This Business Impact Estimate is provided in accordance with section 125.66(3), Florida Statutes. If one or more boxes are checked below, this means the County is of the view that a business impact estimate is not required by state law<sup>1</sup> for the proposed ordinance, but the County is, nevertheless, providing this Business Impact Estimate as a courtesy and to avoid any procedural issues that could impact the enactment of the proposed ordinance. This Business Impact Estimate may be revised following its initial posting.

<sup>1</sup> See Section 125.66(3)(c), Florida Statutes.

- a. Part II of Chapter 163, Florida Statutes, relating to growth policy, county and municipal planning, and land development regulation, including zoning, development orders, development agreements and development permits;

In accordance with the provisions of controlling law, even notwithstanding the fact that an exemption noted above may apply, the County hereby publishes the following information:

1. Summary of the proposed ordinance (must include a statement of the public purpose, such as serving the public health, safety, morals and welfare): The purpose of this ordinance is to repeal the waiting period and background check requirement as allowed at the County's option in Section 5 of Article VIII of the State Constitution. This removes an unnecessary restriction on the private sale of firearms within the County.

2. An estimate of the direct economic impact of the proposed ordinance on private, for-profit businesses in the County, if any:

(a) An estimate of direct compliance costs that businesses may reasonably incur: Not applicable/zero dollars

(b) Any new charge or fee imposed by the proposed ordinance or for which businesses will be financially responsible: not applicable/zero dollars

(c) An estimate of the County's regulatory costs, including estimated revenues from any new charges or fees to cover such costs: not applicable/zero dollars.

3. Good faith estimate of the number of businesses likely to be impacted by the proposed ordinance: There are an average of seven gun shows on County property per year, with an average of 110 vendors per show. The impact may be about 770 businesses impacted.

4. Additional information the governing body deems useful (if any):

This will not impact vendors with a license to sell guns, but rather individual sales between non-licensed parties, so the actual amount of "businesses" is impossible to estimate.
