COUNTY MANAGER

July 22, 2025

Honorable Members of the County Council and residents of Volusia County:

As your County Manager, it is with great care and strategic intent that I present to you the recommended budget for Fiscal Year 2025-2026. This budget reflects the county's dedication to serving our community well by being a good steward of tax dollars while ensuring the county stays financially healthy for years to come. County staff work on this budget all year long, studying financial forecasts to predict future revenues and expenses, considering how state and federal laws might affect the budget, looking at property values throughout the county, and making sure the spending aligns with the goals that County Council has set.

This budget is more than just numbers on a page - it is the county's main policy document that shows how the county plans to spend money on the things that matter most to you. The recommended budget includes an operating budget of \$1,419,238,478 which supports the daily operations of county departments, with reserve balances from all operating funds totaling \$395,687,231.

While the county's operating budget encompasses many different funds for various services, the general fund receives special attention because it funds countywide services that benefit all residents and is the largest property tax rate applied to every property across the county. For this fiscal year, the fund faces significant financial challenges from declining revenues in multiple areas including sales tax transfers, state revenue sharing, and constitutional officer excess fees. Despite these revenue pressures totaling millions of dollars, county departments demonstrated exceptional fiscal discipline by submitting budget requests with a net decrease of \$1.6 million, even while facing \$4.2 million in mandatory increases for wages, health insurance, and retirement contributions. However, this departmental savings is offset by unavoidable increases in state mandated external expenses and elected office costs, making the flat property tax rate essential to maintain current service levels. The general fund is discussed in more detail later in this letter.

Additionally, the budget includes a non-operating budget of \$331,458,198 for capital projects and other essential investments, funded primarily through transfers from the operating budget. This recommended budget represents the county's promise to spend taxpayer money wisely, focus on the services and programs that make your community stronger, and plan ahead so that the county remains financially stable and continues to thrive while delivering essential services with fiscal responsibility.

### **County Government Budgeting**

Florida county governments must follow a structured annual budget process governed by state requirements. State law requires that county governments bring forward the unspent balance of all funds as a revenue source in the next year's budget and that the budget be balanced with equal revenues and expenditures. The budget includes funds are typically set aside for one-time capital projects, emergency reserves, infrastructure improvements, or equipment purchases rather than ongoing operational expenses. Because of these set asides included in the budget, county governments do not spend the entire budget amount that they must account for. This means that while the county presents a total budget figure, a significant portion of that money is intentionally held in reserve or designated for specific future projects, so the actual spending on day-to-day operations and services is much less than the total budget amount.

Think of this like managing your household checkbook. Just as your family has income from wages and other sources, the county has revenues from property taxes, fees, and state funding. Like your household expenses for groceries, utilities, and mortgage payments, the county has operating expenses for staff salaries, equipment, and services. And just as you might have money saved from previous years that you plan to spend on a new roof or car repairs, the county saves money for major projects. In this recommended budget, savings from prior years totals \$538,646,813 or 37.9% of the total operating revenue. On the expense side of the budget, the reserves budgeted across all operating funds total \$395,687,231 or 27.9% of the total operating budget - this is like keeping money in your emergency fund for unexpected expenses or future needs. The difference of \$142,959,582 represents the planned use of prior year savings for capital projects - just like using your savings account to pay for that new roof. This means the county is being careful with taxpayer money by using accumulated savings for major projects where possible, while strategically using debt financing when appropriate for long-term investments that benefit future generations.

The county operates two main types of budgets that work together. The operating budget covers the recurring day-to-day expenses necessary to maintain essential services like staffing, utilities, supplies, and routine maintenance. These expenses are funded primarily through annual revenue sources such as property taxes and fees. The non-operating or capital budget focuses on major, long-term investments like new infrastructure, buildings, equipment purchases, and significant facility improvements that provide benefits for many years. These capital projects are typically financed through accumulated reserves, grants, and sometimes debt.

The total net operating budget includes an increase of \$97,084,971 in appropriations, or 7.3% compared to fiscal year 2024-25, across all operating funds. A breakdown of this is included below:

Line Item	FY 2024-25 Adopted Budget	FY 2025-26 Recommended Budget	Change	% Change
Current Expenditures, Transfers and Capital Expenditures	\$ 945,091,014	\$ 1,023,551,247	\$ 78,460,233	8.3%
Reserves	377,062,493	395,687,231	18,624,738	4.9%
Total	\$ 1,322,153,507	\$ 1,419,238,478	\$ 97,084,971	7.3%

The current expenditures represent actual operational spending on services, personnel, and programs, while reserves function as savings set aside for emergencies, future capital projects, and unexpected expenses. The 4.9% growth in reserves demonstrates sound fiscal management, as adequate reserve levels provide financial stability and reduce the need for borrowing during emergencies. These reserve funds are typically funded through one-time revenue sources or budget surpluses rather than ongoing operational revenues.

Our operating budget spans 73 separate accounting funds, most of which are restrictive in nature. Out of 73 operating funds, only ten levy property taxes. Of the total operating budget of \$1,419,238,478, only 30% or \$431,970,639 of the revenue comes from current property taxes with \$12,898,959 of those taxes being directly distributed to CRAs.

The increases in the net operating budget, excluding reserve funds, are summarized as follows:

<b>Current Expenditures, Transfers and Capital Expenditures</b>	<b>FY 2024-25 Adopted Budget</b>	<b>FY 2025-26 Recommended Budget</b>	<b>Change</b>	<b>% Change</b>
Funds (Business Units) That Levy Property Taxes	\$ 544,681,862	\$ 538,502,432	(\$ 6,179,430)	(1.1%)
Funds (Business Units) That Do Not Levy Property Taxes	400,409,152	485,048,815	84,639,663	21.1%
Total	\$ 945,091,014	\$ 1,023,551,247	\$ 78,460,233	8.3%

Notably, the funds that levy property taxes are experiencing an overall budget decrease of 1.1%, demonstrating fiscal restraint in property tax-supported operations even as other revenue-funded services expand to meet community needs. The increases in the net operating budget of the funds that levy property taxes above, excluding reserve funds, are summarized as follows:

<b>Current Expenditures, Transfers and Capital Expenditures – Funds (Business Units) That Levy Property Taxes</b>	<b>FY 2024-25 Adopted Budget</b>	<b>FY 2025-26 Recommended Budget</b>	<b>Change</b>	<b>% Change</b>
General Fund	\$ 268,551,211	\$ 257,133,855	(\$ 11,417,356)	(4.3%)
Law Enforcement Fund	146,809,067	162,013,528	15,204,461	10.4%
Library	28,629,882	25,932,123	(2,697,759)	(9.4%)
Ponce De Leon Inlet & Port District	5,337,564	5,558,748	221,184	4.1%
Municipal Service District	13,010,650	14,448,125	1,437,475	11.0%
Silver Sands Bethune Beach MSD	16,857	17,047	190	1.1%
East Volusia Mosquito Control	7,180,747	7,098,577	(82,170)	(1.1%)
Fire Services	57,857,048	50,935,237	(6,921,811)	(12.0%)
Volusia ECHO	15,699,902	13,592,795	(2,107,107)	(13.4%)
Volusia Forever	1,588,934	1,772,397	183,463	11.5%
Total	\$ 544,681,862	\$ 538,502,432	(\$ 6,179,430)	(1.1%)

Of note, the General Fund shows a significant decrease of \$11.4 million or 4.3%, reflecting departmental cost reductions and operational efficiencies despite facing substantial revenue challenges. This decrease demonstrates exceptional fiscal discipline by county departments, as detailed in the General Fund section below.

The increases in the net operating budget of the funds that **do not** levy property taxes above, excluding reserve funds, are summarized as follows:

Current Expenditures, Transfers and Capital Expenditures – Funds (Business Units) That <b>Do Not</b> Levy Property Taxes	Major Revenue Source	FY 2024-25 Adopted Budget	FY 2025-26 Recommended Budget	Change	% Change
Emergency Medical Services	EMS Bills	\$ 43,180,569	\$ 43,401,480	\$ 220,911	2.4%
Beach Management	Customer Charges and General Fund Subsidy	28,275,019	28,507,665	232,646	0.8%
County Transportation Trust	Fuel Taxes	46,376,957	48,692,511	2,315,554	5.0%
Road Impact Fees and Proportionate Fair Share Funds	Developer Charges	30,215,382	104,687,129	74,471,747	246.5%
Park Impact Fees Funds	Developer Charges	1,075,874	3,095,000	2,019,126	187.7%
Inmate Welfare Trust	Inmate Commissions	1,255,187	2,049,735	794,548	63.3%
Ocean Center	Rentals and Tourist Tax	18,123,691	19,737,328	1,613,637	8.9%
State E-911 Surcharge	State Contribution	4,425,079	6,424,153	1,999,074	45.2%
Solid Waste	Customer Charges	60,283,031	77,711,992	17,428,961	28.9%
Water & Sewer Utilities	Customer Charges	50,071,385	25,566,282	(24,505,103)	(48.9%)
Daytona Beach International Airport	Customer Charges	23,436,505	25,425,532	1,989,027	8.5%
Transit Services	Grants, Fares and General Fund Subsidy	32,275,085	34,786,583	2,511,498	7.8%
Parking Garage	Customer Charges	4,970,075	7,138,523	2,168,448	43.6%
Aggregate of Other Funds	Various	56,445,313	57,824,902	1,379,589	2.4%
Total		\$ 400,409,152	\$ 485,048,815	\$ 84,639,663	21.1%

The substantial increases in non-property tax funds are primarily driven by active project budgeting for road impact fees and proportionate fair share projects, representing a shift from reserve-based planning to active project implementation. The significant changes in solid waste and water & sewer utilities reflect the timing of major capital projects rather than operational expansion. Additionally, while transit services shows an overall budget increase of \$2.5 million, the General Fund subsidy portion is actually decreasing, with the growth primarily funded through expanded grant revenue and fare collections rather than additional taxpayer support.

The operating budget reflects careful financial stewardship with property tax-supported funds decreasing overall while maintaining essential services. Growth in non-property tax funds primarily supports capital projects and infrastructure improvements funded through dedicated revenue sources. The county continues to demonstrate fiscal responsibility through departmental cost reductions, strategic use of reserves, and improved operational efficiencies across multiple service areas.

### **Millage Rate & Ad Valorem Taxes**

Below is a comparison of the recommended millage rates for fiscal year 2025-26:

<b>Taxing Fund</b>	<b>FY 2024-25 Millage Rate</b>	<b>FY 2025-26 Recommended Millage Rate</b>	<b>% change</b>
General Fund	3.2007	3.2007	0%
Law Enforcement Fund	1.5994	1.5994	0%
Library	0.3891	0.3697	(4.98%)
Ponce De Leon Inlet & Port District	0.0692	0.0660	(4.63%)
Municipal Service District	1.6956	1.6956	0%
Silver Sands Bethune Beach MSD	0.0106	0.0099	(6.61%)
East Volusia Mosquito Control	0.1647	0.1573	(4.50%)
Fire Services	3.8412	3.6236	(5.67%)
Volusia ECHO	0.2000	0.2000	0.0%
Volusia Forever	0.2000	0.2000	0.0%

To understand the county's millage rate options between rolled back and flat rates, it's important to first understand how the rolled back millage rate works within the county's overall financial framework. The rolled back millage rate is calculated each year by state law. It divides the previous year's property tax revenue by the current year's taxable property values to force local governments to collect only the same amount of property tax money as the prior year, with exceptions for new construction growth. However, the rolled back rate is calculated across the entire tax roll, not on individual properties. This means that while the county collects the same total amount under a rolled back rate, individual property owners often see their taxes decrease due to assessment limitations such as "save our homes". Others property owners may see large increases under the same rolled back rate when their assessments are reset from a recent sale.

Maintaining flat millage rates becomes important for local governments to address the reality of consistently rising operational expenses. Unlike private businesses that can raise prices for their products and services, governments face legal constraints and public expectations that limit their ability to generate additional revenue. Personnel costs, which typically represent the largest portion of the county budget, increase annually through cost-of-living adjustments, health insurance increases, and state-mandated retirement contributions. Additionally, contracts for services, utilities, fuel, materials, and insurance premiums continue to rise with inflation. Without the ability to capture natural revenue growth through stable millage rates, governments are forced to either reduce service levels, defer critical maintenance, or use up their emergency reserves - none of which serve the long-term interests of the community.

### **Property Tax Comparisons**

While property tax concerns frequently arise among residents, these taxes remain essential for financing public services, infrastructure projects, and local government functions - particularly in Florida, where the absence of a state income tax makes property taxes even more critical. Through diligent fiscal management, Volusia County has successfully kept tax rates low, with the County's portion of the total millage rate now ranking among the lowest statewide and our per-capita spending falling in the bottom 25% of Florida counties. This achievement reflects our ongoing commitment to providing necessary services while maintaining fiscal responsibility and keeping the tax burden manageable for our residents.

My staff and I previously presented rankings compiled by the Florida Tax Watch group. The organization uses data downloaded directly from the Florida Department of Revenue and Florida's Office of Economic and Demographic Research website to create various county and municipal rankings. Any resident can validate these rankings by downloading the same data sets or the rankings can be viewed at [floridatxwatch.org](http://floridatxwatch.org). When evaluating millage rate rankings, it's crucial to understand that the rate represents only part of the overall tax burden equation - taxable value is the equally important second component. Monroe County illustrates this principle perfectly: while it maintains the state's lowest millage rate, it simultaneously holds the highest per-capita taxable value in Florida. This combination means that despite having the lowest rate, Monroe County residents actually pay among the highest property taxes per person statewide, demonstrating that the millage rate alone doesn't determine the actual tax burden citizens face.

The table below contains the most recent available data on some key rankings that show how Volusia County compares to the other 67 counties in the State of Florida, related to property taxes per capita:

<b>Category</b>	<b>2023 Volusia County Ranking</b>
Per Capita Total County Expenditures	57 <sup>th</sup> out of 66*
Statewide Average	\$2,035.61
Volusia County	\$1,252.42
Per Capita Total County Revenues	55 <sup>th</sup> out of 66*
Statewide Average	\$2,223.20
Volusia County	\$1,390.25
Per Capita Total Property Tax Levies (Includes All Taxing Authorities in the County)	22 <sup>nd</sup> out of 67
Statewide Average	\$2,013.47
Volusia County	\$1,601.40
Per Capita County Government Property Tax Levies <b>(What we levy)</b>	38 <sup>th</sup> out of 67 (Average of \$601.81)
Per Capita School District Property Tax Levies <b>(What our School Board levies)</b>	30 <sup>th</sup> out of 67 (Average of \$535.91)
Per Capita Municipal Government Property Tax Levies <b>(What our cities levy)</b>	6 <sup>th</sup> out of 67 (Average of \$363.38)
Per Capita Independent Special District Property Tax Levies <b>(What our independent districts levy)</b>	18 <sup>th</sup> out of 67 (Average of \$100.30)

\*Duval County is excluded from these rankings

### **General Fund**

The General Fund serves as the foundation of county operations, funding essential services that benefit all residents including public safety, judicial operations, and core administrative functions. As the county's largest operating fund, it receives the most attention during budget discussions because it directly affects the countywide property tax rate applied to every property in Volusia County.

For fiscal year 2025-26, the General Fund faces significant financial challenges from declining revenues in areas beyond our control, combined with mandatory increases in state-required expenses. Despite these pressures, we are maintaining a flat millage rate of 3.2007 - the same rate as the current year - while preserving essential services and adequate emergency reserves. The flat millage rate is essential to maintain current service levels given substantial revenue declines (\$13.3 million) and state-required uncontrollable expenditure increases (\$6.0 million) that total over \$19 million.

#### *Revenue Challenges*

The fund faces substantial revenue declines in multiple areas that are outside county control. Sales tax transfers to the General Fund are decreasing by approximately \$2.4 million due to lower than expected collections statewide. State revenue sharing has dropped from a budgeted \$15.6 million to an estimated \$12.8 million in fiscal year 2025, creating a \$2.8 million reduction that will continue in fiscal year 2026. Constitutional officer excess fees show a net decline of approximately \$1.8 million, primarily driven by a \$2.5 million reduction in expected Tax Collector excess fees due to that office's increased capital expenses for new facilities. The Property Appraiser and Supervisor of Elections show modest increases in projected excess fees, reflecting more accurate county estimates based on additional years of historical data.

The beach management and beach capital funds require an additional \$6.3 million in General Fund support due to parking revenues falling short of budget projections. Under the new Council-approved fee structure that provides free annual passes for county residents but increases the cost for visitors, on-beach access fees collections are now projected to \$0.9 million higher in the current fiscal year (2025) than the prior fiscal year (2024). However, this amount did not increase as much as was expected in the adopted (fiscal year 2025) budget, leading to a situation where there is a shortfall from a budgetary perspective, even though the amount is an increase versus prior years collections. Off-beach parking revenues have also performed similarly, coming in under budgetary expectations even though the fee is all brand-new revenue to the County. Originally budgeted at \$7.1 million, based on consultant estimates, off-beach parking collections are now expected to reach only \$2.9 million. While the \$2.9 million all represents new revenue that helps pay for the beach, the \$4.2 million difference to the budget requires General Fund support beyond what is in the current year budget. This means we must restore General Fund support to levels more consistent with prior fiscal years, thus the additional \$6.3 million in General Fund support.

The identified revenue challenges total approximately \$13.3 million in reduced revenues between the current (fiscal year 2025) and recommended (fiscal year 2026) budgets in the General Fund.

### *Expenditure Increases Beyond County Control*

In addition to revenue challenges, the County also faces expenditure increases beyond our control in the General Fund. The largest category of uncontrollable increases occurs in external expenses mandated by state law or contract, growing by \$4.1 million. These include required contributions to the Department of Juvenile Justice (\$1.0 million increase), State Medicaid programs (\$1.4 million increase), and SunRail operations (\$1.2 million increase, primarily because we did not have to pay costs related to the DeLand station in the first year of operations).

In addition to external expenses, the Property Appraiser's fees paid by the General Fund are expected to increase by \$1.6 million, primarily for renovating a new building.

Combined, these revenue decreases and uncontrollable expenditure increases total approximately \$19 million in budget pressure on the General Fund.

### *County Staff Fiscal Discipline*

Despite facing substantial cost pressures, county departments have demonstrated exceptional fiscal responsibility that deserves recognition. Even while absorbing \$4.2 million in increases for wages, health insurance, and state retirement contributions, departments submitted budget requests showing a net decrease of \$1.6 million in the General Fund. This remarkable achievement came through operational efficiencies, reduced internal service charges, strategic reallocation of resources, and careful management. This level of fiscal discipline while maintaining service quality demonstrates the commitment of county staff to responsible stewardship of taxpayer resources.

### *Flat Millage Rate Recommendation*

In the General Fund, the recommendation to maintain a flat millage rate of 3.2007 rather than adopting the rolled-back rate is essential to address the substantial revenue losses and uncontrollable expenditure increases outlined above. The rolled-back rate would force the county to collect only the same total amount of property tax revenue as the prior year, despite facing \$19 million in combined revenue losses and mandated expense increases.

Without the ability to capture natural revenue growth through property value appreciation, the county would be forced to either drastically reduce service levels, defer critical infrastructure maintenance, or deplete emergency reserves - none of which serve the long-term interests of our community. The flat millage rate allows the county to capture the 8.1% growth in property values, generating approximately \$14.9 million in additional revenue to partially offset these financial pressures while maintaining current service levels.

This approach represents sound fiscal management that balances the reality of rising operational costs with the need to maintain essential services for our residents. Personnel costs, contracts for services, utilities, fuel, materials, and insurance premiums continue to rise with inflation, and unlike private businesses, governments face legal constraints and public expectations that limit their ability to generate additional revenue through other means.

### *Strategic Capital Investments*

The General Fund budget includes \$32.4 million in major capital improvements, focusing on critical infrastructure and public safety needs. The largest investments address corrections facility requirements, including an added \$8.0 million for security improvements and \$5.4 million for potable water systems. We are continuing our enterprise software upgrade with \$2.5 million and investing \$3.4 million in energy conservation projects that will reduce future operating costs. Of note, almost all of these major capital investments are financed with one-time revenues, using up prior year fund balance (savings). Because we are utilizing prior year fund balance to fund these investments, they do not themselves affect the millage rate decision/recommendation.

An important change involves financing for the Sheriff's new \$30.0 million Administration Complex. Rather than using direct General Fund transfers of \$15.0 million per year, we are recommending debt financing over 20 years. This approach preserves General Fund reserves while spreading the cost over the useful life of the facility, with annual debt service of \$2.2 million beginning in fiscal year 2027 after construction completion.

### *Reserve Strategy and Federal Policy Concerns*

The fund maintains robust reserves well above our 10% emergency reserve policy, with total reserves of \$75.1 million projected for fiscal year 2026. This financial cushion has become increasingly important as federal policy changes create additional uncertainty for local governments.

Recent federal discussions about reducing FEMA assistance to Florida counties could significantly impact our future financial planning. FEMA's "Actions to Rebalance FEMA's Role in Disasters" memo proposes increasing the threshold for federal disaster declarations and reducing federal cost sharing. These changes would shift substantially more financial responsibility to counties for disaster response, debris removal, and infrastructure repairs. Enhanced reserve levels provide necessary protection against these potential policy changes that could require us to self-fund disaster response activities that have historically received federal support.

### **Staffing**

County employees deliver essential services that directly impact quality of life - maintaining roads and infrastructure, processing permits and licenses, providing public health services, and responding to emergencies. Their institutional knowledge, professional relationships with residents, and commitment to public service cannot be easily replaced. When we invest in our staff, we invest in service continuity, reduce turnover costs, and enhance community trust.

I am recommending a 4% wage adjustment for all county employees in the upcoming budget cycle. This wage adjustment represents sound fiscal stewardship - the cost of replacing experienced employees far exceeds the investment in retaining them. By maintaining competitive compensation, we ensure uninterrupted service delivery and protect the taxpayers' investment in our trained workforce. Our employees are not just line items in a budget; they are the skilled professionals who make county government work for everyone. This recommended increase reflects our recognition of their value and our commitment to maintaining the high-quality services our residents deserve.

### **Capital Program**

On June 3, 2025, we presented our proposed capital budget for fiscal year 2025-26, outlining a comprehensive five-year infrastructure investment plan. The county follows a systematic approach where department heads, constitutional officers, and county management identify capital project needs, which are then compiled into a rolling five-year plan that gets reviewed and updated annually. Only the first year receives full funding approval, while years two through five serve as financial planning tools.

The County maintains significant infrastructure assets that require ongoing investment. The county is responsible for nearly 1,000 centerline miles of paved roads, over 50,000 traffic signs, 50 bridges of various types, and approximately 3.5 million square feet of facilities across more than 440 buildings and structures. The capital budget addresses three types of projects: routine replacements of existing assets, smaller capital improvements and upgrades, and major capital improvement projects costing \$500,000 or more with at least five-year lifespans.

In total, the operating budget includes \$187 million in capital funding. This breaks down to \$29.1 million for replacing aging infrastructure, \$9.9 million for smaller capital projects, and \$148.1 million for major capital improvements. Over the full five-year planning period, the county has identified \$554.8 million in fundable projects but faces a significant challenge with over \$1 billion in additional needed projects that currently lack identified funding sources, with road improvements representing the majority of unfunded needs.

As discussed at the five-year forecast presentation meeting, county staff recommended the utilization of debt funding for a replacement mosquito control facility, a new sheriff headquarters, and solid waste cell expansion. By financing these essential public safety and environmental health facilities through debt, the county can continue to address urgent operational needs - from protecting residents against disease-carrying mosquitoes to ensuring adequate law enforcement facilities and maintaining proper waste management capacity - while spreading the costs over time to align debt payments with the long-term benefits these facilities will provide to the community.

Our capital planning process continues to demonstrate our commitment to strategic infrastructure investment and fiscal responsibility.

### **Fund Balance and Reserves Across All Funds**

Carry forward fund balance represents 37.9% of our total operating revenue, providing essential financial stability and operational capacity. Our reserve strategy serves dual purposes: maintaining emergency preparedness and funding capital projects through pay-as-you-go financing.

Maintaining a stable fund balance is fundamental to our fiscal health as it provides resilience against unexpected economic downturns, natural disasters, or unforeseen expenses that could otherwise force us to make drastic cuts to essential services. A healthy fund balance also demonstrates fiscal responsibility to credit rating agencies, which helps maintain favorable borrowing conditions and lower interest rates on future debt issuances. Additionally, reserves provide the working capital necessary to manage cash flow throughout the fiscal year, especially important given that property tax revenues and other income sources often arrive irregularly while expenses remain constant.

Strategic debt financing can be more beneficial than depleting reserves or delaying critical infrastructure projects in certain circumstances. Infrastructure assets have useful lives spanning decades, making it financially prudent to spread their costs over multiple generations of taxpayers who will benefit from these improvements. Our goal is to achieve the proper balance between maintaining essential reserve funds for emergencies and operational requirements while using debt as a strategic tool to finance infrastructure investments that promote sustained economic growth and improve community well-being. This approach requires careful analysis of debt service coverage ratios, adherence to debt limits, and ensuring that total debt obligations remain sustainable within our revenue capacity.

### **Efficiencies & Accomplishments**

Based on the county's comprehensive fiscal efficiency report, several major cost-saving initiatives stand out across multiple departments. The most significant achievements demonstrate both immediate savings and long-term strategic financial planning.

Operational restructuring and process improvements have yielded both immediate cost reductions and enhanced service delivery. Transit Services achieved approximately \$500,000 in annual savings through system efficiencies and innovative VoRide implementation, which increased ridership by 25% while reducing operational costs. Beach Safety eliminated \$1.8 million in control tower costs over two years while maintaining service quality through operational improvements. The Corrections division is projecting \$1.1 million in annual savings through renegotiated medical contracts and improved staffing processes that reduced correctional officer vacancies by 80%. These examples illustrate how strategic operational changes can simultaneously reduce costs and improve service effectiveness.

Technology and infrastructure modernization represents additional fiscal efficiencies. The Information Technology division achieved substantial savings through strategic system migrations, including switching virtual-server hosts from VMWare to Hyper-V for \$50,000-\$80,000 in annual savings, migrating away from Oracle technologies to save over \$100,000 annually, and upgrading data storage to eliminate \$60,000 in annual support costs. Similarly, the Ocean Center's LED lighting conversion saved \$55,000, while the Airport's runway LED conversion project is expected to save over \$10,000 annually in electrical costs. These technology upgrades demonstrate how upfront investments in modern systems create recurring operational savings.

Strategic revenue generation and grant optimization has produced remarkable results, particularly in the Finance Department. The Treasury division's professional investment management has generated \$7.9 million above benchmark returns since 2022, directly offsetting tax revenue needs across the years. The department successfully leveraged federal funding opportunities, bringing in over \$3 million annually through the Public Emergency Medical Transport program, over \$70 million in federal hospital resources, and an additional \$6 million in flexible Coronavirus Local Fiscal Recovery Fund usage. Emergency Services has similarly maximized grant funding, securing over \$4 million in federal grants for equipment, training, and staffing while utilizing grant-funded positions to reduce county personnel costs by approximately \$229,600 annually.

It is through efforts like these that the County department budget submission for the general fund is actually a decrease, even in the face of inflation and personnel cost increases.

## **Future Challenges**

### *Capital Funding*

As we plan for budgets beyond this one, one of the pressing challenges facing our county's long-term financial sustainability is how to fund major capital projects. Throughout this budget, we demonstrate strategic use of accumulated reserves to finance critical infrastructure investments, including corrections facility improvements, fire station construction, enterprise software upgrades, and energy conservation projects across multiple funds. We have also recommended strategic debt financing for projects like the Sheriff's Administration Complex, mosquito control facility replacement, and solid waste cell expansion when appropriate for long-term assets. While this combined approach of pay-as-you-go financing and strategic debt preserves our debt capacity and demonstrates fiscal responsibility, the challenge of balancing these funding mechanisms will continue. Our county continues to face difficult decisions as we balance immediate operational needs—such as public safety, road maintenance, and essential services—against critical long-term capital investments in infrastructure, facilities, and equipment that require substantial resources but serve our community for decades.

The fundamental question of how to sustainably finance these recurring capital needs becomes more pressing as we utilize existing reserves across our various funds. Over the full five-year planning period, the county has identified \$554.8 million in fundable projects but faces a significant challenge with over \$1 billion in additional needed projects that currently lack identified funding sources. Traditional funding mechanisms—including general obligation bonds, revenue bonds, and continued pay-as-you-go financing—each present trade-offs between immediate budget impact and long-term debt obligations. The cyclical nature of our capital needs, combined with the reality that reserves cannot indefinitely fund major infrastructure investments, creates ongoing budget pressures that require careful planning and prioritization. Future debt issuances would require the budget to repay that debt through annual debt service payments, which becomes increasingly difficult to achieve in an environment where millage rates are always under pressure to decrease or be rolled back.

### *Municipal Service District*

Our Municipal Service District fund presents another budgetary challenge. The MSD operated at full rollback rates for three of the four years between fiscal year 2021 and 2024, limiting revenue growth during this period. In addition, Council's decision to repeal the communication service tax in January 2024 reduced annual revenues by approximately \$3 million, while declining state-shared sales tax revenues contributed an additional \$1 million loss. These combined revenue reductions have created an operational imbalance that forces the MSD to rely on approximately \$3.5 million in annual reserve funding to maintain current service levels, as projected in our five-year forecast. Although the MSD fund remains financially healthy today, this trajectory is unsustainable. Continued dependence on reserves will eventually compromise the fund's stability and our ability to deliver essential municipal services. We will need to consider revenue enhancements, service adjustments, or operational efficiencies that will allow the MSD fund to achieve balance and preserve its long-term viability.

### *Disaster Funding*

Recent federal discussions regarding potential reductions in FEMA assistance to Florida counties would create significant budgetary pressures and force fundamental changes in how we prepare for and

respond to natural disasters. Historically, FEMA's disaster relief funding has provided critical financial support for emergency response, debris removal, infrastructure repairs, and recovery operations that can cost millions of dollars following major storms. Without this federal safety net, the county would need to substantially increase our emergency reserves, potentially requiring dedicated disaster funds that could represent 10-15% or more of an annual operating budget. This shift would necessitate difficult decisions about service priorities, as funds previously allocated to infrastructure improvements or community programs might need to be redirected to disaster preparedness and self-insurance reserves. The long-term financial impact would significantly challenge our ability to maintain current service levels while building adequate disaster resilience, potentially affecting our recovery capabilities and essential services during extended emergency periods.

### **Closing**

The Fiscal Year 2025-2026 budget reflects our unwavering commitment to fiscal responsibility, service excellence, and strategic investment in Volusia County's future. Despite significant revenue challenges, we have maintained essential services, preserved our financial stability, and positioned the County for continued success.

I thank the County Council for their leadership and guidance throughout this budget process. This budget is the result of careful planning and the dedication of our entire organization. I am confident it serves the best interests of Volusia County's residents while maintaining our reputation for sound financial management.

Sincerely,

George Recktenwald

County Manager

## CONSTITUTIONAL OFFICES FUNDING & SUPPORT

The funding for the Constitutional Officers is provided directly or through support of the County operations.

	FY 2024-25 Budget	FY 2025-26 Budget
<b>Clerk of the Court</b>		
Transfer to Office	2,990,000	3,370,000
Direct County Spending	451,807	404,930
<b>Total</b>	<b>3,441,807</b>	<b>3,774,930</b>
<b>Office the Sheriff</b>		
Transfer to Office	145,309,730	160,945,705
Grants and Other Retained Office Revenues	4,945,615	2,351,719
Subtotal - Certified Budget Request	150,255,345	163,297,424
Direct County Spending	1,571,433	1,307,430
<b>Total</b>	<b>151,826,778</b>	<b>164,604,854</b>
<b>Property Appraiser</b>		
Fees Expense	16,335,250	18,555,665
Direct County Spending	150,000	189,840
<b>Total</b>	<b>16,485,250</b>	<b>18,745,505</b>
<b>Supervisor of Elections</b>		
Transfer to Office	7,797,928	7,512,146
Direct County Spending	216,367	221,471
<b>Total</b>	<b>8,014,295</b>	<b>7,733,617</b>
<b>Tax Collector</b>		
Commissions Expense	15,728,702	16,553,937
Direct County Spending	1,155,000	178,117
<b>Total</b>	<b>16,883,702</b>	<b>16,732,054</b>
<b>TOTAL CONSTITUTIONAL OFFICES FUNDING</b>	<b>196,651,832</b>	<b>211,590,960</b>

Note: This summary does not include any estimated excess fees for the above constitutional offices expected to be paid to the County at the conclusion of the Fiscal Year. Of note, the excess fees of the Tax Collector are a substantial revenue source to the County and are estimated at \$4,195,000 for Fiscal Year 2025-26.

## Fund: 001 - General Fund

The General Fund is used to account for all Volusia County financial resources except those required to be accounted for in other funds and is the fund used to track county-wide services provided to the residents of Volusia County. Ad Valorem taxes are the major revenue source of this fund, at 74.3% of total revenues (less appropriated fund balance). The recommended millage rate of 3.2007 is same as the previous fiscal year.

Major capital expenditures include Corrections air handler replacement and fire suppression system \$3.9 million, Correction potable water \$5.4 million, energy conservation projects \$3.4 million, Emergency Medical dispatch software \$1.96 million, and the Emergency Operations Center audio/visual upgrade \$1.5 million. A complete list of the capital projects can be viewed on the General Fund forecast page in the forecast section of this document.

Interfund transfers total \$51.9 million. Included are the transfers to Fund 178 for the operations on the beach \$17.2 million, Emergency Medical Services Fund 002 for operational support \$5.5 million, Votran Fund 456 operational support \$11.4 million, Economic Development Fund 130 operational support \$1.1 million, Corrections Video Surveillance & Security System Fund 309 capital project \$8 million, General Fund Road Program Fund 335 for \$5 million, IT Capital Projects Fund 322 for the ERP upgrade \$2.5 million and the debt service payment for the Sunrail Expansion Fund 295 for \$974,165.

Reserves are budgeted at \$74,966,649, which includes emergency reserves set at 10% of current revenues per County policy of \$26,254,956, the new Law Enforcement Fund Equivalent Emergency reserve of \$12,817,746, future capital reserves of \$32,961,436 and the remainder of \$2,932,511 million set aside for future contingencies.

Fund Revenues

Fund Expenditures

Fund: 001 - General Fund

**Fund: 002 - Emergency Medical Services**

The EMS fund was established during fiscal year 2010-11 when the County Council voted to assume countywide emergency ambulance transport services from the Emergency Medical Foundation, also known as EVAC, and established this fund beginning October 1, 2011 to account for the costs of emergency transport services in Volusia County. Current operations are funded by revenues from ambulance billing, Public Emergency Medical Transportation (PEMT) reimbursement program revenue, special event charges, and General Fund contribution.

For fiscal year 2025-26, the revenues in the EMS fund are estimated to increase by 7.2% or \$3.2 million. The PEMT (MCO) program revenue, which is federal funding passed through the state of Florida to participating Managed Care Organizations, estimated to increase 16.7% to \$6.1 million. The General Fund subsidy to the EMS fund will decrease to \$5.5 million, to offset the increased payment for participation in the PEMT program.

The expense increase in the EMS fund, excluding reserves, for fiscal year 2025-26 is .5% or \$220,911. This includes a built-in credit of \$1.5 million that is to offset the trend savings in personnel services and operational savings. Personnel is increasing by 4% or \$1.2 million mainly due to retirement and wage adjustments, along with the change in calculation of health insurance.

The total reserves of \$12,286,113 is so that sufficient funds will be available to replace major capital equipment such as CPR assist devices, cardiac monitors, and ventilators and to offset any revenue fluctuations.

**Fund: 003 - COVID Transition**

This fund was created in fiscal year 2020-21 to account for the use of the General Fund's fund balance that was created by using CARES Act funding to pay for the salaries of public protection employees. This fund is strictly one-time money and contains no plans for on-going operating expenditures. All recommendations are public protection related. This fund will provide full transparency on how the unappropriated fund balance is used. As projects in this fund are ready to proceed, a budget resolution will be brought forward to Council for approval and appropriation.

**Fund: 004 - ARPA Transition Fund**

This fund was created in fiscal year 2020-21 to account for the use of the General Fund's fund balance that was created by using American Rescue Plan Act (ARPA) funding to pay for the salaries of public protection employees. In February of 2022 the Volusia County Council approved an ARPA project list that included utilization of \$35M in revenue loss to reimburse the County for funds that were previously allocated for personnel services became available for appropriation. This fund is strictly one-time money and contains no plans for on-going operating expenditures. This fund will provide full transparency on how the unappropriated fund balance is used.

Fund Expenditures

**Fund: 101 - Coronavirus Relief**

On March 11, 2021, President Biden signed into law the \$1.9 trillion relief bill commonly referred to as The American Rescue Plan Act of 2021 (ARPA). In total, Volusia County received \$107,468,931 of ARPA funding; 50% of this funding was received on May 19, 2021 and the remaining 50% was received on May 19, 2022. The use of these funds are restricted to the following categories: 1) respond to COVID-19 or its negative impacts 2) premium pay 3) revenue loss 4) water, sewer, and broadband infrastructure. The budget currently in this fund represents the personnel services costs related to the management of this fund. Expenses in this fund have been appropriated via budget resolutions approved by Council.

Fund Expenditures

**Fund: 103 - County Transportation Trust**

Chapter 336.022(1), Florida Statutes, directs each county to establish a Transportation Trust Fund for all transportation-related revenues and expenditures. The major revenue sources for the County Transportation Trust fund include: the 6 cents local option gas tax; 5 cents second local option gas tax; the 5th and 6th cent constitutional gas tax; the 7th cent county gas tax; the 9th cent gas tax, and a transfer of a portion of utility tax collected in the Municipal Service District Fund (MSD) based on deferred maintenance needs of local transportation infrastructure in unincorporated Volusia County. Over 60% of roadways are in municipal service areas. For fiscal year 2025-26, \$5.0 million in utility taxes will be transferred from the Municipal Service District Fund to be used for safety related maintenance services of local transportation infrastructure provided in the unincorporated areas of the County.

The fiscal year 2025-26 operating budget of \$34.6 million includes \$14.5 million in personnel services and \$22.3 million in operating expenditures. Operating Expenditures include providing for road and bridge operations, maintenance and repairs to the bascule bridges, engineering services, arterial street lighting, railroad crossing maintenance, and traffic signal modernization which increased 3% from fiscal year 2024-25. Major capital improvement projects funded within County Transportation Trust funds include countywide safety projects, bridge repairs program, traffic signal modernization, advanced right-of-way acquisition, and advanced engineering and permitting which increased 7% from fiscal year 2024-25.

Reserve balances of \$26.4 million are designated for planned transportation-related capital improvement projects, capital outlay purchases, the road maintenance program and offsetting volatility in revenue streams such as gas taxes.

**Fund: 104 - Library**

Established in Volusia County Code, Article IV, 2-113(d)(3), Volusia County's public library system includes six regional libraries, two full service branch libraries, six community branch libraries, and one support/training facility. The budget includes a countywide rollback millage rate of 0.3697 for the tax revenues and expenditures relating to the operation of the library system.

Revenue received from ad valorem is approximately 94% of all operating revenues. F.S. 257.17 grants Volusia County state aid grant funds based on a match of up to 25% of each local dollar expended centrally for the operation and maintenance of the library, budgeted at \$285,394 for fiscal year 2025-26. The library also receives revenue from the Federal Communications Commission (FCC) for the E-rate program to help obtain affordable broadband, budgeted at \$68,218, for fiscal year 2025-26. Revenue also comes from charges for services, sales, lost books/cards fees, rent, commissions, donations, investment income, Friends of the Library contributions, and Property Appraiser and Tax Collector Excess Fees, budgeted at \$1,052,629.

Fiscal year 2025-26 includes a \$100,000 interfund transfer to the Library Capital Fund (Fund 317) to account for potential need with ongoing projects at the Port Orange and Pierson Public Libraries and to accumulate funds for future major Library capital projects.

Emergency reserves are set at 10% to continue to meet County Council requirements budgeted at \$2,487,443. The reserve for future capital is set aside for one-time capital outlay and improvement expenditures budgeted at \$4,026,818.

**Fund: 105 - E Volusia Mosquito Control**

Volusia County Mosquito Control (VCMC) operates under the authority of F.S. Title XXIX, Chapter 388, and Chapter 110, Article IX County Ordinances, East Volusia Mosquito Control District is responsible for mosquito control in Volusia County. To achieve the primary goal of reducing mosquito production, VCMC utilizes integrated pest management strategies including monitoring larval and adult mosquito populations, mitigating sites where mosquitoes are produced, controlling immature mosquitoes before they develop into biting adults, spraying for adult mosquitoes, and educating citizens.

Funding for VCMC is provided primarily through ad valorem taxes assessed on properties within the district. For fiscal year 2025-26, the recommended millage rate is the rollback rate of 0.1573. The amount of taxes levied by the County Council shall not exceed, in any one fiscal year, the sum of two mills for every dollar of assessed valuation on property situated in the district. Revenue is also realized from services provided to municipalities outside the district. Previously, VCMC received funds from the Florida Department of Agriculture and Consumer Services, which provided limited state funds but has eliminated funding to Districts with budgets of more than \$3 million.

An interfund transfer in the amount of \$1,750,000 is budgeted in fiscal year 2025-26 to transfer to fund 378 - Mosquito Control Capital as funding is built for the replacement of existing mosquito control facilities. Of the \$4,814,152 held in reserves, \$3,988,383 is for future capital, \$100,000 is held in a reserve for contingency for fluctuation in commodity prices, and \$725,769 in emergency reserves, which represents 10% of recurring revenues, per County Council policy.

**Fund: 106 - Resort Tax**

The Tourist Development/Resort Tax was enacted in 1978 by Ordinance 1978-02, levying a two percent tax on short term accommodation rentals of six months or less to fund the expansion and related maintenance costs of the Ocean Center. From this revenue, an administrative fee of two percent is budgeted for the cost of collection. On April 24, 2003, the Volusia County Council adopted Ordinance 2003-07 raising the tax to three percent, effective July 1, 2003. The revenue generated from the tax is used to fund debt service for the bonds issued to finance the Ocean Center expansion costs. The total debt payment for fiscal year 2025-26 is, \$4.3 million, with the remaining revenue allocated to Ocean Center operations.

**Fund: 108 - Sales Tax Trust**

The County is entitled to a proportionate share of the Half-Cent State Sales Tax, collected at the state level and distributed to all counties based on formula per F.S. 202.18, F.S. 218.61. Half-Cent Sales Tax revenue is received into the Sales Tax Trust Fund from the Department of Revenue on a monthly basis. The revenue is allocated between the General Fund (001) - \$14 million, the Municipal Service District Fund (120) - \$7.7 million and the Law Enforcement Fund (110) - \$6.5 million. The allocation is based on unincorporated and incorporated county population, for the General Fund and MSD. For the Law Enforcement Fund, the allocation is based on the CRA payments, Property Appraiser, and the Tax Collector commissions that are required to be paid out of this fund.

### Fund: 109 - Tree Mitigation

This fund was established in accordance with Ord. No. 02-13, I, 7-18-02; Ord. No. 2008-25, III, 12-4-08 Sec. 72-846. The funds in said account shall be expended, utilized and disbursed for the planting of trees, and to cover any other ancillary costs including but not limited to, landscaping, sprinkler systems and other items or materials necessary and proper for the preservation, maintenance, relocation or restoration of tree ecosystems on any public land within Volusia County. These monies may also be utilized to engage support elements such as landscape architects and additional personnel, if deemed necessary in the opinion of the county manager, following established county procedures.

Revenue for the Tree Mitigation Fund is generated from development projects where protected trees are removed and the applicant chooses to pay into the fund in lieu of providing the required replacement trees on site. Fees are collected at the time of building permit or development plan completion.

**Fund: 110 - Law Enforcement Fund**

In fiscal year 2022-23, fund 110 was used to account for the contracts between the Volusia Sheriff Office and the cities of Deltona, Debary, Pierson, and Oak Hill as well as the Daytona Beach International Airport security contract. For fiscal year 2023-24, County Council reestablished a County Fine and Forfeiture Fund as described in Section 129.02(3), Florida Statutes. By reestablishing this fund, the County was able to prepare a budget that divided the current General Fund property tax levy into two segments, a General Fund property tax, and the Fine and Forfeiture Fund property tax. Pursuant to guidance in Florida Attorney General Opinion AGO 76-183, the Fine and Forfeiture Fund property tax is being used to fund the operations of the Volusia Sheriff's Office. Fund 110 - Law Enforcement will now be used to track all funding provided to the Sheriff's Office in addition to levying a millage for county-wide sheriff operations.

Ad valorem taxes in the Law Enforcement Fund account for \$101,259,179 of the total revenue with a millage rate of 1.5994. The contracts with the cities of Deltona, Debary, Pierson, and Oak Hill as well as the security contract with the Daytona Beach International Airport account for \$23,202,672 of the total revenue. A transfer of ad valorem taxes from the MSD fund [120] for the patrol of the unincorporated areas of Volusia County account for \$26,777,094 of the total revenue. The transfer from the Sales Tax fund [108] in the amount of \$6,487,434 is to offset the Tax Collector commissions [\$2,086,090], Property Appraiser commissions [\$1,718,764], and CRA payments [\$3,261,415] that are made from the Law Enforcement Fund now that it is a taxing fund. The Sheriff also has a contract with the Volusia County School board that accounts for \$1,090,528 and is estimating approximately \$1,515,000 in revenue earned from outside detail/special events. Capital improvement projects for Sheriff's Office facilities are included in this fund for a total of \$700,000. The balance of revenues after the Tax Collector commissions, Property Appraiser commissions, and CRA payments are made [\$154,154,552] is sent to the Sheriff to fund his requested budget.

**Fund: 111 - Convention Development Tax**

The Tourist Development Advertising Authorities receive Convention Development Tax revenues derived from the three percent Convention Development Tax on hotel rooms and other short-term rentals in each of the three districts. The districts include the Halifax Area Advertising Authority (HAAA), Southeast Volusia Advertising Authority (SVAA), and West Volusia Advertising Authority (WVAA). The funds received by the advertising authorities are used for promotion and marketing campaigns for their respective areas.

The fiscal year 2025-26 budget includes an administrative fee that is collected by the Treasury & Billing Division based on the direct and indirect cost of collection. The net total of taxes to be remitted to HAAA is estimated at \$12,622,598. The net total of taxes to be remitted to SVAA is estimated at \$3,580,682. The net total of taxes to be remitted to WVAA is estimated at \$967,277.

### Fund: 113 - Road Proportionate Share

The Road Proportionate Share Fund was created by Council action on April 17, 2018. The fund was established to increase transparency and track proportionate share contributions. Proportionate share projects are agreements between municipalities and large-scale developers to expedite improvements to infrastructure needs that have been identified as substandard.

A complete list of projects can be found within the Capital Improvements listing in the Executive Summary section of this document.

The timing of construction of this transportation improvement is solely at the county's discretion, and once payment is made, the developer has agreed to waive the right to request return of the developer funds in the future.

**Fund: 114 - Ponce De Leon Inlet and Port District**

The Ponce de Leon Inlet and Port District is a county special taxing district authorized by Volusia County Ordinance, Chapter 110 Article VIII. The district primarily functions as the non-Federal Local Sponsor for management, operations and maintenance of the Ponce de Leon Inlet channel by the U.S. Army Corps of Engineers. Inlet district activities include inlet and beach management, operation and maintenance of Smyrna Dunes and Lighthouse Point inlet parks, artificial reef construction and coastal waterway access. Public waterway access and inlet park operations support new and improved infrastructure such as public fishing piers, parking and boat and kayak launch facilities. Inlet & beach management activities include implementing the inlet sediment budget in partnership with the State of Florida, monitoring beach and dune erosion trends, coordination of inlet and Intra-coastal Waterway dredging and beach nourishment bypassing, monitoring inlet channel shoaling and jetty structural conditions and identification of beach compatible sand resources to support of emergency beach erosion control.

The Port District millage rate is recommended at the rollback rate of 0.0660. The County Code authorizes the ad valorem millage not to exceed one mill per annum for administration, maintenance, and operations, and up to two mills per annum for debt service or any voter approved bonds.

For fiscal year 2025-26 the Ponce de Leon Inlet and Port District has an operating budget of \$8.1 million, including the interfund transfer to Fund 314 - Port Authority Capital Projects at \$2.2 million for fiscal year 2025-26. Of the \$2,540,910 held in reserves, \$2,086,648 is for future capital improvements and \$454,262 in emergency reserves, which represents 10% of recurring revenues per County Council policy.

**Fund: 115 - E-911 Emergency Telephone System**

The "Florida Emergency Communications Number E911 State Plan Act" (F.S. 365.171- 365.174) outlines the establishment, use, and distribution of "911" fee revenues. Service providers collect the fees levied upon subscribers and remit them to the State E911 Board. On a monthly basis, the Board distributes to the counties 67% of the funds collected in the wireless category and 96% of the funds collected in the non-wireless category.

Any county that receives these funds is required to establish a unique trust fund, (Ordinance 87-34), to be used exclusively for the receipt and expenditure of these revenues. Under the guidelines of the Act, the Florida Legislature specifically enumerates allowable expenditures from the fund for costs attributable to the establishment and/or provision of "911 services" per F.S. 365.172.

The fiscal year 2025-26 budget includes transfer of \$6,424,153 to the Office of the Sheriff for reimbursement of associated operational and personnel costs associated with the E911 system. A reserve balance of \$1,064,481 is set aside for future operational and capital needs.

### Fund: 116 - Special Lighting Districts

Special Lighting Districts are established under the authority provided in Article II, Sec. 110-31 County Code. The fund was created to account for street lighting utility expenditures in 54 street lighting districts (SLD) in both unincorporated and incorporated Volusia County. Revenue for this fund is generated through the levy of a non-ad valorem assessment for each parcel within its specified district and is calculated based on the estimated cost of providing street lighting within that district. The fiscal year 2025-26 budget is predicated on assessment rates of either a rate based on cost per front foot or a per parcel rate per year, depending on adopted ordinance in that district.

**Fund: 117 - Building Permits**

Florida Statute 553.80(7) states that "the governing bodies of local governments may provide a schedule of reasonable fees, as authorized by section 125.56(2) or section 166.222 and this section, for enforcing this part. These fees, and any fines or investment earnings related to the fees, shall be used solely for carrying out the local government's responsibilities in enforcing the Florida Building Code. The statute goes on to provide specific items that may and may not be funded with permit fees."

The major funding source for the Building Fund is from permits, fees, and special assessments totaling \$3.8 million. Permits, Fees, and Special Assessments are a collection of fees for building, electrical, mechanical, and plumbing permits. This revenue is used to offset costs of services provided by the Building and Code Administration Division to the residents of the unincorporated areas. The Building Fund is also supported by revenue from liens imposed by the Contractor Licensing and Construction Appeals Board used to offset expenses for demolition of unsafe or dilapidated structures. This revenue is used to offset costs of services provided by county vendors to demolish condemned structures.

The Building Fund has \$4 million in fund expenditures for fiscal year 2025-26 which includes personnel services, various operating expenditures, and capital outlay. The building fund has a reserve of \$3.2 million in fiscal year 2025-26.

**Fund: 118 - Ocean Center**

The Ocean Center Fund was created in 2001 by Volusia County Ordinance 01-19. The major funding source for the Ocean Center is the three cent Tourist Development Tax (Fund 106), created by Volusia County Ordinance 78-02 and amended by Ordinance 03-07. These funds provide convention and tourism visitors with a quality convention, entertainment and sports venue in Volusia County.

In fiscal year 2025-26, the transfer in from resort tax totals \$13,441,522. The Ocean Center is also supported by event revenue totaling over \$3 million in fiscal year 2025-26.

The Ocean Center has \$22.5 million in fund expenditures for fiscal year 2025-26 which includes personnel services, various operating expenditure, capital improvements and capital outlay. There is an increase in operating expenses in fiscal year 2025-26 due to the aging of the building requiring more maintenance and repairs.

Interfund transfers include \$678,988 to fund debt service (208) for the Ocean Center Expansion and \$7,617,803 to Ocean Center Capital Fund (318) for major capital replacement projects. A revenue stabilization reserve in the amount of \$1,789,556 has been included, as well as reserves for on-going maintenance and capital needs in the amount of \$2,169,794, totaling \$3,959,350.

**Fund: 119 - Road District Maintenance**

On December 21, 2006, the County Council approved County Ordinance 2006-28 creating the West Highlands/Highland Park Road special assessment district. The ordinance provided for the establishment, construction, repair and maintenance of dirt roads in dedicated rights-of-way within the district boundaries. The county began levying the special assessment in fiscal year 2008-09. The assessment for the annual maintenance project for property owners has remained at \$56.70 per 25-foot lot since its inception. The Road and Bridge Division manages the maintenance program to effect repairs as warranted. The road maintenance assessment is subject to adjustments based on actual costs plus an administrative fee.

**Fund: 120 - Municipal Service District**

The Municipal Service District (MSD) was established by County Ordinance 73-21. The boundaries of this district are coincident with those boundaries defining all the unincorporated areas of the county. The budget for fiscal year 2025-26 includes a millage of 1.6956 mills, which is flat with fiscal year 2024-25. Ad Valorem revenues represent 50% of total operating revenues. The fund is supported by other revenues such as utilities tax, development-related fees, and a transfer from the Half-Cent Sales Tax Fund (108).

The MSD Fund includes expenditures for Animal Control; Engineering and Construction; Environmental Management; Growth and Resource Management; Parks; and Sheriff Operations for the unincorporated area. Interfund transfers out include \$458,622 for debt service of the Sheriff Evidence Facility/Lab and \$26,777,094 to the Sheriff for their operational budget request, \$5,000,000 for road repairs and safety-related maintenance of local transportation infrastructure in unincorporated Volusia County (Fund 103).

Reserves of \$19,885,423 are set aside to offset volatility in various revenue streams such as utility tax, sales tax, and other non-ad valorem revenues, and to provide for unexpected expenditures. Emergency reserves are currently allocated at \$4,310,980 or 10% of current revenues which is consistent with County Council policy. The Debt Service Reserve of \$5,520,524 is set aside for the debt service payments for Sheriff Warehouse.

**Fund: 121 - Special Assessments**

Volusia County Code Chapter 110, Article III (Special Assessment District (SAD) and Operation) provides guidelines by which property owners who desire certain infrastructure improvements may petition their neighbors for the creation of a special assessment district. The Capri Drive Special Assessment District (SAD) was created on April 1, 2004, through ordinance 2004-02 for the purpose of road construction and paving of Capri Drive including installation of water and sewer utility lines. On December 21, 2006, the County Council approved ordinance 2006-28 creating the West Highlands/Highland Park special assessment district. The ordinance provided for the establishment, construction, repair and maintenance of dirt roads in dedicated right-of-way within the district boundaries.

Outstanding short-term commercial paper debt obligations used to fund the improvements for both Capri Drive and West Highlands were refinanced in fiscal year 2010-11. The debt service for both special assessments was paid off on June 1, 2019. Fund is being closed out and remaining funds of \$1,067,828 are being transferred out as follows; \$77,787 to Fund 159 Stormwater, \$32,372 to Fund 120 MSD, \$544,507 to Fund 001 General Fund, and \$413,162 to Fund 103 Transportation Trust Fund.

### Fund: 122 - Manatee Conservation

Manatee Protection Phase II was drafted by Florida Fish and Wildlife Conservation Commission (FWCC) and approved by the Volusia County Council on September 8, 2005.

The Manatee Conservation Fund (MCF) provides additional funding for increased on-the-water enforcement and manatee conservation through the collection of mitigation fees. The MCF was formed through the creation of the Manatee Protection Plan (MPP) for Volusia County at the request of the state. This plan is designed to decrease the potential of watercraft collision with manatees and to minimize indirect impacts of marine facilities on manatee populations.

Under MPP, all new or expanded boat facilities (with the exception of docks for single family residences) will pay a one-time mitigation fee of \$1,000 per wet slip, ramp parking space, or dry storage space. Single family boat docks will pay a one-time mitigation fee of \$250.

### Fund: 123 - Inmate Welfare Trust

The Inmate Welfare Trust fund, was established in compliance with statutory authority (Chapter 951.23(9), F.S.). Resources in the fund are to provide and maintain services that benefit the inmates at the County Jail and Correctional Facility. Revenue in this fund comes from commissary sales.

Proceeds from this fund are to improve visitation facilities, provide inmates with recreational activities, law library material, ministry services, transportation services, legal access to indigent inmates, and the opportunity for trade development.

Reserves are set aside for the purchase of future capital and improvements and inmate workforce development.

### Fund: 124 - Library Endowment

The Library Endowment Fund was created via Resolution 2007-77, Section X. Endowments, gifts or other specially earmarked funds presented to the library for the furtherance of library services should remain under its exclusive control and not diverted to other purposes. Nor should the receipt of gift funds be used as a reason for decreasing local tax support or holding it to a level less than necessary to meet standards. Such gifts shall be deposited into this fund and used for future services in the various libraries. This fund has a reserve amount of \$547,393. Any appropriations for Library Services out of this fund will be brought to Council for approval via budget resolution.

**Fund: 125 - Homeless Initiatives**

The Homeless Initiative Fund was established in fiscal year 2016-17 to account for all homeless shelter agreements with the County of Volusia. Contributions towards these projects may include both capital construction/renovation costs as well as a portion of operating.

In fiscal year 2015-16, the County Council approved funding in the amount of \$3.5 million for the renovation of Hurst Elementary (Hope Place) facility located in Daytona Beach. This facility is utilized to provide temporary and transitional housing for homeless unaccompanied youths under the age of 26 years, and families with children and youth. In fiscal year 2016-17, \$327,000 additional dollars were set aside for Hope Place capital and \$400,000 towards one year operating costs, for a total project cost of \$4,227,000. The remaining \$200,000, which is the second disbursement of operating, was paid to Halifax Urban Ministries (HUM) in fiscal year 2018-19.

In fiscal year 2016-17, the DeLand Homeless Shelter was approved funding of \$1,130,000 for capital expenses and \$125,000 towards one year of operating, for a total project cost of \$1,255,000. In fiscal year 2018-19, \$438,130 was disbursed to the City of Deland for the Deland Homeless Shelter, in fiscal year 2019-20 \$798,240 was disbursed, and in fiscal year 2020-21, the remaining \$245,037 was disbursed to close out the project.

The Daytona Homeless Shelter funding was \$2.5 million for capital expenses and has been fully paid. In fiscal year 2017-18, \$2.0 million was appropriated for disbursement in yearly increments until fiscal year 2023-24 for a total project cost of \$4.5 million.

In fiscal year 2024-25, County Council authorized continued funding for the First Step Shelter's operating costs, establishing a five-year financial commitment. Fiscal Year 2024-25 included an initial disbursement in the amount of \$400,000, fiscal year 2025-26 is scheduled to disburse \$300,000, and fiscal years 2027-29 will include disbursements of \$200,000 annually, for a total project cost of \$1,300,000. The reserves of \$653,388 are for current and future initiatives or will be brought to Council for a transfer back to the General Fund.

**Fund: 127 - Wetland Mitigation**

Volusia County Code of Ordinances, Chapter 72, Division 11, adopted in 1989, establishes standards for wetland alteration permits. Development activity that has an adverse effect upon wetlands requires mitigation. The ordinance allows developers to pay into a fund in lieu of on-site or off-site mitigation. This fund was created to be in compliance with the Volusia County Code of Ordinances to segregate monies collected to meet the ordinance requirements to "purchase, create, restore, manage and replace natural habitat within the county." The operating budget in this fund is set aside to purchase plant material, tools, equipment, and contracted services associated with the restoration and development of wetland areas around Volusia County.

### Fund: 130 - Economic Development

The Economic Development fund was created in 2001 to implement County Council goals for a comprehensive, countywide economic development program. Economic Development receives funding from the General Fund to support programs and services. Economic Development is responsible for the County's legislative affairs activities, which tracks federal and state issues of importance to Volusia County. Development Programming provides local financial support for business expansion and recruitment activities in coordination with the goals and objectives outlined in the County's Economic Development Strategic Plan, including support for Team Volusia Economic Development Corporation (TVEDC). Local funds are used for direct grants or are leveraged through cooperative programs to expand the benefits for Volusia County manufacturers and other higher wage businesses. In fiscal year 2025-26 there is \$10,913,289 budgeted in reserves that can be made available for business development incentives per approval by the County Council.

**Fund: 131 - Road Impact Fees-Zone 1 (Northeast)**

The Thoroughfare Road Impact Fees were established by ordinance in 1986, and are incorporated in Chapter 70, Article I and III of the Volusia County Code. The impact fee revenues are collected from residential and commercial development by zone to pay for the proportionate share of capital improvement needs related to growth. The impact fee is subject to review by the County Council at least every four years. Revenues not expended in any fiscal year are carried forward to the next fiscal year. Fees are considered expended in the order in which they are collected; road impact fees must be expended within five years of collection or the fee payer may apply for a refund of the unused fees. The refund must be paid back with interest at the rate of 6% per year.

Volusia County Code of Ordinance Ch. 70, Sec. 70-75, Imposition of fee schedule: On December 4, 2018, county council approved the repeal and replacement of the thoroughfare road impact fee schedule, effective March 4, 2019. Based on the thoroughfare road impact fee schedule, from March 4, 2019, to March 3, 2020, the fees collected will be 75% of the rate set forth in the schedule. On March 4, 2021, and every year thereafter, thoroughfare road impact fees will increase based on the percentage of the previous year annual Florida Department of Transportation Producer Price Index for Highway and Street Construction or successor construction cost index no less than 3% and no more than 8%.

A complete list of projects for Zone 1 for fiscal year 2025-26 can be found within the Capital Improvements listing in the Executive Summary section of this document.

For fiscal year 2025-26, \$1,686,015 is reserved for future capital projects.

**Fund: 135 - Park Impact Fees-County**

The Parks Impact Fee was established by ordinance 2022-36 and is incorporated in Chapter 70, Article IV of the Volusia County Code. The impact fee revenues are collected in unincorporated areas and by quadrant (zone) for development of growth related district and local park facilities. Over time, sufficient funds are accumulated for initial park development. Revenue collected from impact fees by quadrant is used for park improvements within the respective quadrants. The impact fee applies to residential properties and is adjusted annually based on annual percentage changes in the Consumer Price Index (CPI) and become effective on May 1 of each year, based upon the index change for the 12 months ending on December 31 of the previous year. The impact fee is subject to review by the County Council at least every six years.

The reserves in this fund are set aside for future park implementation and development in the unincorporated areas of Volusia County which consist of the following communities: Alamana, Allandale, Barberville, Benson Junction, Bethune Beach, Boden, Cassadaga, Cow Creek, Creighton, Emporia, Enterprise, Farmton, Glenwood, Kalamazoo, Lemon Bluff, Maytown, Ormond-by-the-Sea, Osteen, Pennichaw, Senyah, Seville, Valdez, Volusia and Wilbur-By-The-Sea.

**Fund: 136 - Park Impact Fees-Zone 1 (Northeast)**

The Parks Impact Fee was established by ordinance 2022-36 and is incorporated in Chapter 70, Article IV of the Volusia County Code. The impact fee revenues are collected in unincorporated areas and by quadrant (zone) for development of growth related district and local park facilities. Over time, sufficient funds are accumulated for initial park development. Revenue collected from impact fees by quadrant is used for park improvements within the respective quadrants. The impact fee applies to residential properties and is adjusted annually based on annual percentage changes in the Consumer Price Index (CPI) and become effective on May 1 of each year, based upon the index change for the 12 months ending on December 31 of the previous year. The impact fee is subject to review by the County Council at least every six years.

The reserves in this fund are set aside for future park implementation and development in the northeast zone of Volusia County which consist of the following cities: Port Orange, South Daytona, Daytona Beach, Daytona Beach Shores, Holly Hill and Ormond Beach.

**Fund: 140 - Fire Rescue District**

The Fire Services Fund was established in fiscal year 1999-00 (Ordinance 99-24) to replace six separate fire districts. The unified district was created to provide a uniform level of service at a single tax rate. There are 20 stations in the Fire District.

Revenues in the Fire Rescue District Fund are mainly ad valorem tax revenues, which account for 93.8% of the operating revenues. The budget includes a recommended millage rate of 3.6236, which is a rolled back millage rate. The Fire Fund also receives transport revenues when conducting EMS transports and revenues from the contract with the City of Lake Helen for Fire Rescue services.

The operating budget, less reserves, totals \$44.1 million, with capital totaling an additional \$952,856. Personnel services account for 73.7% of the total operating budget. Starting in fiscal year 2024-25, interfund transfers to the Fire Capital Fund (340) to accumulate funds for the replacement/upgrade of fire stations will occur. In fiscal year 2025-26 the transfer of \$5,856,033 is for stations 22,34,47 and the Training Center Burn Building.

Reserves in the Fire Fund total \$30,819,338 with emergency reserves at \$5,026,367 or 10% of current revenue, per County Council policy. The remaining reserves of \$25,792,971 are set aside for grants, and future capital needs such as; defibrillators, power cots/loaders, and SCBA replacements.

### Fund: 150 - Countywide Fire Impact Fee

The Fire Rescue Impact Fee Fund was established by Ordinance 2022-34 and is incorporated in Chapter 70, Article II of the Volusia County Code. The impact fee revenues are collected to pay for capital improvement needs related to growth. The impact fee is subject to review by the County Council at least every four years. Revenues not expended in any fiscal year carry forward to the next fiscal year. Fees are expended in the order in which they are collected.

During fiscal year 2022-23, Fund 150 was established and is the consolidation of the previous Fire Impact Fee Funds 151, 152, 153 and 154.

Within this fund is \$562,287 for the construction of Station 15. There is \$605,520 in reserves for future fire projects.

### Fund: 155 - Impact Fee Administration

This fund is established in compliance with Chapter 70, Section 77 (6), which states the county shall be entitled to collect and retain the actual costs of administering the impact fee program, which is in addition to the fee otherwise owed. This fee is collected to offset the costs of administering this article.

The cost of administration shall be calculated on an annual basis and adopted by the county council by resolution. The total fee paid shall include the actual costs of administration in addition to the impact fee. This account will be utilized to for the administration of all impact fees and includes personnel and all operating expenses.

### Fund: 159 - Stormwater Utility

Stormwater Utility is operated under the authority of Volusia County Ordinance Chapter 122, Article IV. The Stormwater Utility Fund was established in 1993 and is funded by a special assessment fee on parcels in unincorporated Volusia County. The Stormwater Fee was originally assessed in fiscal year 1993-94, as established by Ordinance 92-89. The fee is collected on developed lots or parcels, based on the impervious surface calculated for an Equivalent Residential Unit (ERU). The fee was revised in 2005 to \$72 per year per ERU, 2023 to \$78 per year per ERU, and in 2024 to \$96 per year per ERU. The fee is to fund the Stormwater Management System is designed to control discharges from rainfall and runoff, and to collect, store, treat or reuse water to prevent or reduce flooding, environmental degradation and water pollution.

In fiscal year 2025-26, the Stormwater Utility fund has an operating budget of \$7.2 million. Capital projects for fiscal year 2025-26 include flood mitigation projects.

**Fund: 160 - Volusia ECHO**

In 2000, voters elected to levy up to 0.2000 mills of ad valorem tax for 20 years to create the ECHO program via Resolution 2000-156. In 2020, the ECHO program was up for vote again and it passed for another 20 years with an overwhelming 72% support from voters. The ECHO program provides funding for Environmental, Cultural, Historical and Outdoor recreation capital projects. Non-profit and municipal organizations within the County's boundaries as well as the County are eligible to apply for grant funding to assist with the acquisition, restoration, construction or improvement of facilities to be used for any of the four criteria of the (ECHO) program.

The fiscal year 2025-26 millage rate is recommended at 0.2000, which is the same millage rate adopted in fiscal year 2024-25. The ECHO board supported an annual trails set aside of \$1.5 million for the countywide Master Trail Program annually and that transfer is programmed in fiscal year 2025-26 as well as \$4.5 million for ECHO grants in fiscal year 2025-26.

On March 7, 2023, County Council approved agenda item #10599, which allows projects to be funded by direct county expenditures for County government projects or grant-in-aid awards. A five-year direct county expenditure plan was approved, and a budget resolution was adopted which an interfund transfer from reserves in the amount of \$5.6 million was made to the ECHO Direct County Expenditures fund (360) to provide funds for improvements, restoration, and construction of environmental, cultural, historic and outdoor recreation projects for public use. This plan has been updated and amended every year since. ECHO has reserves in the amount of \$14.4 million, for future grant awards or direct expenditures.

**Fund: 162 - Volusia Forever Land Acquisition**

The Volusia Forever Land Acquisition fund was created in fiscal year 2021-22 to account for the activities of the Volusia Forever program. The revenues in this fund are derived from the ad valorem taxes at the recommended millage rate of 0.2000, which was approved by voters during the 2020 election. All Volusia Forever ad valorem taxes are collected in this fund and then 15% of the collections are transferred to the Land Management fund (163) for the maintenance of current Volusia Forever properties. Expenses and reserves in this fund are for the acquisition of new properties for preservation.

**Fund: 163 - Land Management**

For fiscal year 2025-26, Land Management will have a 15% set aside from annual revenue from the Land Acquisition fund (162) in the amount of \$1,902,138 which is dedicated to supporting land management efforts to include forestry and wildlife management and trails for public access. Other revenues for this fund include investment income, land management fees which come from the sale of timber at various conservation lands, land rentals and hunting/cattle leases, and fees for gopher tortoise relocation to Longleaf Pine Preserve.

The Land Management activity is responsible for the management, enhancement and restoration of more than 38,000 acres located in Volusia County. Volusia County manages the following conservation areas: Deep Creek Preserve, Deering Preserve, Doris Leeper Spruce Creek Preserve, Gemini Springs Conservation Area, Hickory Bluff Preserve, Lake George Forest and Wildlife Management Area, Longleaf Pine Preserve, Lyonia Preserve, Scrub Oaks Preserve, Wiregrass Prairie Preserve, and Barberville Conservation Area.

The fiscal year 2025-26 budget includes \$14,887,322 in reserves for land management of current forever properties.

**Fund: 164 - Barberville Mitigation Tract**

The Barberville Mitigation Tract covers a total of 358 acres of the 1,400 acre Barberville property and is located northwest of the intersection of State Road 40 and US Highway 17, adjacent to the Lake Woodruff National Refuge and the Barberville Conservation area in Volusia County. The property is permitted by the St. John's River Water Management District (SJRWMD) and the U.S. Army Corps of Engineers as a mitigation bank. The proceeds from the sale of the mitigation credits will preserve and be used for long-term restoration of habitats on the site that include cypress swamps, mixed wetland hardwoods, hydric pine flatwoods, freshwater marshes, and associated uplands, including long leaf pine, wiregrass prairies and pastures.

**Fund: 165 - Dune Restoration Fund**

Volusia County Code of Ordinances, Ord. No. 2021-13, III, 6-22-21, Sec. 72-1059. A Volusia County Dune Restoration Trust Account is hereby established as a depository for dune restoration fees and monies. The funds in said account shall be expended, utilized and disbursed for the placement of sand, creation of dunes, planting of native dune vegetation, or to cover any other ancillary costs including, but not limited, to items or materials necessary and proper for the preservation, maintenance, relocation or restoration of dune ecosystems on any public land within Volusia County. These funds may also be utilized to engage support elements such as landscape architects and additional personnel, following established county procedures.

**Fund: 166 - Opioid Direct Settlement Fund**

During fiscal year 2020-21 the Volusia County Council authorized County staff to join the State of Florida and other local governments in the Florida Memorandum of Understanding (State MOU) regarding potential opioid settlements. Under the settlement agreement, a county with a population over 300,000, and that meets other criteria, may be designated as a "Qualified County" and therefore retain local control over the disbursement of regional funds provided in the settlement agreement. Volusia County also entered into an interlocal agreement with more than 50% of its municipalities which met the criteria to be designated a qualified county. The portion allocated for Volusia County was brought before the Council for approval and acceptance in May of 2022.

Spending of these funds will be brought to council for appropriations via budget resolution.

### Fund: 167 - Opioid Regional Settlement Fund

During fiscal year 2020-21 the Volusia County Council authorized County staff to join the State of Florida and other local governments in the Florida Memorandum of Understanding (State MOU) regarding potential opioid settlements. Under the settlement agreement, a county with a population over 300,000, and that meets other criteria, may be designated as a "Qualified County" and therefore retain local control over the disbursement of regional funds provided in the settlement agreement. Volusia County also entered into an interlocal agreement with more than 50% of its municipalities which met the criteria to be designated a qualified county. This fund was created to account for the direct settlement reached with Walgreens and its planned disbursement plans for opioid abatement. The Walgreens settlement funds will be paid out over an 18-year period. The portion allocated for Volusia County was brought before the Council for approval and acceptance in May of 2022.

Spending of these funds will be brought to council for appropriations via budget resolution.

**Fund: 170 - Law Enforcement Trust**

Pursuant to provisions of the "Florida Contraband Forfeiture Act", F.S. 932.701-932.704, local boards of the governing body can establish law enforcement trust funds in which to deposit the proceeds from confiscated property seized during arrests. The funds deposited in this trust fund and any interest earned is to be used only for law enforcement purposes.

Upon request by the Sheriff to the County Council, these funds may be expended to defray the costs of protracted or complex investigations; to provide additional technical equipment or expertise; to provide matching funds to obtain state and federal grants; or for such other law enforcement purposes as the council deems appropriate, but shall not be a source of revenue to meet normal operating needs of the law enforcement agency.

**Fund: 172 - Federal Forfeiture Sharing Justice**

Pursuant to provisions of the "Florida Contraband Forfeiture Act", F.S. 932.701-932.704, local boards of the governing body can establish law enforcement trust funds in which to deposit the proceeds from confiscated property seized during arrests. The funds deposited in this trust fund and any interest earned are to be used only for law enforcement purposes.

Upon request by the Sheriff to the County Council, these funds may be expended to defray the costs of protracted or complex investigations; to provide additional technical equipment or expertise; to provide matching funds to obtain state and federal grants; or for such other law enforcement purposes as the council deems appropriate, but shall not be a source of revenue to meet normal operating needs of the law enforcement agency.

**Fund: 174 - Law Enforcement Education Trust Fund**

Effective October 1, 2020, the County established the Law Enforcement Education Trust Fund (LEETF) to separately account for receipts of amounts pursuant to Florida Statutes 938.15 and 318.18(11)(c). The Council, by execution of a participation agreement, allows the County Manager or designee to approve requests by the Sheriff to utilize LEETF. Distributions from the LEETF shall be granted by the County manager upon request by the Sheriff accompanied with certification signed by the Sheriff. The LEETF distribution will be used in accordance with Florida Statute 938.15.

**Fund: 177 - Dori Slosberg**

Effective October 1, 2022, the Dori Slosberg fund (177) was created for the fiscal year 2022-23 budget to properly track revenues and expenses in it's own fund. Previously, Dori Slosberg has always been a part of the General Fund (001) under Community Services. The Dori Slosberg Driver Education Safety Act was created in 2002 under Florida Law; F.S. 318.1215. The statute states by ordinance that the clerk of the court collect an additional \$5 with each civil traffic penalty, which shall be used to fund driver education programs in public and nonpublic schools. The ordinance shall provide for the board of county commissioners to administer the funds, which shall be used for enhancement, and not replacement, of driver education program funds. The funds shall be used for direct educational expenses and shall not be used for administration.

**Fund: 178 - Beach Management Fund**

The Beach Management fund is a newly created fund in fiscal year 2023-24 to properly track revenues and expenses for beach management, maintenance and operations of the 47 miles of beach here in Volusia County.

Beach access fees collected will be remitted to this fund and must be used for beach maintenance and beach-related activities such as: traffic management, parking, liability insurance, sanitation, lifeguards or other staff purposes. Revenues derived from vehicular access fees and all other revenues derived from the beach shall be expended solely for direct beach purposes permitted by law.

The following expenditures will be tracked to this fund moving forward include personnel services and operating for Beach Safety, Coastal and the Sea Turtle Conservation program as well as beach toll collection expenses, ramp grading & trash removal, coastal upland parks, the Marine Science Center and Beach Capital improvement projects.

The General Fund subsidy will still subsidize this fund by including the annual resident pass buydowns which currently the General Fund buys down the difference in cost between the residential and non-residential annual pass to meet the uniformity requirement of Volusia County's charter.

Fund: 179 - Opioid Settlement Administration

As a result of the national opioid crisis, many governmental entities throughout the United States filed lawsuits against opioid manufacturers, distributors, and retailers to hold them accountable for the damage caused as well as to recover monetary damages for past harms and future abatement efforts. As a result of this litigation and negotiated settlements, the State of Florida anticipates receiving settlement funds distributed over multiple years. The State has entered into agreements with local governments to receive settlement funds. As part of the State agreement with Volusia County Government, Volusia County will be the recipient of Regional funds on behalf of the County and the eligible municipalities within the county region. This fund will be used to track the administrative expenses related to the disbursement of the opioid funds.

**Fund: 202 - Tourist Development Tax Refunding Revenue Bonds, 2014**

The Tourist Development Tax (TDT) Refunding Revenue Bonds Fund provides for the funding of principal, interest, and other debt-related costs for the \$46,380,000 Tourist Development Tax Refunding Revenue Bonds, Series 2014A and 2014B. These bonds were issued to refinance a portion of the Tourist Development Tax Revenue Bonds, Series 2004 which were originally issued to fund the Ocean Center expansion and renovation project. Revenue for debt service requirements is provided by a transfer from the Tourist Development Fund (106). Reserves are accumulated for the following year's principal and interest payments. Final payment on these bonds is December 1, 2034.

Fund: 208 - Capital Improvement Revenue Note, 2010

The Capital Improvement Revenue Note Fund provides funding for principal, interest and other debt-related costs for the \$17,750,000 Capital Improvement Revenue Note, Series 2010. This note was issued to refinance several commercial paper loans that financed the Ocean Center Expansions \$9,875,000; Capri Drive and West Highlands Special Assessment Districts' improvements, \$1,790,000; and Trails construction, \$4,724,000. This fund excludes the Daytona Beach International Airport portion of this note of \$1,361,000, which has since been satisfied from the Daytona Beach International Airport Fund (451). Revenue for debt service requirements in this fund is provided by transfers from the Ocean Center (118), Special Assessments (121), and the Trails Capital Fund (328). The Trails Capital Fund is supported by an annual allocation from the ECHO Fund (160). Segments of this note mature at various times. Capri Drive and West Highlands Special Assessment District both matured on December 1, 2018; Trails construction matured on December 1, 2021; and the Ocean Center, which is the only remaining debt in this fund, matures December 1, 2030.

**Fund: 295 - Public Transportation State Infrastructure Loan**

On 4/20/2021, County Council authorized staff to proceed with the State Infrastructure Bank (SIB) loan agreement for Sunrail Phase 2 North. The final term is for an amount of \$11,239,566, a term of 15 years and an interest rate of 1.75%. Debt service payments of \$974,165 annually payable from the General Fund starting on October 1, 2024. Interest only payments will be due for October 1, 2022 and October 1, 2023. The loan will be used to fund construction of Sunrail Phase 2 extension to DeLand.

**Fund: 305 - 800 MHz Capital**

The purpose of this fund is for the construction and upgrade of the 800 MHz public safety radio system. This includes technology upgrades consisting of software, equipment, GPS simulcast, and radio towers. Annual revenue collected from the 800 MHz system traffic fine surcharge is deposited to this fund.

This project will be completed during fiscal year 2024-25 and the fund will be closed out at the end of the fiscal year.

Capital projects are appropriated by Council and this is life to date appropriation as outlined in County's Appropriation Procedures, which states: "Appropriations for capital projects and federal, state or local grants will continue in force until the purposes for which they were approved have been accomplished or abandoned."

### Fund: 309 - Correctional Facilities Capital Projects

This fund is to account for various capital projects within the public safety areas of Volusia County. The current project is the network infrastructure upgrades at the Correctional Facility and Branch Jail. The data and voice network infrastructure (cabling, switches, network closets, UPS) in the Branch Jail and Correctional Facility is dated and inadequate. A network assessment at the end of fiscal year 2015-16 identified general plans and costs for moving forward with an infrastructure upgrade to include the replacement of computer systems such as Video Visitation and Inmate Phone System as well as a complete security system upgrade.

Transfers from General Fund include:

Fiscal Year 2017-18 - \$396,000  
 Fiscal Year 2018-19 - \$600,000  
 Fiscal Year 2019-20 - \$2,868,000  
 Fiscal Year 2020-21 - \$4,523,271  
 Fiscal Year 2021-22 - \$1,776,729  
 Fiscal Year 2025-26 - \$8,002,658

Capital projects are appropriated by Council and this is life to date appropriation as outlined in County's Appropriation Procedures, which states: "Appropriations for capital projects and federal, state or local grants will continue in force until the purposes for which they were approved have been accomplished or abandoned."

### Fund: 313 - Beach Capital Projects

The purpose of this fund is to account for various beach-related capital projects. Such projects may include coastal park renovations as well as parking development and beach ramps at multiple locations.

The fund receives recurring revenue from the vehicular beach access fees. Ordinance 2017-18, approved by County Council on November 16, 2017, amended the beach access fees and designated \$4.00 from each daily pass and annual pass to capital improvements only. Projected revenue is \$840,480 for fiscal year 2025-26. Capital projects that are budgeted in fiscal year 2025-26 include Dunlawton Avenue Ramp, 16th Avenue Ramp, resurfacing and restriping of parking lots, and expanding off beach parking.

Capital projects are appropriated by Council, and this is life to date appropriation as outlined in County's Appropriation Procedures, which states: "Appropriations for capital projects and federal, state or local grants will continue in force until the purposes for which they were approved have been accomplished or abandoned."

### Fund: 314 - Port Authority Capital Projects

The purpose of this fund is to account for various Port District capital projects. Transfer of \$2,200,000 from the Port District Fund (114) in fiscal year 2025-26.

Projects in fiscal year 2025-26 include an intra-coastal dredging project and Lighthouse Point Park boardwalk renovations.

Capital projects are appropriated by Council, and this is life to date appropriation as outlined in County's Appropriation Procedures, which states: "Appropriations for capital projects and federal, state or local grants will continue in force until the purposes for which they were approved have been accomplished or abandoned."

### Fund: 317 - Library Construction

This fund is to be used for library facility renovations, expansions, and new construction. The revenues for this fund are transferred from the library operating fund (104). In fiscal year 2025-26, an interfund transfer of \$100,000 will occur to account for potential need with ongoing projects at the Port Orange Regional Library and Peirson Public Library and to accumulate funds for future major Library capital projects.

Capital projects are appropriated by Council and this is life to date appropriation as outlined in County's Appropriation Procedures, which states: "Appropriations for capital projects and federal, state or local grants will continue in force until the purposes for which they were approved have been accomplished or abandoned."

**Fund: 318 - Ocean Center**

The purpose of this fund is to account for the fiscal activity relating to the construction, renovation, and major maintenance at the Ocean Center.

The fiscal year 2025-26 budget includes an interfund transfer from the Ocean Center Fund (118) of \$7,617,803 for the ongoing capital improvement plan to replace and update the arena seats, arena floor boxes, power distribution replacement, kitchen renovation, and concourse restroom remodel.

Capital projects are appropriated by Council and this is life to date appropriation as outlined in County's Appropriation Procedures, which states: "Appropriations for capital projects and federal, state or local grants will continue in force until the purposes for which they were approved have been accomplished or abandoned."

Fund: 322 - I.T. Capital Projects

This fund provides for software upgrades or replacement of the County's Enterprise Resource Planning (ERP) Solutions.

The ERP Solutions provides Financial Management, Human Resources/Payroll Management, Procurement, Performance Budgeting, and Business Intelligence functions designed for state and local governments. The General Fund has transferred the following funds for this project:

FY 2023-24 - \$1.0 million  
FY 2024-25 - \$4.0 million  
FY 2025-26 - \$2.5 million

for a total of \$7.5 million to date for the funding of this project.

Capital projects are appropriated by Council and this is life to date appropriation as outlined in County's Appropriation Procedures, which states: "Appropriations for capital projects and federal, state or local grants will continue in force until the purposes for which they were approved have been accomplished or abandoned."

### Fund: 326 - Park Projects

The purpose of this fund is to account for capital improvement projects for the County's park system. This fund incorporates revenue from the Florida Boating Improvement Program (FBIP) for construction or renovations which include sea walls, restrooms, and boat ramps. The fiscal year 2025-26 FBIP revenue is budgeted at \$123,000.

The fiscal year 2025-26 budget has allocated \$286,100 towards capital improvements and a reserve amount of \$1,338,430 that is set aside for future boater improvement projects. A complete list of these projects can be found within the Capital Improvements listing in the Executive Summary section of this document.

Capital projects are appropriated by Council and this is life to date appropriation as outlined in County's Appropriation Procedures, which states: "Appropriations for capital projects and federal, state or local grants will continue in force until the purposes for which they were approved have been accomplished or abandoned."

### Fund: 328 - Trail Projects

The purpose of this fund is to account for both the East Central Regional Rail Trail and the Spring-to-Spring Trails. County Council had committed \$1 million of Volusia ECHO funds, annually, to be used toward trail-related debt service and projects. The ECHO fund was set to end in fiscal year 2020-21, but in fiscal year 2021-22, the ECHO fund commitment was reestablished and the annual contribution to the Trails Fund increased to \$1.5 million.

The trails set-aside from ECHO, along with prior year contributions will be used to fund the maintenance/capital plan established for the continuation of the trails program. In fiscal year 2025-26, \$6,685,353 have been allocated for the Master Trails development and maintenance program. A complete list of these projects can be found within the Capital Improvements listing in the Executive Summary section of this document.

The East Central Regional Rail Trail is expected to be over 50 miles in length and will become part of a five-county, 260-mile loop. The Spring-to-Spring Trail is constructed in multiple phases and will include multi-use, bicycle/pedestrian, and riding trails.

Capital projects are appropriated by Council and this is life to date appropriation as outlined in County's Appropriation Procedures, which states: "Appropriations for capital projects and federal, state or local grants will continue in force until the purposes for which they were approved have been accomplished or abandoned."

### Fund: 335 - General Fund Road Projects

The General Fund Road Projects Fund was established by Council action on August 20, 2024, to support the improvement of both paved and unpaved roads that require upgrades for safety or maintenance purposes. Through Resolutions 2024-168 and 2024-186, the Council allocated a total of \$5 million for these road improvements.

In the fiscal year 2025-2026 \$3.5 million will be contributed to the Old Mission Road Project. Revenue includes a \$5 million transfer from the General Fund.

Capital projects are appropriated by Council, and this is life to date appropriation as outlined in County's Appropriation Procedures, which states: "Appropriations for capital projects and federal, state, or local grants will continue in force until the purposes for which they were approved have been accomplished or abandoned."

Fund: 340 - Fire Rescue Capital Fund

This fund is to allow for the replacement/upgrades to fire stations and other buildings within the Fire Rescue District, which are a direct use of the Fire Rescue District. Funding for the projects will come from interfund transfers from the Fire Rescue Fund (Fund 140) and will be processed as the projects come forth.

For fiscal year 2024-25:

- \$13,284,412 - Station 15/HAZMAT relocation project
- \$ 823,178 - Station 34 remodel
- \$ 1,094,507 - Station 22 project
- \$ 267,000 - Station 47 project

Total of fiscal year 2024-25 transfers = \$15,469,097

For fiscal year 2025-26:

- \$ 2,500,000 - Training Center Burn Building
- \$ 396,250 - Station 47
- \$ 104,923 - Station 34
- \$ 2,854,860 - Station 22

Total of fiscal year 2024-25 transfers = \$5,856,033

Capital projects are appropriated by Council, and this is life to date appropriation as outlined in County's Appropriation Procedures, which states: "Appropriations for capital projects and federal, state or local grants will continue in force until the purposes for which they were approved have been accomplished or abandoned."

### Fund: 360 - ECHO Direct County Expenditures

In fiscal year 2022-23, the ECHO Direct County Expenditure fund was approved by County Council on March 7, 2023, per agenda item #10599. A five-year direct county expenditure plan was approved, and a budget resolution was adopted which an interfund transfer from reserves in the amount of \$5.6 million was made to ECHO Direct County Expenditures fund (360) to provide funds for improvements, restoration, and construction of environmental, cultural, historic and outdoor recreation projects for public use. This plan has been updated and amended every year since.

The revenue for this fund is derived from interfund transfers from the Volusia ECHO fund (160). The fiscal year 2025-26 budget includes an interfund transfer in the amount of \$6,175,000 to fund these capital improvement projects related to environmental, cultural, historical, and outdoor recreation. A complete list of these projects can be found within the Capital Improvements listing in the Executive Summary section of this document.

An interfund transfer of \$412,277 is budgeted for the closeouts of projects and will be transferred back to the originating Volusia ECHO Fund (160).

Capital projects are appropriated by Council, and this is life to date appropriation as outlined in County's Appropriation Procedures, which states: "Appropriations for capital projects and federal, state or local grants will continue in force until the purposes for which they were approved have been accomplished or abandoned."

### Fund: 365 - Public Works Facilities

The purpose of this fund is to provide funds for the construction of a Public Works Service Center as well as renovations to the Westside Maintenance Facility. In fiscal year 2015-16, funds were transferred from the various areas to be housed in the service center to provide for design and construction. These areas included \$15.0 million from the County Transportation Trust Fund, \$2.0 million from the East Volusia Mosquito Control Fund, and \$2.0 million from the Stormwater Utility Fund. Based on a re-evaluation of the department's needs, the \$2.0 million transferred from the East Volusia Mosquito Control Fund was returned to that fund in fiscal year 2019-20.

The Public Works Service Center facility was completed in fiscal year 2020-21 and is known as the Public Works Northeast Services Facility. In fiscal year 2020-21, a needs assessment was completed for the Westside Maintenance Facility and estimated costs identified. Funding for the future design and construction of the Westside Maintenance Facility will be included in the forecast period as they are identified.

Capital projects are appropriated by Council, and this is life to date appropriation as outlined in County's Appropriation Procedures, which states: "Appropriations for capital projects and federal, state or local grants will continue in force until the purposes for which they were approved have been accomplished or abandoned."

### Fund: 369 - Sheriff Capital Projects

The purpose of this fund is to account for projects in the Volusia County Sheriff's Office. The initial funding in fiscal year 2015-16 was for the evidence facility, which was completed in fiscal year 2018-19. Additional projects that have been funded from this fund included: Action Target Line of Fire System, completed in fiscal year 2019-20; the CAD/Records Management System which is currently fully encumbered, lightning protection at the new evidence facility which has its design completed, and the E-911 upgrade project with the majority of the unused balance of the fund which has yet to begin.

The Sheriff Capital Projects fund was funded with interfund transfers from the General Fund (001) and the Municipal Service District Fund (120) from fiscal year 2015-16 up through fiscal year 2021-22 totaling \$19,448,434. Investment income has also been appropriated to the fund balance as it has been collected.

Capital projects are appropriated by Council and this is life to date appropriation as outlined in County's Appropriation Procedures, which states: "Appropriations for capital projects and federal, state or local grants will continue in force until the purposes for which they were approved have been accomplished or abandoned."

Fund: 372 - Sheriff Capital Facilities

This fund is used to track the expenses for the development of a new Sheriff Administration Complex that will consolidate services to one central, and state of the art facility, to better serve staff and the citizens' needs. The facility is scheduled to be funded with debt proceeds issued in fiscal year 2025-26. Debt service payments would begin in the following fiscal year and be paid by the General Fund (001) with an annual debt service transfer.

Capital projects are appropriated by Council, and this is life to date appropriation as outlined in County's Appropriation Procedures, which states: "Appropriations for capital projects and federal, state or local grants will continue in force until the purposes for which they were approved have been accomplished or abandoned."

**Fund: 373 - Medical Examiner's Facility**

This fund is for the development and construction of a medical examiner facility. The existing medical examiner facility does not have the capacity for the current workload, which includes over 600 autopsies and 900 death investigations, annually. A new or remodeled facility is required to provide adequate morgue, autopsy, and laboratory space. The planned facility will be hurricane hardened and able to continue functions in a disaster event. The facility is designed to provide separate space for public, medical examiner, and law enforcement. Site approval received in February 2021.

Prior year General Fund transfers include:

Fiscal Year 2017-18 - \$500,000  
 Fiscal Year 2018-19 - \$1,900,000  
 Fiscal Year 2019-20 - \$3,000,000  
 Fiscal Year 2020-21 - \$1,782,000  
 Fiscal Year 2021-22 - \$3,097,940

In fiscal year 2020-11, an additional transfer from the Coronavirus Transition Fund (003) for \$7 million was completed and in fiscal year 2021-22, an additional transfer from the Economic Development Fund (126) for \$1,080,392 was completed to assist with the additional construction costs. This was a fund (126) closeout and the funding source was General Fund, which made it appropriate for use at the Medical Examiner Facility.

This \$11.7 million project has been completed and will be closed out at the end of fiscal year 2024-25

Capital projects are appropriated by Council and this is life to date appropriation as outlined in County's Appropriation Procedures, which states: "Appropriations for capital projects and federal, state or local grants will continue in force until the purposes for which they were approved have been accomplished or abandoned."

**Fund: 378 - Mosquito Control Capital**

Volusia County Mosquito Control (VCMC) operates under the authority F. S. Title XXIX, Chapter 388, and Chapter 110, Article IX County Ordinances. This fund is established to set aside funds for the future replacement of the Mosquito Control facilities. Mosquito Control constructed the first buildings on the site in the 1970's. The majority of the buildings have exceeded their functional life. Over the past several years, Mosquito Control has performed repairs to extend the life of the existing buildings for approximately five years. The land is leased from the City of New Smyrna Beach, per the Federal Aviation Administration lease approval.

Prior year Mosquito Control (105) transfers include:  
 Fiscal Year 2021-22 - \$2,500,000 (established this fund)  
 Fiscal Year 2022-23 - \$1,650,000  
 Fiscal Year 2023-24 - \$1,750,000  
 Fiscal Year 2024-25 - \$1,750,000  
 Fiscal Year 2025-26 - \$1,750,000  
 Total transfers - \$9,400,000

Plans of the Mosquito Control facility construction in fiscal year 2025-26 will require an issuance of debt. Actions are being made to minimize the loan amount needed by researching finance options. Design and construction of the new facility is set to start in fiscal year 2025-26.

Capital projects are appropriated by Council, and this is life to date appropriation as outlined in County's Appropriation Procedures, which states: "Appropriations for capital projects and federal, state or local grants will continue in force until the purposes for which they were approved have been accomplished or abandoned."

Fund Expenditures

Fund: 385 - Eastside Judicial Capital

The purpose of the Eastside Judicial Capital Fund (385) beginning in fiscal year 2024-25 was to create a singular fund dedicated to capturing and recording the revenues and expenditures relating to the planning, design, and construction of a new or renovated courthouse on the eastside of the County. The current court facilities have security, usable space, and energy efficiency issues. A new or renovated complex would provide modern safety standards, functionality for future growth, and long-term savings on energy.

In fiscal year 2024-25, an initial interfund transfer of \$5,000,000 from the general fund (001) was budgeted to allow for expenses related to planning of the large-scale project. Funding for design and construction costs have not yet been determined by the County Council.

Capital projects are appropriated by Council, and this is life to date appropriation as outlined in County's Appropriation Procedures, which states: "Appropriations for capital projects and federal, state or local grants will continue in force until the purposes for which they were approved have been accomplished or abandoned."

**Fund: 440 - Waste Collection**

The Solid Waste Division operates under the authority of s. 25.01, Florida Statutes, Chapter 110, Article IV, Division II, for municipal service districts and s. 403.706, F.S., for local government solid waste management responsibilities. Volusia County established the Waste Collection fund to account for collection and recycling program services. A residential collection non-ad valorem special assessment is billed annually to citizens in the unincorporated area on their property tax bill.

On August 19, 2019, the County Council approved a rate cap of \$310, as authorized per 197.3632 (6) F.S. and set the rate at \$255, via Resolution 2019-103. On July 20, 2021, the annual assessment rate was increased from \$255 per residential improved real property to \$262, June 20, 2023, County Council approved a resolution to the annual non-ad valorem assessment for each improved residential property to \$279, June 18, 2024, County Council approved a resolution to raise the annual non-ad valorem assessment to \$288. The most recent increase was passed by County Council on June 17, 2025, approving a \$9 increase to \$297 which accounts for the increased collection, disposal and administrative costs associated with household waste collection in the unincorporated areas of Volusia County taking affect October 1, 2025, for fiscal year 2025-26. Cap of future assessments remains at \$310 unless due notice is given under section 197.3632, Florida Statutes, or as otherwise provided by law.

**Fund: 450 - Solid Waste**

The Solid Waste Division operates under the authority of s. 25.01, F.S., Chapter 110, Article IV, Division II, for municipal service districts and s. 403.706, F.S., for local government solid waste management responsibilities. The primary function of the Solid Waste Division is to provide safe and efficient transfer and disposal of solid waste at two facilities: West Volusia Transfer Station and Tomoka Farms Road Landfill. The Landfill disposal fees are established by Council Resolution 2003-57, disposal fees were adjusted on May 3, 2022, via Resolution 2022-68. Services provided include Class I (household garbage), Class III (construction and demolition) disposal, yard trash, and clean debris (recyclable). Public-private partnership programs include recycling, and other special wastes services that include household hazardous waste disposal and electronics and fluorescent bulb recycling. On November 15, 2022, Resolution 2022-68 was amended to increase landfill disposal fees starting October 1, 2023. The continued adjustments are necessary to fund future capital projects associated with landfill expansion, transfer station site improvements, landfill cell closure and long-term obligations under regulatory guidelines and permit requirements.

Plans of a Southeast Landfill Construction in fiscal year 2025-26, loan proceeds taken out in fiscal year 2024-25 were used to start the process of the new cell. Loan Proceeds received in fiscal year 2025-26 will fund the rest of the project. Staff are currently researching alternative finance options and grant opportunities to minimize the loan amount.

**Fund: 451 - Daytona Beach International Airport**

Daytona Beach Municipal Airport became part of Volusia County Government in 1969, as the Daytona Beach Regional Airport. In 1992, a \$46 million expansion transformed it into the Daytona Beach International Airport (DBIA). As of 2023 the Airport is served by three commercial airlines (Delta, American, and Avelo Airlines) and seven rental car companies. Airline and passenger fees, as well as rental income and fuel flowage fees generate the operating revenues for the Airport. Capital Improvement projects are funded primarily through Federal Aviation Administration (FAA) and Florida Department of Transportation (FDOT) grants, and are captured in the newly created Airport Grant Projects Fund. Local match funds are transferred in from either this operating fund or one of the two new funds containing all Passenger Facility Charge revenues and Customer Facility Charge revenues. Local matches and transfers are established with budget resolutions approved by County Council.

Reserves for fiscal year 2025-26 total \$29.8 million which include \$2.8 million for revenue stabilization and \$27 million for grant match requirements shown in the budget and forecast period. A one-time revenue of \$10M+ is budgeted and estimated in fiscal year 2024-25 for the sale of the Holsonback Property to the County. In fiscal year 2025-26 debt service for the Airport is \$970,644.

### Fund: 452 - Airport Passenger Facility Charge

Daytona Beach Municipal Airport became part of Volusia County Government in 1969, as the Daytona Beach Regional Airport. In 1992, a \$46 million expansion transformed it into the Daytona Beach International Airport (DBIA). Its operations are authorized under Chapter 18 of the Volusia County Code. The Passenger Facility Charge (PFC) Fund (452) was created in fiscal year 2021-22 to segregate all the revenues generated by the airport as part of its Passenger Facility Charge Program as approved by the Federal Aviation Administration (FAA). The PFC program consists of a fee that is charged per boarding passenger as part of an individual ticket price. In order to charge the PFC fee to passengers an application must be approved by the FAA and the County Council in turn specifically stating what projects the collected funds will be used for in terms of improvements to the facility.

All projects solely funded with PFC revenues will be expensed through the PFC fund, and for any grant projects that PFC funds are used as required local match funds will be transferred to the airport grant projects fund. The PFC revenue projected for fiscal year 2025-26 is \$1,536,500.

**Fund: 453 - Airport Customer Facility Charge**

Daytona Beach Municipal Airport became part of Volusia County Government in 1969, as the Daytona Beach Regional Airport. In 1992, a \$46 million expansion transformed it into the Daytona Beach International Airport (DBIA). Its operations are authorized under Chapter 18 of the Volusia County Code. In fiscal year 2021-22 the Customer Facility Charge (CFC) revenue was moved to a newly created Customer Facility Charge Fund (453) to better segregate this restricted revenue. This revenue can only be used to support the costs of financing, planning, designing, constructing, equipping, operating, and maintaining rental car facilities serving the airport. The revenue itself is derived from an approved charge imposed upon each transaction day during which a customer rents or otherwise leases a vehicle from a rental car company at DBIA. The rental car company currently collects on behalf of the airport a CFC of \$2.50 per transaction day and remits back to the airport. In fiscal year 2025-26 the CFC will be raised to \$3.50 per transaction day. The CFC revenue projected for fiscal year 2025-26 is \$1,244,540.

**Fund: 456 - Transit Services**

The Volusia County Council created Volusia County's Public Transportation System (VOTRAN) in 1975 to provide a bus transportation system serving all citizens in the county. Votran is a service of Volusia County Government. Votran's mission is to identify and safely meet the mobility needs of Volusia County. This mission will be accomplished through a courteous, dependable and environmentally-sound team commitment to quality service. Votran provides transportation to most urban and rural areas of the county with a fleet of 82 revenue-producing fixed route buses and 76 paratransit vehicles. Additional services are provided through contracts. Votran has approximately 212 drivers and the remaining 114 employees work in our maintenance department, dispatch office, customer service office, reservations office, and in the administrative support functions. Votran's Mobility Management Center (administration and operations office) in South Daytona was completed in 1998. Votran also provides its Gold Service to clients who, because of physical or mental disability or age, are unable to transport themselves and cannot use the fixed-route service. This budget is funded through passenger fares, ad valorem taxes and the Federal Transit Administration and Florida Department of Transportation expenditures. Additional funds are derived from bus advertising and charges for services.

This fiscal year 2025-26 budget is funded 8% by passenger fares, 35% by the General Fund contribution, and 54% Federal Transit Administration or Florida Department of Transportation grants. This funding includes reoccurring Federal Mass Transit assistance in the amount of \$15,321,657. Additional funds are derived from State Mass Transit block grants from the Florida Department of Transportation (FDOT) in the amount of \$4,822,457 and Mass Transit Fares at \$2,500,000. The remaining revenue comes from bus advertising, concessions and charges for services at \$8,24,044.

Votran's capital projects require no local funding and are appropriated when the grant funds are awarded. These funds are used to purchase buses, vans, office equipment, and any scheduled construction. The operational management of the transportation service is provided by First Transit.

The General Fund contribution is evaluated each year and the fiscal year 2025-26 contribution is \$11,361,621. Reserves include revenue stabilization in the amount of \$6,568,112 for fiscal year 2025-26.

**Fund: 457 - Water and Sewer Utilities**

The Water Resources and Utilities (WRU) division is responsible for the operation of seven utility service areas providing water, wastewater, and reclaimed water services as established by Volusia County Code, Chapter 122. This allows the division to generate its operating revenue through user fees. The organization owns and operates a total of nine water treatment facilities, seven wastewater treatment facilities, and four consecutive water systems in compliance with all regulatory standards as established under the federal Safe Drinking Water Act and Clean Water Acts. The division also maintains 13 smaller water and wastewater facilities on behalf of other agencies.

Our mission is to employ best management, operations, engineering, and financial practices necessary to produce and deliver safe drinking water; as well as treat and dispose wastewater within environmentally safe regulatory standards, while offering competitively priced products and high-quality services for all Volusia County Water Resources and Utilities customers.

In cooperation with other County departments, the division promotes educational resources and home appliance rebates to encourage water conservation. In addition, the WRU division works with the St. Johns River Water Management District, the Florida Department of Environmental Protection, and other local utilities to address regional issues involving water supply and water quality for the protection of environmentally sensitive springs and rivers.

Capital improvement projects include Gemini Springs Central Sewer System, Southwest Area Collection System Improvements to the wastewater system, and Halifax Water Treatment Plant Improvements.

### Fund: 475 - Parking Garage

The Parking Garage was constructed in 2000 to serve both the Ocean Center and the Daytona Beach area's Main Street Entertainment District. Full ownership, management and operational responsibilities of the parking facility were transferred from the Volusia Redevelopment Parking Corporation to Volusia County in fiscal year 2007-08. The major revenue sources for the Parking Garage fund are daily and special event parking receipts. The maximum daily rate and the special events rate for parking fees were last adjusted by County Council on 10/15/2019.

The fiscal year 2025-26 budget includes on-going operating expenditures in the amount of \$2 million or 28% of total expenditures. Capital Outlay and Capital Improvement projects budgeted in fiscal year 2025-26 are license plate reader, reseal and restripe parking lots, retention pond restoration, interior/exterior signage, bridge painting and repair, storage area shelving, utility vehicle, deck level 3-5 rehab, and mechanical, electrical, plumbing upgrades totaling \$5,126,300.

### Fund: 511 - Computer Replacement

The fund was established in fiscal year 2000-01 to provide resources for the planned replacement of computer equipment. In general, desktop, laptop, and tough-book computers for County departments are purchased through this program. The Public Defender's Office, Supervisor of Elections, Office of the Tax Collector, and Property Appraiser's Office also participate in this program.

The current equipment is on a four-year replacement cycle, but the program is transitioning to a five-year replacement cycle as new equipment is being added. In fiscal year 2024-25 the Information Technology Division moved the replacement program management in-house which was implemented by two positions that were added to the Computer Replacement Fund (511). The Information Technology staff members manage and coordinate with the departments for the purchase and rollout of new and replacement computer systems.

The fiscal year 2025-26 budget includes funding to replace approximately 700 desktop, laptops, and tablet computers.

**Fund: 513 - Equipment Maintenance**

Fleet Management is responsible for the maintenance of all County vehicles, heavy equipment and emergency generators county-wide. The division also provides service, on a cost reimbursement basis, to outside agencies including: City of Holly Hill, Clerk of the Circuit Court, Department of Forestry (state), New Smyrna Beach Utilities Commission, City of New Smyrna Beach, Volusia County School Board, and State Attorney.

Revenues for this fund are generated by charges for all maintenance of vehicles including parts, sublets, and labor. In fiscal year 2025-26 the labor rate is to be increased to \$93.00/hour in order to be better in line with market rates as well as building fund balance for necessary capital improvements to the fleet maintenance service center. Other revenues generated by this fund are for gas & oil, vehicle maintenance for outside agencies, and pool car charges.

The cost of fuel, oil, parts and fuel cleanup is centralized in this division and fund, as well as a motor pool for use when vehicles are in for repair or by the occasional user who is not assigned a vehicle.

In fiscal year 2025-26 capital outlay is budgeted at \$189,103 for the replacement of vehicles, fuel dispensers, automatic tank gauges, and equipment for diagnostic services. Capital improvement is budgeted at \$380,000 for two bay doors to be replaced and a new roof structure at the landfill fleet maintenance facility of which \$100,000 was carried forward from the previous fiscal year.

### Fund: 514 - Fleet Replacement

The Vehicle Replacement Program Fund was established in fiscal year 2017-18 to better track the funds for the actual replacement. Maintenance is included within Fund 513. The Vehicle Replacement Program, tracked by Fleet Management, is used to stabilize and amortize the cost of acquiring and replacing the County fleet. Fleet composition ranges from passenger vehicles to ambulances and fire engines.

Initially, the departments purchase vehicles, and the vehicles are then added to the Vehicle Replacement Program where a schedule for their replacement based upon vehicle type, age, annual mileage, type of use, and other factors are established. Once a vehicle is added to the program, the department pays an annual service charge which is accumulated in this fund and used to pay for its eventual replacement. In fiscal year 2025-26 Fleet plans to purchase 113 vehicles/equipment in accordance with the current replacement plans.

Reserves represent accumulated funding to acquire and replace the fleet in future year replacement cycles.

**Fund: 521 - Insurance Management**

Risk Management is part of the Human Resources Division. The fund includes Insurance Administration, Workers' Compensation, Liability, Property Insurance, Commercial Insurance, and Loss Control, which includes the County's medical staff. Risk Management provides pre-employment physicals and drug screening to outside agencies on a cost-recovery basis. The claims and settlement expenses are reviewed by an outside actuary each year to provide the basis for budget projections. Internal service charges for workers' compensation as well as general and auto liability are allocated based on a rolling 5-year claims history average. Property/Physical Damage service charges are allocated based on the percentage of total insured property value an area is responsible for compared to the county's property portfolio as a whole. The fiscal year 2024-25 property policy renewal cost \$5,778,556 (CC Agenda File #12627). Commercial insurance policies are direct billed to the responsible agency.

The Internal Service revenue category represents service charge collections from County Departments and direct billed allocations to the Constitutional Officers for workers' compensation, liability, and property damage insurance coverage. A third-party administrator handles all workers' compensations claims including adjusting and management.

### Fund: 530 - Group Insurance

The Employee Benefits Group Insurance Fund reflects employer, employee, COBRA, and retiree health plan contributions (premiums) and payment of claims. The Employee Benefits program includes employee-paid options such as dependent health coverage, dental, vision, and various other insurance plans. The Wellness program overseen by Human Resources has ongoing educational events to educate employees about the value of maintaining healthy lifestyles which has the benefit of assisting in the control of health care costs.

In the Group Insurance Fund (530) reserves have been split into two categories. Reserves for catastrophic claims are set aside to cover major claims that are not common occurrences. Reserves for claims expenses or Incurred but not Reported (IBNR) are set aside to pay for prior year claims that have been incurred by the end of the fiscal year but will be paid within 60 days of the next fiscal year, as well as claims that exceed the budgeted amount in the operating budget.

The Internal Service Revenue category consists of the premium collections from all the various County Departments and the Constitutional Offices for the group health insurance, this includes the employer-based premiums along with the employee paid contributions. There is a one-time transfer of \$3,000,000 in the group insurance fund in fiscal year 2024-25. This is a one-time supplemental transfer of employer premiums to help meet IBNR reserve requirements.

\*Budgets are to pay for the energy costs of providing streetlights in special districts by request

# County of Volusia

## 5-Year Forecast

### Fiscal Years 2024-25 to 2028-29

---

Forecasts are a snapshot in time and correspond to results of assumptions at that moment in time. Many things beyond county government control can affect those assumptions such as changes at the federal or state levels, increased cost of construction, changes in economic conditions, or the results of a natural disaster.

Revenue and expenditure forecasting does the following:

- Provides an understanding of available funding
- Evaluates financial risk
- Assesses the level at which capital investment can be made
- Determines if loan proceeds are needed for capital investment
- Identifies future commitments and resource demands
- Identifies the key variables that cause change in the level of revenue
- Identifies the key variables that cause change in the level of expenditures
- Provides a framework from which to develop policy discussions/decisions

---

#### *Forecasting Methods*

---

The methodology used to forecast revenues and expenditures includes both qualitative and quantitative methods.

Qualitatively, the Office of Management and Budget utilized federal, state, and local economic and demographic sources to compile this forecast. Staff evaluated data from the consumer price index, state and local population estimates, state taxable sales estimates and funding initiatives, as well as changes in taxable value, development activity, and current inflation levels along with projected levels.

Quantitatively, staff used the statistical techniques of trend analysis and time-series analysis (smoothing). Percentage changes between prior year and year-to-date collections and expenditures (usually 5 to 10 years) are coupled with anticipated changes in circumstances.

There are many techniques available for forecasting. Ultimately, final projections were based on a combination of the above and the experienced judgment of staff. The quality of the forecast is improved by bringing multiple perspectives to the forecast through the use of different methods and by soliciting the viewpoints of individual departments and other external experts.

Economic indicators play a big part:

- Development activity such as housing starts, foreclosures or new commercial construction impacts property taxes, half-cent sales tax, landfill charges, waste collection, state revenue sharing, development revenues, and utilities and fuel taxes.
- Tourism and convention activity impacts half-cent sales tax, ambulance fees, convention and tourist development taxes, state revenue sharing, utilities and fuel taxes.

## Inflation – The Erosion of Purchasing Power

Inflation is an economic term describing the sustained increase in prices of goods and services over a defined period. To some, inflation signifies a struggling economy, whereas others see it as a sign of a prospering economy. Whatever the opinion, one fact that remains is that governments are just as impacted by inflation as the private sector. The first and most noted effect of inflation is the erosion of purchasing power which affects every aspect of economics, from consumers buying goods to investors and stock prices, to a country's economic prosperity. When a currency's purchasing power decreases due to excessive inflation, serious negative economic consequences arise including an escalating cost of living.

Inflation predictions change with each monthly release of data, but the common consensus amongst many economists is that the inflation rate is expected to ease slightly over the rest of the year but remain at a relatively moderate rate. In 2026, the rate should begin to fall closer to the 2% mark by the end of the year. The chart below references these predictions from the International Monetary Fund (IMF):

Annual U.S. Inflation Rate from 2023 -2029						
2023	2024	2025	2026	2027	2028	2029
4.1%	3.0%	3.0%	2.5%	2.1%	2.2%	2.2%

Source: International Monetary Fund (IMF) World Economic Outlook Database (April 2025)

On the expense side, an economic indicator such as the current unemployment rate is a closely watched economic barometer that attracts a lot of media attention, especially during recessions and challenging economic times. This is because the unemployment rate does not just impact those individuals who are jobless. When workers are unemployed, their families lose wages, and the area they live in loses its contribution to the local economy in terms of the goods or services that could have been produced. Unemployed workers also lose their purchasing power, which can lead to unemployment for other workers, creating a cascading effect that ripples through the economy. In this way, unemployment even impacts those who are still employed.

\*2025 Unemployment rate through the end of May. (Annual averages not seasonally adjusted)

Source: Florida Department of Economic Opportunity, Local Area Unemployment Statistics (LAUS) program

---

### *Assumptions Included in the Forecast*

---

- Routine operational expenditures are forecasted to include escalation of existing costs based on CPI and/or trend analysis.
- Ongoing long-term obligations like asset maintenance or replacement requirements for computers and vehicles.
- No provision for unfunded mandates from state or federal governments.
- Operating revenues reflect conservative growth in forecast years.
- Utility Tax – increasing **3%** throughout forecast period.
- Tourist Development Tax – increasing **2%** throughout the forecast period.
- Sales Tax – increasing **3%** throughout forecast period.
- State Revenue Sharing – increasing **3%** throughout forecast period.

---

### *Millage Rates & Property Values*

---

The General Fund, Library District Fund, Law Enforcement Fund, Mosquito Control Fund, Ponce DeLeon Inlet & Port District Fund, Fire Rescue Fund, ECHO Fund (Voter Approved), Land Acquisition Fund (Voter Approved), Municipal Service District Fund, and the Silver Sands/Bethune Beach MSD Fund are the County's taxing funds that are supported by ad valorem taxes.

Taxable values for fiscal year 2025-26 are based on preliminary values released by the Volusia County Property Appraiser on or before July 1st. Forecasted growth in taxable value is shown below.

<b>Fund</b>	<b>FY 2025-26 Property Value Growth (Over FY25 Post-VAB)</b>	<b>FY 2026-27 Forecasted Growth</b>	<b>FY 2027-28 Forecasted Growth</b>	<b>FY 2028-29 Forecasted Growth</b>
General Fund (001)	8.0%	7.0%	7.0%	7.0%
Library Fund (104)	8.0%	7.0%	7.0%	7.0%
Mosquito Control Fund (105)	7.4%	7.0%	7.0%	7.0%
Law Enforcement Fund (110)	8.0%	7.0%	7.0%	7.0%
Ponce De Leon Inlet & Port District Fund (114)	7.4%	7.0%	7.0%	7.0%
Municipal Service District Fund (120)	8.0%	7.0%	7.0%	7.0%
Fire Rescue Fund (140)	8.0%	7.0%	7.0%	7.0%
Silver Sands/Bethune Beach MSD Fund (157)	7.1%	5.0%	5.0%	5.0%
ECHO Fund (160)	8.0%	7.0%	7.0%	7.0%
Land Acquisition Fund (162)	8.0%	7.0%	7.0%	7.0%

The chart below demonstrates the average residential taxable value (single-family homes, mobile homes, multi-family homes, condominiums, cooperatives, and retirement homes) multiplied by the approved or proposed general fund millage rate to calculate the average amount of taxes paid into the general fund and law enforcement fund for a particular fiscal year. The average residential taxable value is calculated by adding together residential categorical property values which are then divided by the total number of residential parcels calculated by the Property Appraiser. This calculated number is your average residential taxable value.

	FY 2025-26	FY 2024-25	FY 2023-24	FY 2022-23	FY 2021-22
Average Residential Taxable Value	\$ 203,895	\$ 191,289	\$ 174,282	\$ 157,373	\$ 138,450
General Fund / Law Enforcement Fund Millage Rate	4.8001	4.8001	4.8499	4.8499	5.3812
Average Taxes	\$ 939.57	\$ 881.48	\$ 811.44	\$ 732.72	\$ 715.23

(Residential Taxable Values Source: Volusia County Property Appraiser DR-489PC) (Numbers shown with 4% early payment discount applied)

The next chart illustrates the ten-year history for all ten of the County's taxing fund millage rates. The Library Fund, Mosquito Control Fund, Ponce DeLeon Port Authority Fund, Fire Rescue District Fund, and the Silver Sands Bethune Beach MSD Fund are proposed at the fully rolled-back rate. The General Fund, Law Enforcement Fund, MSD Fund, and the Volusia ECHO and Forever funds are presented flat with FY 2024-25 adopted rates. Both the Volusia ECHO and Volusia Forever programs and their requisite millage rates were re-approved by Volusia County voters in November of 2020.

## County of Volusia Millage Rate History

## *Major Revenues in Forecast*

Operating Revenues are comprised of various receipts that are collected or anticipated for collection during the fiscal year based on operations of the County and disbursements from federal, state, and other governments. The following charts and descriptions will provide detailed background and historical information concerning the top operating revenues in Volusia County and their forecasted trajectories.

Ad Valorem Taxes - Budget, Estimate & Forecast (Includes New & Delinquent Taxes)					
FY 2024-25 (Bud)	FY 2024-25 (Est)	FY 2025-26 (Bud)	FY 2026-27 (F)	FY 2027-28 (F)	FY 2028-29 (F)
\$404,331,047	\$404,561,047	\$431,970,639	\$462,094,995	\$493,055,422	\$527,455,660

5 Year History of Collections	
Fiscal Year	Actuals
2019-20	\$285,730,488
2020-21	\$291,693,973
2021-22	\$318,840,942
2022-23	\$333,193,078
2023-24	\$371,458,330

The County's largest revenue source is ad valorem property taxes calculated on taxable value of various properties multiplied by the millage rates established by the governing body of each taxing authority. Volusia County has a total of ten property tax millage rates levied countywide and in special districts. All citizens within the County pay the countywide rates; those living within the district boundaries also pay the rate for that district.

Gas Taxes - Budget, Estimate & Forecast					
FY 2024-25 (Bud)	FY 2024-25 (Est)	FY 2025-26 (Bud)	FY 2026-27 (F)	FY 2027-28 (F)	FY 2028-29 (F)
\$25,962,798	\$28,428,559	\$28,712,844	\$28,999,973	\$29,289,973	\$29,582,603

5 Year History of Collections	
Fiscal Year	Actuals
2019-20	\$23,653,322
2020-21	\$25,249,408
2021-22	\$25,023,483
2022-23	\$25,486,556
2023-24	\$27,764,576

Volusia County receives a total of five separate gas taxes, including the 6-cent local option fuel tax, 5-cent second local option fuel tax, the 5<sup>th</sup> and 6<sup>th</sup> cent constitutional fuel tax, the 7<sup>th</sup> cent county fuel tax and the 9<sup>th</sup> cent fuel tax. All of these revenues are accounted for in separate revenue codes and tracked for assurance that each revenue source is used in accordance with its authorized use. Operating revenues generated from gas tax revenues are expected to continue recovering from the reductions realized during the COVID-19 pandemic. Operating revenues are projected to remain steady in fiscal year 2025-26 and continue through the remainder of the forecast period at an average growth rate of 1 percent.

Resort Tax/Convention Development Tax - Budget, Estimate & Forecast					
FY 2024-25 (Bud)	FY 2024-25 (Est)	FY 2025-26 (Bud)	FY 2026-27 (F)	FY 2027-28 (F)	FY 2028-29 (F)
\$34,039,334	\$34,433,315	\$35,112,177	\$35,804,520	\$36,510,607	\$37,230,718

5 Year History of Collections	
Fiscal Year	Actuals
2019-20	\$19,909,969
2020-21	\$28,446,208
2021-22	\$34,249,441
2022-23	\$33,046,758
2023-24	\$32,922,219

The Tourist Development/Resort Tax was enacted in 1978 levying a two percent tax on short term rentals of living accommodations for six months or less. On April 24, 2003, the Volusia County Council adopted Ordinance 2003-07 raising the tax to three percent effective July 1, 2003. The funds generated from the Tourist Development/Resort Tax go to support the Ocean Center in Daytona Beach. The Convention Development Tax revenue derives from the 3% Convention Development Tax on hotel rooms and other short-term rentals in each of the three districts within Volusia County. The Tourist Development Advertising Authorities receive these revenues.

The Tourist Development/Resort Taxes declined in fiscal year 2019-20 due to the uncertainty surrounding the COVID-19 public health crisis and its effect on local tourism events. These revenue streams fully recovered in fiscal year 2021-22 to finish the year exceeding all previous collections and have leveled off since fiscal year 2022-23. Tax revenue is expected to increase by 2% throughout the forecast period.

Sales Tax - Budget, Estimate & Forecast

5 Year History of Collections	
Fiscal Year	Actuals
2019-20	\$21,996,220
2020-21	\$25,646,637
2021-22	\$28,292,545
2022-23	\$28,830,626
2023-24	\$27,603,009

The Local Government Half-Cent Sales Tax is collected and distributed by the State based on the state formula using relative population. The Sales Tax Trust Fund allows for the allocation of the revenue between the General Fund and Municipal Service District Fund, to first meet debt service requirements and then be used for any countywide purpose. For fiscal year 2025-26, the Sales Tax revenue is budgeted with a 0.6% increase over the 2024-25 estimate. For fiscal years 2027-29, Sales Tax revenues forecasted at an annual growth rate of 3%.

Landfill Charges - Budget, Estimate & Forecast					
FY 2024-25 (Bud)	FY 2024-25 (Est)	FY 2025-26 (Bud)	FY 2026-27 (F)	FY 2027-28 (F)	FY 2028-29 (F)
\$28,050,000	\$30,000,000	\$31,443,000	\$33,329,591	\$35,329,376	\$37,449,150

5 Year History of Collections	
Fiscal Year	Actuals
2019-20	\$20,071,339
2020-21	\$20,649,461
2021-22	\$21,973,765
2022-23	\$27,206,129
2023-24	\$28,489,060

The Solid Waste Fund's main source of operating revenue are the landfill charges which are budgeted at \$31.4 million or 43.6% of total operating revenue in fiscal year 2025-26. Charges are derived from tipping fees based on tonnage of various types of waste such as Class I (household garbage), Class II (construction and demolition waste), yard trash, recycling debris, tires and asbestos. Revenues are utilized for operations of the landfill and long-term closure costs.

Ambulance Fees - Budget, Estimate & Forecast					
FY 2024-25 (Bud)	FY 2024-25 (Est)	FY 2025-26 (Bud)	FY 2026-27 (F)	FY 2027-28 (F)	FY 2028-29 (F)
\$22,320,000	\$23,004,084	\$24,282,857	\$25,263,040	\$26,283,296	\$27,344,592

5 Year History of Collections	
Fiscal Year	Actuals
2019-20	\$16,479,777
2020-21	\$18,317,386
2021-22	\$18,572,184
2022-23	\$21,013,576
2023-24	\$23,592,822

The Emergency Medical Services Fund was established in fiscal year 2011-12 when the county took over provision of ambulance services. Ambulance billing revenue is authorized by ordinance. The main operating revenue source in the Emergency Medical Services fund are the ambulance fees, which represent 55% of total operating revenue or \$24.3 million budgeted in fiscal year 2025-26. Ambulance fee revenue is net of required adjustments such as Medicare, Medicaid, and other entitlements and reductions.

The budgeted revenue for fiscal year 2025-26 is based on the total estimated transports of 58,313 and an average unit of \$443.11 per transport. Fiscal years 2027-29 are estimated with an average growth rate of 4% for collections on transports.

State Revenue Sharing - Budget, Estimate & Forecast					
FY 2024-25 (Bud)	FY 2024-25 (Est)	FY 2025-26 (Bud)	FY 2026-27 (F)	FY 2027-28 (F)	FY 2028-29 (F)
\$15,807,297	\$12,955,718	\$12,955,718	\$13,338,933	\$13,733,644	\$14,140,196

5 Year History of Collections	
Fiscal Year	Actuals
2019-20	\$9,348,254
2020-21	\$10,864,397
2021-22	\$13,980,232
2022-23	\$14,601,811
2023-24	\$13,896,237

State Revenue Sharing is authorized by Florida Statute and is comprised of 2.9% of net cigarette tax collections and 2.081% of sales and use tax collections. Revenues are distributed monthly by the State based on county population, unincorporated county population and county sales tax collections. These revenues are booked in both the General Fund for countywide purposes and the Transportation Trust Fund for transportation safety functions. The fiscal year 2025-26 budget for state revenue sharing source is forecasted flat with the fiscal year 2024-25 estimate. For fiscal years 2027-29, state revenue sharing revenues are forecasted at an annual growth rate of 3%.

Utility Tax - Budget, Estimate & Forecast					
FY 2024-25 (Bud)	FY 2024-25 (Est)	FY 2025-26 (Bud)	FY 2026-27 (F)	FY 2027-28 (F)	FY 2028-29 (F)
\$11,474,341	\$10,831,822	\$11,156,777	\$11,491,480	\$11,836,224	\$12,191,311

5 Year History of Collections	
Fiscal Year	Actuals
2019-20	\$8,752,599
2020-21	\$9,060,730
2021-22	\$9,577,532
2022-23	\$10,506,470
2023-24	\$10,790,266

Florida Statute as a levy authorizes the Utility Tax, also known as the Public Service Tax, by ordinance on purchase of electricity, metered natural gas, liquefied petroleum gas, manufactured gas, and water within the unincorporated area; therefore, the utility tax is collected and booked in the Municipal Service Fund. This revenue source is budgeted at \$11.2 million or 25.9% of total operating revenue for the Municipal Service District Fund. A portion of these collections are transferred to the Transportation Trust Fund for road repairs and safety-related maintenance.

Water Sales - Budget, Estimate & Forecast					
FY 2024-25 (Bud)	FY 2024-25 (Est)	FY 2025-26 (Bud)	FY 2026-27 (F)	FY 2027-28 (F)	FY 2028-29 (F)
\$10,510,118	\$10,100,000	\$10,504,000	\$10,924,160	\$11,361,126	\$11,815,571

5 Year History of Collections	
Fiscal Year	Actuals
2019-20	\$7,470,997
2020-21	\$6,972,766
2021-22	\$7,861,256
2022-23	\$9,226,919
2023-24	\$9,514,946

The County owns and operates nine water treatment facilities and four consecutive water systems in compliance with all regulatory standards as established under the federal Safe Drinking Water Act. The Water Resources and Utilities Division also maintains 10 smaller water systems on behalf of other agencies. Water sales are derived from charges based on customer consumption, as recorded through each water meter. Water sales are expected to grow at a rate of 4% respectively per year for the remainder of the forecast period.

Sewer Sales - Budget, Estimate & Forecast					
FY 2024-25 (Bud)	FY 2024-25 (Est)	FY 2025-26 (Bud)	FY 2026-27 (F)	FY 2027-28 (F)	FY 2028-29 (F)
\$12,564,844	\$12,100,000	\$12,584,000	\$13,087,360	\$13,610,854	\$14,155,289

5 Year History of Collections	
Fiscal Year	Actuals
2019-20	\$8,668,740
2020-21	\$8,079,757
2021-22	\$9,159,622
2022-23	\$10,871,860
2023-24	\$11,244,833

The Water Resources and Utilities Division owns and operates seven wastewater treatment facilities in compliance with regulatory standards as established under the federal Clean Water Act. Sewer service fees are charged to all customers connected to a sanitary sewer system operated by the County. Sewer sales are expected to grow at a rate of 4% per year for the remainder of the forecast period.

---

## *Operating Expenditures in Forecast*

---

### **Expenditure Overview:**

The organization continues to maintain its financial stability by continual monitoring of costs and resources, as well as deferring the use of fund balance to fund on-going operating expenditures. Rather, fund balance is primarily used for one-time expenditures ranging from capital infrastructure to grants and aids for community projects. The personnel services category reflects expenditures for pay adjustments, increases to the employer FRS contribution amount which is set by the Florida Legislature, as well as contributions for employee health insurance and workers compensation claims. Assumptions used in the forecast for the personnel services category can be seen below. On-going operating expenditures are programmed for the upcoming budget year by the departments based on the needs of their business type. These budget requests are then forecasted in the out years using either department provided assumptions for specific object types or pre-outlined assumptions provided through research by the Office of Management and Budget. General assumptions for operating costs can also be seen below. In recent history Volusia County has used remaining funds from prior years to pay for one-time, long-term assets such as technology or building infrastructure improvements or towards pay-as-you-go financing of some major capital improvement projects. A chart showing forecasted capital outlay and improvements for each operating fund can be seen later in this section in detail.

### **Personnel Services:**

Salaries – an annual wage adjustment equivalent to 4% is factored into fiscal year 2025-26 and 4% in the forecast years.

FRS – fiscal year 2025-26 increased per legislative action; rates remain flat in forecasted fiscal years 2027-29.

Group Insurance – fiscal year 2025-26 employer portion of group insurance is based on an actuarial tier-based cost model that allocates cost per the tiered health plan selected (Employee Only / Employee & Spouse / Employee & Child / Family Plan). Increased for estimated medical inflation, by 7% in fiscal year 2026-27 and 7.5% in fiscal years 2028-29.

Worker's Compensation – fiscal year 2025-26 based upon 5-year claim experience, fiscal years 2027-29 increased 2% throughout forecast period.

### **Operating Expenses:**

Software – increased in fiscal years 2027-29 by 3%.

Insurance-Liability – increase in fiscal years 2027-29: 2%.

Janitorial Services – increase for fiscal years 2027-29: 3%.

Computer Replacement – increase for fiscal years 2027-29: 2%

Postage – increased in fiscal years 2027-29 by 1.5%.

Property Insurance – increase for fiscal years 2027-29: 5%.

Fuel – increase for fiscal years 2027-29: 4%

Utilities – Increase fiscal years 2027-29: 4%.

All Other Operating Expenses – increased in fiscal year 2027 by 3% and 2.5% in fiscal years 2028 & 2029.

### **Operating Interfund Transfers:**

Operating transfers are forecasted for each year. The amounts transferred between funds are primarily used to reimburse services or to meet service demands.

To	From	FY 2025-26	FY 2026-27	FY 2027-28	FY 2028-29
Emergency Medical Services (002)	General Fund Revenue (001)	\$5,464,386	\$5,628,318	\$5,797,168	\$5,971,083

Ocean Center (118)	Parking Garage (475)	\$0	\$875,000	\$2,000,000	\$2,000,000

---

### *Capital Outlay & Capital Improvements*

---

A long-term capital program has many obvious benefits that result from its systematic approach to planning and financing public agency projects. Some of the more important benefits derived from a viable capital programming process include the following:

- **Focuses attention on community goals and needs**  
Capital projects or replacement plans can be brought into line with community objectives, anticipating growth and the government's ability to pay. By planning ahead for projects, those that are needed or desired most can be constructed or acquired first. The five year plan keeps the public informed about future capital investment plans of the County. The public involvement in the process provides a mechanism through which a previously unidentified need can surface, be addressed and placed in the framework of community priorities.
- **Encourages more efficient allocation of resources**  
Coordination of capital improvement programming can reduce the emphasis on any one government function. The program can guide local officials in making sound budget decisions and program funding over multiple years. In addition, a five-year plan allows for multi-year allocation of project components such as land acquisition, design, engineering and construction as well as large-scale equipment replacement.

- **Fosters a sound and stable financial program**  
Through capital facilities planning, the need for debt or alternative revenue sources can be planned and action taken before the need becomes so critical as to require emergency financing measures. In addition, sharp changes in the tax structure and indebtedness may be avoided when projects are staged over a number of years. Keeping planned projects and purchases within the financial capacity of the County helps to preserve its credit rating. Thus, the CIP is an integral element of the County's budgetary process.

New or replacement equipment greater than \$1,000 based on annual replacement and operational plans within each corresponding operating fund is classified as capital outlay. The capital improvements expense category can be broken into three categories as seen below:

- **Capital Replacement Projects** – Projects of any value that are a replacement or rehabilitation of an existing asset without substantial modification or upgrades.
- **Small Capital Projects** – The category can be new projects or upgrades to existing assets that are not able to be accounted for in a normal operating budget and does not meet the threshold of capital improvement projects.
- **Capital Improvement Projects** – Projects that have an established cost threshold of \$500,000 and a five-year life expectancy. These types of projects can be a major expenditure for construction, purchase of land or existing structures, and communications network upgrades or Information Technology Projects.

Listed below is a chart of the capital improvement funds where many of the County's major capital improvements are funded from transfers of one-time funds. These transfers come from various operating funds either as a one-time source or over several years until sufficient funding is accumulated for a specified project to improve the County's existing infrastructure.

To	From	FY 2025-26	FY 2026-27	FY 2027-28	FY 2028-29

\*A detailed breakout of the capital outlay and improvements from the funds seen above can be found in each forecast narrative in the forecast section of this document.

## *Debt Service*

The county takes a planned approach to the management of debt, funding its capital needs from internally generated resources and uses external financing only when needed. To fulfill its future capital needs, Volusia County is able to utilize available resources freed up by paying off its debt toward a pay-as-you-go funding strategy. This strategy will ensure that future taxpayers remain unburdened with debt while fostering ongoing fiscal responsibility.

The forecast includes ongoing debt payments for projects funded by other than the general fund sales tax dollars such as the Municipal Service District Fund (MSD), Tourist Development, County Transportation Trust, Enterprise Funds, etc. A borrowing funded by general fund revenues was approved in FY 2020-21 to finance the construction cost of Sunrail Phase 2 north in the amount of \$11.2 million to be paid back over a 15-year term.

### **Debt Summary Matrix**

Debt	Maturity Date	Principal / Interest	FY 2026	FY 2027	FY 2028	FY 2029
Fund 202 – TDT Bond Series 2014	12/01/2034	Principal	\$3,075,000	\$3,185,000	\$3,305,000	\$3,420,000

---

### ***Fund Balance and Budgeted Reserves***

---

Fund balance for budget purposes is the amount at the end of one fiscal year that is available for appropriation in the next fiscal year. Adequate fund balance translates into sustainable reserve levels to mitigate the financial impact from natural disasters and unforeseen fluctuations in revenues or expenditures.

For the taxing funds, the County's goal to achieve emergency reserves of 5% - 10% of budgeted current revenues has been attained.

<b>Taxing Fund Emergency Reserves</b>	<b>FY 2026</b>	<b>FY 2027</b>	<b>FY 2028</b>	<b>FY 2029</b>
General Fund	\$26,254,956	\$27,697,677	\$29,391,639	\$31,081,581
Percent	10.0%	10.0%	10.0%	10.0%
Library District Fund	\$2,487,443	\$2,647,248	\$2,691,573	\$2,866,571
Percent	10.0%	10.0%	10.0%	10.0%
Mosquito Control Fund	\$725,769	\$773,039	\$823,790	\$878,187
Percent	10.0%	10.0%	10.0%	10.0%
Ponce DeLeon & Port District Fund	\$454,262	\$475,492	\$498,280	\$522,645
Percent	10.0%	10.0%	10.0%	10.0%
Municipal Service District Fund	\$4,310,980	\$4,511,865	\$4,728,988	\$4,959,424
Percent	10.0%	10.0%	10.0%	10.0%
Fire Rescue District Fund	\$5,026,367	\$5,355,149	\$5,703,647	\$6,077,221
Percent	10.0%	10.0%	10.0%	10.0%

The use of one-time funds for ongoing operating expenses is not recommended except as a means to transition to sustainable levels of service. The forecasts contained in this document illustrate the use of reserves for planned maintenance, upgrades, and other capital expenditures as outlined in each fund's forecast.

### **Classification of Reserves:**

Reserve for Future Capital – set aside for planned capital initiatives. This reserve is utilized in the following funds:

- General Fund (001), Emergency Medical Services (002), County Transportation Trust (103), Library Fund (104), Mosquito Control Fund (105), Ponce De Leon Inlet and Port District Fund (114), Ocean Center (118), Inmate Welfare Trust Fund (123), Fire Rescue District Fund (140), Stormwater Utility Fund (159), ECHO Fund (160), 800MHz Capital Fund (305), Beach Capital Fund (313), Port Capital Fund (314), Library Capital Fund (317), Ocean Center Capital Fund (318), Parks Capital Fund (326), Trail Projects (328), Solid Waste Fund (450), Passenger Facility Charge Fund (452), Water & Sewer Utilities Fund (457), Parking Garage Fund (475), Computer Replacement (511), Fleet Maintenance (513)

Reserve for Revenue Stabilization – set aside to offset volatility in various revenue streams. This reserve is utilized in the following funds:

- Emergency Medical Services (002), County Transportation Trust (103), Tourist Development Tax Fund (106), Sales Tax Fund (108), Ocean Center (118), Airport (451), Mass Transit Fund (456), Parking Garage Fund (475)

Reserves for Debt Service and Loan Repayments – set aside for future principal, interest, and other debt service expenses. This reserve is utilized in the following funds:

- Municipal Service District Fund (120), TDT Refunding Revenue Bond, Series 2014 (202), Capital Improvement Revenue Note, Series 2017 (215)

Reserve for Maintenance and Operations – set aside for land acquisition and management costs. This reserve is utilized in the following funds:

- Land Acquisition Fund (162), Land Management Fund (163)

Reserve for Transition – set aside for possible fluctuations in revenues or increased costs such as large personnel changes. This reserve is utilized in the following funds:

- Fire Rescue District Fund (140)

Reserve for Fuel – to offset rate fluctuation for operating divisions. This reserve is utilized in the following funds:

- Mass Transit Fund (456)

Reserve for Contingency – to address unexpected one-time priority expenditures. This reserve is utilized in the following funds:

- General Fund (001), County Transportation Trust (103), Mosquito Control Fund (105), Fire Rescue District Fund (140)

Reserve for Local Grant Match – set aside for match requirements for Federal, State, or local grants. This reserve is utilized in the following funds:

- Fire Rescue District Fund (140), Airport Fund (451)

Other reserve categories are specialized and only used by a single fund. Examples of some of the more specialized reserve categories and the funds that utilize them are listed below:

- Wage and Benefit Adjustment Reserves – General Fund (001)
- Landfill Closure Reserves – Solid Waste Fund (450)
- Equipment Replacement Reserves – Fleet Replacement Fund (514)
- Reserves for Catastrophic Claims – Risk Insurance Fund (521) & Group Insurance Fund (530)
- IBNR Funding Reserves – Group Insurance Fund (530)
- Law Enforcement Equivalent Emergency Reserves – General Fund (001)

# Glossary

**Ad Valorem Tax** – The primary source of revenue for the County. For purposes of taxation, real property includes land and buildings, as well as improvements erected or affixed to the land. The Property Appraiser determines the value of all taxable real property.

**Adopted Budget** – The financial plan of revenue and expenditures as approved by the County Council at the beginning of the fiscal year.

**Allocation** - The distribution of available monies among various County departments, divisions or cost centers.

**Amortization** – The payment of an obligation in a series of installments or transfers or the reduction of the value of an asset by prorating its cost over a number of years.

**Annual Budget** – An estimate of expenditures for specific purposes during the fiscal year (Oct. 1 - Sept. 30) and the estimated revenues for financing those activities.

**Appropriation** – An authorization by the County Council to make expenditures and incur obligations from County funds for purposes approved by Council.

**Assessed Valuation** – A valuation set upon real estate or personal property by the County's Property Appraiser and the State as a basis for levying taxes.

**Balanced Budget** – A financial plan for the operation of a program or organization for a specified period (fiscal year) that matches anticipated revenue with proposed expenditures. A budget in which the revenue equals expenditures.

**Bond** – A written promise to pay a sum of money at a specific date (called a maturity date) together with periodic interest detailed in a bond resolution.

**Bond Funds** – The revenues derived from issuance of bonds used to finance capital projects.

**Budget (Operating)** – A financial plan of operation which includes an estimate of proposed expenditures and revenues for a given period.

**Capital Budget** – An annual plan of proposed expenditures for capital improvements and the means of financing these expenditures.

**Capital Improvement Plan** – A document that identifies the costs, scheduling, and funding of various large capital items; i.e., buildings, roads, bridges, water and sewer systems. The plan should identify costs associated with existing deficiencies versus capacity for growth.

**Capital Improvement Project** – Includes land acquisitions, building and transportation improvements to other public facilities and equipment over \$25,000.

**Capital Outlay** – items with a per unit cost of more than \$1,000 which include furniture and equipment.

**Charges for Service** – (Also called User Charges or Fees) The charge for goods or services provided by local government to those private individuals who receive the service. Such charges reduce the reliance on property tax funding.

**Contingency** – An appropriation of funds to cover unforeseen events that occur during the fiscal year, such as federal mandates, short-falls in revenue and unanticipated expenditures.

**Consumer Price Index** – Measures the prices of consumer goods and is a measure of U.S. inflation. The U.S. Department of Labor publishes the Consumer Price Index every month.

**Contractual Service** – A service rendered to the County by private firms, individuals or other County departments on a contract basis.

**Debt Service** – The payment of principal and interest obligations resulting from the issuance of bonds.

**Deficit or Budget Deficit** – The excess of budget expenditures over revenue receipts.

**Designated Fund Equity** – Reservations of fund balance and retained earnings which represent that portion that is not appropriable for expenditure or is legally segregated for a specific future use.

**Enterprise Fund** – A fund established to account for operations that are financed and operated in a manner like private business enterprises. The intent is that the full cost of providing the goods or services is to be financed primarily through charges and fees, removing the expense from the tax rate.

**Expenditure** – The sum of money actually paid from County funds.

**Fiscal Year** – The twelve-month financial period used by the County that begins October 1 and ends September 30 of the following calendar year. The year is represented by the date on which it ends. Example: October 1, 2017, to September 30, 2018, would be fiscal year 2018.

**Fund** – A set of interrelated accounts that records assets and liabilities related to a specific purpose. Also, a sum of money is available for specified purposes.

**Fund Balance** – The amount available within a fund at the close of the fiscal year that can be carried over as revenue for the upcoming fiscal year.

**General Fund** – The governmental accounting fund supported by ad valorem (property) taxes, licenses and permits, service charges and other general revenue to provide County-wide operating services. This may be referred to as the operating fund.

**General Purpose Funds** – Those funds supported by taxes and fees with unrestricted use.

**Governmental Funds** – The category of funds, which include general, special revenue, capital project, and debt service. These funds account for short-term activities and are often compared to the budget.

**Impact Fee** – A fee to fund the anticipated cost of new development's impact on various County services because of growth. This fee, such as for water and sewer or fire services, is charged to those responsible for the new development.

**Interest Income** – The revenue derived from the County's regular investment of temporarily idle cash. Interest rates, and hence the earnings, are commercially determined and subject to fluctuating market conditions.

**Interfund Transaction** – A financial transaction from one fund to another that results in the recording of a receipt and expenditure.

**License and Permit Fees** – A charge for specific items as required and approved by local and state regulations, i.e., building permit, mobile home, etc.

**Mill** – One one-thousandth of a United States dollar. In terms of the millage rate, 1 mill is equal to \$1 per \$1,000 of assessed valuation.

**Municipal Service District (MSD)** – The Municipal Service District provides municipal (city) type services to residents in the unincorporated areas of the County.

**Operating Budget** – An annual plan of proposed expenditures for the on-going operations of county government. The operating budget excludes the capital and internal service budgets.

**Operating Expenditures** – Also known as operating and maintenance costs, these are expenditures of day-to-day operations, such as office supplies, maintenance of equipment, and travel. Capital costs are excluded.

**Potable Water** – Water that does not contain pollution, contamination, objectionable minerals, or infective agents and is considered satisfactory for domestic consumption. A good synonym is drinking water.

**Principal** – The original amount borrowed through a loan, bond issue, or other form of debt.

**Proprietary Fund/Agency** –

Commonly called “self-supporting” or “enterprise”, these funds/agencies pay for all or most of their cost of operations from user fees and receive little or no general property tax support.

**Reserve** – An account used to indicate that a portion of fund equity is legally restricted for a specific appropriation and subsequent spending.

**Reserve for Contingencies** – A budgetary reserve set aside for emergencies or unforeseen expenditures not otherwise provided for in the budget.

**Restricted Revenue** – A source of funds which is mandated by law or policy to be used for a specific purpose.

**Revenue** – The taxes, fees, charges, special assessments, grants, and other funds collected and received by the county to support the services provided.

**Special Revenue Fund** – A fund used to account for the proceeds of specific revenue sources or to finance specified activities as required by law or administrative regulation.

**Surplus** – The difference between revenues received and expenditures made within the current fiscal year.

**Tax Base** – The total property evaluations on which each taxing authority levies its tax rate.

**Tax Increment Financing** – Financing secured by the anticipated incremental increases in tax revenues, resulting from the redevelopment of an area.

**Tax Year** – The calendar year in which ad valorem property taxes are levied to finance the ensuing fiscal year's budget. For example, the tax roll for January 1, 2008, would be used to compute an ad valorem tax levied effective October 1, 2008.

**Taxable Value** – The assessed value minus exemptions, such as the Homestead Exemption, is the taxable value. This value multiplied by the millage rate equals the property tax amount.

**Unincorporated Area** – Those areas of the County which lie outside the boundaries of the cities.

**User (Fees) Charges** – The payment of a fee for direct receipt of a public service by those individuals benefiting from the service.
