SINGLE BUILDING PERMIT SYSTEM

There shall be one building permit issued to the contractor/builder of record, which shall be deemed the permits for the trade work and secondary work types.

1. The permit applicant will be required, at the time of making application, to list all major subcontractors along with each subcontractor's certification or registration number they intend to use for the work. The list shall include, but not be limited to, the electrical, plumbing, mechanical, roofing, alarm, fire sprinkler, gas, specialty structural and solar contractors.
2. When a change in subcontractors named on the original building permit is made, it is the responsibility of the permit applicant to notify Volusia County Building Activity and submit all pertinent information to include postage, relative to the new subcontractor. Inspections will be suspended until a new subcontractor is assigned.

EXHIBIT "J"

MILESTONE INSPECTION REPORTS

Florida Statute 553.899 requires all residential condominiums and cooperative buildings that are three stories or higher to complete structural inspections referred to as milestone inspections by December 31 of the year in which the building reaches 30 years of age and every 10 years thereafter. If the building is within three miles of a coastline the milestone inspection must be completed by December 31 of the year in which the building reaches 25 years of age and every ten years thereafter.

Upon determining that a building must have a milestone inspection, the local enforcement agency must provide written notice of such required inspection to the condominium association or cooperative association and any owner by certified mail, return receipt requested.

Upon completion of a milestone inspection, the architect or engineer who performed the inspection must submit a sealed copy of the inspection report with a separate summary of, at minimum, the material findings and recommendations in the inspection report to the condominium association or cooperative association, to any other owner of any portion of the building and to the building official of the local government which has jurisdiction.

The fee for noticing, storing and tracking of each Milestone Structural Safety Inspection Report shall be \$250.00 dollars for each such inspection submission.
