

FINAL PUBLIC NOTICE

The Federal Emergency Management Agency (FEMA) has received the subgrant application for Volusia County's park facility repairs due to damages in Hurricane Matthew (DR-4283-FL PW 916). Pursuant to Executive Order 11988 and 44 CFR Part 9.12, final notice is hereby given of FEMA's intent to provide funding for projects under the Public Assistance (PA) Program.

An initial disaster-wide Public Notice was published November 21, 2016 for Hurricane Matthew. Comments and other information received were fully evaluated by FEMA along with evaluation of social, economic, environmental, and safety considerations. This notice serves as a project-specific final notice for FEMA's funding action located within the floodplain. FEMA has determined that the only practicable alternative is to locate this facility at its original location within the floodplain because the facility is functionally dependent upon its location within the floodplain.

Funding for the proposed project will be conditional upon compliance with all applicable federal, tribal, state and local laws, regulations, floodplain standards, permit requirements and conditions. This action complies with the National Flood Insurance Program (NFIP) requirements.

Responsible Entity:	FEMA Public Assistance (PA) Program
Applicant:	Volusia County
Project Title(s):	PA-04-FL-4283-PW-00916, Beach Access Structures
Location of Proposed Work:	Site 4, Cardinal Drive (29.275654, -81.031096) Site 7, Toronita Avenue (29.128511, -80.955549) Site 8, Lighthouse Point Park (29.078289, -80.920872)
Floodplain:	Project locations are located in the VE Zone, otherwise known as the Coastal High Hazard Area, per the Volusia County FIRM map numbers below, dated 9/29/2017: Site 4: FIRM Panel # 12127C0219J Site 7: FIRM Panel # 12127C0389J Site 8: FIRM Panel # 12127C0533J
Proposed Work and Purpose:	Volusia County has performed repairs at all sites to restore them to pre-disaster condition as described below: Site 4: Repair vehicular access ramp, lifeguard tower, and bathroom facilities. Site 7: Repair vehicular access ramp and outdoor shower. Site 8: Replace wooden boardwalk and repair jetty by backfilling eroded sand.
Project Alternatives:	The alternative that has been considered is the no action alternative. With the no action alternative, the public may no longer be able to use the beach access and public recreational facilities. Alternate locations were not considered as the beach access and park facilities are functionally dependent upon their location within the floodplain and their proximity to water. The facilities provide open space uses for recreational usage of the floodplain.
Comments:	This will serve as the final public notice regarding the above-described action funded by the FEMA PA program. Interested persons may submit questions or comments about this project by writing to the Federal Emergency Management Agency, Region 4, 3003 Chamblee-Tucker Road, Atlanta, Georgia 30341, calling 770-220-5432, or by emailing FEMA-R4EHP@fema.dhs.gov. Comments should be sent in writing with the subject line FL-4283-PW-00916 Volusia County at the above address within 15 days of the date of this notice.

SPECIAL FLOOD HAZARD AREAS		Without Base Flood Elevation (BFE) Zone A, V, A99
		With BFE or Depth Zone AE, AO, AH, VE, AR
		Regulatory Floodway
OTHER AREAS OF FLOOD HAZARD		0.2% Annual Chance Flood Hazard, Areas of 1% annual chance flood with average depth less than one foot or with drainage areas of less than one square mile Zone X
		Future Conditions 1% Annual Chance Flood Hazard Zone X
		Area with Reduced Flood Risk due to Levee. See Notes. Zone X
		Area with Flood Risk due to Levee Zone D
OTHER AREAS		Area of Minimal Flood Hazard Zone X
		Effective LOMRs
GENERAL STRUCTURES		Area of Undetermined Flood Hazard Zone D
		Channel, Culvert, or Storm Sewer
		Levee, Dike, or Floodwall
OTHER FEATURES		Cross Sections with 1% Annual Chance Water Surface Elevation
		Coastal Transect
		Base Flood Elevation Line (BFE)
		Limit of Study
		Jurisdiction Boundary
		Coastal Transect Baseline
MAP PANELS		Profile Baseline
		Hydrographic Feature
		Digital Data Available
		No Digital Data Available
		Unmapped

The pin displayed on the map is an approximate point selected by the user and does not represent an authoritative property location.

This map complies with FEMA's standards for the use of digital flood maps if it is not void as described below. The basemap shown complies with FEMA's basemap accuracy standards

The flood hazard information is derived directly from the authoritative NFHL web services provided by FEMA. This map was exported on 9/6/2018 at 9:37:57 AM and does not reflect changes or amendments subsequent to this date and time. The NFHL and effective information may change or become superseded by new data over time.

This map image is void if the one or more of the following map elements do not appear: basemap imagery, flood zone labels, legend, scale bar, map creation date, community identifiers, FIRM panel number, and FIRM effective date. Map images for unmapped and unmodernized areas cannot be used for regulatory purposes.
