

Volusia County Septic Upgrade Incentive Program (SUIP)

Participating Contractors List

Instructions: Obtain quotes from several contractors of your choice, listed below. Tell them you are participating in the program, above. **Choose the best offer for you.** The contractor will have you sign a one-page form and complete the rest of the paperwork on your behalf. The contractor will receive payment via the grant from Volusia County and reduce your septic invoice by the amount of the grant—either \$8,000 or \$14,000, depending on the system chosen. You will be responsible for any remaining balance.

Occasionally we will add additional contractors to this list. We will keep an updated list on the landing page for the grant program, found here: <https://www.volusia.org/services/growth-and-resource-management/environmental-management/suip-program.shtml>. You may also choose a contractor not on this list if they are properly registered with the state and county and agree to participate in the grant program. A list of all properly registered contractors, whether participating in the grant program or not, can be found here: <http://bit.ly/43WkHnV>.
