

Verification of Persons in Household

This form is to be used and signed by the head of household if there are persons, both adult and/or minors, residing in the household who may not be listed on the rental lease agreement, mortgage statement, or property tax statement.

I certify that the persons listed below are currently residing in my household at the location to which I'm applying for assistance. I understand that providing false information may disqualify me from not only this service but future services offered from Volusia County Human Services. By signing this form I also give Volusia County Human Services permission to contact my landlord to verify all persons being claimed actually reside in my residence.

Name	Age	Relationship to Me
