

Safety tips

Here are some tips to help make sure your cleanup is safe and fun:

- Do not possess or consume alcohol.
- Notify the program administrator one week before the scheduled cleanup so he or she can provide supplies and arrange for debris removal.
- Do not clean outside of the right-of-way, which is generally the area from the edge of the road to the utility poles.
- Place "Caution: Litter Crew Ahead" signs at each end of the road section before beginning. Your program administrator will provide the signs.
- Wear light-colored clothing and safety vests.
- Have a first aid kit and an adequate supply of drinking water.
- Do not handle dangerous or toxic materials. Report them to the county for pick-up.

Other volunteer opportunities

Volusia County's Environmental Management Division coordinates river and coastal cleanups each year.

For more information, call 386-736-5927 or visit Volusia.org/cleanup.

Our mission

**KEEP
VOLUSIA COUNTY
BEAUTIFUL**

KEEP AMERICA BEAUTIFUL AFFILIATE

The mission of **Keep Volusia County Beautiful** is to preserve the area's natural beauty and environment, to conserve natural resources through public education and improvement programs, and to nurture conservation efforts.

For more information about the **Adopt-A-Road** program, please call 386-943-7889.

You are the solution!

adopt
— a —
road

**YOUR NAME
HERE!**

Whether it's accidental or intentional, littering injures wildlife and reduces our quality of life and the area's economic viability.

Sometimes we litter accidentally when litter blows out of our vehicles and boats. You can prevent this by securing materials before traveling and bringing containers for trash.

Occasionally, people intentionally throw items on the ground or in a waterway. This is illegal, but unfortunately, it happens every day.

How Adopt-A-Road works

You can perform a valuable community service and help keep Volusia County beautiful by signing up for the **Adopt-A-Road program!**

- Your group will work with a program administrator to select a one-mile stretch of road (or an entire length of road if it's less than one mile) and coordinate cleanups.
- The Adopt-A-Road program is a two-year commitment. Each group is required to pick up litter at least four times a year. The cleanup area includes each side of the road.
- Participants are asked to separate and recycle appropriate materials. Recyclable items may be placed in recycling bins at home or at any county drop-off point.

Who can adopt a road?

Individuals age 18 and over, businesses, schools, and civic and social groups can adopt a road in Volusia County.

Groups whose members are 15 or younger must have one adult supervisor for every seven youths.

All participants must have an approved permit application on file with **Volusia County's Solid Waste Division** before starting their cleanup efforts.

What will the county do?

Volusia County's Solid Waste Division will provide:

- A program administrator to assist you.
- Supplies, including trash bags, safety vests, signs and cleanup schedules.
- Pickup and disposal of collected trash.
- An Adopt-A-Road sign at each end of the adopted section with your group's name.
