

SCHEDULE "A"
COUNTY OF VOLUSIA
UNSOFTENED WATER AND SEWER CHARGES
AS OF JANUARY 1, 2016

I. WATER

Unsoftened water usage charges apply to customers generally located in the western portion of the County's service area (including DeBary, Deltona, and certain other areas in proximity).

<u>METER SIZE</u>	<u>AVAILABILITY CHARGE</u>
5/8"x 3/4"	\$ 13.29
3/4"	\$ 19.40
1"	\$ 33.27
1.5"	\$ 66.58
2"	\$ 106.56
3"	\$ 199.83
4"	\$ 333.09
6"	\$ 666.24
8"	\$ 1,065.99
10"	\$ 1,528.55
12"	\$ 2,599.02

Multi-Family Residential (per unit) \$8.37

RESIDENTIAL USAGE CHARGE
PLUS

0 – 5,000 Gallons	\$1.99 for each 1,000 gallons of usage
5,001 - 10,000 Gallons	\$2.49 for each 1,000 gallons of usage
10,001 - 15,000 Gallons	\$2.99 for each 1,000 gallons of usage
15,001 - 20,000 Gallons	\$3.48 for each 1,000 gallons of usage
Above 20,000 Gallons	\$11.39 for each 1,000 gallons of usage

NON-RESIDENTIAL USAGE CHARGE

	<u>Usage</u>	<u>Usage</u>	<u>Usage</u>	<u>Usage</u>
Non-Residential Unsoftened Water Usage Rate (per 1,000 gallons)	\$2.49	\$2.99	\$3.48	\$6.11

3"	\$ 306.75
4"	\$ 511.26
6"	\$ 1,022.58
8"	\$ 1,636.11

Multi-Family Residential (Per unit) \$12.93

USAGE CHARGE

PLUS

\$4.33 for each 1,000 gallons of usage

Sewer charges will be capped at 14,000 gallons during a billing period for residential customers.

1. Automatic Escalation Provision - monthly water and sewer rates, all classes of users, both availability and usage charges, shall be adjusted upward based on changes in the consumer price index of July 1, from prior year, plus 1% (CPI + 1%); effective January 1st.
2. In addition to the Automatic Escalation Provision above, sewer availability and sewer usage charges, all classes of users, shall be increased by 1.12% effective January 1, 2016; and sewer availability and sewer usage charges, all classes of users, shall be increased by 1.12% effective January 1, 2016.

II. DEPOSITS

<u>METER SIZE</u>	<u>WATER DEPOSIT</u>	<u>SEWER DEPOSIT</u>
5/8" x 3/4"	\$ 45.00	\$ 60.00
3/4"	\$ 50.00	\$ 70.00
1"	\$ 80.00	\$105.00
1.5"	\$150.00	\$175.00
2"	\$250.00	\$280.00
3"	\$375.00	\$450.00
4"	\$625.00	\$750.00
6"	\$700.00	\$800.00

Deposits will be credited to accounts of residential customers with 12 consecutive months of on time payments in full.

III. METER INSTALLATION CHARGES AND SEWER TAP-IN CHARGES

The following meter installation and sewer tap-in charges are due at the time a building permit is obtained. Sewer tap-in is charged only if service is performed.

<u>METER SIZE</u>	<u>METER INSTALLATION</u>
5/8" x 3/4"	\$375.00
3/4"	\$375.00
1"	\$375.00
1.5"	\$860.00
2"	Installed by consumer

Meters 2" and larger shall be provided and installed by consumers. Meter type, design and installation shall be prescribed and approved by the County Utilities Engineer.

SEWER TAP-IN

Less than 4 foot depth	\$975.00
Greater than 4 foot depth	at cost

IV. CUSTOMER SERVICE CHARGES

A. INITIAL ACCOUNT CHARGE

\$40.00 service charge when opening a new account.

B. METER TURN-OFF WHEN CLOSING AN ACCOUNT

No charge

C. METER TURN-OFF OR TURN-ON – CUSTOMER REQUEST

Water service may be discontinued temporarily at the request of the customer. During the period when service is off, service availability charges will continue for water and sewer service as listed above. A fee of \$25.00 will be charged for turn-on or turn-off of service. No additional deposit will be required when turn-off and turn-on service is requested by the same customer.

D. METER TURN-OFF AND TURN-ON FOR NON-PAYMENT

1. Water service will be discontinued due to non-payment of monthly utility service bills. A fee of \$50.00 will be charged for restoring service and service availability charges will continue for water and sewer services as listed above. Service will be restored when all past due and accrued fees and charges have been paid in full in cash or certified funds. If service is restored after normal working hours a \$50.00 fee will apply for overtime charges.
2. Tampering with a locked-off service will result in a fine of \$100.00 for the first offense. For second offense, removal of the water meter and plugging of the water service line. A fee of \$50.00 will be charged for meter removal. Service availability charges noted above will continue to accrue for both water and sewer services.
3. A meter installation fee of \$50.00 will be charged for reinstallation of the water meter and restoration of service. If there is any damage to County property or equipment an additional amount to be determined by the severity of the damage will be imposed. Service will be restored when all accrued charges and fee have been paid in full by cash or certified funds.

E. METER RE-READ

1. No charge for a meter re-read when the discrepancy is more than 10,000 gallons.
2. A meter re-read for a discrepancy of less than 10,000 gallons (based on historical monthly consumption) is unwarranted since the excess consumption billed will even out on the successive meter readings. A service charge of \$20.00 will be rendered if the customer insists on a re-read and the confirmed meter reading error is computed to be less than 10,000 gallons, or the request is within the same 60 day period.

F. METER TESTING CHARGE

<u>Meter Size</u>	<u>Charge</u>
5/8" x 3/4" AND 3/4"	\$40.00
1" AND 1.5"	\$60.00
2"	\$80.00
Over 2"	By County Utilities Engineer

G. FIRE LINE CHARGES

<u>Size</u>	<u>Charge</u>
1.5" AND 2"	\$16.67/month
4"	\$25.00/month
6"	\$50.00/month
8"	\$100.00/month

Over 8" by negotiations with County Utility Engineer and approved by County Council.

H. FIRE HYDRANT AVAILABILITY

\$100.00 per hydrant, per year, billed on each October 1st.

I. LATE CHARGE

\$5.00 or 10% of bill whichever is greater service charge for water and/or sewer utility payments received after due date.

J. BACKFLOW PREVENTION DEVICE TESTING CHARGE

\$50.00 service charge for testing backflow prevention devices. This charge is only applicable if customer fails to comply with testing requirements set forth in Ordinance 93-24.

K. PAYMENTS CREDITED

Payments will be credited first to any outstanding balance, second to sewer charges, and then to water charges. All payments are credited on date received in office.

SCHEDULE "A-1"
COUNTY OF VOLUSIA
SOFTENED WATER AND SEWER CHARGES
AS OF JANUARY 1, 2016

I. WATER

Softened water usage charges apply to customers generally located in the eastern portion of the County's service area (including Edgewater/Oak Hill, Spruce Creek, Halifax Plantation, and other areas in proximity).

<u>METER SIZE</u>	<u>AVAILABILITY CHARGE</u>
5/8"x 3/4"	\$ 13.29
3/4"	\$ 19.40
1"	\$ 33.27
1.5"	\$ 66.58
2"	\$ 106.56
3"	\$ 199.83
4"	\$ 333.09
6"	\$ 666.24
8"	\$ 1,065.99
10"	\$ 1,528.55
12"	\$ 2,599.02

Multi-Family Residential (per unit) \$8.46

RESIDENTIAL USAGE CHARGE
PLUS:

0 – 5,000 Gallons	\$ 3.76 for each 1,000 gallons of usage
5,001 - 10,000 Gallons	\$ 4.63 for each 1,000 gallons of usage
10,001 - 15,000 Gallons	\$ 4.78 for each 1,000 gallons of usage
15,001 - 20,000 Gallons	\$ 5.28 for each 1,000 gallons of usage
Above 20,000 Gallons	\$11.39 for each 1,000 gallons of usage

NON-RESIDENTIAL USAGE CHARGE

Non-residential water usage charges apply to non-residential service according to customer meter size and usage based on the following:

	<u>Usage</u>	<u>Usage</u>	<u>Usage</u>	<u>Usage</u>
Non-Residential Softened Water Usage Rate (per 1,000 gallons)	\$4.63	\$4.78	5.28	\$6.11
Meter Size	Monthly Usage (stated in gallons per month)			
3/4"	0 – 10,000	10,001 - 15,000	15,001 - 20,000	Above 20,000
1"	0 – 25,000	25,001 - 37,000	37,001 - 50,000	Above 50,000
1 1/2"	0 – 50,000	50,001 - 75,000	75,001 - 100,000	Above 100,000
2"	0 – 80,000	80,001 - 120,000	120,001 - 160,000	Above 160,000
3"	0 – 150,000	150,001 - 225,000	225,001 - 300,000	Above 300,000
4"	0 – 250,000	250,001 - 375,000	375,001 - 500,000	Above 500,000

2"	\$80.00
Over 2"	By County Utilities Engineer

G. FIRE LINE CHARGES

<u>Size</u>	<u>Charge</u>
1.5" AND 2"	\$16.67/month
4"	\$25.00/month
6"	\$50.00/month
8"	\$100.00/month

Over 8" by negotiations with County Utility Engineer and approved by County Council.

H. FIRE HYDRANT AVAILABILITY

\$100.00 per hydrant, per year, billed on each October 1st.

I. LATE CHARGE

\$5.00 or 10% of bill whichever is greater service charge for water and/or sewer utility payments received after due date.

J. BACKFLOW PREVENTION DEVICE TESTING CHARGE

\$50.00 service charge for testing backflow prevention devices. This charge is only applicable if customer fails to comply with testing requirements set forth in Ordinance 93-24.

K. PAYMENTS CREDITED

Payments will be credited first to any outstanding balance, second to sewer charges, and then to water charges. All payments are credited on date received in office.

SCHEDULE "E"
COUNTY OF VOLUSIA
RECLAIMED WATER CHARGES
AS OF Jan 1, 2015

I. RECLAIMED WATER

<u>METER SIZE</u>	<u>AVAILABILITY CHARGE</u>
Less than 1"	\$ 6.65
1"	\$16.64
Greater than 1"	Based on individual agreement

USAGE CHARGE
PLUS [1]

0 – 10,000 Gallons	\$1.48 for each 1,000 gallons of usage
10,001 - 15,000 Gallons	\$1.70 for each 1,000 gallons of usage
Above 15,000 Gallons	\$2.85 for each 1,000 gallons of usage

[1] Reclaimed water usage charges for customers with meters greater than 1" will be based on individual agreement.

1. Automatic Escalation Provision - monthly reclaimed water rates, all classes of users, both availability and usage charges, shall be adjusted upward based on changes in the consumer price index of July 1, from prior year, plus 1% (CPI + 1%); effective January 1st.

SCHEDULE "B"
COUNTY OF VOLUSIA
WATER AND SEWER CONTRIBUTION IN AID OF CONSTRUCTION CHARGES
AS OF JANUARY 1, 2016

I. CONTRIBUTIONS-IN-AID-OF-CONSTRUCTION

A. SINGLE FAMILY RESIDENTIAL USES

For each single family dwelling unit, a cash contribution-in-aid-of-construction of \$671.14 for unsoftened water and \$776.57 for softened water, and \$1,249.00 for sewer service shall be paid to the County. For properties designated for use as single family residential subdivisions, the County shall bring its water distribution and sewage collection mains to a point at the boundary of developer's property in closest proximity to the then present terminus of the County's lines and in accordance with the County's engineering plan or expansion. All internal water distribution and sewage collection lines shall be at the cost and expense of the Developer.

B. MULTI-FAMILY RESIDENTIAL DWELLINGS AND COMMERCIAL

For all properties designated for use as multi-family condominium or apartment, mobile home park and commercial developments, a contribution-in-aid-of-construction shall be paid to the utility in an amount equal to \$671.14 for unsoftened water and \$776.57 for softened water per equivalent residential unit for water service, and \$1,249.00 per equivalent residential unit for sewer service. One equivalent residential unit (ERU) shall be equal to 300 gallons per day (gpd) for water service and 284 gpd for sewer service. The County shall provide water distribution and sewage collection mains to one side of Developer's property, which side shall be in closest proximity to the then existing terminus of the County's lines in accordance with the County's plans for extensions. The Developer may tap the County's water and sewer mains at one or more points along the portion of the extension abutting the Developer's property. Developer shall be responsible for all internal water distribution mains, sewage collection mains or any lift station to be used solely by consumers or Developer's property, at Developer's sole cost and expense.

C. AUTOMATIC EXCALATION

Shall be defined in Section 40 (Automatic Escalation Provision). Contribution-in-aid-of-construction charges are listed for period ending June 30, 2013.

SCHEDULE "C"
COUNTY OF VOLUSIA
WATER AND SEWER CONNECTION CHARGES
AS OF JANUARY 1, 2016

I. CONNECTION CHARGES – FEE REQUIRED

At the time of completion of permit applications for service to Department of Environmental Regulation (prior to the issue of building certificate or certificate of occupancy) or as stipulated in Developer Agreement, either the Developer or the builder must have paid to the County a connection fee for connecting to the water and/or sewer system.

II. RESIDENTIAL

The connection fee shall be \$663.03 for unsoftened water and \$769.47 for softened water per equivalent residential unit for water and \$1,686.96 per equivalent resident unit for sewer.

III. NON-RESIDENTIAL COMMERCIAL OR INDUSTRIAL

A. The connection fee for a non-residential commercial or industrial service shall be an amount in direct ratio to an equivalent residential unit based upon use. The ratio for use shall be determined by comparing the projected flow of water that said non-residential connection will use in relation to the amount of water used for a residential unit.

B. The County Engineer shall use the following criteria in calculating a non-residential or industrial connection charge:

1. The ratio of water anticipated to be used by a non-residential, commercial or industrial connection to the water used by a residential unit (300gpd) shall be multiplied by the then current connection charges.
2. Non-residential water use shall be calculated from the following table of design flows for various uses listed.

The County Engineer shall apply accepted design engineering flow rates for other uses not listed.

USE	DESIGN FLOW PER ITEM IN GALLONS PER DAY
AIRPORTS	
Per passenger	5
Per employee	14
ASSEMBLY HALLS	
Per seat	2
BAR & COCKTAIL LOUNGES	
Per seat (no food service)	20
BEAUTY PARLORS	
Per 100 SF of work area	30
BOWLING ALLEYS	
Per lane (including bar and food service)	200

Labor, per person	100
Youth & recreation, per person	15
CHURCHES	
Per sanctuary seat	4
FACTORIES	
Sanitary wastes per person/per shift	15
HOSPITALS	
Per bed space	200
Each resident staff	100
HOTELS	
Per unit	150
INSTITUTIONS	
Per person (including resident staff)	100
LAUNDRIES (coin operated)	
Per machine	400

NURSING HOMES	
Per bed space	100
Each resident staff	100
Per meal	5
USE	DESIGN FLOW PER ITEM IN GALLONS PER DAY
OFFICE BUILDINGS	
Per employee (allow 100 sf per employee)	20
PARKS (public)	
Per person (with comfort stations equipped with flush toilets)	10
RECREATION BUILDINGS	
Per person	2
RESTAURANTS	
24 hour, per seat (including bar)	50
Less than 24 hours, per seat (including bar)	30
Drive-ins, per space	15
SCHOOLS	Elementary High
Per pupil, per day	10 15
Per pupil, add for shower	5 5
Per pupil, add for cafeteria	5 5
Per pupil (boarding)	100 100
SERVICE STATIONS	
Full service	
First two bays	750
Each additional bay	300
Per fuel pump	100
Self Service	
Per fuel pump	50
SHOPPING CENTERS	
Per sf of floor space (no food service or laundry)	0.1
THEATRES	
Indoor, per seat	5

Drive-in, per speaker	10
WAREHOUSES	
Per sf of storage area	0.1

3. The resultant charge from (2) above, shall in addition, be multiplied by a factor accounting for the relative composition of that waste proposed to be discharged to the composition of the waste discharged from an average residential unit. For this purpose a residential unit can be assumed to have a composition of 200 parts per million BOD.
4. Specifically, the connection fee for non-residential, commercial or industrial use shall be:

$$\text{\$} = \text{\$} \underline{\hspace{2cm}} \times Q \times R$$

Where:

$\text{\$} \underline{\hspace{2cm}}$ is the prevailing escalated residential connection fee.

Q is a function of the water usage as determined in (1) and (2) above where Q is always greater than or equal to 1.0.

R is the ration of sewage BOD loaded to a residential connection as determined in (3) above where R is always greater than or equal to 1.0.

IV. AUTOMATIC ESCALATION

Shall be as defined in Section 40 (Automatic Escalation Provision.) Connection charges are listed for period ending June 30, 2013.

SCHEDULE "D"
COUNTY OF VOLUSIA
WATER AND SEWER INSPECTION FEES
AS OF JANUARY 1, 2016

The cost of engineering inspection of the required improvements shall be paid by the Developer at time of execution of F.D.E.P. permit application by the County, or as stipulated by Developer Agreement, the amount of the fee to be computed as follows:

1. For a single-family residential permit: \$75.00
2. For a multi-family building permit: \$75.00 for the first dwelling unit covered by the permit and \$75.00 for each dwelling unit thereafter.
3. For commercial and industrial permits, a fixed fee of \$200.00 per acre of building site, or portion thereof, as computed from the final plat.

Developers of property shall be liable for payment of this utility plan review and inspection fee for development services by County owned facilities.

The engineering inspection fee shall be deposited in a fund known as the Subdivision Improvements Inspection Fund and engineering expenses connected with subdivision inspection and control shall be paid from this fund. Any surplus in this fund may be used by the County Council, as it shall deem fit.

SCHEDULE "E"
COUNTY OF VOLUSIA
