these restrictions. A project that is not open to the public, that is located in an existing complex which is open to the public, is not exempt from this restriction. Appeals may be made to the ECHO Advisory Committee.

4) Projects, without construction designs that guarantee ECHO related uses, are ineligible.

5) Projects, whose owner/tenant (the applicant) does not provide ECHO related services as their main mission, are ineligible.

6) Projects which ultimately allow access only to the exterior of a building are ineligible.

7) Projects intended primarily for students, faculty, and staff and/or which are intended to augment or supplement a curriculum are ineligible.

8) Projects on multi-use campuses/complexes with no designated parking are ineligible.
Projects solely for depreciable items, with less life expectancy than the required grant agreement period, are ineligible unless there is sufficient evidence the applicant has the ability to replace them.

Before the County will approve a grant for acquisition, all documentation required by this application and required by law or by any party for closing must be presented for review by staff and by the County Council. The term “any party” shall include seller, buyer/applicant, mortgagee, lien holder, realtor, title company, insurer and closing agent. ECHO funding is restricted to the actual purchase price and does not include closing fees and costs or property tax payments. All funding must be approved by the County Council.

**IMPORTANT NOTE:** Open ECHO grants and Public Access. The project of the ECHO application may not have more than two open ECHO grant awards to be an eligible application. Public access must be provided within four (4) years of the initial ECHO award to be eligible to apply for additional ECHO funding.

4) Sign and date the score sheets and provide them to the County for public record. Eligible applications will be evaluated on “competitive criteria” found in sections two (2), three (3), and four (4), along with information verbalized by the applicant as part of their grant review panel session. The total number of possible points is 100. Each panel member’s evaluations will be based on 1) administrative compliance of the grant, 2) project description, 3) budget detail, and 4) operating forecast details. Evaluations are averaged to determine a score for the application. In calculating an average score, the highest and lowest individual scores will not be included. Each panel member may grant additional points for applications which provide sufficient evidence that sustainability elements are part of the approved project design Section 2 of this guide. Applications scoring 80 or above will be recommended for grants to

SECTION 3: BUDGET DETAIL/MATCHING FUNDS

IMPORTANT NOTE: Fill out budget chart provided, adding rows as needed. Place match monies in column corresponding to appropriate “Match Code”: UC = unencumbered cash; LM = land match; IK/PSC = in-kind services/previously spent cash with total in “Match” column:

- **UC** – Unencumbered Cash On Hand: cash in the bank, grants from other sources (grants must be awarded with contract executed and funds encumbered), and irrevocable pledges from the applicant organization (pledges must be in the bank before the Grant Review Panel is convened). 50% of overall match must be UC.
- **LM** – Land Match: the documented current market value, sale price or current leasehold value of real property used for the project (property value must be documented by appraisal documents obtained from the Volusia County Property Appraisers Office or a professional appraiser). The property value is set at the time of first use. Once 100% of the property value has been used for ECHO mission purposes it cannot be used again. In addition, if property value has been used to secure other grants (not ECHO) that amount is considered ineligible. LM can be used for up to 25% of total match. Property donated by the County is not eligible for match.
- **IK** – In Kind Services: The documented non-cash contributions provided to the applicant by individuals and non-corporate, non-governmental parties. Contributions may be in the form of the fair market value of goods and services directly benefiting and specifically
identifiable to the project.

- **PSC** – Previously Spent Cash: the encumbrances or cash expenditures completed within the seven (7) year period prior to the application.

**IMPORTANT NOTE:** USE THE MASTER SPECIFICATION GUIDELINES CHECKLIST IN APPENDIX I TO FILL OUT THE PROJECT DETAIL CHART.

   iv. The total value of the real property, for the purpose of Match, is set at the value documented in the application whereby an initial grant is awarded to the project site. Applicant may use real property as Match for more than one project, but only up to the value documented at the time of first use.
   
   v. Property already used as Match for a grant other than ECHO is considered encumbered and is not eligible for use as Match for ECHO projects.
   
   vi.    vii. Acquisition projects and Historic or Off-beach Parking Reimbursement Projects, requesting funds from ECHO for projects with a sale price of greater than $250,000.00, must provide an appraisal by a State Certified Appraiser or a Member of the Appraisers Institute. If the project sale price is $250,000.00 or less, an appraisal by a certified general appraiser must be provided.

When a mortgage for an eligible Historical or Off Beach Parking Reimbursement project is used as match, the interest paid on the mortgage is considered to be the “cost of doing business”, and may not be used as match.
   
   ix. The acquisition value and/or fair market value of real property, provided for the purpose of a historical restoration and/or environmental learning project on State or Federal land, may be used in lieu of up to 50% of the required cash match and 100% of the other match (or 75% of the total match).

The applicant is reminded that ECHO is a reimbursement grant program. The applicant must discuss the ability to initiate the reimbursement program.

xi. For any linear trails crossing large tracts of land, the value will reflect the value of the total land available for public access. In lieu of using actual acquisition value of land for match, the value may be determined by the Property Appraiser value or a general appraisal by an independent.

xii. The current annual fair market value of an unencumbered lease by be used as match as demonstrated with a State Certified or MAI appraisal.

APPENDIX B – EXCEPTIONAL PROJECT REQUIREMENTS

IMPORTANT NOTE: Applicants applying for an Exceptional grant, in addition to completing standard requirements, must comply with the application requirements that follow:

**EXCEPTIONAL PROJECT** means a project of paramount and crucial County-wide importance, which provides for receipt of services by significantly large numbers of people in all areas of the County as demonstrated and determined by a three-fourths (3/4) majority of the appointed ECHO Committee (up to nine (9) members) and a majority of the County Council (four (4) of seven (7)).

**FUNDING AMOUNTS/CAPS AND RESTRICTIONS**

1. GRANT FUNDING AMOUNTS AND MATCH:
   a. Exceptional project applicants may request up to $600,000.00 annually for up to three (3) consecutive years. The applicant must provide a four to one (4:1) match. Fifty percent (50%) of the match must be Cash Match and up to half ½ of the Cash Match may come from PSC, IK or LM.

2. FUNDING CAPS AND RESTRICTIONS:
   a. Projects or facility complexes may not receive multiple Exceptional Awards that total more than the maximum allowed for a single Exceptional Award. The cap for their request is set annually by the County Council. For example, if a facility received an Exceptional Award of $700,000.00 in 2012, it may submit one or more exceptional requests in the future and receive up to another $1.1 million since the current maximum Exceptional Award is $1.8 million. Another example would be when a complex received an Exceptional Award of $800,000.00 during the year the maximum was $2.4 million the complex would only be able to request $1 million, reflecting the current maximum allowed.
   b. If the maximum Exceptional Award is received in a single awarded grant, the project or facility complex may not request another Exceptional grant award throughout the life of the ECHO program even if it is for a substantial expansion of the facility. The project may receive standard grants until reaching the $2.4 million lifetime cap, or, if there is a substantial expansion and if approved by the County, future applications may be submitted until awards reach the $4.8 million cap.

3. PROJECT SUPPORT PERIOD AND ENCUMBRANCE:
   a. The date of required public access will be within two years following the last anniversary of the Exceptional award. Example: The Exceptional award is $1.8 million ($600,000.00 for three (3) years) and awarded in March 2017. The first $600,000.00 is available immediately and then again
b. Grant and Match funds are to be encumbered annually at a four to one (4:1) ratio for three consecutive years. Encumbrance and Construction period extensions are available under the same conditions as a standard grant.

**FUNDING AMOUNTS/CAPS AND RESTRICTIONS**

1. The Grant Review Panel will review all applications at the same time and will determine if a project meets the Exceptional Project criteria by a three-fourths (3/4) majority vote of appointed members prior to the project ranking process (see definition for Exceptional Project above and in appendix A). This initial determine does not rank the project.
2. The project is scored in the sequence it was received by the County with the other applications and must rank as one of the top two (2) projects in order to maintain Exceptional Project status.
3. If the Grant Review Panel determines that the project does not meet the Exceptional Project definition or the project does not rank in the top two projects, the grant request amount will automatically be reduced to the maximum standard amount available for non-Exceptional projects and the match will return to the standard one to one (1:1) match.
WHEREAS, the voters of Volusia County overwhelmingly approved the Volusia ECHO ballot initiative, as outlined in Resolution 2000-156, and affirmed their desire to have a long-term development program that funds projects that enhance the quality of life in Volusia County by ensuring the availability of environmental, cultural, historical, and outdoor recreational opportunities, and

AGREEMENT

The County of Volusia, 123 W. Indiana Avenue, DeLand, Florida (hereinafter referred to as the “County”), and in the County of Volusia (hereinafter referred to as “Grantee”), agree as follows:

1. Within the _ grant cycle, the County of Volusia shall designate funds not to exceed $________, to be held for the Grantee, for the performance of items approved for funding which are described and attached hereto as “Exhibit A”, (Grantee’s application), and any other requirement made a part of this agreement.

2. The funds will be made available to the Grantee on a 1:1 match basis as detailed in “Exhibit A” and expenditures reimbursed on a quarterly basis, unless otherwise agreed upon by the County, only if the Grantee has maintained all grant requirements and upon the Grantee providing:

5. The expiration date of this grant will be exactly 730 days after the execution of this agreement unless the County grants an extension as provided for in the grant application guide (Exhibit C). The ECHO funds and all cash match must be encumbered within the initial 365 days following the execution of this grant agreement but final payments for services and completion of the project construction may be extended up to another 365-day period. Extensions beyond the 730-day period may restrict the Grantee or any other organization from applying for additional ECHO grants for this project or phase of this project until this current grant agreement is concluded. To be considered for an extension, a written request must be sent to the Parks, Recreation and
Culture ECHO Program Coordinator prior to sixty days of the grant agreement expiration date and must state the reasons for the request and provide a new completion date. The County will notify the Grantee in writing within thirty days of receipt of the request for extension approving or denying said request.

6. The Grantee agrees to conduct the project according to the plans and specifications provided in “Exhibit A.” All major deviations and/or major changes in scope or venue must receive prior written approval of the County Council and may result in the revocation of this grant. Minor changes may be approved through the ECHO Program Coordinator. Such approval shall not be unreasonably withheld.

7. Understand that this is an annual grant of money only and that this agreement does not obligate the County to provide additional funds for the project or to be responsible for the completion of the project or the operation and maintenance of the project before or after the project is completed.

8. Grantee fully understands its obligation to maintain the facility in clean working order and maintain and/or replace equipment, furnishings, and items described in this grant and/or purchased as part of this grant project for the public use as described in the application. This project shall remain open and in operation as set forth in exhibit A for a period of 40 years.

9. The Grantee fully understands that there will be no reimbursement for obligations or expenditures made prior to the execution of this agreement or after the agreement has ended unless the project is a Historic Reimbursement Grant.

10. The Grantee shall provide all additional monies necessary to complete the project according to “Exhibit A” which shall include competent evidence, prior to the signing of the agreement, of its ability to complete the project. The Grantee shall have all matching funds on deposit in its account or valid contracts for grants from other entities prior to proceeding with the ECHO project. Grantee shall furnish the County with evidence of the matching funds in order to receive a Notice to Proceed. Grantee shall not encumber any ECHO project funds without a Notice to Proceed.

11. To the extent allowed by law, the Grantee agrees to hold the County harmless from any and all claims, liabilities, rights, and obligations arising out of the development and operation of this project as described in “Exhibit A.”

12. Signage showing the County of Volusia involvement is required:
   a. Within 90 days of award, one (1) 4’ x 8’ exterior sign shall be placed in a prominent public location. See “Exhibit D” for design and wording.
   b. Upon completion of the project, one (1) permanent 8 sq. ft. sign shall be placed on site in a prominent public location. See “Exhibit E” for design, wording, and material.

   Note: Alternative signage and/or appropriate material may be considered when the need or reasonableness for the alternative sign is proven. A written request with a drawing to scale of the proposed changes must be sent to the ECHO Program Coordinator for approval. The ECHO Program Coordinator will respond in writing within 14 days after receipt of the Grantee’s written request.

13. The Grantee shall provide a program report annually over the agreement period in a format directed by the County.

14. The Grantee agrees to be bound to special conditions to the grant attached hereto and made a part of this agreement as “Exhibit F,” the Restrictive Covenants.
15. The Grantee agrees to provide a payment and performance bond, naming the County of Volusia as co-obligee, for all contracted work prior to expenditure of ECHO funds. All work performed prior to receiving proof of the bond may be determined by the County as ineligible for reimbursement.

16. The Grantee agrees to be responsible for and comply with all local, State, and Federal permits and laws.

17. The Grantee agrees that failure to comply with this agreement, and all attached documents which are part of this agreement, may result in the Grantee repaying the grant funds, in part or whole, to the County. In addition, the Grantee agrees that failure to comply with all requirements may result in its being denied future grant funds for other projects under the ECHO grant program.

18. Trails and projects on public lands not owned by the applicant: In lieu of the Restrictive Covenants and unrestricted ownership, for trails projects that are part of the County’s Trails Master Plan approved by the County Council or projects on State and Federal lands, the public right of continuing access and undisturbed use shall be provided by a Use Permit, Land Management Agreement, or Project Management Agreement to which the applicant is party. If the Agreement is dissolved prior to the end of the time period stated in the Agreement that is included as part of the ECHO Grant Agreement or the project is deconstructed or no longer available for public use for the time period required based on the type of project (section 1.5, 2 in the ECHO Guide), the grantee shall repay the County in the manner set forth in the Restrictive Covenants, as shown in section 1.6 of the ECHO Application Guide, section 3.

These engagements are to review and verify the documentation submitted by the ECHO applicant to the County of Volusia (VC) for tax credits (ECHO Application) and to provide an attestation report of the result of the review procedures conducted. Please note that this guideline is intended to provide reference information to the CPAs, as well as the ECHO applicant, in the engagement of agreed-upon procedures attestation services. Therefore, the CPAs are permitted to use more rigorous procedures than provided in this guidance if agreed upon by the CPA and the ECHO applicant.

EXAMPLE:

Independent Report on Applying Agreed-Upon Procedures

We have performed the procedures enumerated below, which were agreed to by the ECHO applicant, XXX, Inc., solely to assist them with the filing of a Grants-in-Aid Application (the “ECHO Application”) related to XXX, Inc.’s project with the County of Volusia (VC) for the calendar year (beginning January 1, 20XX, and ending December 31, 20XX). XXX, Inc.’s management is responsible for the filing of an ECHO Application related to XXX, Inc.’s project with VC. This agreed-upon-procedure engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of the procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

- We observed the IRS determination letter verifying the entity is exempt from taxation under Code Section 501(c) (3).
- We verified the current filing of the Form 990, Annual Return of Organization Exempt from Income Tax.
- We verified the entity’s status with the Florida Department of State, Division of Corporations as currently being active.
- We verified the entity’s actual ownership of the real property on which the project will be constructed.
- We observed sufficient documentation substantiating the outstanding mortgage balance on the project property.
- We reviewed the real estate appraisal to verify the value used in the match calculations.
- Describe, in general, the accounting system used in preparing the entity’s financial statements.
- Describe the process by which the entity accumulates the volunteer hours that will be used in the match calculations. Verify the amount was calculated using the hourly rate determined by the Independent Sector. [https://independentsector.org/news-post/the-new-value-of-volunteer-time/](https://independentsector.org/news-post/the-new-value-of-volunteer-time/)
- For previously spent cash match, we traced the amounts to the supporting invoices and cancelled checks.
- Observe the existence of cash used in the match calculation to ensure availability on the date the application is submitted for critical review.
- For the donated goods and services match, we traced the amounts to the supporting invoices and other appropriate documentation.
- We obtained a representation letter from XXX, Inc.’s management confirming it made available to us all relevant information and is responded fully to all inquiries made by us during the engagement.

We were not engaged to, and did not perform an audit, the objective of which would be the expression of an opinion on the specified elements, accounts, or items. Accordingly, we do not
express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of XXX, Inc., and the County of Volusia and is not intended to be used by anyone other than those specified parties. *

*Now THEREFORE, as part of the consideration for the County grant, the Owner and the Grantee/Lessee hereby make and declare the following restrictive covenants which shall run with the title to said Property and be binding on the Owner and its successors in interest, if any, for the period stated in the preamble above:*

The Owner and Grantee/Lessee will not secure with a mortgage or otherwise hypothecate that equitable value in the property.

5. The Owner agrees to file these covenants with the Clerk of the Circuit Court of Volusia County, Florida and shall pay any and all expenses associated with their filings and recording.

6. The Owner and Grantee/Lessee agree that the County of Volusia shall incur no tax liability as a result of these restrictive covenants.

3. POPULATION SERVED: for this section, include only ECHO related events/programs.

Due to the varied nature of the ECHO facilities, staff has developed a preferred methodology of determining population served. These methodologies are listed in order of preference by the ECHO staff with the most accurate listed first and the least accurate listed last. You will use the methods listed here to answer questions 1 – 4 of this section. If you have any question as to which method to use or which table to use for your facility, please do not hesitate to call the office to discuss your options. Include only ECHO related activities held at the project facility in your customer counts.

a. Admission, Ticket Sales, Clicker Count, Registration (Table A)
b. Members/League (Table A and/or Table B)
c. Sign-in Sheet (unattended) (Table A)
d. Scheduled Periodic Head Count (4 times per year) (Table C & A)
   i. Outdoor Active Parks should include players in all leagues scheduled for play at your facility in Table B. All spectators entering the complex and special event customers should be accounted for in Table A under “Event Attendees”. Private rentals should be included under “Event Attendees”.
   ii. Outdoor Passive Parks, Beach Parks, and Trail Facilities should pick the busiest day/hour for each quarter (January, April, July and October). Use a similar day/time each quarter, such as the 1st Wednesday from 1 p.m. to 2 p.m. These counts should be averaged for the quarter and used as a daily count for all days the facility was open to the public during that quarter (Table C). If the facility rented space for events or for a festival, put those counts in Table A under “Event Attendees”.

e. What method(s) do you use to track the number of customers coming into your facility from the list above?
f. Determine your customer count using tables A, B, C, or a combination (if appropriate) and put the total customers in space labeled “Box D”. Please read all tables before beginning in order to better understand this section. Only provide counts relative to ECHO related events.
