The St. Johns River Cleanup in Volusia County covers 59 miles of the St. Johns River, which forms the western and southern border of Volusia County.
Ninemile Point Park in Pierson borders Lake George and is our northernmost site.
Shell Harbor Boat Ramp in Pierson also borders Lake George.

We had some siblings join in on the fun.
Shell Harbor Boat Ramp had boaters and people on land picking up trash.
Volunteers at DeLeón Springs State Park collected a trailer full of trash.
Ed Stone Park is located on State Road 44 in Deland.

Volusia County Solid Waste joined us to discuss recycling and repurposing.
A large group from Coca-Cola volunteered at Ed Stone Park.
Boaters collected a lot of trash from the river at Ed Stone Park.
Ed Stone Park toters were overflowing.
Lake Beresford Park is also located in Deland.
Lake Beresford Park had several people clean the park area and the trails to the water.
Another popular site was Blue Springs State Park French Landing Boat Ramp.
A large group of engineers from Orlando paddled kayaks in quest of trash at Blue Springs State Park.
This is why we do the cleanup.
Our largest group of volunteers was at Lake Monroe Park in DeBary.
A Boy Scout Troop worked hard at Lake Monroe Park.
Lake Monroe Park participants removed a lot of trash!
Lemon Bluff Boat Ramp in Osteen is our last stop along the St. Johns River.
This site had the most tires removed and a significant amount of trash from both water and on land.
The local community helped with the cleanup at Lemon Bluff Boat Ramp.
Totals for the 27th Annual St. Johns River Cleanup

- Volunteers: 318
- Total Hours Spent Cleaning the River and Surrounding Area: 954 Hours
- Total Tires Removed: 15
- Total Pounds of Trash Removed: 4,160 Pounds or 2.08 Tons of Trash!
Many thanks to our sponsors!
Thank you to the many wonderful volunteers!

You did an awesome job!
