

Hello,

Thank you for your interest in volunteering at the Lyonia Environmental Center. Our Junior Volunteer program is designed for students aged 15 to 18 years. We are excited to have you join our team!

Volunteering at the LEC provides students with opportunities to gain experience and to learn about our unique facility, our resident animals, and the importance of the Lyonia Preserve. Your time here may also count towards school service requirements.

Your application packet includes a description of our current Junior Volunteer opportunities, an application form, a liability and photo release form, and a background check authorization form. A US issued social security number is required for the background check. There is no cost to you to apply. Please be sure to sign and date all forms. A parent or legal guardian must sign all forms as indicated. If you have any questions, please contact us.

Once you have your application packet completed, please contact us to set up a date and time to come to the LEC and meet with the Volunteer Coordinator or the Manager.

We look forward to meeting you!

Laura Albert-Volunteer Coordinator
