City Commission also supports the following county council goals and associated actions to improve water quality in Volusia County:

- a. Promote clean water initiatives within all priority surface waters in the county, including the Tomoka River, Halifax River, Spruce Creek, Indian River/Mosquito Lagoons, St. Johns River, Blue Spring, and Gemini Springs.
- b. Eliminate the discharge of all treated wastewater to surface water bodies.
- c. Identify water quality capital projects and commit funding.
- d. Develop and implement Reasonable Assurance Plans for priority surface waters that have not been declared impaired.
- e. Aggressively promote springs water quality restoration.
- f. Adopt policies to support and implement the elimination of septic systems within priority watersheds.
- g. Improve stormwater conveyance and treatment systems to reduce nutrient pollution.

**SECTION 2:** That the City of New Smyrna Beach is committed to support the goals and associated actions outlined in Section 1 above, and will work cooperatively with the county to improve water quality in Volusia County by:

- a. Actively lobby at the state and federal levels for funding for the above actions.
- b. Partnering on agency or other grant and funding opportunities.
- c. Eliminating the discharge of all treated wastewater to surface water bodies countywide.
- d. Identifying water quality capital projects and committing funding/matching funds.
- e. Developing and implementing Reasonable Assurance Plans for priority surface waters that have not been declared impaired.
- f. Aggressively promoting springs water quality restoration.

- 71 g. Adopting policies to support and implement the  
72 elimination of septic systems within priority watersheds.  
73 h. Improving stormwater conveyance and treatment systems to  
74 reduce nutrient pollution.  
75 i. Adopting and implementing a strict fertilizer ordinance,  
76 which includes a seasonal ban on application of nitrogen  
77 and phosphorus.  
78 j. Fully supporting and participating in meaningful  
79 education and outreach programs to inform citizens about  
80 water quality.  
81 k. Engaging area colleges, universities, and non-profit  
82 organizations in advancing the state of our knowledge  
83 through research and analysis.

84 **SECTION 3:** That all other resolutions or parts thereof that are  
85 in conflict with this resolution are hereby rescinded and repealed.

86 **SECTION 4:** That this resolution shall take effect immediately  
87 upon its adoption.
