2022 REPORT — GENERAL OVERVIEW**

GENERAL OVERVIEW

Executive Summary

On March 11, 2021, the President signed the American Rescue Plan Act of 2021 (ARPA). The ARPA contained an allocation of \$362 billion in state and local fiscal recovery funds to assist state and local government with recovery efforts. Volusia County has been allocated \$107.4 million in recovery funds. The county received its first payment of \$53.7 million in May 2021. In June 2022 the county received its second and final installment in the amount of \$53.7 million. The deadline to obligate funds as required by the act is December 31, 2024 and funds must be fully expended by December 31, 2026.

These funds may be used (a) to respond to the COVID-19 public health emergency or its negative economic impact (b) provide premium pay to workers performing essential work during the COVID-19 public health emergency, (c) revenue replacement for the provisions for governmental services to the extent of the reduction in revenue of the county due to the COVID-19 public health emergency, or (d) to make necessary investments in water, sewer, or broadband infrastructure.

On February 15, 2022, the Council passed Resolution No. 2022-22 which approved Volusia County’s slate of projects to utilize this CLFRF. Volusia County’s Recovery plan focuses on addressing the needs of residents and families hardest hit by the COVID-19 public health emergency and necessary infrastructure investments to support the citizens of Volusia County.

A summary of the plan as allocated into expenditures categories (EC) in accordance with United States Department of Treasury reporting requirements is as follows:

EC #	EC Name	Amount Budgeted as of June 30, 2022	Amount Expended as of June 30, 2022
EC 1	Public Health	\$ 8,542,754	\$ 442,854
EC 2	Negative Economic Impacts	6,980,000	-
EC 3	Public Health–Negative Economic Impact: Public Sector Capacity	1,501,867	1,028,798
EC 4	Premium Pay	3,200,000	2,242,466
EC 5	Infrastructure	47,960,550	-
EC 6	Revenue Replacement	35,000,000	31,787,174
EC 7	Administrative	390,000	84,557
N/A	Reserved Funding	3,893,760	-
	Total	\$ 107,468,931	\$ 35,585,849

VOLUSIA COUNTY, FLORIDA

CORONAVIRUS LOCAL FISCAL RECOVERY FUND (CLFRF)

2022 REPORT — GENERAL OVERVIEW

Uses of Funds

Based upon the adopted spending plan and directions from County Council, County staff has begun the process to identify agencies and contractors to meet the goals of the plan. The outline below provides the broad categories of the allocation of the \$107.4 Million of Coronavirus State and Local Fiscal Recovery Funds provided under ARPA.

1) Public Health (EC 1) – Volusia County Council approved \$8,544,621 in projects categorized under EC 1 (Public Health) as follows:

a) Mental Health/Substance Abuse - \$2,529,627

Volusia County's alcohol, drug and mental health service providers have seen a continued high rate of demand for drug, alcohol and mental health services during and subsequent to the pandemic. This allocation seeks to provide additional funding to address additional community demands for mental health services. In addition, there is \$29,627 allocated for a needs assessment/gap analysis for mental health and substance abuse services in the County.

b) Juvenile Assessment Center Mental Health Services - \$1,014,994

As the demand for services increases the Sheriff Department has proposed a Juvenile Assessment Center that will centralize family service planning, promote cross-agency communication, and provide services onsite

c) County COVID-19 Expenses - \$2,498,133

Due to spikes in COVID cases since the award of the CLFRF, the County is utilizing additional resources for testing, advertising, personal protective equipment, building cleaning and sanitization, etc. This allocation was originally \$2,500,000, but has been slightly revised due to United States Department of Treasury reporting requirements. Specifically, \$1,867 in County COVID-19 expenses budgeted originally in this allocation are reported in EC 3 for the Halifax Hospital Nurse Offload program.

d) COVID-19 Medical and Worker Compensation Claims - \$2,500,000

The county received substantial claims related to COVID-19. This helps to reimburse a portion of those claims caused by COVID-19.

**VOLUSIA COUNTY, FLORIDA
CORONAVIRUS LOCAL FISCAL RECOVERY FUND (CLFRF)
2022 REPORT — GENERAL OVERVIEW**

2) Negative Economic Impacts (EC 2) – Volusia County Council approved \$6,980,000 in projects which focus on the negative economic impacts to households hardest hit by the COVID-19 pandemic, as follows:

a) Housing Repair Program - \$4,000,000

To help address a waiting list from other federal grant funding for repair assistance for qualifying properties.

b) Affordable Housing Programs - \$2,500,000

County staff has concurrently been involved in a series of public housing workshops. Which will make recommendations to the council.

c) Library Social Worker program - \$480,000

A social worker in the libraries will soon be available during scheduled hours to provide one-on-one counseling/mental health, food/SNAP benefits, health, housing, unemployment assistance and other governmental service assistance.

3) Public Health – Negative Economic Impacts: Public Sector Capacity (EC 3)

County Council approved supplemental leave time for County employees for COVID-19 caused absences, like that previously required federally under the Families First Coronavirus Response Act. The original budget for the program was \$750,000, however, due to subsequent extensions and additions of available leave time provided by County Council, the revised budget for this project is \$1,500,000. Funding for the increased amount was taken from the originally budgeted reserve funding for the CLFRF.

4) Premium Pay (EC 4)

County Council approved premium pay for its employees and those of the County's Constitutional Officers in accordance with the guidance set forth in the United States Department of Treasury Final Rule, totalling approximately \$3,200,000.

**VOLUSIA COUNTY, FLORIDA
CORONAVIRUS LOCAL FISCAL RECOVERY FUND (CLFRF)
2022 REPORT — GENERAL OVERVIEW**

5) Water, Sewer, and Broadband Infrastructure (EC 5) – The County has designated water and sewer infrastructure as a critical need, allocating \$47,960,550 to project in this category. Proposed projects will convert and increase advanced wastewater treatment processing capabilities at two of the County’s existing sewage processing plants and treat stormwater running to mitigate flooding and reduce nutrient loading.

a) Sewer capacity increases and advanced wastewater treatment capabilities - \$25,000,000

Two large projects that will increase the capacity at the Southwest wastewater treatment plant and Southeast treatment plant as well as providing advanced wastewater treatment at the Southeast facility. These projects will have a direct and positive environmental impact on water quality concerns at Blue and Gemini Springs and the Mosquito Lagoon estuary. Both of these projects will also have partnership funding from the Florida Department of Environmental Protection (State Funded Grants).

b) Stormwater improvements- \$17,560,550

Stormwater improvements consist of 10 projects aimed at reducing flooding and nutrient reducing treatment. These projects benefit inland springs and rivers to near shore river and basins.

c) Broadband Enhancements - \$5,000,000

To enhance broadband internet service to the underserved areas within Volusia County, in accordance with the requirements of the United States Department of Treasury Final Rule on the CLFRF.

d) Ormond Beach Water Line Interconnect - \$400,000

Resiliency project to ensure reliable and safe supply in the event of an emergency for county utilities customers in the northeast section of the county.

**VOLUSIA COUNTY, FLORIDA
CORONAVIRUS LOCAL FISCAL RECOVERY FUND (CLFRF)
2022 REPORT — GENERAL OVERVIEW**

6) Revenue Replacement (EC 6)

The COVID-19 pandemic has resulted in a significant reduction in the County's general revenue growth as compared to what has been experienced in the past, as evidenced by the Treasury model for calculating for revenue loss. This reduction in revenue growth has negatively impacted the County's ability to fund future operational and capital needs that would normally have been funded through revenue appreciation. The County plans to use fiscal recovery funds to reimburse itself for public safety wages and benefits up the extent of revenue loss, as allowed by United States Department of Treasury regulations. Using these funds for reimbursement of public safety wages and benefits will result in budgetary savings in the funds that originally paid for such wages and benefits.

While not a requirement of the American Rescue Plan, the County will further plan the expenditure of the above-mentioned budgetary savings for public transparency utilizing a separate "APRA Transition Fund". These budgetary savings will be used to provide additional capital needs and services for our residents.

This use category is budgeted at \$35,000,000.

7) Administrative (EC 7)

Administration expenses are budgeted at \$390,000. This amount represents an administrative expense rate of 0.36%, which is significantly under the typical grant administration rates of 5-10%.

VOLUSIA COUNTY, FLORIDA

CORONAVIRUS LOCAL FISCAL RECOVERY FUND (CLFRF)

2022 REPORT — GENERAL OVERVIEW

Promoting Equitable Outcomes

Volusia County has created a plan to provide equitable outcomes to meet as many needs throughout the community as possible.

- 1) Goals
 - a) Public Health and Safety
 - i) Provide additional mental health services to the populations hardest hit by the pandemic.
 - ii) Provide additional juvenile mental health and evaluation services to the at-risk juvenile population of Volusia County.
 - iii) Provide for increase safety of employees and citizens of the county by providing PPE supplies and cleaning and sanitation of county facilities.
 - b) Respond to the Negative Economic Impacts
 - i) Expand the housing repair program to satisfy a waiting list of applicants who qualify for homeowner assistance.
 - ii) Reach and assist individuals who need governmental provided services and assistance.
 - iii) Expand and create additional affordable housing opportunities
 - c) Infrastructure – Water, Sewer, and Broadband
 - i) Expanding Broadband in the county and targeting rural areas and underserved neighborhoods that have no or unreliable access to internet.
 - ii) Provide for stormwater improvement to prevent neighborhood flooding and water quality issues.
 - iii) Increase sewer capacity.
 - d) Revenue Recovery
 - i) Reinvesting of the revenue replacement funding on public safety wages, allowed previously encumbered General Fund budget to be freed up for the reestablishment of programs that had been delayed or defunded because of the pandemic.
- 2) Awareness
 - a) The county will use its community information division to promote its program of funded services.
 - b) County Council Meetings
 - c) Working with community organizations to communicate programs.

**VOLUSIA COUNTY, FLORIDA
CORONAVIRUS LOCAL FISCAL RECOVERY FUND (CLFRF)
2022 REPORT — GENERAL OVERVIEW**

3) Access and Distribution

- a) One of the approved social service programs will be based out of the county's library system. Libraries are distributed throughout the county and can be accessed by public transportation.
- b) The social service program will be awarded based upon a Notice of Funding availability. The notice of funding will be broadcast publicly by the county's community services division and the proposal will be awarded by the council.
- c) The county will be using established community organizations and providers to run many of its social services programs to better target those in need.

4) Outcomes

- a) Health and public safety through awareness through testing and vaccinations
- b) Infrastructure investments in sewerage and water quality issues vital to all citizens of Volusia County.
- c) Affordable housing and repair programs to address communities' sectors hardest hit.

VOLUSIA COUNTY, FLORIDA

CORONAVIRUS LOCAL FISCAL RECOVERY FUND (CLFRF)

2022 REPORT — GENERAL OVERVIEW

Community Engagement

The Volusia County Council made its final approval of the projects that will be funded with Fiscal Recovery Funds on February 15, 2022. However, as with any budgetary decision made by the County Council, the budget is subject to amendment. Throughout the decision-making process, the Council has promoted and continues to promote open feedback and dialog with its constituents.

- On July 27, 2021, the Council held a public workshop solely dedicated to reviewing the proposed and available use of ARPA funding.
- ARPA projects also were publicly discussed at a regularly scheduled Council meeting on August 3, 2021.
- On August 31, 2021, the Council held a special meeting to discuss and begin finalize its proposed uses of ARPA funding, with the meeting being promoted to the public and local news media through the issuance of a news release for the widest possible dissemination. This meeting will set the foundation for the ARPA funded projects and future reporting requirements.
- On February 1, 2022, the Council held a special workshop to discuss proposed project list and receive public input along with provider groups proposals and recommendations. At this workshop the council was able to come to an agreement on project funding.
- On February 15, 2022, at a regular public meeting the council approved the final projects list and spending plan recommendations set forth at the February 1, workshop.

The county will use a variety of community engagement methods to reach the diverse population of residents of the community through community meeting, social media and the county's website.

Labor Practices

Volusia County has funded three major infrastructure projects with CLFRF funds that are of significant individual project cost — \$18.4 million to the Southwest Regional Water Reclamation Facility, \$6.6 million to the Southeast Regional Wastewater Treatment Plant expansion and \$7 million to a stormwater runoff system for the landfill new waste cell. For these three major infrastructure projects, Volusia County is taking initiatives to fulfill the requirements of the U.S. Treasury to promote strong labor practices.

Volusia County will:

- Include in their procurement solicitation for these project requirements asking interested bidders to address how their workforce meets high safety and training standards, whether they hire local worker and/or workers from historically underserved communities, and whether they directly employ their workforce or have policies and practices in place to ensure contractors and subcontractors meet high standards.

VOLUSIA COUNTY, FLORIDA

CORONAVIRUS LOCAL FISCAL RECOVERY FUND (CLFRF)

2022 REPORT — GENERAL OVERVIEW

- Require the contractor and its subcontractors on this project comply with the Davis-Bacon Act, requiring all laborers and tradesmen employed in the performance of the project to be paid wages not less than those prevailing, as determined by the U.S. Secretary of Labor.
- Require the contractor to provide data related to project workforce continuity planning which includes, but is not limited to, addressing the following:
 - How the contractor will ensure the project has ready access to a sufficient supply of appropriately skilled and unskilled labor to ensure high-quality construction throughout the life of the project.
 - How the contractor will minimize risks of labor disputes and disruptions that would jeopardize timeliness and cost effectiveness of the project.
 - How the contractor will provide a safe and healthy workplace that avoids delays and cost associated with workplace illness, injuries and fatalities.
 - Whether workers on the project will receive wages and benefits that will secure an appropriately skilled workforce in the context of the local or regional labor market.
 - Whether the project has a completed project labor agreement.

Use of Evidence

Volusia County anticipates that the mental health and affordable housing related priorities funded from the CLFRF will have services based on evidence-based interventions, or those intervention practices with strong or moderate levels of evidence.

As the County actively works towards soliciting and sub-awarding services for mental health and affordable housing related priorities, where applicable, evidence-based practices for proposed projects will document the amount of funds used for evidence-based practices.

Performance Measures

Volusia County has developed key performance indicators separately for each of the CLFRF-funded projects. Each performance measure is identified in the project inventory, and not duplicated in this section.

Output performance measures are those that provide valuable information about the status of the project. Outcome performance measures are those that provide information about whether the project is achieving its overall goals.

2022 REPORT — PROJECT INVENTORY**

PROJECT ID:		CO-SO-02	
PROJECT NAME:		Sheriff's Juvenile Assessment Center (JAC) Partners	
MANAGING DEPARTMENT / DIVISION:		Constitutional Office of the Sheriff / N/A	
TREASURY EXPENDITURE CATEGORY:		1.12; Mental Health Services	
CLFRF BUDGET AMOUNT:		\$1,014,994	
AMOUNT EXPENDED AS OF JUNE 30, 2022:		\$0	
AMOUNT EXPENDED ON EVIDENCE-BASED INTERVENTIONS AS OF JUNE 30, 2022:		No expenditures yet on this project	
PROJECT OVERVIEW:	County Council recently approved funding, from general fund budgetary savings, for a Sheriff's Juvenile Assessment Center (JAC). The JAC will serve as a central receiving point for all juveniles who have been arrested for delinquent offenses or detained for non-criminal violations. These funds provide for additional services to be provided by mental health service agencies, such as intake assessment for drug and mental health issues and corrective action planning.		
INTENDED OUTCOME:	Ensure more detained youth receive mental health services when there is a need for those services.		
PRIMARY DELIVERY MECHANISM / PARTNERS:	Subrecipient agreement with SMA Behavioral Health and Halifax Health		
PERFORMANCE MEASURE (OUTPUTS):	Number of youth screened for mental health services		
PERFORMANCE MEASURE (OUTCOMES):	Number of youth referred to mental health services		
PERFORMANCE MEASURE (TREASURY REQUIRED):	N/A		
START DATE:	Projected October 2022	COMPLETION DATE:	Projected September 2024

PROJECT ID:		CS-CA-02	
PROJECT NAME:		Affordable Housing Programs	
MANAGING DEPARTMENT / DIVISION:		Community Services / Community Assistance	
TREASURY EXPENDITURE CATEGORY:		2.15; Long-Term Housing Security: Affordable Housing	
CLFRF BUDGET AMOUNT:		\$2,500,000	
AMOUNT EXPENDED AS OF JUNE 30, 2022:		\$0	
AMOUNT EXPENDED ON EVIDENCE-BASED INTERVENTIONS AS OF JUNE 30, 2022:		No expenditures yet on this project	
PROJECT OVERVIEW:	Funds budgeted to address affordable housing. County staff has concurrently been involved in a series of affordable housing workshops with public engagement. The result of the workshops will be an Affordable Housing Plan. The plan is anticipated to be reviewed and approved in or before August 2022. The outcomes of this plan will be incorporated into staff recommendations to County Council for final allocation.		
INTENDED OUTCOME:	Increased number of affordable housing units available to residents of the County		
PRIMARY DELIVERY MECHANISM / PARTNERS:	To be determined in concert with the County's affordable housing initiative		
PERFORMANCE MEASURE (OUTPUTS):	See Treasury Required Metric		
PERFORMANCE MEASURE (OUTCOMES):	Number of individuals placed in affordable housing unit who meet eligibility criteria		
PERFORMANCE MEASURE (TREASURY REQUIRED):	• Number of affordable housing units preserved or developed		
START DATE:	Projected January 2023	COMPLETION DATE:	Projected June 2026

PROJECT ID:		CS-CA-08	
PROJECT NAME:		Mental Health Services - FY2023 or Later	
MANAGING DEPARTMENT / DIVISION:		Community Services / Community Assistance	
TREASURY EXPENDITURE CATEGORY:		1.12; Mental Health Services	
CLFRF BUDGET AMOUNT:		\$1,823,911	
AMOUNT EXPENDED AS OF JUNE 30, 2022:		\$0	
AMOUNT EXPENDED ON EVIDENCE-BASED INTERVENTIONS AS OF JUNE 30, 2022:		No expenditures yet on this project	
PROJECT OVERVIEW:	Funding for grants to community agencies for mental health treatment, to be determined in the future after consideration when the community needs assessment / gap analysis is complete.		
INTENDED OUTCOME:	Provide additional access to mental health services in Volusia County		
PRIMARY DELIVERY MECHANISM / PARTNERS:	This funding will not be committed to a specific project until the needs assessment/gap analysis is completed to identify the current capacity of the region to provide services or treatment for mental health and substance misuse patients. Once this is completed a competitive process will be completed to determine which project(s) can address the gaps in capacity for services or treatment for mental health and substance misuse patients.		
PERFORMANCE MEASURE (OUTPUTS):	<ul style="list-style-type: none"> • Number of service hours for physician services and outpatient psychiatric services • Number of screening hours for mental health. 		
PERFORMANCE MEASURE (OUTCOMES):	Number of residents receiving mental health services due to this supplemental funding		
PERFORMANCE MEASURE (TREASURY REQUIRED):	N/A

2022 REPORT — PROJECT INVENTORY**

PROJECT ID:		CS-CA-14	
PROJECT NAME:		Housing Repair Program	
MANAGING DEPARTMENT / DIVISION:		Community Services / Community Assistance	
TREASURY EXPENDITURE CATEGORY:		2.18; Other Housing Assistance	
CLFRF BUDGET AMOUNT:		\$4,000,000	
AMOUNT EXPENDED AS OF JUNE 30, 2022:		\$0	
AMOUNT EXPENDED ON EVIDENCE-BASED INTERVENTIONS AS OF JUNE 30, 2022:		No expenditures yet on this project	
PROJECT OVERVIEW:	The county has a waiting list from other federal granting funding for repair assistance for qualifying properties. The repairs to be funded by this program are presumptively eligible under ARPA due to being HOME grant eligible. It is estimated that this allocation will provide assistance to repair all current qualifying properties on the county's waiting list.		
INTENDED OUTCOME:	To complete homeowner repair on all current qualifying properties on the county's waiting list. Currently there are 60 homeowners on the waiting list. Staff is in the process of determining eligibility of each household. It is estimated that at least 75% will be eligible to receive assistance. Therefore, our goal is to provide a minimum of 45 households with homeowner repair.		
PRIMARY DELIVERY MECHANISM / PARTNERS:	Contract with vendors in accordance with County procurement policy		
PERFORMANCE MEASURE (OUTPUTS):	See Treasury Required Metric		
PERFORMANCE MEASURE (OUTCOMES):	Percentage of waiting list repaired		
PERFORMANCE MEASURE (TREASURY REQUIRED):	<ul style="list-style-type: none"> • Number of affordable housing units preserved or developed 		
START DATE:	Projected August 2022	COMPLETION DATE:	Projected December 2025

CORONAVIRUS LOCAL FISCAL RECOVERY FUND (CLFRF)
2022 REPORT — PROJECT INVENTORY**

PROJECT ID:		LE-HR-05	
PROJECT NAME:		Self-Insured Worker's Comp COVID-19 Medical, Leave Time and Settlements	
MANAGING DEPARTMENT / DIVISION:		County Manager / Human Resources	
TREASURY EXPENDITURE CATEGORY:		1.6; Medical Expenses	
CLFRF BUDGET AMOUNT:		\$1,000,000	
AMOUNT EXPENDED AS OF JUNE 30, 2022:		\$0	
AMOUNT EXPENDED ON EVIDENCE-BASED INTERVENTIONS AS OF JUNE 30, 2022:		N/A - Use of Evidence Does Not Apply This Treasury Category	
PROJECT OVERVIEW:	Reimbursement of Worker's Compensation Fund for COVID-19 self-insured claims accepted as compensable. This category includes reimbursement for medical expenses for treatment, reimbursement for worker's compensation (paid to beneficiaries, essentially paid leave), and in the future, settlements of these COVID-19 claims. No expenditures are reported, as no reimbursement to the self-insured fund has been completed to date.		
INTENDED OUTCOME:	County is able to keep its self-insured worker's compensation program adequately funded and the impact of COVID-19 claims on the program is reduced		
PRIMARY DELIVERY MECHANISM / PARTNERS:	Reimbursement of costs incurred for medical expenditures, lost wages and settlements directly caused by accepted COVID-19 worker's compensations cases in the County's self-insurance fund.		
PERFORMANCE MEASURE (OUTPUTS):	Amount of funds that are recovered for the worker's compensation self-insurance fund		
PERFORMANCE MEASURE (OUTCOMES):	Funds reimbursed for COVID-19 claims as a percentage of annual funding of the program (indicating the relief factor on the program provided by the output)		
PERFORMANCE MEASURE (TREASURY REQUIRED):	N/A		
START DATE:	Underway	COMPLETION DATE:	Projected September 2024

CORONAVIRUS LOCAL FISCAL RECOVERY FUND (CLFRF)
2022 REPORT — PROJECT INVENTORY**

PROJECT ID:		PW-RB-03	
PROJECT NAME:		Stormwater – Pooser Pond Improvements	
MANAGING DEPARTMENT / DIVISION:		Public Works / Road and Bridge, Stormwater	
TREASURY EXPENDITURE CATEGORY:		5.6; Clean Water: Stormwater	
CLFRF BUDGET AMOUNT:		\$1,500,000	
AMOUNT EXPENDED AS OF JUNE 30, 2022:		\$0	
AMOUNT EXPENDED ON EVIDENCE-BASED INTERVENTIONS AS OF JUNE 30, 2022:		N/A - Use of Evidence Does Not Apply This Treasury Category	
PROJECT OVERVIEW:	The project consists of the mitigation of flooding conditions sustained during rain events as well as the removal of nutrient loading into the Blue Spring priority focus area. Pooser Pond, located on E. Elm Drive in Orange City, receives stormwater runoff from nearby roadways and has no natural outfall. This project entails constructing a pump station and forcemain to pump the water out of Pooser Pond to a nutrient reducing treatment system that will be constructed at the site of the decommissioned Four Towns Wastewater Plant.		
INTENDED OUTCOME:	Reduction in flooding at project site and reduction in nutrient impact to Blue Spring		
PRIMARY DELIVERY MECHANISM / PARTNERS:	Contract with vendors in accordance with County procurement policy		
PERFORMANCE MEASURE (OUTPUTS):	Identified improvements in project overview are designed and constructed		
PERFORMANCE MEASURE (OUTCOMES):	Pounds of nitrogen and phosphorus removed from stormwater runoff at project per year		
PERFORMANCE MEASURE (TREASURY REQUIRED):	N/A		
START DATE:	Projected October 2022	COMPLETION DATE:	Projected September 2024

PROJECT ID:		PW-RB-06	
PROJECT NAME:		Stormwater – North Beach Street Resiliency	
MANAGING DEPARTMENT / DIVISION:		Public Works / Road and Bridge, Stormwater	
TREASURY EXPENDITURE CATEGORY:		5.6; Clean Water: Stormwater	
CLFRF BUDGET AMOUNT:		\$2,000,000	
AMOUNT EXPENDED AS OF JUNE 30, 2022:		\$0	
AMOUNT EXPENDED ON EVIDENCE-BASED INTERVENTIONS AS OF JUNE 30, 2022:		N/A - Use of Evidence Does Not Apply This Treasury Category	
PROJECT OVERVIEW:	The project is located in Ormond Beach within the Tomoka River Basin. North Beach Street is subject to flooding conditions during intense rain storms and high tidal occurrences. During these events the road frequently becomes impassable, which requires road closure notifications and detours established. This project consists of raising the elevation of a portion of the roadway and installing storm drain pipes that will alleviate flooding conditions and allow the road to be used as an alternate evacuation route during impending weather events		
INTENDED OUTCOME:	Reduction in road flooding at project site		
PRIMARY DELIVERY MECHANISM / PARTNERS:	Contract with vendors in accordance with County procurement policy		
PERFORMANCE MEASURE (OUTPUTS):	Identified improvements in project overview are designed and constructed		
PERFORMANCE MEASURE (OUTCOMES):	Number of days road is closed due to flooding		
PERFORMANCE MEASURE (TREASURY REQUIRED):	N/A		
START DATE:	Projected August 2022	COMPLETION DATE:	Projected September 2023

**VOLUSIA COUNTY, FLORIDA
CORONAVIRUS LOCAL FISCAL RECOVERY FUND (CLFRF)

PROJECT ID:		PW-RB-07	
PROJECT NAME:		Stormwater – Buckingham Drive Exfiltration System	
MANAGING DEPARTMENT / DIVISION:		Public Works / Road and Bridge, Stormwater	
TREASURY EXPENDITURE CATEGORY:		5.6; Clean Water: Stormwater	
CLFRF BUDGET AMOUNT:		\$500,000	
AMOUNT EXPENDED AS OF JUNE 30, 2022:		\$0	
AMOUNT EXPENDED ON EVIDENCE-BASED INTERVENTIONS AS OF JUNE 30, 2022:		N/A - Use of Evidence Does Not Apply This Treasury Category	
PROJECT OVERVIEW:	The project is located in Ormond Beach within the North Peninsula study area of the Halifax River Stormwater Outfall Assessment (2015 Study). It is an identified stormwater best management practice (BMP) that once implemented would work towards meeting the total maximum daily load (TMDL) goals for reducing nutrients to the Halifax River. The project entails replacing the existing reinforced concrete pipe along Buckingham Drive with an exfiltration trench, installing a weir structure at the downstream end of the proposed exfiltration, and retrofitting the outfall at the Halifax River with the installation of a nutrient separating baffle box.		
INTENDED OUTCOME:	Reduction in nutrient impact to the Halifax River		
PRIMARY DELIVERY MECHANISM / PARTNERS:	Contract with vendors in accordance with County procurement policy		
PERFORMANCE MEASURE (OUTPUTS):	Identified improvements in project overview are designed and constructed		
PERFORMANCE MEASURE (OUTCOMES):	Pounds of nitrogen and phosphorus removed from stormwater runoff at project per year		
PERFORMANCE MEASURE (TREASURY REQUIRED):	N/A		
START DATE:	Projected August 2022	COMPLETION DATE:	Projected September 2024
