

Internal Audit 2023 Internal Audit Plan

February 07, 2023

Jonathan P. Edwards, CIA, CPFO 123 West Indiana Avenue DeLand, FL 32720 volusia.org/government/internal-auditor

Introduction

Per Ordinance 2-113(j), the Internal Auditor will submit to the County Council an annual internal audit plan for approval. The plan is developed based on prioritization using a risk-based methodology after soliciting input of the County Council, the County Manager, and senior management.

Audit Prioritization and Selection

To identify and prioritize potential audit areas posing the greatest possibility for risk and liability to the County a risk assessment was performed. This process provides a tool to assign priority for the purpose of reducing the risk and liability exposure through observations, testing, analysis, and recommendations. In developing the risk assessment model and audit plan, risk is defined as the potential for loss to a division due to error, fraud, inefficiency, or failure to comply with statutory requirements or actions which may have a negative impact on the County.

A systematic risk assessment approach was performed. The Internal Auditor sorted risks into 11 risk categories, which also correlate to the County's Dynamic Master Plan Bedrocks. These Bedrocks, risk categories, and their definitions are located on page 5.

These risk categories were assigned weights based on the Internal Auditor's professional experience in the public sector. Potential audit areas were identified from the Internal Auditor's knowledge and experience; during one-on-one discussions with Councilmembers, the County Manager, Deputy County Manager, and department heads; and from reviewing the County's audited financial reports.

A score was assigned to each audit area within the 11 risk categories from 1-5 with 5 being the highest risk to the County. A score of 0 meant the audit area was not applicable to the category. Each year, these areas are re-scored and re-evaluated. These potential audit areas were assessed individually, then combined into an overall score reflecting the risk potential.

This is the fourth evaluation of the County's audit risk and will be continuously updated and modified as time goes on. In future risk analysis, a risk category will be scored to evaluate when the area was last audited by the Internal Auditor.

Failure of good audit risk management may lead to liabilities, fines, sanctions, or exposures. Ongoing reviews and risk assessments help the county avoid loss of assets, grant opportunities, citizen trust, transparency, disruption of customer service; due to the occurrence of risk events that could have been prevented, avoided, or mitigated.

-Institute of Internal Auditors

2023 Audit Plan

The recommended audit plan for 2023 considers available audit hours, as detailed below, and the scores of the top-ranked risk areas. These top-ranked areas include:

- Cybersecurity
- Animal Services Operations
- Payroll
- Community Assistance Grants
- Impact Fee Assessment & Collections
- EMS (Emergency Medical Services) Billing

Audits currently in progress, which were approved in the prior plan, include charges and fees. This audit will be completed early in 2023.

Included in the audit plan is an annual audit of the ballot initiatives for the ECHO (Environmental, Cultural, Historical, and Outdoor) and Volusia Forever programs. Both programs were renewed in 2020, which included a requirement for an annual audit of both these programs.

In addition, at any time the Internal Auditor may elect to perform random, unannounced, and surprise audits of cash collections throughout the County. Furthermore, if there are any significant changes to the County's risk, operations, programs, systems, or controls; the auditor will inform the County Council of potential adjustments to this plan. Such an adjustment to the plan will be upon a unanimous vote by Council.

January 1, 2023 thru December 31, 2023					
Available Hours		4,160			
Less: Non-Audit Hours:					
Holidays		(160)			
Personal Days		(240)			
Professional Development		(80)			
Administration Hours (Council/Dept. Head Meetings, etc.)		(368)			
Total Direct Audit Hours:		3,312			
	Estimated Hours				
Audit Areas:	to Complete Audit				
Charges and Fees	69	69			
ECHO / Volusia Forever Programs	276	276			
Cybersecurity	69	69			
Animal Services Operations	552	552			
Payroll	828	828			
Community Assistance Grants	552	552			
Impact Fee Assessment & Collections	690	690			
EMS Billing	759	276

Audit Risk Categories

Master Plan Bedrocks	Risk Categories	Definitions / Impacts to the County
Thriving Communities, Objective		
1.4- Provide safe and security		
community through prevention,		Risk that public will be directly harmed, loss of County
readiness, and professional		reputation, loss of transparency, loss to the business
response	Public exposure	community, confidential data is lost
Excellence in Government,		
Objective 3.2- Provide high level	Service disruption	Risk that service levels to citizens and business
of customer service	exposure	community is directly impacted
Economic & Financial Vitality,		
Objective 2.4- Ensure services		Risk that expenditures and liabilities will be increased,
and decisions are financially		loss of revenues, impact to County's credit rating,
sustainable	Financial exposure	inability to continue future services
Thriving Communities, Objective		
1.1- Engage in infrastructure and		
regulatory actions that protect		Risk of noncompliance with laws/ regulations/ MOUs,
and enhance the experience of	Compliance -	loss of future grant funding, future lawsuits, loss of
residents and visitors	laws/regulations	MOUs in the future
Excellence in Government,		
Objective 3.3- Demonstrate		Risk that all, or most, County departments will be
leadership in decisions and		impacted in some manner or that individual segment
actions	Complexity of operations	of department operations is complex
Economic & Financial Vitality,		
Objective 2.4- Ensure services		
and decisions are financially	Extent of pass-through	Risk that money owed to or from pass-through
sustainable	monies	partners will be impacted
Economic & Financial Vitality,		
Objective 2.2- Develop and retain		
an educated, ready workforce		Risk of new management over area and needing time
matched to varying job		to become proficient in new position, loss of
opportunities	Management experience	institutional knowledge
Excellence in Government,		
Objective 3.1- Maintain and		
foster productive relationships		Risk that contractors, vendors, suppliers will be
with public and private partners	Third-party exposure	impacted and/or will impact County operations
Economic & Financial Vitality,		
Objective 2.4- Ensure services		Risk to the long-term operations of the service
and decisions are financially		program and the cost recovery, i.e., program is 100%
sustainable	Sustainability of program	cost recovered, or 100% taxpayer funded
Excellence in Government,		
Objective 3.3- Demonstrate		
leadership in decisions and	County Council-enacted	Risk that Council-enacted initiatives are not being
actions	initiative	carried-out, or have the impact, as intended
Excellence in Government,		
Objective 3.3- Demonstrate		Risk that operational changes have occurred since
leadership in decisions and		activity last audited, significant audit findings
actions	Years since last audit *	contained in last audit
