D. **Other items identified by the BRC at the January 8, 2018 meeting**
   1. Cities adopting a unifying design of all bridges (lighting, signage or landscaping): Does not have to be the same exact design, but there should be unifying elements.
   2. Monthly meeting of an independent redevelopment group to continue the coordination for implementation of the recommendations, as well as redevelopment plans.
   3. Recommend that the cities amend their codes to allow for the “wrapping” of commercial/office uses in parking garages.
   4. Hiring a CRA manager to coordinate marketing strategies, neighborhood groups, and other central ideas to make things more cohesive.
   5. Making the replacement of the Main Street bridge as a top priority.
