Greater than 4 foot depth	at cost

#### IV. CUSTOMER SERVICE CHARGES

##### A. INITIAL ACCOUNT CHARGE

\$40.00 service charge when opening a new account.

##### B. METER TURN-OFF WHEN CLOSING AN ACCOUNT

No charge

##### C. METER TURN-OFF OR TURN-ON – CUSTOMER REQUEST

Water service may be discontinued temporarily at the request of the customer. During the period when service is off, service availability charges will continue for water and sewer service as listed above. A fee of \$25.00 will be charged for turn-on or turn-off of service. No additional deposit will be required when turn-off and turn-on service is requested by the same customer.

##### D. METER TURN-OFF AND TURN-ON FOR NON-PAYMENT

1. Water service will be discontinued due to non-payment of monthly utility service bills. A fee of \$50.00 will be charged for restoring service and service availability charges will continue for water and sewer services as listed above. Service will be restored when all past due and accrued fees and charges have been paid in full in cash or certified funds. If service is restored after normal working hours a \$50.00 fee will apply for overtime charges.

2. Tampering with a locked-off service will result in a fine of \$100.00 for the first offense. For second offense, removal of the water meter and plugging of the water service line. A fee of \$50.00 will be charged for meter removal. Service availability charges noted above will continue to accrue for both water and sewer services.

3. A meter installation fee of \$50.00 will be charged for reinstallation of the water meter and restoration of service. If there is any damage to County property or equipment an additional amount to be determined by the severity of the damage will be imposed. Service will be restored when all accrued charges and fees have been paid in full by cash or certified funds.

##### E. METER RE-READ

1. No charge for a meter re-read when the discrepancy is more than 10,000 gallons.

2. A meter re-read for a discrepancy of less than 10,000 gallons (based on historical monthly consumption) is unwarranted since the excess consumption billed will even out on the successive meter readings. A service charge of \$20.00 will be rendered if the customer insists on a re-read and the confirmed meter reading error is computed to be less than 10,000 gallons, or the request is within the same 60 day period.
